REPORT OF CHOWAN COLLEGE.

It is with deepest gratitude to the Great Head of the Church that we are able to report a successful session of Chowan College. The total enrollment reached 96, with 81 boarders. The health of the students has been unusually good, and the class work has been excellent. Of the 81 boarders all were Christians when they came but one, and that one has been converted and joined the Church during the session.

It will doubtless be very gratifying to the friends of the College to know

that financially the present session has proven to be highly satisfactory. Considering the discouraging circumstances under which the session began, together with the depressed financial conditions through which we are passing, this fact should be very encouraging to all friends of the college. Already the indications are that next session will show that the reputation of Chowan College has gone far beyond the bounds of Chowan and West Chowan Associations, since students for next sessions have already been engaged as far south at Mullins, S. C., and westward to the foothills of the Blue Ridge.

Next session will find the faculty greatly strengthened by the addition of teachers who have made special preparation at some of the best Colleges in this country. Nothing short of the best we can command do we consider too good for Chowan College.

It is written "And the earth was without form and void and darkness was upon the face of the deep," but under the beneficent hand of an all wise Creator—the darkness gave place to light and order, life and beauty took the place of chaos and confusion.

We regard the coming of G. E. Lineberry to Chowan College at such time as this as an act of Divine Providence. Let the friends of the College be faithful ere long we confidently hope and expect to see order, life and beauty where once there was chaos and confusion. JOSIAH ELLIOTT,

For the Committee.

The report was discussed by Josiah Elliott and D. E. Lineberry and adopted.

H. B. Hines read the

REPORT ON ORPHANAGE.

One of the greatest opportunities we have for Christian service is in our Orphanage work. Here our best efforts are, or should be, invested in the protection and the development of the unfortunate ones. The heart that refuses to respond to the call of the orphan is seriously and dangerously affected and is unprepared to do real service in any part of the kingdom of God.

At present there are enrolled in our Orphanage 500—in 14 families. This bright and promising band of unfortunate children which we have taken in our own care, under God, should be such an inspiration to us that it should be necessary only to make known their needs and they should be supplied without unnecessary delay. Every dollar that we invest in this institution contributes to the building of character which might otherwise have gone to wreck and ruin and have been lost to the children themselves, to us, to the world and to God. Save a character and you set up a beacon light in the community in which the character lives and shines. Suffer a character to be lost and a darkness hovers over the community in which and to which it is lost.

Gratifying results have come and are coming from our Orphanage work. The boys and girls who receive training here are going out and filling places that count for something worth while, and by their conduct reflect credit and honor upon the institution. Since November 11th, 1885, when the first child was received, until the present time, 1589 have been enrolled. To take these children while they are young and their hearts and minds are tender and flexible and place them under the wholesome influence of such an institution, to receive training from godly men and women and then to go out and live the principles which they have received means an inestimable blessing to themselves and to those among whom they live and serve.

To meet the growing demands made upon the Orphanage it has been necessary to add further equipment such as the Miles Durham nursery for very small children. To fill this building and to provide for those that are being received in the Kennedy Home necessitates an increase in the current expense of at least 25 per cent.

Already there are 52 children being cared for in the Kennedy Home. Work is being done to improve the sanitary conditions of the Home and also to add to its attractiveness.

Valuable additions have been and are being made to the Thomasville plant. A modern dairy barn has been completed. A splendid auditorium has been made possible by the bequest of the late Dr. S. W. Little, of Davie County. A tenth grade has been added to the school course in order that those who go out from the institution may be better fitted for life's work.

The number in the Orphanage has been increased this year 75 above any other year, and if the necessary equipment is added, unless our contributions are larger, the institution will be badly in debt. The average cost for the support of a child for a year is $107.64. Why could not many more of our larger Sunday schools support one child for a year? It would be a great opportunity to increase the benevolent spirit of the school making such a contribution, besides helping greatly to bear the expense of the Orphanage.

We would again urge and recommend:

(1). That every Sunday school set aside one Sunday in each month as Orphanage day; (2). A club of Charity and Children in each Sunday school and an individual copy to pastors and all homes that are not represented in the Sunday school; (3). A liberal Thanksgiving offering emphasizing the importance of "Work Day," giving not less than one day's work to the Orphanage. We would suggest that in many churches it is best to select a Sunday nearest Thanksgiving day to hold this special service. This can be done to advantage on country fields.

"Finally brethren let us constantly keep in mind the appeal of the Larger Orphanage and remember as we save the child we not only save the State but we save ourselves and in doing this we find our greatest happiness."

H. B. HINES, For Committee.

Following this, E. F. Aydlett read the

REPORT ON ADVISABILITY OF ERECTING A DORMITORY AT THE KENNEDY HOME.

The Kennedy Home consists of twelve hundred acres of farm lands in a high state of cultivation and is one of the most valuable farms in Eastern North Carolina. It is the gift of Brother and Sister W. L. Kennedy to the Thomasville Baptist Orphanage, upon the condition that we establish a branch orphanage on these lands.

We have erected two dormitories there—one for boys, the other for girls. We need a school building, a chapel and two more dormitories. We have fifty-two children there, and four hundred and fifty at Thomasville. This is the largest number the Orphanage has ever had, adding about seventy-five in one year. The expense during the past year has far exceeded any year, leaving us about $30,000.00 worse behind in finances than we have ever been, caused partly by the building we have done, the furnishing of the new buildings, maintaining the seventy-five additional children, and partly as the effect of the financial condition caused by the European war.

We need these dormitories. There are many little orphans who are seeking to enter the orphanage and we have no room at either place. The little ones ought to be cared for and we owe it to them to provide room. On account of our financial condition and the increased expenses as well as the debt of the Orphanage, we fear to undertake the erection of a dormitory which would cost about $8,000.00. This might cause the gifts for maintenance to diminish at this critical period. Therefore, we recommend that we do not now undertake the erection of a dormitory, but that we increase our contributions materially to meet the increased expenses and to pay off this debt.

Respectfully submitted,

E. F. AYDLETT,
T. S. CRUTCHFIELD,
C. S. VANN,
T. J. RAGLAND,
H. A. LITCHFIELD,
Committee.

These reports were discussed by E. F. Aydlett and Fuller Hamrick and adopted.

The Chairman of the Committee on Periodicals being absent, there was no report ready at this time, and W. W. Sawyer, one of the members of the committee, was requested to prepare a report to be submitted later and, in the meantime, the subject was discussed by J. S. Farmer and Fuller Hamrick.

The following resolution offered by I. N. Loftin, was adopted:

"Resolved, That at this meeting of the Association, a Committee on Order of Business shall be appointed whose duty it shall be to prepare and publish in the Biblical Recorder at least two months before the meeting of the Association, an Order of Business for the next session. And that the Order of Business shall correlate the subjects so that Education shall come at one session, Missions at one session, Orphanage at one session, etc., so that there may be a proper connection in subjects and discussions."

The meeting then adjourned to 9:30 a. m. Wednesday.

WEDNESDAY—MORNING SESSION.

Devotional exercises were conducted by H. B. Hines.

The meeting was called to order by the Vice-Moderator and the Minutes of Tuesday's proceedings were read and approved.

On motion, 20 minutes of the time allotted the subject of Education was given to T. T. Speight, Financial Agent of Chowan College.

T. J. Ragland read the

REPORT ON CHRISTIAN EDUCATION.

The communication of moral and religious truth is the most important office committed to men. The Son of God came into the world not to legislate for nations, not to command armies, not to sit on the throne of universal monarchy; but to teach religion, and to establish truth and holiness. The highest end of human nature is duty, virtue, piety, excellence, moral greatness and spiritual glory; and he who effectually labors for these ends is taking part with God, in God's noblest work. The Christian ministry, then which has for its purpose men's spiritual improvement and salvation, and which is intrusted for this end with weapons of Heavenly temper and power, deserves to be ranked among God's most beneficent institutions, and men's most honorable labors. This being true, how important it is, that those who are to thus labor in the world, for these great and glorious ends, should be properly trained and equipped for their life work. The large majority of those whom God calls into the Christian ministry are men of limited means, and could not prepare themselves for the ministry unless they were aided, by either some individual friend, or Christian institution, founded, and fostered by the Church of God for this express purpose. We are thankful to say, that we have in Wake Forest College, and Louisville Theological Seminary all that could be desired for the proper training of our ministerial students.

The year through which we are now passing is a very important one from the stand point of Baptist Education in North Carolina, Baptists have been hearty supporters of education throughout the history of our country. When Harvard College was founded Baptists were there subscribing and helping. The public school system of North Carolina has always found warm sympathy, and hearty support in the Baptist brotherhood. But besides giving this sympathy and support to Education in general, the Baptists of North Carolina have for almost a century been supporting schools of their own. To-day we are supporting three colleges, one for men and two for women, and more than a dozen high schools that are making a contribution of strong, rich wholesome life to the work of the state and the Kingdom of God which we could not under any circumstances afford to lose.

In our Colleges we have more than a thousand young men and women in training for what we hope may prove to be lives of great usefulness among us. In the high schools, under Baptist control, there must be three times

as many more. There has been a new step taken in Baptist Education in North Carolina which we trust will be greatly beneficial to our Educational interests. At the last session of the State Convention held in Raleigh, December, 1914, a Board of Education was appointed and all our schools under Baptist control in North Carolina were put under the administration and control of the newly appointed Board, hereafter to take their place of dignity and worth on our calendars, along side of State Missions, Home Missions, Foreign Missions, Orphanage and the other objects to which we give regularly. Dr. Richard Tilman Vann, has been secured as Secretary for this new Board and we bespeak for him the hearty co-operation of the churches of the Chowan Association. The Board is asking that the Churches of the Convention raise this ensuing year not less than $15,000. $8,000 for the current expenses of our colleges and academies, and the remaining $7,000 for the assistance of our ministerial students at Wake Forest, and the Seminary. We, your committee recommend that the Chowan Association take as its proportional part of this amount $700.00, and that our churches be urged to take regular offerings for this object, and as soon as collected forward to our State Treasurer, Brother Walters Durham, Raleigh, N. C.

In conclusion, we would call the attention of our Association to the fact that there are now more than a hundred young ministers at Wake Forest and Louisville Seminary who are looking to us and the Education Board to help in furnishing their daily bread while they are in training for their responsible places of leadership in the Kingdom of God. Our acting Secretary has overdrawn his account with Treasurer Durham by more than a thousand dollars and another week's board bill is due and must be paid right away. We, therefore, urge the churches of our Association to immediately take liberal collections and forward the same to the Treasurer, to relieve this financial embarrassment.

T. J. RAGLAND,
For the Committee.

The report was discussed by T. T. Speight and R. T. Vann, and adopted.

The following resolution was adopted:

"Resolved, That this Association pledge its loyalty to help clear Chowan College of debt and establish it on a basis equal to any college for girls, in the State."

E. F. Aydlett read the

REPORT ON THE ASSOCIATION AND ITS NEEDS.

Our Association consists of sixty churches with a membership of over ten thousand. It is one of the largest and strongest, financially, in the State and has been a leader and an inspiration to the Baptist hosts of North Carolina. The territory which it embraces is fertile; the climate is delightful; the people are progressive and have grown rapidly in numbers and worldly goods during the last decade.

With all this prosperity and growth we have only eighteen resident ministers for the sixty churches and paid them last year $16,506.00, being an average of $275.10 per church for pastor's salary. Five of these churches have preaching each Sabbath, fourteen twice a month, and many of them only once a month. Our net increase for a number of years has been less than 3 per cent. Our churches are not keeping abreast with the progress of the times. To a large extent we have become indifferent to and neglectful of the Master's business. A large majority of our churches are able and ought to have preaching every Sabbath. We need more preachers and more liberality among our members. We need to awake from our lethargy; to get out of the old ruts and go about the King's business in a business-like way. We need co-operation in establishing fields for each pastor, and to increase the pay they are receiving to a reasonable sum.

To this end, that we may overcome these needs, we recommend the appointment of a standing committee to visit the churches, lay the matter before them and especially urge the church which is not able to employ a pastor

all of his time, to join with another and form a field and call a pastor for that field; also to urge that we pay our preachers better salaries.

Respectfully submitted,

E. F. AYDLETT, for Committee.

The report was discussed by E. F. Aydlett, Josiah Elliott and Livingston Johnson. The hour having arrived for State Missions, a motion that we take the time allotted to State Missions for a further consideration of the above report was adopted, and I. N. Loftin addressed the body. At this juncture, the meeting was led in prayer by R. T. Vann after which the subject was further discussed by R. C. Hubbard, L. W. Norman, W. W. Sawyer, B. C. Hening and E. L. Wells, and the report was adopted.

A motion that we appoint a committee of seven, to be composed of four laymen and three ministers, to act as an Advisory Committee in line with the suggestions in the report, and that the pastors and messengers be requested to bring this matter to the attention of their churches upon their return from this meeting, was adopted.

The following committees were announced:

Order of Business for next Annual session—I. N. Loftin, Josiah Elliott and C. S. Vann.

Time, Place and Preacher for next Annual session—D. E. Williams, E. H. Eure and L. J. Peacock.

After benediction by J. W. Downey, the meeting recessed to 2:00 p. m.

WEDNESDAY—AFTERNOON SESSION.

A motion that the Moderator appoint a committee of three to nominate the Committee provided for at the morning session in connection with the Report on the Association and its Needs, was adopted.

On motion, at future sessions of the Association, the committees on the various objects of the Convention, are instructed to recommend the amounts to be raised by this Association, and to apportion the amounts so recommended to the several churches.

The Clerk read the

REPORT ON STATE MISSIONS.

In his report to the Baptist State Convention last December, our Corresponding Secretary, Brother Livingston Johnson, stated that in some respects, the report was the best he had ever presented to the Convention. We quote from the report as follows:

"There were 161 missionaries last year who labored in 41 associations. The figures this year, when compared with those of last, show the following increase: Baptisms 332, and by letter 327. Five more churches were being built and nine more completed this year than last. There was the following increase in contributions: Pastor's salary $2,932.84; church building $2,925.07; benevolent objects $3,402.65; total increase over last year $9,260.56. There were 379 churches and outstations supplied; 2,469 baptisms; 1,836 added by letter; 2,726 professions of faith; 46 churches building; 24 churches finished; 5 churches organized. Paid on salaries $38,281.33; paid on church buildings $48,976.25; State and Associational Missions $5,512.28; Foreign Missions $3,845.32; Home Missions $2,715.30; Orphanage $3,614.82; Education $599.44; Sunday Schools $501.98; Ministerial Relief $1,418.90. Other objects $10,835.42. Total $115,154.87."

Conditions arose last year which interfered to such an extent with the churches concentrating their efforts on our State Mission work toward the last, that as a consequence a debt of $4,825.92 was reported.

The following recommendations were submitted to the State Convention, and adopted:

1. That the Associational Executive Committees be requested to insist that churches receiving aid from the Board shall co-operate with the Board in the formation of compact fields in the interest of efficiency and economy.

2. That churches which have been aided for a long time be and are hereby

urged to reduce the amounts asked for each year, and to relieve the Board entirely as soon as possible.

3. That the Associational Executive Committees, whenever possible to do so, shall arrange for mission campaigns.

4. That our churches be urged to adopt the envelope system, and that collections for the objects of the convention be taken weekly or monthly.

5. That the Executive Committee of the State Mission Board be instructed to apportion to the several associations the amounts to be raised for the three mission objects, and that the several associations be requested to apportion the amounts to the churches.

6. That the amount to be appropriated for our State Mission work next year be fixed at $50,000.00.

7. That the Treasurer's books close on Tuesday after the third Sunday in November.

Recommendations numbered 1, 2, 4, 5, of the foregoing, are hereby offered as recommendations by your committee. (Recommendation No. 3 is already in effect in this Association).

As we face the work of a new Associational year, let us remember the words of Isaiah: "Fear thou not, for I am with thee; be not dismayed for I am thy God. I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness."

Respectfully submitted,

W. R. HAIGHT, for the Committee.

REPORT ON HOME MISSIONS.

As the tide of immigration is turning Southward the work of the Home Board becomes more important, and He who said Go into all the world, also said begin at Jerusalem. The Evangelization of the world depends upon the Baptists of the South as it does on no other denomination. We think this is true, first, because of their numbers; and second, because of the doctrine of soul liberty preached by Baptists as none others preach it. We must hold the South true to the faith once delivered to the Saints in order to give the truth to the world.

The Home Board has before it the task of the city. Here is one of its greatest opportunities, not only to do Home but Foreign Mission work as well. It is no longer the automobiles and street cars that threaten to wreck and ruin the physical boy and girl, but the "isms" and "cisms" of the foreigners who are coming to our shores annually by the thousands. We must meet them with the gospel "which is the power of God unto salvation to everyone that believes."

The year 1915 brings to Southern Baptists an opportunity such as they never had before to give the gospel to the 22 million souls within its territory. What will you do Brethren? These millions make no pretention to religion. We cannot say we are not financially able since God has so abundantly blessed our Southland with plenty and to spare. To meet the issues that lie before us Southern Baptists are trying to raise during the year 1915 the sum of $461,250. The great State of North Carolina with its vast amount of wealth and more than 250,000 Baptists are asked to raise only $40,000 of this amount. We thank God for what has already been accomplished by the Home Board, but they could and would have done much more if we had done our part in furnishing them the means.

We feel proud of the great work done in the mountains. The mountain region of the South includes 178 counties in 7 states and has an area of 76,592 square miles which is 4,000 square miles larger than South Carolina, Georgia, Alabama, Tennessee and Kentucky. In the mountain counties of these states there are 3,334,000 human souls who need training and who need Christ.

Your committee believes that if Baptists would take the Home field and

Foreign Journal and inform themselves, much more good would be accomplished. N. P. STALLINGS, for Committee.

The report was discussed by B. C. Hening and N. P. Stallings and adopted. J. W. Nobles read the

REPORT ON FOREIGN MISSIONS.

The Foreign Mission Board is located at Richmond, Virginia, and is composed of nineteen local members and eighteen members at large, representing each State in co-operation with the Southern Baptist Convention. The Board conducts work in Italy, Brazil, Mexico, Argentina, Japan, China and Africa. In these countries we have 380 churches with 833 outstations, 30,000 church members and 542 Sunday Schools with 22,000 scholars enrolled. We have also 9,376 students in mission schools, 420 of whom are in the theological seminaries and training schools seeking specific preparation for Christian work.

The present force of workers embraces just 300, of which number 20 are under appointment, but have not yet sailed for their respective fields of labor. In addition to these home-sent missionaries we have on the combined fields 635 native workers.

The work prospers on nearly all the fields; 5,252 converts were baptized last year, the largest number ever reported for a single year. Conditions at this hour give promise of still more abundant fruits, if we take advantage of the opportunities opening to us everywhere.

But our successes and our opportunities have laid responsibilities upon us and make insistent demands of us which we cannot ignore without turning much of our success into failure, and throwing away our God-given opportunity for still larger achievements. Multitudes have been made ready for the Word of Life; thousands are awaiting training in the Christian life and for Christian service; our schools are overflowing; a score of consecrated young men and women are offering themselves to the Board for the needed work; and untouched fields invite us to harvest. Need and opportunity never combined in such a challenge to Southern Baptists. Nothing less than immediate and immense enlargement can answer this challenge, and set us in a place of great honor, usefulness, and advantage for our gospel.

Shall we prove ourselves worthy of so signal a favor as God is ready to bestow upon us? We are sufficient in numbers, capable in talents and leadership and able in material resources. We can meet the challenge of a great opportunity if we will.

Gifts to the work advanced $44,000 last year. But one-half of our people had no part in this advance, and consequently had no part in the blessed results accomplished; and will have no part in the glorious rewards bestowed.

Our task for the present year includes (1) The completion of the Judson Fund; (2) The enlistment of more than one-half of our church members who have not yet given anything for foreign missions; (3) The development of present givers into larger giving; (4) The inauguration in each church of a plan of systematic monthly giving and remitting for this cause, so that the work may be taken care of and debt and interest payments avoided. We commend these four objects to the thoughtful consideration of our pastors and churches.

In order to increase intelligence concerning this great work of the denomination, and to enable all our people to work together harmoniously toward the same end, we recommend and urge that the Foreign Mission Journal be taken and read by every Baptist family within the bounds of the association, and to secure so desirable an end, we suggest that each pastor in the Association appoint a Committee in each church of which he is pastor, to canvass the membership with this object in view. All our people ought to be well informed about a work so great as this of giving the gospel to the lost nations, and the Journal is the publication which the denomination uses to give this information. Signed by the Committee.

The Clerk read the

REPORT ON SUNDAY SCHOOLS.

The Sunday School has been well termed the pulse of the church. Its value as an agency for the promotion of righteousness and the advancement of God's kingdom in the world is realized and appreciated in this utilitarian age as never before. It has paid better dividends for Christianity than any other investment of equal energy and time. Possibly the explanation can be found in the opportunity it offers for personal and individual work.

As an association of sixty churches we are to be congratulated on having sixty-one Sunday Schools, all but three of which are open twelve months in the year. There is no finer expression of the impressions which have been made by the Sunday School department of the state than the large number of churches which have either built new equipment or have remodeled their old plants to provide for departmental and graded work.

Another important phase of the work which has been pressed with much success is that of the Home Department. This has come to be recognized as one of the most fruitful fields of religious endeavor, and departments have been organized in practically all the city Sunday Schools and in many of the towns and country fields in the South.

The organized class movement has had a large share of attention in the Sunday School department of North Carolina. The growth of that work in nation, state and association has surpassed the expectations of its most ardent supporters. There are many advantages presented by this movement but there are also some perils which must be overcome. May we seek continuously to utilize all the good there is in the movement and at the same time, press in a vigorous way the means by which the perils incident to the work may be avoided.

Your committee would earnestly recommend:

I. That all organized classes in our Sunday Schools shall be requested to co-operate with our denominational Sunday School work.

II. That we use the new graded lessons issued by our Sunday School Board.

III. That when possible each church hold a training school for its Sunday School teachers.

IV. That Sunday School literature be bought and distributed by each church.

V. That special effort be made by pastors, superintendents, and other

workers to enlist in the Sunday School the adult members of our churches as well as an increasing attendance on the part of the children.

VI. That we encourage the organization of schools in all of our churches, and branch and mission schools wherever practicable so that a Sunday School may be accessible to every man, woman, and child within our associational bounds.

Respectfully submitted,

C. R. ANGELL, Committee.

B. C. Hening read the following

RESOLUTION ON MINISTERIAL RELIEF.

"Resolved, That we, the members of this Association, express our deep interest in the important work of providing for the support of our worthy and needy ministers; and urge each of our churches to contribute annually and liberally for this commendable and much needed work."

The resolution was adopted.

H. P. Lamb read the

REPORT ON TEMPERANCE.

God says: "Look not thou upon the wine when it is red, when it giveth his colour in the cup, when it moveth itself aright. At the last it biteth like a serpent, and stingeth like an adder." The surest way to prevent one from looking upon, and partaking of strong drink, is to put it out of his sight.

We are glad to report, that never in the history of our country have temperance lovers had so much to cause them to rejoice. The time has been when they were laughed at by the whiskey people, when public opinion made it hard to be an advocate of temperance legislation. Because of this many political men were afraid to advocate temperance measures. That day has passed.

In our state, and in a large number of the other States, no man can hope to be elected to any place of honor and trust, by any political party, if he is an advocate of the whiskey business. We thank God for this great change, and for all the agencies that have helped to bring in this glorious day.

There are fourteen states which have prohibition, and several other states have much dry territory. In fact, the temperance forces are gaining so very rapidly, one can scarcely keep up with their progress.

The action of Russia, Germany, France and England in opposition to the use of liquor by their men on the field give powerful impetus to the temperance work in our own country. A tremendous blow has been given to the whiskey business by a large number of industrial enterprises by putting a premium on labor done by sober men. The ablest men in the medical world everywhere, as well as the Medical Society of North Carolina, have greatly helped our cause by dealing death blows to the whiskey business. The fight is for God and man, and we must seek the help of both. We need to pray, to plan and to do, to vote for men and measures necessary to rid our nation of its greatest curse.

We recommend:

First, That we give hearty endorsement to the work of the Anti-Saloon League in our State, pledging ourselves loyally to the support of the work.

Second, That the pastors give increasing emphasis to the discouragement to the use among the people of intoxicants as a beverage.

Third, That as Christian citizens we seek to place men in public office who will do their duty in enforcing our present prohibition laws.

Respectfully submitted,

H. P. LAMB, Committee.

T. J. Ragland read the

REPORT OF EXECUTIVE COMMITTEE.

We, your Committee, appointed by the Association at its last session, to look after the interest of our weak churches beg to report: That comparatively speaking there has been very little that we could do under the existing circumstances. Not having any specified time or place to meet, we did not call a meeting to consider and recommend applications from our mission churches for aid to the State Mission Board. There are a number of our weak churches that are scattered here and there over this Association that are dying for lack of a Pastor to lead them. Not having any money at our disposal for this work, we could not render them any assistance, although a number applied for aid during the year. The writer took part in the missionary campaign and spoke on missions at Columbia, Travis, South Shore, Sound Side. We wish to recommend, That the Executive Committee be continued, and that they hold two meetings during each year—one during the session of the Association, and one on Monday after the first Sunday in October. This meeting to be held in Elizabeth City for the purpose of considering and recommending applications for aid from our mission churches, to the State Mission Board, and that all of our mission churches who desire to receive aid from the State Board, have their applications in the hands of the chairman of the Executive Committee by the first day of October.

We further recommend, That the Executive Committee work in hearty co-operation with the committee appointed by the Association at this session to try and consolidate our churches into compact fields.

We further recommend, that this Association add to its list of benevolence "Associational Missions" and that our churches be requested to take regular contributions for this object, and forward the same to our State Treasurer Bro. Walters Durham, Raleigh, N. C. Respectfully submitted,

T. J. RAGLAND, For the Committee.

The report was discussed by T. J. Ragland and adopted.

The Clerk read the

REPORT ON PERIODICALS.

Biblical Recorder.

The spirit of brotherhood that generally prevails among Baptists of North Carolina is due largely to the great work of the Biblical Recorder. The relation of the Recorder to North Carolina Baptists has almost reached the ideal. This paper has the happy faculty of being able to discriminate and has always fearlessly championed the cause of the Baptist hosts of North Carolina. It leads without assuming to; it forces us to think whether we would or not. No paper can take the place of the Recorder among North Carolina Baptists, and if we neglect to read it we do so at our peril as a denomination, for it stands as a sentinel to warn us of the approach of the enemy and as a teacher to instruct us in the faith once for all delivered unto the saints.

Charity and Children.

The name suggests and defines the function of this paper, and how well it has lived up to its name can only be attested by the Baptists of this State and the friends of our Orphanage. It fights with the bravery of a Spartan, and loves with the tenderness of a mother. If we love the boys and girls at our Orphanage at Thomasville, and the cause which this paper espouses, we can ill afford to be without it.

The Home Field.

We must know of the spiritual destitution in the Southland to be able adequately to meet the situation that so much needs to be met, but we cannot know these conditions unless we read the literature that deals especially with our Southern problems and gives us first-hand the great need of the Gospel of Christ in our own Dixie.

The Foreign Mission Journal.

Our Foreign Mission work has simply been dragging along through the

years because of a lack of information. I dare say that the Foreign Mission Journal does not go into a single home of the more than eleven thousand churches in the Southern Baptist Convention that contribute nothing to Foreign Missions. Information properly applied will give inspiration. The Foreign Mission Journal will not only give us the information we so much need, but the heart cries of the brave and loyal soldiers of our Lord Jesus Christ who stand on the firing line in foreign fields will inspire us to greater efforts to make the kingdoms of this world the kingdom of Christ Jesus our Lord.

Our Sunday School Periodicals.

There is no better way to disseminate truth than by the skilful use of our Sunday School periodicals in the hands of regenerated and consecrated Sunday School teachers. But—and here is the only discordant note I shall raise—we are a bit handicapped just here. Our lessons are selected by the International and Interdenominational Sunday-school Lesson Committee. I sincerely hope and pray that the day is not far distant when we Baptists shall not only publish our Sunday School literature, but make it. I long for the day when Baptists shall choose for themselves the scriptural passages that shall be studied in Baptist Sunday Schools. When we have done that we can stand for our distinctive doctrines as we have not been able to do heretofore, and through these Bible doctrines we shall the more speedily win our young people to Christ. Respectfully submitted,

W. W. SAWYER, For Committee.

REPORT OF MISSIONARY CAMPAIGN COMMITTEE.

Your committee beg leave to submit that special missionary services were held in the following named churches the past year: Travis, South Shore, Sound Side, Columbia, Roper, Oak Grove, Mount Pleasant, Creswell, Belhaven, Macedonia, Bethel, Rocky Hock.

The services were fairly well attended, and it is hoped that interest in missions was greatly quickened. The expenses of the campaign were borne by the churches at which the meetings were held. Respectfully submitted,

W. R. HAIGHT, For the Committee.

The report was discussed by T. J. Ragland and adopted.

The following resolution offered by B. C. Hening, was unanimously adopted:

"Resolved, That we extend to the members of Ballard's Bridge church, and to any other brethren and friends who may have aided in the hospitable entertainment of this body, our grateful appreciation of the courteous and ample provision made by them for our comfort, convenience and pleasure."

T. S. Crutchfield offered the following resolutions which were adopted:

Whereas, the function of the newly constituted Advisory Committee is so closely related to that of the Committee on Associational needs, therefore be it Resolved:

1. That the latter committee be discontinued.
2. That the Advisory Committee be requested to make a report concerning the needs of the Association at each Annual session.

The Clerk announced the Standing Committees appointed by the Moderator to report at the next session of the Association. (See Page 2 for list.)

The following delegates were elected:

To the Southern Baptist Convention—B. C. Hening.

To the Baptist State Convention—Lycurgus Hofler, A. F. Rountree, I. N. Loftin.

J. G. Gregory was elected Associational member of the Board of Sunday Schools and State Missions.

On motion, the Clerk was voted $35.00 as compensation for services.

Article VIII. We think it necessary to have an Association fund for defraying the expenses of the same, for the raising and support of which we think it the duty of each church in the union to contribute voluntarily such sums as they think proper and send by the hands of their delegates to the Association; and these moneys thus contributed by the churches shall be deposited in the hands of the Treasurer, who shall be accountable to the Association for all moneys by him received, and paid out according to the directions of the Association.

Article IX. The minutes shall be regularly filed by the Clerk of the Association and kept for its use.

3. To preserve inviolable a chain of communion among the churches.
4. To inquire into the cause why the churches fail to present themselves at any time in the Association.
5. To appoint any member or members, by and with their consent, to transact any business they shall see necessary.
6. To withdraw from any church in the union that shall violate the rules of the Association, or deviate from the orthodox principles of religion, after due measures are taken to reclaim such a church, or churches, and they remain incorrigible.
7. To allow no delegate to leave the Association until final adjournment without the permission of the body.
8. To admit any of the visiting brethren from other Associations, as assistants who may be present.
9. To adjourn themselves to any future time and place they may think most convenient to the churches.

REPORT ON FOREIGN MISSIONS.

The first period of a decade and a half of the twentieth century has come to its close. It is a good time to take a general survey and note the progress of world-wide missions. The Protestant missionary societies of Europe and America report at present, in round numbers $30,000,000 contributed annually to foreign missions, and ten millions given by native converts for the support and spread of the gospel in their own countries. There are now twenty-five thousand missionaries and one hundred and twenty-five thousand native workers employed on the foreign fields. There are three millions of native converts and an annual increase of three hundred thousand by baptism. At the beginning of the twentieth century the annual contribution to foreign missions was fifteen million dollars, native contributions two millions; the number of missionaries twelve thousand five hundred, native workers sixty thousand, total membership one million three hundred thousand, and the annual increase by baptism was eighty-five thousand. This shows that we have considerably more than doubled our foreign mission work in all departments during these fifteen years.

Let us take a glance toward the future. If the same ratio of increase as now prevails can be kept up, by the time the first quarter of the twentieth century ends, Protestant Christians will be giving annually fifty million dollars, and native Christians twenty-five millions, there will be fifty thousand missionaries on the field and two hundred thousand native workers. We will have about ten million church members, and the annual increase will be more than a million souls a year.

It took almost all of the nineteenth century to win the first million converts in mission lands. The next million was won in ten years, and the third million was won in four years, and at the present rate of increase the fourth million will be won in three years. If the present rate of growth continues we will soon be winning a million souls a year out of heathenism. When that day comes who can tell how stupendous will be the onward sweep of the Kingdom?

The record of the missionary societies of the United States and Canada is even greater than the world record. These societies report seventeen million dollars a year contributed to foreign missions, five millions given by native Christians, ten thousand missionaries on the field, and fifty thousand native workers. There are a million and a half church members on the foreign fields and an annual increase by baptism of one hundred and sixty thousand. In North America we have during these fifteen years increased our contributions three-fold, and the native Christians on the fields under our Boards have increased their contributions eight-fold. We have more than doubled our number of missionaries, have multiplied both the number of native workers on the foreign field and the annual number of baptisms by five. Surely this is a wonderful record!

As we come nearer home the record for the first fifteen years of the twentieth century is even more remarkable. Southern Baptists gave last year $537,096 to the current support of foreign missions, and $142,622 to the Judson Centennial Fund. The native Christians on our various fields gave $144,427. By turning to the figures reported in 1901, it will be seen that we have increased our contributions five-fold, our native Christians have multiplied their gifts by fourteen, we have increased our number of missionaries three-fold and the number of our native workers four-fold, the number of native church members five-fold and the annual number of baptisms five-fold. If we can keep up the present rate of increase, by the time the first quarter of the twentieth century ends, Southern Baptists will be giving a million and a half dollars a year to foreign missions, and our native church members another million and a half dollars; we will have six hundred missionaries on the

field, 2,500 native workers and one hundred and fifty thousand church members, and we will be winning converts at the rate of about twenty thousand a year. This is no idle dream. It can all be accomplished if we can only maintain our present rate of growth.

It is well for us to try to get this wider view from time to time. In the midst of the present problems and difficulties and under the stress and strain, the dust and smoke of the conflict, we are liable to become discouraged and feel that we are making but little progress. There is every reason for encouragement in our missionary work. A glimpse at the past and a glance toward the future should cheer us on to more glorious efforts.

Shall we maintain our present rate of increase? By all means. We ought to do even more. With the broad foundations which have been laid at home and abroad, with the rapid increase in numbers, wealth and development, our people are able to do as much in the next ten years as we have done in the last fifteen. Think what that would mean. With such advancement we will be giving by 1925 two and a half million dollars a year for the support of foreign mission work, with a proportionate enlargement in every department of the work.

There are three things at this time which should impel to greatly enlarge our foreign mission contributions.

First: This is the day of stupendous missionary obligation and opportunity. Vast changes are taking place in all non-Christian nations, and these changes are favorable to the spread of the gospel. Among all these nations there is a wonderful awakening.

"Voices confused and faint arise
Troubling their hearts from East to West,
A doubtful light is in their eyes,
A gleam that will not let them rest."

The long-drawn-out ruinous war in Europe will make it necessary for God's people in America to assume a greater share of the responsibility for meeting these missionary opportunities. Surely this is the time when our people should hear the call of the ancient Prophet: "Enlarge the place of thy tent and let them stretch forth the curtains of thy habitations; spare not; lengthen thy cords, and strengthen thy stakes; for thou shalt spread abroad on the right hand and on the left, and thy seed shall inherit the nations."

Second. The self-denial of the native Christians in their contributions toward the support and spread of the gospel should appeal to the hearts of God's people in the favored land. It is difficult for us to realize how very poor many of them are, and yet while the average per capita contribution of Southern Baptists to all religious purposes is five dollars a year, in China the average per capita gift of the native Christian is four dollars, in Brazil six dollars and in Argentina five dollars. In China, our largest mission field, the native Christians give almost twice as much for the support of their own work as the Board appropriated for native workers, schools and hospitals. Almost every pastor received a part of his support from the native church. There are now fifty-six churches that are entirely self-supporting. The native Christians are making contributions toward church buildings, giving a good part of the support and paying nearly all of the cost of the medical work. The native churches are not the helpless, dependent bodies, which some people who have no knowledge of the real conditions would have us believe. There is every reason to hope that there will be a rapid and permanent growth in the direction of self-propagation, self-government and self-support in the churches. These things ought to make us more willing to give to the utmost of our ability for the spread of the gospel among the people who show their appreciation in this way.

Third. The "waiting list" is another thing which ought to stir the hearts of Southern Baptists. Since the meeting of the Convention in Houston, we

have sent to the field fourteen new missionaries and there are fifteen others who have been approved by the Board and appointed for the work, but as the Board has not the means with which to send them out, they are put on the waiting list. There are many others who are making application to go, but who have not yet been appointed. They are waiting. How long will Southern Baptists keep them waiting?

The success of the work during the past year encourages us. Missionaries report 6,471 baptisms, 1,300 more than last year. Our total membership now on foreign fields is 42,630. There are 95 self-supporting churches. We have on the fields 315 missionaries, an increase of 17 for this year. These are assisted by 700 native helpers. There are 609 Sunday schools, with 27,561 pupils. We have 453 mission schools with 13,531 students. Of these schools, six are women's Bible schools with 200 students. Ten are theological schools with 191 students. We have 19 medical missionaries, 9 hospitals, 10 dispensaries with a total of 74,866 patients treated last year. We recommend to our people—more information, more liberality, and more prayer for this great work.

On motion, B. C. Hening was elected Chowan Associational Representative on the Foreign Mission Board.

REPORT ON PERIODICALS.

With the quantity of reading matter published in periodical form increasing annually and with the quality verging more and more toward the yellow tints, it behooves the Baptist people as teachers of goodness and purity to place in the hands of their young people and to bring into their home circle only literature of an ennobling nature.

The Baptist people of North Carolina are fortunate in having as editors of their leading periodicals such leaders and such writers as Hight C. Moore of the Biblical Recorder, and Archibald Johnson of Charity and Children. These men are known for their integrity, for their mental poise and for their christian character throughout the Baptist denomination. They are known also throughout the journalistic field for their virile ability, and no man or woman or child can read these periodicals through and through each week of the year without having come in contact with the great movements of the denominational work, the important world movements and the personality of some of the State's ablest minds and noblest men. To neglect these sources of instruction and inspiration is to starve the mind and heart. To offer to our young people sensational and foul literature in their stead is to sow for a harvest of crime. With the Biblical Recorder and Charity and Children as standards by which to judge your reading matter, your taste will not be corrupted nor your mind polluted nor the currents of your thought perverted into evil channels. At the same time, your mental training will put you above the influence of those sensationalists who would have you mistake noise for genius and evil language for brilliancy.

Our Mission Journals.

The fact that none of us read our mission journals as we should is written upon our collection reports each year. Not only do we seldom give as much as we should to these objects, but we do not give systematically to them as we do to the current expenses of our churches. We give to missions when somebody makes a speech and a special collection is taken, or when the year is closing and appeals are coming in from the secretaries that the reports show a deficit of several thousand dollars. Missions are a far away thought in our minds. If we really did read the Home Field and the Foreign Mission Journal,—if we but kept in touch through these with the missionaries whom

we actually know or have heard speak—we should find ourselves aroused to a live interest in missions and we should find the thought of missions crystalizing into a weekly offering instead of bursting forth once or maybe twice a year.

Sunday School Periodicals.

Not many of us have entirely forgotten our childhood. Among the memories that remain most distinct are the stories we heard told us at bedtime and then the first stories that we read. I can recall now little stories in Kind Words and the other Sunday school papers—stories of unselfish deeds and kindly acts—that impressed my childish heart more than a lecture or a spanking could have done. I can remember trying to put into practice these little lessons learned and failing and trying again. The stories are better now, too. There is a tendency to appeal to the child in his everyday life, to teach him that religion is a matter of living.

I think that even if I were a sensationalist I could scarcely speak too strongly upon the influence of literature upon the mind of mankind. With so much good to choose from, ought we not as a denomination and as individuals to make the choice that will enable us to become more efficient in the work of building up the kingdom of God? W. R. Haight read the

REPORT ON TEMPERANCE.

It is within the memory of even our younger delegates here gathered, that the cause of Temperance has made its most rapid strides. State after State in the Union is falling into the Prohibition line; business enterprise after business enterprise is putting a ban upon strong drink; nation after nation has seen the value of soberness on the part of soldier and civilian; until now the Temperance Movement has outgrown its swaddling clothes of pledge-signing with the wearing of a blue ribbon, and has become a giant so strong and so determined, that the whole world now pays attention to its demands.

To the Anti-Saloon League and the Woman's Christian Temperance Union with their intelligent, wise and courageous officers and agents, belongs much of the credit for the advancement to the temperance cause in our nation and State. We should give these organizations our continued support.

We recommend that our members continue to support the Anti-Saloon League morally and financially in its efforts to improve upon the already excellent conditions existing in our own State, as well as in its efforts to secure National Prohibition through a submission of the question of a constitutional amendment.

We further recommend that the pastors continue to emphasize soberness as a characteristic of a genuine Christian, and a mark of holiness.

We further recommend that as Christian citizens we do all in our power to place men in public office who will do their duty in enforcing our present prohibition laws. Respectfully submitted,
W. R. HAIGHT.

Motion to adopt was discussed by W. R. Haight and J. K. Henderson and carried.

On motion, B. C. Hening was requested to furnish a copy of his Introductory Sermon to the Biblical Recorder and Charity and Children for publication.

REPORT ON CHOWAN COLLEGE.

The great command of our Lord is to go and teach. Led by the Holy Spirit of God and in obedience to this command the Baptist people all over the South are being aroused to the important place of christian education. Chowan College was born out of a loyalty to the word of God and it has been and is nourished and nurtured by the sacrificial spirit of our forefathers. The college has done a blessed work for North Carolina Baptists, and it has never done better work than it is doing at this time. The faculty of Chowan College is now composed of fifteen members all members of Baptist churches. Your committee feels that such should be the case in all Baptist schools supported by Baptist money and making a plea for the patronage of a Baptist folk. All of these teachers have been trained in the best institutions that we have for their special work. Chowan is seeking to take the very best physical care of the girls and at the same time give them the very best mental and spiritual training. The college realizes that christian education means not only that one should know things, but that one should be, and that being in the christian sense is based on a firm conviction that God's word is the law of Christianity now and forever. And we feel that Baptist teachers will and can inculcate such a conviction as none others on the face of the earth can.

The enrolment at Chowan last year was 97. This year the enrolment is 131. The piano department shows an increase over last year of about 35 per cent. The voice department shows an increase over last year of 55 per cent.

Chowan College has had a good year. The health of the student body has been splendid. The work in all departments of the highest order. The Baptist people are to be congratulated on the splendid administrative power and christian influence that the President G. E. Lineberry exerts in and over the institution. And we bespeak for him and the whole faculty the most hearty support on the part of all the churches and people.

I. N. LOFTIN,
D. E. WILLIAMS, Committee.

The report was considered in connection with the Report on Christian Education and adopted.

On motion, it is ordered that hereafter provision be made in our program for consideration of the work of the women in the Association.

H. P. Lamb read the

REPORT ON CHRISTIAN EDUCATION.

Everybody knows that the moral health of society and the progress of religion depend largely, if not chiefly, upon the training of the young in matters that pertain to character. Therefore, the work of teaching ethical and religious truth is of great importance. Our Lord and Master came into the world to teach religion and to establish truth and righteousness, and the command to His followers to "Go and teach all things whatsoever I have commanded you" is imperative and should be obeyed. This we verily believe our Baptist schools are endeavoring to do. The American college originated as an-

institution of religion, to a great extent for the purpose of preparing men for the christian ministry. But great and momentous changes have taken place. Colleges are coming closer to the so-called secular occupations. So true is this that the friends of religious education have felt it incumbent upon them to start an agitation for the teaching of the Bible in christian schools.

The Baptists of North Carolina discovered these changes years ago, and for almost a century we have been supporting schools of our own. In these schools comes that experience which culminates in a profound and joyous sense of having a divine mission in life, and a divine inspiration for fulfilling that mission. Instruction, worship, work and the winning of the students who are not committed to Christ are the essentially religious aims of our christian schools.

(1) Instruction, which should give the student a broad view of the place of religion in human history; its nature as a human experience; the historic position of the christian religion, and the content of the christian view of life.

(2) Worship, which should be at once dignified yet joyous, simple yet beautiful, solemn yet so near the problems of students as to yield rich satisfaction and exercise for the life of sentiment without divorcing it from the practical life.

(3) Religious and philanthropic work, which serves to express the student's religious aspiration and to prepare him for fuller activities in later life.

In our Colleges and high schools we have approximately five thousand young men and women in training for lives of greater usefulness among us. At the session of the State Convention held in Raleigh, December, 1914, the brethren voted unanimously and heartily to create a Board of Education and at the last session of the Convention, this action was further approved. The Board has been asked to raise from the churches this year $20,000.00 and Dr. Vann says that the conditions demand this as the minimum amount for this year. The Chowan Association has been asked to raise as its proportionate part of this amount $1,100.00, and your committee urge that the churches make regular offerings for this worthy object.

We wish to call the attention of our Association to the fact that there are now one hundred and twenty-five young ministers at Wake Forest and Louisville Seminary who are looking to the Board of Education to help in furnishing their financial needs. During the sessions of Wake Forest and the Seminary our Secretary has over-drawn his account by more than three thousand dollars, in order that the expenses of these worthy young men might be provided for. We therefore urge the churches of our Association now that Foreign and Home Missions are out of the way to immediately make offerings for this object and forward them at once to the Treasurer.

H. P. LAMB, For Committee.

This report and the one on Chowan College were discussed by I. N. Loftin and G. E. Lineberry, and adopted.

E. F. Aydlett read the

REPORT OF THE ADVISORY COMMITTEE.

The committee has sought to carry out the expressed will of this body at its last annual session. It sent out letters to the churches asking for the appointment of a committee from each church to co-operate with your committee and to establish fields and to call pastors to the different fields. Many of the churches responded; most of them seemed willing to group themselves into fields and locate the pastor in the midst of his work. The churches in the Scuppernong Union, all in the Camden and Currituck Union except Olivet and Geneva, and many in the Yeopim Union have grouped themselves in fields. As a result, there are seven more preachers in the Association than when the committee began its work. Many of the fields agreed upon for the present are too large. The pastors are unable to give the time needed to

each of the churches because of the big fields. Only eight of our churches have preaching every Sunday, while more than half of them in this Association are able and ought to have services every Sabbath.

We can never do the work we ought nor get satisfactory results until this is changed. We need and must have the full and hearty co-operation of the pastors to bring about this change. We want to emphasize that four churches averaging 150 members each are too many for one pastor. In our opinion this is one of the causes of our present condition. We most earnestly urge all of our churches to form into fields and where the membership of two churches numbers as many as one hundred and fifty each, that not more than two form a field and call a pastor for all his time, locate him in their midst, have services each Sabbath and adopt the plan of weekly giving as taught in the New Testament. We recommend that this work be laid before all our churches and that, as far as they can, they adopt this plan.

The report was discussed by E. F. Aydlett and B. C. Hening, and adopted.

The following communication from Scuppernong Union Meeting was read by E. F. Aydlett:

REPORT OF W. W. SAWYER, MEMBER OF ADVISORY COMMITTEE, SCUPPERNONG UNION.

By request of the Scuppernong Union, in session at Roper, N. C., April 29-30, 1916, I hereby present a report as representative of the Advisory Committee in the Scuppernong Union, to the Chowan Association in its session at Shiloh Baptist Church.

Immediately upon receiving communication from the Advisory Committee of the Chowan Association, the Scuppernong Union recommended to the churches of the Union that committees be appointed from each church for the purpose of taking under advisement the reorganization of the churches into more convenient fields, and the settlement of pastors upon these fields. At the time of the receipt of the letters from the Advisory Committee there was but one resident pastor in the Union—a Union comprised of twelve churches.

The committee from the several churches came together and decided that with help from the State Mission Board, the following arrangement of fields might be carried out:

Columbia, Sound Side, South Shore, Mount Zion and Gum Neck, to form what would be known as the Columbia field.

Creswell, Mount Pleasant, Oak Grove and Travis, to form what would be known as Creswell field.

Belhaven, Pantego and Roper, to form what would be known as the Belhaven field.

After persisent effort, the fields were formed as planned, and pastors located the first of the year 1916, as follows: H. P. Lamb, Columbia; O. N. Marshall, Creswell, and W. R. Haight, Belhaven.

At the proper time application was made to the State Mission Board through the Executive Committee of the Association, for assistance; but the Executive Committee refused to approve the applications of the Columbia and Creswell fields.

The Union itself is supplementing the salary of the pastor of the Columbia field; and the State Mission Board has agreed to contribute $100.00 this year

to the Creswell field, which is $50.00 less than the amount that was being counted on when the salary proposition was made to the incoming pastor. Therefore, in connection with this report, I have been requested by the Scuppernong Union to ask that the Chowan Association stand by the work of the Advisory Committee by making up this deficiency of $50.00, which the field failed to secure from the State Mission Board through no fault of its own. Two churches in this field have but twenty members each; but they pay $150 apiece on the pastor's salary. Respectfully submitted,

W. W. SAWYER,
Member of Advisory Committee for Scuppernong Union.

Following the reading of this communication, on motion a collection was taken and $32.04 was raised to apply on the deficiency mentioned.

The following resolution was adopted:

Resolved, That this Association take such steps as are necessary to secure the services of an Associational Enlistment Evangelist within our bounds, and subsequently by motion, the Advisory Committee was charged with the duty of securing such an enlistment evangelist, in co-operation with the State Board of Missions.

The meeting then recessed to 2:00 p. m.

WEDNESDAY—AFTERNOON SESSION.

The session was opened with prayer by J. K. Henderson.

The Clerk read the

REPORT ON STATE MISSIONS.

No part of the work of the Convention is greater than the State Mission work. When the commission was given by our Lord to evangelize the world or to preach the gospel to all nations, the plan was for the disciples to begin in their immediate community, in their own state, broadening and increasing their work until all the nations should have the gospel preached to them. The State Mission work is our base of supplies. No work of any Christian body can be stronger than the base of supplies. If our State Mission work suffers, then every other line of our denominational work must suffer in proportion. If our State Mission work is increased and strengthened, then all our denominational interests will be strengthened just so much. The reason why so many calls from our Foreign fields of labor meet with no response, save the prayers of a few earnest workers, is because we have not realized and developed our basal strength. This strength can be developed only by vigorous and systematic effort in response to the demands made upon it.

It is encouraging to know that progress is being made in this important work. The report made to the Convention last year was the best ever made. There were over a thousand more baptisms reported from the mission fields last year than the year before; there was an increase in the contributions to the objects of the Convention of nearly two thousand dollars; and nearly a thousand dollars more was given to the support of pastors on the mission fields.

When it comes to the work of our own Association, the results are not so encouraging. Comparing the figures of 1915 with those of 1914, it is found that there were thirty-seven fewer baptisms in 1915 than in 1914.

(There is an increase of some 225 for 1916 over 1915.—Clerk.)

While there was a slight increase in 1915 to three of the objects of the Convention, the total amount contributed to all was $21.39 less than during the previous year. There are sixty churches in the Chowan Association. According to the statistical report for 1915, there were ten churches which contributed nothing to State Missions. Only ten contributed to all seven of the

objects of the Convention; sixteen contributed to only six objects; ten to only four; two to only two; and nine contributed to none of them.

The greatest task before the pastors and the wide-awake lay members is to get every member of the individual church to see the importance of every one of the objects, and to contribute to them. Much can be done to realize the accomplishment of this great task if earnest effort is put forth in that direction. The per capita contribution of the Chowan Association last year was seventy-eight cents, or one and one-half cents per week per member making total contributions for the year $8,445.58. Why not each church in the Association set as its aim this year five cents per week per member? This is a small amount and there are not many members including children who could not give this amount each week, and if we could realize this as an average our per capita contribution would then be two dollars and sixty cents and instead of our total contributions amounting to a little more than eight thousand dollars they would exceed twenty thousand dollars. This would not be a burden, but with proper education and training it would be a joy. May God hasten the day when christian people shall realize the importance of system in the Lord's work as they realize it in their own work.

Respectfully submitted, H. B. HINES.

After discussion by W. N. Johnson, the report was adopted.

On motion, it is ordered that hereafter the report on State Missions, Home Missions and Foreign Missions be made at the same time and that the discussions cover the entire field of Missions.

T. S. Crutchfield read the

REPORT ON ORPHANAGE.

The Thomasville Baptist Orphanage has thirty years of noble achievement and laudable history behind it. Its history is a source of worthy pride, not only to the Baptist brotherhood, but to every citizen of the State who loves his fellow man. Through these years, this institution has had a wonderful growth both in its hold upon the hearts of the people and in its capacity for caring for children.

One thousand five hundred and ninety-seven children were received into the Orphanage in the first thirty years of its career, and some five hundred of these are still under its fostering care—four hundred and fifty being at Thomasville and fifty at the Kennedy Home.

The average per capita cost of maintaining these children is about nine dollars and fifty cents a month. With the probable increase in the number of inmates, we can see that more than fifty thousand dollars will be required to pay the bare running expenses of the institution next year.

Thus far, the regular monthly contributions from some five hundred Sunday-schools, the Thanksgiving offerings, and collections, now and then, under special appeal have been the sources of income for the current expenses. Hence, we hope that our people will more and more fall into the "one day for the Orphanage" plan in the Thanksgiving offerings, and that the churches will endeavor to make a substantial increase in their offerings to this object this year.

To one who has not examined into the matter, it would seem that the many large bequests which the Orphanage has recently received would go a long way toward making the institution self-supporting. But such is not the case. For the present, these gifts furnish no income. They have been given with provisos, looking to a larger orphanage in the future, to the usefulness of which they will greatly add.

Another matter to which should be given careful consideration is the class of orphans that are recommended to be taken into the Orphanage. In cases where the local church and community can assist a mother sufficiently to enable her to properly rear her children, it should be done. There are more children whose parents are both dead, or the widowed mothers unable or

unfit to rear their children, than can be maintained in all of the orphanages in the State. We have done great things in the field of orphanage work, but yet greater things remain to be done. And to do this it will be necessary to allow the work to touch not only our sympathies, but to go further and touch our pocket books for regular contributions in proportion to the demands of the greater work.

In conclusion your committee would make the following recommendations:

1. That all our people read Charity and Children.
2. All Sunday schools take collections for the Orphanage once each month.
3. All churches observe "Orphanage Thanksgiving Day," and each person give the earnings for one day as a thank offering.

T. R. WARD, Committee.

The report was discussed by T. S. Crutchfield and Archibald Johnson, and adopted.

The following report from the Women's Missionary Union was received and adopted without discussion.

REPORT FROM WOMEN'S MISSIONARY UNION.

A year ago, at Ballard's Bridge, the women decided to have a separate meeting from the men, feeling that in this way they could do much better work. We had been greatly handicapped in our meetings and it was almost impossible to get the women to leave the church where it was pleasant and comfortable and go into the little crowded school-house. We have found it an advantage in more ways than one.

Our report for 1914-15 showed a total of $1492.00 given by the women for the various objects, while our report for 1915-16 shows a total of $1855.00—a decided increase.

When we found we were going to have a separate meeting we became more enthusiastic and looked forward to our meeting at Sawyer's Creek in September. At this meeting we had about 45 delegates and would have had a great many more if we had not been rained out.

In the last year twelve new societies have been organized, which makes the present numbers as follows: 29 W. M. S., 4 Y. W. A., 1 G. A., 1 R. A. and 16 Sunbeam bands—a total of 51 societies. New societies are being organized and much more interest is being shown in the women's work, and we feel that still greater things are to be accomplished by the women of the Chowan Association. As we are progressing in the practical part of the work we feel that we are being strengthened in the spiritual part also, and that our women are entering into a broader, richer service for the Master.

MRS. W. R. HAIGHT,
Associational Superintendent.

The Committee on Time, Place and Preacher for the next session reported as follows:

We, your Committee on Time, Place and Preacher beg leave to submit the following:

Time—Tuesday, Wednesday and Thursday after the first Sunday in May, 1917.

Place—Columbia.

To preach Introductory Sermon—D. D. Harris; Alternate, N. H. Shepherd.

The report was adopted.

The Committee to nominate the Advisory Committee reported nominating E. F. Aydlett, Chairman, Lycurgus Hofler, L. W. Norman, W. W. Sawyer, E. L. Wells, I. N. Loftin and B. C. Hening, and these were duly elected.

W. H. Carter, Pastor of Hertford Church, was recognized.

W. R. Haight read the

REPORT OF MISSIONARY CAMPAIGN COMMITTEE.

The chairman of the Missionary Campaign Committee suggested to the other members of the committee the past year that they request the pastors in their respective districts to preach a special sermon on missions, in lieu of the plan followed heretofore, inasmuch as it was believed that more of our people could be reached in that way. Respectfully submitted,

W. R. HAIGHT, Chairman.

The report was adopted and the committee discharged.

The meeting then adjourned to 9:30 a. m. Thursday with benediction by S. F. Bristow.

THURSDAY.

Devotional exercises were conducted by C. G. Lowe.

The minutes of Wednesday's sessions were read and approved.

The Clerk read the

REPORT ON MINISTERIAL RELIEF.

The object of the Ministerial Relief Board is to afford aid and relief to needy Baptist ministers of North Carolina and their widows. God has called upon us to clearly discern between the objects of our charity and those lines of growing work wherein we spend our money with an expectancy of accumulative development. To take care of the old preachers who have already invested themselves in the work of the Kingdom is no less a duty than to contribute to the preparation of young men for future investment of themselves in the same work.

For some good reason, God has seen fit to leave among us a number of old ministers who have worn themselves out in the work, and have come to old age without a sufficient means of support. Therefore, we recommend that each church in the Association urge every member to aid in this great and good work, as the number of these dependent ones is increasing every year. We trust that all will hearken to the Master as recorded by Matthew 23:23—these ought ye to have done and not to have left the others undone. This Board has not received the attention that it deserves. We, therefore, again commend this good work to our churches. Respectfully submitted,

JOSIAH ELLIOTT,

For Committee.

The report was adopted.

On motion, the action of last year, asking the committees on the various objects of the Convention to recommend the amount to be raised by this Association for each object and apportion it among the several churches, was rescinded, and the following resolution was adopted:

Resolved: That this Association appoint an Efficiency Committee to group and classify the mission work of this Association and make apportionment of the amounts asked from the churches for each object fostered by the Association, and report at the next session of the Association.

On motion, this committee was asked to have its report ready to submit early in the session of the Association next year.

The Clerk announced the Standing Committees appointed by the Moderator to report at the next session of the Association. (See page 3 for list.)

J. K. Henderson read the

REPORT ON HOME MISSIONS.

With the meager sum for publishing our minutes it would be out of place to undertake to give anything like a satisfactory synopsis of the Home

Mission record for the year if we had the full report, which we have not. But with the information we have it will be our aim to merely suggest the urgency of the task, with the hope of stimulating study and soliciting support. We wish to recommend the "Home Field" and "VIM" Masters' two masterpieces, "The Home Mission Task," and "Baptist Missions in the South" for information on the subject. And in this awful time of distress and dread and uncertainty and self-seeking we would urge as an antidote, the missionary motive in the prayer, and the missionary impulse in the business, and the missionary program on the heart of every one that claims the name of Christian.

I read with shame in the News and Observer last Saturday that both Home and Foreign Missions must report a heavy debt at the meeting in Asheville next week.

The Home Mission Board received from all sources for the year just closed $365,830, which falls behind the record last year more than $21,000. North Carolina, however, while not coming up to her apportionment by some $4,000, went $3,415 ahead of her record last year. This gives us cause for gratitude that we have not gone backward in North Carolina.

But the record is not all on the financial side. If it were we should have cause indeed for discouragement. But the favor of God smiles graciously on the work in the field. From the nineteen evangelists are reported 23,439 conversions, 20,709 baptisms, 7,005 added by letter and otherwise, giving a total of 27,714 additions. 12,000 additions are reported among the Negroes. A great work is being done too among the million immigrants that come to our shores each year, and in Cuba and the Canal Zone, and among the Indians.

But the work of the thirty-four Mountain Schools is probably the most satisfactory and far reaching of all. Brother J. C. Owen, for more than ten years missionary in China, but forced to return on account of ill health, has been doing evangelistic work under the Home Mission Board among these schools for something over three years. For this period he reports 2,581 professions, 1,358 additions to Baptist churches, and 1,240 volunteers for the ministry and mission work. 500 volunteers are reported for the year just closed.

With such a record of soul-thrilling results and constantly increasing successes out of such stinted and uncertain financial support we ought to wake up to the opportunity of the hour, and the responsibility of the task, and the urgency of the need, and put more of the Good Samaritan spirit into our effort, and the Good Samaritan method into our finances, and say with reference to all these mighty rescue missions, take care of them whatever the cost and we will foot the bills.

Respectfully submitted,

J. K. HENDERSON,
E. F. SAWYER,
CHARLES JOHNSON.

The report was discussed by J. K. Henderson and Braxton Craig, and adopted.

The Clerk read the

REPORT ON SUNDAY SCHOOLS.

In the great commission given by Jesus Christ four things were commanded: (1) Go into all the world. (2) Preach the gospel to every creature. (3) Baptize every believer. (4) Teach the believer to observe all things commanded. The Sunday-school is the teaching service of the Church, and is a vital part of denominational life. We cannot overestimate the value of the Sunday-school in its relation to the building of the Kingdom of God. Out of the Sunday-school is to come not only the material to make up the membership of our churches, but material for teachers and the working forces of the Kingdom.

We present in this report some extracts from the annual report of the Sunday School Committee and Secretary to the State Convention in 1915. In

1905 there were 1,741 churches and 1,290 Sunday-schools. Now there are 2,136 churches and 2,120 Sunday-schools, a net gain in ten years of 395 churches and 830 Sunday-schools. Ten years ago the Sunday-schools were not giving more than $10,000 to convention objects; now they are giving over $40,000 annually to these great interests of the Kingdom. In the bounds of our own Association we note with joy and great satisfaction the growing interest and enthusiasm in Sunday-school work. Many of our schools in the last few years have doubled their attendance. The Sunday-school has given our largest and most fruitful field for evangelism. The great majority of our baptisms have been from the Sunday-school.

What we need now is to formulate and carry out some good program for efficiency. We need a vision of the power and place of the Sunday-school, and a task in it for every church member. To have the vision and not try to perform the task is only a dream. To try to perform the task and not have the vision is pure drudgery.

For this program of efficiency we would suggest and urge first of all: Teacher training. Trained teachers is our greatest need now. All of our pastors ought to have training classes in the churches. Then let us improve the organization of the entire school. Let this include due emphasis on class organization. Let the equipment include suitable class-rooms, adequate supplies of literature, and everything necessary for effective teaching. Books containing all the information necessary for the building of a modern and up-to-date Sunday-school can be bought from the Sunday-school board at Nashville, and tracts secured free from your Sunday-school Secretary in Raleigh. Respectfully submitted, E. L. WELLS.

The report was adopted.

The following communication was presented to the Association:

"Hobbsville Baptist Church, Hobbsville, N. C.

To the Chowan Baptist Association in session with the church at Columbia, N. C.—Greeting:

We are a newly organized church and desire to become a member of the Association. We organized on the fifth Sunday in December, 1916. Elders Josiah Ellott, W. F. Cale and T. S. Crutchfield were present and assisted us in the organization. We have adopted the New Hampshire Declaration of Faith as our Articles of Faith, and the Church Covenant laid down in Dr. J. M. Pendleton's Church Manual as our Church Covenant. We now have 46 members, 29 male and 17 female. We have not had regular services up to the present, but Elder T. S. Crutchfield has been called as pastor and begins his work with the beginning of the new Associational year. Our time of preaching will be each third Sunday.

We have a good Sunday School with an enrollment of 162, with 12 officers and teachers. T. D. Hollowell, Hobbsville, N. C., is Superintendent and W. L. Hollowell is Secretary.

We have no church house but expect to try to build in the near future. We use a school building at present.

We send as messengers to represent us in your body the following brethren: W. H. Speight, J. A. Hobbs and W. A. Sykes. We send by them $1.50 for the Minute Fund.

By order of the Church in Conference, on Sunday, April 15, 1917.

Signed T. S. CRUTCHFIELD, Moderator.

REPORT ON TEMPERANCE.

We have abundant cause for gratitude for the progress of the prohibition forces for the past twelve months. It was a battle royal from the beginning of the political campaign a year ago until the close of the Sixty-Fourth Congress on the fourth of March of this year. Prohibition was the issue around which the political battles raged in many of the states in the last campaign. We enteretd that contest with nineteen dry states in the dry column, and came out with twenty-three; adding the four great states of Michigan, Montana and Nebraska, and South Dakota. Later Utah and Indiana joined the ranks, giving us a majority of the states. Moreover much territory has been won from the socalled wet states, so there are only a few "wet spots" in all the territory claimed by the whisky venders. Prior to the November election there were about five-hundred wet counties in the United States. Now there are less than three hundred, out of two thousand five hundred and forty-three counties. And in many of these wet counties only a few black spots remain.

1917 began with the Supreme Court decision upholding the Webb-Kenyon Act, which takes inter-state commerce protection from liquors, and gives the states control of the traffic in their borders. Then right on the heels of this good news came the crowning work of the Sixty-Fourth Congress, giving prohibition to Portorico, Alaska, and the District of Columbia; and the enactment of an anti-advertising law, and a "bone-dry" law, as amendments to the Post-Office Bill, which we are hoping after July the first will give North Carolina, along with twenty-four other states, the protection against the insidious quart that our own Legislature refused us.

Thus we may well thank God and take courage as we face the issue for National Prohibition. Nothing but the distressing war situation kept the Sixty-Fourth Congress from voting on the question, and nothing but that will keep the Sixty Fifth Congress from voting, if indeed that does. Some of the strongest men of the Nation are urging National Prohibition as a war-measure, and the matter is left in the hands of the President as to whether a vote shall be taken at this time.

We shall need to give our unstinted support to the Anti-Saloon League as the best medium through which to press our claims for a saloonless nation. But we shall also need to support men at the Primaries who have the moral courage to make prohibition an issue, who "had rather be right than president," if we would make certain to get what we hope for and keep what we have. Only by faithfulness to hold our advantage and follow up our victories can we hope to gain permanent security against the followers of the Foul-Fiend. If President Wilson would recommend prohibition as a war-measure the matter would almost certainly be settled for permanent national prohibition after the war. And realizing as he does the seriousness of the food situation, we hardly see how he could refuse to use his influence to save for food supplies the enormous amount of grain that is worse than wasted every year by the brewers. The annual requirement of the distilleries is estimated to be anywhere from one hundred million to six hundred million bushels. So aside from its social and civic value and its wholesome effect on the moral and physical manhood of the nation, as a mere bread-producer, in our judgment, National Prohibition would be far more effective than the President's appeal for increased acreage in food products. Therefore we are confidently expecting our far-seeing President to recommend absolute prohibition for the whole nation during the term of war.

Since writing this report we have learned that New Hampshire, on the seventeenth of April entered the dry column. Let the good work go on.

Respectfully submitted,

J. K. HENDERSON,
N. H. SHEPHERD,
W. W SAWYER, Committee.

The report was discussed by J. K. Henderson, and adopted, and on motion Brother Henderson was requested to furnish a copy of his address to the political Press of the State.

The Order for Periodicals having arrived and the report not being ready, on motion, Dr. C. J. Thompson was requested to address the body on the subject—the report to be submitted later. The following report was submitted later and adopted.

REPORT ON PERIODICALS.

In this day, when many so-called Baptist papers are advocating all sorts of wild-cat schemes, preaching all kinds of fantastic doctrines, and bitterly denouncing all who do not conform to the standards they have chosen to set up, it is refreshing to note the sanity, the judgment and the poise that characterize the Biblical Recorder. North Carolina Baptists are fortunate in having a paper that realizes the seriousness of its task, and is not to be swerved from it by chronic agitators, kickers, cranks or people with axes to grind.

It is possible to be true to the faith without being narrow-minded, bigoted or intolerant, and this has ever been the policy of the Recorder.

A paper such as this deserves and should have the most hearty and enthusiastic support of the Baptists of North Carolina, but the following, taken from the report of the Recorder made to the Convention at Elizabeth City in December last, shows that it is not getting the support it deserves by any means:

"There are now 277,000 white Baptists in North Carolina, some 200,000 of them not reading the Recorder. There are approximately 75,000 white Baptist homes in the State, at least 60,000 of them not receiving the Recorder. * * * * We had over 15,000 new people to come into our churches last year by baptism, and we fear that the ministry of the Recorder is not enlisting one in a hundred of them. Scores of our pastors, hundreds of our Sunday school superintendents and church clerks, and thousands of our deacons are not readers of the Recorder."

The above facts are rather humiliating, and show that our people need to be thoroughly aroused to the importance of the denominational paper. Owing to the sharp advance in the cost of all printing materials, the Recorder has been forced to advance its price to $2.00 a year, but it is well worth the money. And even at this price, the paper must have a largely increased circulation, if it is to live and do the work it should. The Baptists of the Chowan Association should rally more heartily to the support of the Recorder and give it the circulation it should have in this section.

Another periodical in which North Carolina Baptists should be greatly interested is Charity and Children. Our orphanage work is very dear to our hearts, and through the medium of this paper information concerning it is laid before our people in attractive and interesting style. The more people know about a good object, the more they will be interested in it, and if we can get our people to reading Charity and Children regularly, the orphanage will receive a larger and more enthusiastic support.

The new mission journal, Home and Foreign Fields, the successor of the Home Field and the Foreign Mission Journal, is a most excellent magazine, filled with interesting articles regarding the progress of the kingdom at home and abroad. If this journal could be put into all the non-missionary homes within our borders, there would be a noticable increase in our gifts to the great work of spreading the gospel at home and abroad.

Our Sunday School periodicals are being maintained at the same high standard that has always characterized them, and are potent factors in training our people in Bible study. Both in make-up and material, they are interesting and attractive, and a constantly enlarging field of usefulness lies before them.

Respectfully submitted,

W. H. CARTER,
For the Committee.

The Clerk read the

REPORT ON SUNDAY SCHOOLS.

We have in the Chowan Association, according to the Minutes of last session, a total of sixty-one Sunday Schools, or one more than the total number of churches. This does not mean that every church has a Sunday School, but the discrepancy is due to the fact that some churches have branch schools. The following churches reported no Sunday Schools last year: Ariel, Chappell's Hill, Collington, Gum Neck, Mount Zion, Pantego, Shady Grove, South Shore and Travis.

These sixty-one schools report a total enrollment of 8204 of whom 3767 are church members, and total contributions for all purposes of $6,678.25.

Our churches, with the exception of three or four, are sadly in need of up-to-date Sunday school equipment, and it is difficult for them to do the work they should because of this handicap. Neither are we reaching the people as we should; just about one-fourth of our membership being enrolled in the

Sunday schools. It is gratifying however to note that last year there were 485 baptisms from our Sunday Schools. The trouble with us is that we fail to give the proper emphasis to our Sunday School work. We need to wake up to the fact that the Sunday School needs not only the boys and girls, but also the fathers and mothers. Sunday School work is a man's job and we must realize this and apply ourselves to our task with greater diligence.

Respectfully submitted,

E. F. SAWYER,
For Committee.

The subject was discussed by B. C. Hening and W. H. Carter, and the report was adopted.

The Clerk read a letter from Bro. W. H. Riddick expressing his regret at not being able to attend and his interest in the work of the Kingdom, and on motion the Clerk was requested to make a suitable response.

Mention being made of the illness of brethren Lycurgus Hofler, who has served this body for 23 years as Clerk and Moderator, and N. P. Stallings for several years laboring as pastor of various churches in the Association, on motion R. T. Vann was asked to lead the body in prayer for these brethren.

The following visitors were recognized at this time: R. T. Vann, Walter N. Johnson, Fuller B. Hamrick and F. C. Nye.

On motion the Moderator appointed the following committee to draft suitable resolutions in memory of Brothers I. N. Loftin and J. W. Watson, deceased since the last session of the Association: N. H. Shepherd, W. H. Carter, J. J. White and C. J. Ward.

The meeting then adjourned to 7:45 p. m. with benediction by Walter N. Johnson.

TUESDAY—EVENING SESSION.

Devotional exercises were conducted by N. H. Shepherd.

The report on Foreign Missions was read by the Clerk; that on Home Missions by C. J. Thompson, and that on State Missions was submitted by E. J. Harrell.

REPORT ON FOREIGN MISSIONS.

The last session of the Southern Baptist Convention was almost staggered with debt of one hundred and eighty thousand dollars on Foreign Missions; but the brethren and sisters rose up in the strength of the Lord, and met the situation gloriously, wiping out this embarrassing hindrance to further progress. The raising of this large sum has not been done at the expense of this year's work, but has served rather as a stimulus to the contributions of the present year.

If the Judson Centennial receipts showed as well on April 30th, in comparison with last year, as they did on March 15th, and if we can report "no debt" at New Orleans, our gifts to Foreign Missions this year will go well beyond the Million Dollar mark, or a gain of five hundred thousand dollars over the gifts of 1911.

The Foreign Board is doing work in nine different countries: Mexico, Brazil, Argentina, Uruguay, Japan, China, Africa, Italy, and Bohemia.

We have at the present time 309 missionaries under appointment. During the year six of our missionaries have after long toil, much sacrifice and over work, gone to rest. The mute appeal of these silent lips is a call for us to do our best this year, if we have never done our best before. Their places must be filled, and the work which has fallen from their hands must be taken up by others. Many are ready to go, not counting the cost to themselves, provided we can send them. Both the living and the dead call upon us to do our best.

At this moment Chile is making an earnest appeal to our Board, and Dr. Love thinks that we ought by all means enter this great field at once. A Baptist man has been going thru Chile distributing Bibles, and reports that a thousand Baptists there are appealing to us for missionary help.

We have several great opportunities open to us in China, and when this world-war is over, Russia will perhaps constitute the greatest missionary field on earth. Thousands of Baptists in Russia have suffered indescribable persecution and banishment for the sake of their faith. Many of them have died in exile in Siberia. When this war is over there will be a great harvest ripe and waiting for the Baptists in this Greek Catholic country, provided, we can have a strong missionary force on the ground to preach the whole gospel to the people. These new fields, however, are closed to us unless the receipts of the Board are greatly increased by the churches.

The present management of the Board is straining every nerve to keep down expenses, and keep out of debt; but it is unspeakably distressing to them not to be able to take advantage of these splendid opportunities.

It is a matter of deep regret to this committee that we are not able to give figures newer than those given in the last report of the Board to the Asheville Convention. If our Association could meet ten or more days after the Southern Baptist Convention instead of the week before it, we could give more up-to-date figures than appear in this report. The figures for last year are as follows:

Number of churches, 459; of these 95 are self-sustaining.
Out-stations, 910.
Baptisms 6473.
Present membership 42,630.
Houses of worship 203.
Number of Sunday schools 609, with 27,561 scholars.
Mission schools 453, with 13,531 students.
Medical missionaries 19, nine hospitals, ten dispensaries, with a total of 74,866 patients treated last year.

We recommend that the pastors and churches urge upon each individual believer the Scriptural plan of giving as found in I. Cor. 16:2: "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him, that there be no gatherings when I come."

W. F. CALE,
For Committee.

REPORT ON HOME MISSIONS.

In the absence of any statistics of the results of Home Mission work during the past year, only a general and brief statement is here submitted.

The rapid growth of the population and the material development of our Southland has made the task of the Home Mission Board large and vital to our denomination. No small per cent of our strong and aggressive churches of to-day were planted and fostered in their early years by the Home Mission Board. This same character of mission work will have to be prosecuted in many sections of our country for years to come. The work of soul-winning done so effectively now by the Evangelistic Department is proving to be one of the most valuable departments of our Home Mission work. The 35 Mountain Mission Schools under the care of the Home Mission Board are discovering and training more than five thousand splendid boys and girls for the Kingdom's work every year. The work among the foreigners, Indians and Negroes and also the work in Cuba and the Canal Zone are important phases of Home Missions.

For this large task of the Board, North Carolina Baptists contributed during the year just closed $33,805.00 which is a splendid increase over the year before. It is learned that the contributions to Home Missions by all the Southern States have enabled the Board to meet all expenses of the year and diminish the debt of last year by $35,000.00. While this is not all that ought to have been given to Home Missions, it is yet gratifying to know that the work has been splendidly prosecuted and the debt partially liquidated. Let every pastor and church of the Chowan Association see to it that Home Missions receives proper attention during the coming year.

C. J. THOMPSON, for Committee.

REPORT ON STATE MISSIONS.

Just before His ascension our Lord said "After that the Holy Ghost is come upon you ye shall be witnesses unto me both in Jerusalem and in all Judea and in Samaria and unto the uttermost parts of the earth." State Missions is our response to the "all Judea" of the commission. Witnessing for Christ in North Carolina is the patriotic task of every North Carolina believer. To accomplish this very important work we must consider some problems that exist in our State.

1. The great problem of the West is development. The great need is for our churches to catch an inspiration of what the furtherance of God's Kingdom really means, and then go into the work of Kingdom building.

2. In the Piedmont section the great need is for work among the factory and foreign element. Formerly the foreigner was almost unknown among us, but he is soon destined to be a citizen and a neighbor, so we must christianize and use him for the extension of the Kingdom.

3. The Eastern problem is evangelization, enlightenment and development. In our State, one out of every sixth white person is a Baptist. In twenty counties of the East, one white person in thirty-eight is a Baptist. There are whole counties here almost without Baptist churches or Baptist people. We are mindful of the souls of others equally dear to our Lord, and yet this report raises the question if these twenty counties comprising about one-fifth of our State do not present our largest and, in the words of Brother Blanchard from the Neuse-Atlantic "Our neediest mission field." Within these twenty counties there are vast sections of religious destitution, dense illiteracy and an appalling lack of development in the churches that exist, while multitudes have no church. Here abound every ism known to mankind, in part at least, for the lack of something better.

We appeal to our churches and to our pastors to lay this appalling need heavy upon our hearts. God's blessings upon every one who shall help to heal this religious sore of our State. We stress the words of one of our secretaries in his report to the Baptist State Convention at Elizabeth City. He says "It was a surprise to me to find such great need of evangelism in this (Eastern) section. In my judgment could do no wiser thing than to employ an evangelist and singer to devote their entire time to this section. Each evangelistic campaign should be followed by an effort to enlist every member in the financial support of the church. The nearly three hundred thousand white Baptists in North Carolina should not be satisfied for such a large portion of the state to continue longer without Baptist preaching."

Our beloved Secretary is moving out on a splendid program of Baptist education in State Missions. May not this program of Bible Evangelism and Education be projected in this great Eastern destitution in much larger measure by the united effort of our churches? The churches of America are in a mighty wave of evangelism. This seems a strategic hour for State Missions. Here are some things the Chowan Association can do to aid in this strategic hour.

1. We can inform ourselves on State Missions and study the needs. The Biblical Recorder will help to inform us if we will read it.

2. We can talk to our churches more about the State Missions program and our great possibilities.

3. We can pray and work to save our people and give more money to meet the great destitution in North Carolina.

Respectfully submitted,

E. J. HARRELL, for Committee.

The reports were discussed by Walter N. Johnson, B. C. Hening, A. A. Butler and R. T. Vann, and adopted.

On motion, B. C. Hening was elected Associational member of the Foreign Mission Board, and W. H. Carter of the Home Mission Board.

The meeting then adjourned with benediction by J. K. Henderson.

WEDNESDAY—MORNING SESSION.

Devotional exercises were conducted by Josiah Elliott.

The hour for Social Service having arrived, the report on the Orphanage was called for but owing to the death of brethren Watson and Loftin no report had been prepared and Fuller B. Hamrick was requested to write a report to be submitted later.

The report on Ministerial Relief was read by O. N. Marshall

REPORT ON MINISTERIAL RELIEF.

It has been said that Doctors and Lawyers have their starvation period at the beginning of their careers, but preachers have theirs at the end. But for the Ministers' Relief Board the last days of many a faithful minister would be a starvation period indeed—or something more humiliating. Small salaries, large giving out of meager incomes, the cost of frequent moving, a willingness to work in the corners of the Kingdom, limited education, affliction—physical or mental— and many other things make up the reasons why there are ministers among us who are in need of financial help.

In the State of North Carolina we have 36 beneficiaries who received last year $3,250.05, $154.05 of which was a Christmas Offering, leaving $3,196.00 to keep up the expense of the whole year—an average of about $88.00 each per year. One may see at once that this is not enough to care for their needs, much less to support them and their wives (some of them invalids) and anything short of this would be stinginess if not a sin.

While there is increasing liberality toward this worthy object, there are many associations which do not give anything to this cause. A glance at last years Minutes will show that the Chowan Association with her 58 active churches has 27 that did not contribute to this worthy object, although the 31 churches which did give were very liberal, giving $220.28 of the $3,250.05 given last year by all the churches in the Baptist State Convention of North Carolina. If we are to prove ourselves faithful to the end and true to God, we should increase our gifts to this object and we urge each church in the Chowan Association to make an offering every year for this important object. God said to his disciples "Give ye them to eat" and it is yet His command that we should do likewise for the sake of the fragments that remain that nothing be lost (that is, the failing life of our old but worthy and faithful ministers who have borne the burden and heat of the day). Let us make their last days on earth happy days, showing them that they are not forgotten in their old age when they need friends most.

O. N. MARSHALL,
For Committee.

REPORT ON ORPHANAGE.

The cry of a child in the brink of the river Nile broke the heart of a heathen Princess. Moses wept and his life was saved and the Children of Israel were delivered from Egyptian bondage.

Not since Christ glorified childhood has the cry of the child been understood as it is today. The child is here not by his own consent. Life was thrust upon him. He has rights that we must respect, and when he cries for justice we must hear and heed.

Somebody will hear his cry. If Christians do not the devil will. Somebody must feed and clothe and train the child. If not his friends, it will be done by his enemies; and he will then render full service to his benefactors.

The Orphanage was organized to hear and heed this call. It has sheltered and trained 1751 boys and girls in the 32 years of its life but it has not been able to hold out the helping hand to all the homeless and needy ones who cry for admittance. Applications come at the rate of fifty the month and not a tithe of this number can be received.

The supreme need of the Orphanage is a larger current fund. Our present

number is 500 with an average cost of about 35 cents per child a day aggregating a total annual cost of $63,875.00. Greater economy than this should not be practiced but others ought to be admitted. Destitute children without the necessities of life and with no moral training in the world are rapidly passing into manhood and womanhood. They cannot be admitted until our current fund is sufficient to care for them.

Our Orphanage work is constantly being enlarged and still the task looms before us as just begun. The work at the Kennedy Home is moving along nicely. An excellent crop was made last year with a neat profit after paying the yearly rental of $2,000.00 to Mr. Kennedy for the use of the place during his life time. The promise of the present crop is good. The most urgent need of the Kennedy Home is a suitable chapel for religious service.

Your committee would again recommend:

1. A liberal Thanksgiving offering emphasizing the importance of setting apart the income of one day for the Orphanage by every man, woman, and child in the Chowan Association, at or near the Thanksgiving time. We urge our churches and pastors to press this work day plan with all their power.
2. By a monthly contribution from every church and Sunday school in this Association, this plan not only does more for the cause but it trains our people in the grace of giving as perhaps nothing else can.
3. That every Sunday School take a club of Charity and Children and keep in touch with our large and growing family.

With the constantly advancing prices on nearly all of the staple articles of living we are running behind from month to month with our current expenses. But standing on the promises of the Father of the fatherless, and in the confidence of His servants we can only look to them for help in this time of great need.

FULLER B. HAMRICK,
For Committee.

The subject of Ministerial Relief was discussed by O. N. Marshall and the Orphanage by Fuller B. Hamrick and E. F. Aydlett. On motion a committee of five was appointed by the Moderator to apportion the amount of $500.00 to be raised by the churches of this Associatin towards a church building to be erected at the Kennedy Home—it being requested that the amounts so apportioned be paid by the churches within sixty days from this date. A. A. Butler, D. P. Harris, T. S. Crutchfield, J. K. Henderson and H. P. Lamb, Committee.

The following memorial to Brethren I. N. Loftin and J. W. Watson was adopted:

This Association records with deep sorrow the loss by death of two of our much beloved and efficient pastors, Brethren I. N. Loftin and J. W. Watson. We desire to make formal and definite expression of our love for them, and of our high appreciation of their service and fellowship while in our midst. While it was not our privilege to have our Brother J. W. Watson among us for very long, yet that short season of service greatly endeared him to us. Our esteemed Brother I. N. Loftin was a prominent and useful member of our body for almost a dozen years, serving faithfully and well in the great vineyard of our Lord. We yield with grace and submission to the will of our Father in removing them to his upper Kingdom, and render unto Him grateful praise for the loan of these faithful men as co-workers for the season in which they so well served.

Respectfully submitted,
B. C. HENING
N. H. SHEPHERD.

G. E. Lineberry addressed the Association on the subject of Chowan College.

The Efficiency Committee made its report which after considerable discussion was tabled.

The meeting then recessed to 2:00 p. m. with benediction by E. L. Wells.

WEDNESDAY—AFTERNOON SESSION.

Devotional Exercises were conducted by W. H. Carter.

E. F. Aydlett read the

REPORT OF ADVISORY COMMITTEE.

More preachers are a necessity in our Association. The Master's work will not go forward as it should without them. The churches are financially able to support them, but we lack co-operation. There have been a number of fields or pastorates formed but the most of them are too large and for this reason the preacher cannot do the necessary work to get hold of the people and develop the churches. We cannot afford to be satisfied until the fields or pastorates are so fixed that each church shall have preaching every Sunday.

We therefore most earnestly urge that a special effort be made this year to lay this matter before each of the churches and that they be entreated to co-operate and do all in their power to bring about this arrangement.

We recommend an Enlistment Campaign between July 15, and August 15, next, and that our State Mission Board be asked to provide enlistment men for the purpose of reaching every church in the association.

E. F. AYDLETT, Chairman.
B. C. HENING,
E. L. WELLS,
W. W. SAWYER.

The report was discussed by B. C. Hening, A. A. Butler and E. F. Aydlett, and adopted.

The following resolution offered by A. A. Butler was adopted:

"Resolved, That the Moderator appoint a committee of three or more from each of the Unions of the Association to arrange for an Enlistment Campaign as suggested in the report of the Advisory Committee: Those three committees co-operating together with Dr. W. N. Johnson of the State Board of Missions and the Advisory Committee." The Moderator appointed the following as these committees—from Camden and Currituck Union, all the pastors in the Union, D. P. Harris, Chairman; from the Yeopim Union all the pastors, A. A. Butler, Chairman; from Scuppernong Union the pastors and W. W. Sawyer, H. P. Lamb, Chairman. On motion, E. F. Aydlett was named as Chairman of the whole committee.

D. P. Harris read the

REPORT ON EDUCATION.

The far-seeing, thoughtful men of our denomination, and of all other evangelical denominations as well, have long felt the importance of Christian Education in the work of the Kingdom; and in the last few years the mass of our people have begun to awake to this same great conception. As a denomination our own people are gradually realizing that since we have to look to our own schools for 85 per cent of our ministers and 91 per cent of our missionaries, should these schools be destroyed, a large majority of our pulpits would become vacant and all mission work would be practically suspended. We are realizing, furthermore, that since every human enterprise is now demanding trained workers, it would be wicked folly for us to neglect the training of the great mass of our workers in the Kingdom of our Lord. And finally, we are realizing that since the cost of education exceeds the price our people are paying in school fees, our schools must look elsewhere for their support than to the income from their students.

In other years, we have sought to meet their requirements by occasional

and spasmodic endowment campaigns. These have proved inadequate, partly because the amounts received therefrom have been insufficient, and partly because the great mass of our people have not been reached at all, and so, having been left in almost total ignorance of the meaning and value of these schools, as a result have remained indifferent to their interests.

In order to inform our people at large, to awaken general interest in this part of our Lord's last command, which we have so long neglected, and to enlist everybody in the fulfillment of that command, the Baptist State Convention is asking that our churches take regular collections for Christian Education, as they do for other forms of missions, and that they set for their goal this year the raising of two-fifths as much for Christian Education as they raise for State Missions.

Your committee, therefore, would recommend first, that the Churches of the Chowan Association be requested to raise during the current conventional year $950.00, which is about two-fifths of the amount you reported last year for State Missions.

Second, that the churches be asked through their messengers to assume their proportionate part of this amount, or if they prefer, that the amount be apportioned among the churches by a judicious committee appointed for that purpose.

Third, that instead of having two separate columns in the minutes each for "Ministerial Education" and "Schools and Colleges," you have only one, headed "Christian Education," under which all contributions, whether for ministerial education or for schools, shall be reported.

D. P. HARRIS, for Committee.

The Clerk read the

REPORT ON CHOWAN COLLEGE.

Chowan College, formerly known as Chowan Baptist Female Institute, is the oldest school for girls in North Carolina, next to the Moravian School in Winston-Salem. It was founded in the year 1848 by our Association and while other associations have had a part in perpetuating the institution, it has through all these years been largely under the supervision of this body. The college has had to struggle for its existence throughout its entire history; but in spite of this it has accomplished a great work for the women of this section and has meant a great deal for the upbuilding of the Kingdom of God in the world.

It is the opinion of your committee that the institution is doing as fine work today as it has done at any time in its history. Speaking in the language of the schools, fourteen units are required for entrance in the college classes, and sixty hours of college work are required to secure the B. A. and B. S. degrees. This is in accord with the requirements of the leading colleges of the South. Diplomas are given in Piano, Voice, Art and Expression. Domestic science counts freely towards the B. S. degree and may be an elective for hours in the B. A. course.

The faculty is unusually strong, the best universities North, West and South being represented in it. The teachers are all Baptists and fine christian women and the new ones that have been engaged for next year are highly recommended in this respect. Your committee believes that Baptist educational institutions should have Baptist teachers.

The health of the student body and the work done during the year that is closing have been excellent and the christian atmosphere that has prevailed has been delightful. Visitors to the college have been heard to comment upon the marked degree to which the christian spirit is felt in the atmosphere of the institution.

As to the needs, they are so numerous that it is difficult to say which are the more urgent, but certainly the college needs to be freed from debt and to have some endowment. In equipment, a building for class rooms and a laundry are sorely needed.

We could not do justice to the college, to the cause of christian education nor to this body without saying a word of commendation of the President of the Institution. We do not think we put it too strong when we say that we have in President Lineberry one of the best assets that the college and christian education in North Carolina generally possesses. We earnestly recommend that the people of the Association visit the college and see for themselves what is being done there. T. S. CRUTCHFIELD,
For Committee.

B. C. Hening was elected delegate to the Southern Baptist Convention.

E. L. Wells, A. A. Butler and D. P. Harris were elected delegates to the Baptist State Convention.

W. J. Berryman was elected Associational member of the State Board of Missions.

A motion to eliminate the Efficiency Committee after discussion by E. F. Aydlett, B. C. Hening, R. T. Vann, E. L. Wells, A. A. Butler and D. P. Harris, was adopted.

The Clerk read the Report of Committee on Time, Place and Preacher, as follows:

We, the Committee on Time and Place of the next meeting of the Association, recommend that the next session meet with the church at Sawyer's Creek on Tuesday after the first Sunday in May, 1918, at11:00 a. m., and that W. N. Johnson, Secretary of the State Mission Board preach the Introductory Sermon; E. L. Wells, Alternate.

MARK MAJETTE,
J. P. PERRY,
B. F. BAILEY, Committee.

The report was adopted.

The Report of the Executive Committee was received and adopted. The report was as follows: The Executive Committee met at Elizabeth City in connection with the meeting of the State Convention in December last. At this meeting applications from churches desiring assistance from the State Board of Missions were considered and passed upon. Since that time there have been no matters to claim our attention. We have held ourselves in readiness to serve the churches at any time and in any way, but there have been no calls for our services. Respectfully submitted,

REPORT OF ADVISORY COMMITTEE.

Your committee cannot emphasize too strongly the absolute necessity for more preaching and more effective pastoral work within the bounds of our association. In order to acquire this we must have a larger number of pastors with more compact fields. It is impossible to be efficient when ones activities are distributed over so great a territory that he cannot touch any portion of it except for a little while once per month. We have 61 churches composing the association with only 17 pastors. We have made a gain of two pastors during the year just closing. Eleven churches have no pastors, and some of these pastors of necessity preach for more churches than they can well attend to, at least one of them having as many as six churches. We must not stop until each church has preaching at least once each Sunday. Our recommendation therefore is that this interest be presented to the churches again and again until they come to full co-operation in this matter.

Respectfully submitted,

E. F. AYDLETT, E. L. WELLS,
B. C. HENING, L. W. NORMAN.

THE STATE OF THE CHURCHES.

This report is based on the reports of letters from 46 churches for this year received by the clerk up to Saturday (May 4th, 4:00 P. M.); and the letters of the remainder to the association last year except where an exception is noted in the report. There are 61 churches composing this body, served at present by 17 pastors. Within the year we have lost four pastors, but gained six, making a net gain in pastors of two. These churches are composed of 11,763 members. The net increase in membership for the past year is only 184. The number of baptisms reported is 424 for the 46 churches sending in letters in time for this report. Twenty of these churches report a decrease in membership; and ten of them report no baptisms for the year.

Nine churches have every Sunday preaching, and twenty-three of them have preaching twice per month. The average salary paid pastors by each church is $401.49. There are eleven churches without pastors. Forty-five of them have ever green Sunday schools. The total number of pupils in Sunday schools reported by all the churches is 7,156.

Our contributions to missions is as follows: To Foreign Missions, this year $3579.00. Last year $3731.53. A decrease to Foreign Missions of $152.53. For Home Missions this year $1986.88. Last year $1709.12. An increase to Home Missions this year of $277.76.

For State Missions this year $2437.58. Last year $2669.22. Decrease $231.64. Total to missions last year $8109.86. This year $8003.46. A decrease to all missions this year of $106.40. It is well to note that a portion of this difference against us is accounted for by the fact that this year there was no debt paying on the Foreign Mission Board by our churches as there was last year When we consider this fact we are a little in advance in our gifts to missions over last year.

Our per capita gifts to missions are—To Foreign Missions 30 4-10 cents. To Home Missions, 16 8-10 cents. To State Missions, 20 7-10 cents. Our per capita contribution to all missions is 67 9-10 cents.

Your committee respectfully recommends—

First. That a letter blank be provided which shall include spaces for Parsonages owned by the churches, and their value.

Second. That the morning of the second day, or so much thereof as may be required, be devoted to the State of our churches, at which time either the pastor or some laymen belonging to the said church and designated by the church for this purpose, shall state in a few minutes the condition and needs of the said church.

This report does not include Ariel, Collington and Mount Zion as the state of these churches was referred to a separate committee.

This report is respectfully submitted.

D. P. HARRIS, L. W. NORMAN.

Motion to adopt the report was discussed by B. C. Hening, T. S. Crutchfield, E. S. Pierce, Geo. W. Clark, A. A. Butler, E. F. Aydlett, D. P. Harris, Josiah Elliott and J. B. Ferebee and carried.

The Clerk read the

REPORT ON TEMPERANCE.

During the year the great drive against the strong-holds of the liquor evil has continued. Last year, there was brought to you, the annual report by J. K. Henderson, then pastor of Sawyer's Creek Church, one of the finest reports on Temperance we have ever had. But we must not stop here for the deadly work is still going on, not only in whiskey, brandy and wine, but in the consumption of various decoctions known as "Bitters," "Teas," "Extracts," etc., the use of which is hastening many, both young and old, to untimely graves.

What shall we do We can at least join the co-operative spirit against the great evil. At the general elections last November six wet states voted. They were Michigan, Montana, South Dakota, Nebraska, California and Missouri; and then later Indiana, Utah and New Hampshire joined the ranks to fight the evil of intemperance. Many other states have also gone dry by legislative enactment. This ought to encourage us to do all we can to put out all intemperance beverages, tobacco and coco-cola. Excessive use of any dope whatever cannot be christian and should not be indulged in. Since more than half the states in the Union have discontinued the licensed sale of strong drink we, the church, should see the imperative need of co-operation in the Nation-wide movement to put out not only saloons but all intoxicating liquors, especially wine which is wrecking many homes and ruining many souls within the bounds of the Chowan Association, especially where it is made and sold to the public.

Your committee recommends that we give our continued and hearty support of the organized forces which stand for prohibition and the overthrow of all intoxicating drinks. Respectfully submitted,

O. N. MARSHALL,
For Committee.

Motion to adopt was discussed by B. C. Hening and T. S. Crutchfield, and carried.

On motion, the Moderator was requested to appoint a Committee consisting of B. C. Hening and two laymen to draft a suitable memorial, to the next session of the State Legislature in reference to the liquor traffic. The Moderator appointed P. S. Vann and L. W. Norman as the two lay members.

On motion, the meeting then adjourned with benediction by E. J. Harrell.

REPORT ON PERIODICALS.

The main purpose of any worthy periodical is to impart information, and teach what the author or publisher understands to be the truth on the subject treated.

Baptist periodicals are published to impart such information as one must necessarily have, in order to be an intelligent Baptist; and to teach what Baptists conceive to be the truth on all questions claiming the attention of our people. The world's greatest need today is Jesus Christ, as understood and interpreted by Baptists; coupled with accurate information as to what our Lord has wrought, is now doing, and proposes to accomplish through the instrumentality of His redeemed people.

Southern Baptists are fortunate in having a number of strong, helpful weekly papers; but unfortunately, many of our good people fail to appreciate them to the extent of subscribing to, and reading at least, one of them. Our monthly mission journal, Home and Foreign Fields, is ably edited, and is much more than justifying its existence. We have a Sunday school literature that is second to none in any respect, and superior to all in some important particulars.

North Carolina Baptists are justly proud of Charity and Children, and our organ, the Biblical Recorder. Charity and Children, in its sphere, is without an equal in the Orphanage world, and ought to be in every Baptist home in North Carolina, and would be a blessing in other homes than Baptist homes.

The Biblical Recorder was never more worthily called the organ of North Carolina Baptists than it is today. The present able editor, is possibly, the best interpreter of the North Carolina Baptist Spirit of any man among us. A man of vision, and yet never visionary; neither broader nor narrower than the New Testament. While he is editor, the Recorder's loyalty to Jesus Christ, and His gospel truth, and its faithfulness to its constituency will never justly be called in question by any one; but will continue to "Contend earnestly for the faith which was once for all delivered unto the saints"; but in doing so, will be "Wise as a serpent, and harmless as a dove"; gentle and tender as a lamb, and yet as bold, strong, and fearless as a lion. In quality, the Recorder is all that the most exacting could wish it to be: the quantity in the future, as in the past, must depend upon the sympathy and support it receives from the denomination.

Your committee recommends that each church in the Association endeavor to make it possible for each family in the church to subscribe to the Recorder.

The Clerk read the

REPORT ON ORPHANAGE.

We are always glad when we can report a good year for the Orphanage. The past year has been one of the best in its history. The health of the children has been excellent. Measles broke out one time, but was confined to the building where it started. The most serious defection they have had to contend with was an outbreak of "Granulated eye-lids."

In spite of high prices and hard times, it has been the best year financially in the history of the Orphanage. The regular monthly offerings from the Sunday Schools came in better than usual, and the great collection of "One day for the Orphanage" on Thanksgiving, which has come to be a real part of the Orphanage program and an important asset in financing the Institution, enabled them to report "No debt" at the Convention in Durham.

Every Baptist in the State ought to be enlisted in this good work, giving his income for one day on Thanksgiving, and a liberal offering once a month through his Sunday school, as an investment in human life. Charity and Children should be in every Baptist home in the State as a medium of instruction and enlightenment. If we were more enlightened we would be more liberal. "What do I care for the death of my brother if I know nothing about it?" And how am I to be moved to a more liberal support of the Orphanage until I learn that there are yet hundreds; yea, thousands of orphan children in North Carolina who have "No room in the Inn". We are well able to make room for them and give them the literary, industrial and spiritual training

the Orphanage offers; and God will surely place the responsibility for failure where it belongs.

Since the Orphanage was opened in 1885 the annual enrollment has steadily increased until it has passed the five hundred mark; and as many more are being turned away each year for lack of room. We often wonder why North Carolina Baptists waited so long to begin this glorious work; but the greater wonder is that we still wait to provide for the other five hundred who are begging for a chance in life, and the other five thousand who hardly know there is such a thing as a chance.

We are proud of what the Orphanage has done and is doing; but when we feel inclined to congratulate ourselves on the establishment and maintenance of this, one of the foremost institutions of its kind in the country, we ought to pause long enough to picture the larger orphanage scene outside of the institutions of the state; that we may take credit only for that part of the work we are doing. When our great host of Baptists see the situation as it is and face the obligation squarely, the means will be provided so readily and easily to give us the necessary buildings and equipment, and provide the daily ration, that not a helpless orphan in the state will again be forced to face the cold unfeeling world without home and friends with hearts to help give him an even chance in life with other children.

WEDNESDAY—MORNING SESSION.

Devotional exercises were conducted by E. S. Pierce.

The Moderator called the body to order. The minutes of Tuesday's sessions were read and approved.

The following communication was received.

Roduco Baptist Church, Roduco, N. C.

To the Chowan Baptist Association in session with Sawyer's Creek Church, May 7-9, 1918.

Dear Brethren: Ours is a newly organized church within the bounds of the Chowan Association, and we desire to become a member of the Association. Therefore, we send as messengers to sit with you if admitted Brothers L. S. Carter, J. Wade Hampton and Merrill Eure. Our church was organized on the first Sunday in July last with 17 charter members. Since that time we have received 16 more, making a total membership of 33. Elders Josiah Elliott, W. H. Hollowell and T. S. Crutchfield were present and assisted in the organization. We have adopted the New Hampshire Declaration of Faith as our articles of faith, and the Church Covenant laid down in J. M. Pendleton's Church Manual as our covenant. We were admitted into the Yeopim Union Meeting while in session with Great Hope Church, Sept. 28, 1917. We have secured the services of Elder A. C. McCall, who is doing a good work among us. We have a well attended and promising Sunday School, which has been in progress quite a while—preceding the organization of the church. We are having a hard struggle trying to complete our house of worship, but we are worshipping in the Public School building at present, and we mean to press on in our work, trying to assist in the up-building of our Master's Kingdom, even though we realize that it means some genuine sacrifice.

This done by order of church in conference assembled, May 4, 1918.

A. C. McCALL, Moderator.
MERRILL EURE, Clerk.

The letter was referred to a committee consisting of W. H. Carter, M. P. Davis, W. J. Byrum, C. T. Scott and John C. Bunch.

A motion that discussion of Chowan College be merged with the general subject of Education and considered at 11:00 a. m. today was carried.

The Moderator appointed the following Committee on Order of Business

for the 1919 session of the Association—Geo. W. Clark, E. L. Wells, A. A. Butler, D. P. Harris and T. S. Crutchfield.

E. J. Harrell read the

REPORT ON MINISTER'S RELIEF.

The Scripture saith "Thou shalt not muzzle the ox that treadeth out the corn" and "The laborer is worthy of his reward." "If we have sown unto you spiritual things, is it a great thing if we shall reap your carnal things?" That is, the laborer who produces or helps to materialize economic values is entitled to his just share of these values. Our worthy ministers produce civic, social, material and economic values equal to if not greater than any class of men on earth. If history teaches any one lesson it is that the religious teacher, the moral leader, has the largest place in the world's progress. Back of every enlightened civilization there has been the "Man of God" who has led the way. Consider the worth of men like Lemuel Burkett, Martin and James Ross, and Luther Rice who traveled in his old stick gig from Columbia University, Washington, D. C., founded by him, across Virginia, North and South Carolina and into Georgia, back and forth visiting weak churches and reviving them, and planting missions and pleading for education, so powerfully stimulating this Association that we are here a hundred years later trying to gather inspiration from his noble achievements among us. We do not forget a host of others equally worthy. Among them our own J. D. Hufham, once the Nestor of North Carolina preachers, a member of Sawyer's Creek church, who desires to live and die a member of the Chowan Association. Who can estimate the work and worth of such master-builders in the intelligent economic, civic and material development of our country?

Ministerial support is more than a dole of charity. What we ask for our worthy worn-out ministers is a just share in values already produced in large part by their labors—their just share in reaping fields sown by their own hands. Shall these master-builders be forgotten in old age by those who are richer because of their toils?

There are at present 37 beneficiaries with several others applying for aid. These beneficiaries receive from $40.00 to $200.00 a year. Many of them need more. The last Baptist State Convention recommended that each church try to raise annually an amount equal to 5 per cent of the pastor's salary for our Minister's Relief Board.

On motion, the report was adopted.

W. J. Byrum read the

REPORT ON SUNDAY SCHOOLS.

Some one has said that the Sunday school is the pulse of the church. It is true that the Sunday School represents the church coming into its own in the distinctive work of teaching—an indispensable part of the divine program for all ages. Its value as an agency for the promotion of righteousness and the advancement of the Kingdom of God is being realized as never before. Therefore, great effort is being put forth among Baptists to make our Sunday Schools more efficient. The Baptist State Convention appoints annually a committee which has charge of the Sunday School work in the State. This committee and the State Secretary fully realize that our Sunday Schools can never be what they ought to be until we secure a corps of workers trained for their task. This assumes that these workers are already men and women of consecration and piety.

There are now 2151 Sunday Schools in our State with a membership of 219,971. Of these, 113 are mission or branch schools. We have in the Chowan Association 59 churches with 64 Sunday Schools, 9 of which are branch schools. The membership of these schools is about 78 per cent as large as the church membership. Of course many of these are not church members. The fact is that we have hardly 100,000 of our church members in Sunday Schools, and over 183,000 in no school at all. In our Association we have 11,689 church members and only 8,502 in Sunday School. In view of these facts we must go forward. Our Sunday School Board at Nashville is much

interested in our Sunday Schools especially in the country. For many years they have furnished all the free tracts that our secretaries could use and have helped to pay the salaries and expenses of the secretaries.

Sunday School Missions is one of the seven Convention objects. The last Convention said regarding this object "We recommend that we raise $3,600.00 next year, with $800.00 of this coming from the Sunday School Board. The Board will pay its part. Will you see to it that your church and Sunday school pay their part of the $2,800.00? Last year the churches paid $2,551.09 and the Board $500.00. The Convention said go forward, so the committee is planning to spend $600.00 in a forward movement in our country churches. We recommend:

(1) That pastors and Sunday school workers co-operate with the State Committee and the Sunday School Secretary in grouping and holding at least two rural Institutes in our Association during the coming year.

(2) That a religious census be taken in all our churches looking to the enlistment of the 185,000 church members who are not in any Sunday School.

(3) That pastors secure tracts and books that will enable them to lead in the best Sunday school work, and that they as far as possible organize Teacher Training classes in all the churches.

Motion to adopt was discussed by Geo. W. Clark and E. S. Pierce and carried.

W. H. Carter read the

REPORT ON CHOWAN COLLEGE.

Notwithstanding the serious handicap of an inadequate equipment and insufficient endowment, Chowan College has through the seventy years of its history rendered splendid service in the cause of Christian education. The institution has passed through many trying experiences, and at times has had to struggle for its very existence, but in the providence of God it has weathered the storms successfully, and is today addressing itself vigorously to the fulfillment of its mission, "that our daughters may be as corner stones, polished after the similitude of a palace."

Thorough work is done at Chowan. Fourteen standard units are required for full admission to any college course. The institution offers regular courses of study leading to the degrees of Bachelor of Arts and Bachelor of Science, sixty hours of college work being required for a degree in either course. Diplomas are also given in art, expression, piano and voice.

The faculty of fifteen is a strong and splendidly equipped body of teachers, having been prepared for their work in some of the best colleges and universities of America. All are active, earnest Christians, and they exert a powerful influence for good in the lives of the students. Christianity is a vital force at Chowan, and the religious life of the institution is felt far beyond its walls. A deeply spiritual atmosphere, such as is found here, is of untold value in shaping the lives of the young. This environment is the secret of the strong Christian character of Chowan girls, and the explanation of the active part taken in the work of the Master's kingdom by the hundreds of women who have been trained here.

The needs of the institution are many, and the million dollar campaign now on includes an item of $150,000.00 for the purpose of supplying some of these. The following paragraph from the statement of the campaign committee is pertinent:

"A science building with dormitories on second and third stories is the most pressing need. Equipments for several departments are also necessities. The teaching force needs to be enlarged. The income of the College must be greatly increased. The $150,000.00 apportioned to Chowan is greatly needed, and will enable the College to do a larger and more efficient work for the denomination and for Christian education."

Respectfully submitted,
W. H. CARTER,
E. S. NORMAN, Committee.

Motion to adopt was discussed by G. E. Lineberry and carried.

REPORT ON CHRISTIAN EDUCATION.

Christian Education lies at the very foundation of our Missionary structure and is an essential part of our missionary program. Jesus, when He gave His disciples the great commission, said: "Preach, baptize, teach." Baptists have, all down the ages, paid strict attention to the two first statements of the commission, but have been slow to recognize that preaching and baptizing, that is evangelizing and receiving into membership of the churches are only a part of the commission and therefore only a part of the missionary program. All too long have we neglected this part of our Lord's plan for carrying the gospel to the ends of the earth.

Christian Education and evangelism correlate as seed time and harvest. Paul, in his first letter to Timothy in the 4th chapter and 13th verse gives him (Timothy) the only remedy known to overcome false teachings, in these words—"Till I come, give attendance to reading i. e. education, to exhortation, to doctrine." This in order to overcome false teachings and to win the lost to Christ.

The power of Christian Education for good increases in geometrical progression. Listen to Paul again as he speaks to Timothy in his second letter, second chapter and second verse: "And the things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also." As we read the New Testament we come across such statements as the following: "And He taught them saying"—"He opened His mouth and taught them"—"And He taught His disciples"—"And seeing the multitudes He taught them." Jesus emphasized the importance of teaching in that He himself spent the greater portion of His time in teaching. Without education the people will remain in ignorance and without Christian education the people will remain in ignorance and sin. Christian education is therefore indispensable in carrying out the Baptist program of making disciples of all the nations, baptizing and teaching them all things.

Our Christian schools and colleges have made their contribution to the educational and civic life of the State and Nation. Indeed, the men who are most prominent in the educational and civic life of our people are the men who were educated in the christian schools. Destroy the Christian schools and colleges of North Carolina and you will have destroyed the very foundation of government in the State.

The fourteen Baptist High Schools in North Carolina have enrolled this year, 2,200 pupils and our Baptist colleges have enrolled about 900. Wake Forest has lost by draft about thirty per centum of its normal enrollment. The Baptists of North Carolina are maintaining 95 ministerial students at Wake Forest and the Seminary at Louisville, and 8 volunteer students at Chowan and Meredith colleges, but we have just touched the great task of educating our great Baptist host.

We have been set to the gigantic task of raising a million dollars in North Carolina for Christian education, and while it is a gigantic task it is at the same time a glorious opportunity and a blessed privilege to do something worth while for our Baptist Schools and colleges and for the spread of the kingdom of God to the uttermost parts of the earth. Of this Million Dollars $300,000 is to go to Wake Forest, $300,000 to Meredith College, $150,000 to Chowan College and $250,000 to be invested for the benefit of our fourteen high schools.

Our endowment campaigns have heretofore been conducted almost entirely among the town churches and in that way the country churches have had but little part in Christian education, but it is in the mind of the campaign committee to enlist every Baptist church in North Carolina and to secure, if possible, a subscription or offering from every Baptist in the State. The opportunity has come to do something large for Baptist education. Will we seize the opportunity and make our schools permanently safe for the work of the Lord?

Never before in all the world has the call been so loud, the appeal so ur-

gent, the opportunity so glorious, the privilege so blessed, the people so ready; and the world so ripe for the spread of the gospel of Jesus Christ as it is today. Never in all the world have we seen the principles of truth and justice and equality so masterfully championed as now. Autocracy is giving way to democracy and the light of liberty is breaking over the lands of the world, but unless the light of liberty shall be held up and sent forth by the Christian schools and by the Gospel of Christ it shall enslave the world rather than set it free. Baptists, let us respond now to the call for Christian education.

W. F. CALE for Committee.

Motion to adopt the report was discussed by B. C. Hening, Livingston Johnson, E. F. Aydlett and L. W. Norman, and carried.

The following Resolutions were introduced by George W. Clark:

RESOLUTIONS CONCERNING THE MILLION-DOLLAR CAMPAIGN.

Believing as we do that Christian Education is a part of the Great Commission assigned us by the Master, and realizing that as Baptists we have not given this phase of the Commission the place it deserves in our campaign for World-wide conquest for Christ, and knowing that Christian Education constitutes one of the most important assets of our holy Religion, and whereas the leaders of our Denominational work in North Carolina have at their last Convention voted to raise One Million Dollars with which to endow and equip our educational institutions within our State. Therefore, be it

Resolved, by the Chowan Baptist Association now in session at the Sawyer's Creek Church.

First—That we give this movement our unqualified endorsement and hearty support.

Second—That we commit our Association, as far as possible, to the earnest prosecution of this campaign in all our churches, beginning the second Sunday in October and continuing through the third Sunday and longer if necessary.

Third—That we, as pastors and messengers here and now pledge ourselves to this worthy and almost indispensable undertaking in behalf of our great denomination's welfare.

Fourth—That a copy of these resolutions be put into the hands of every pastor and church within the bounds of the Chowan Association, and that the Biblical Recorder and Charity and Children be requested to publish the same for the benefit of the constituency of this body.

Done by order of the Chowan Association, this May 8, 1918.

The Resolutions were unanimously adopted.

On motion each pastor in the Association is requested to preach once during the month of June on the subject of Christian Education.

The report was adopted.

The following motion made by L. W. Norman was carried. That this Association request the pastors of the Association to arrange through the Union Meeting Executive Committees, co-operating with the Advisory Committee of the Association, to have a meeting in each Union and have delegates from the churches attend for the purpose of discussing the matter of compact fields and more preachers; and that this matter be discussed at each Union Meeting some time between now and the next session of the Association.

The Committee on Roduco Church reported as follows: We, your committee to whom was referred the application of Roduco Church for admission into this body, have investigated the situation and prospects of this church, and recommend that the church be admitted into the fellowship of this body.

The report was adopted and the Hand of Fellowship was extended to A. C. McCall, representing the church:.

The Committee on Ariel, Collington and Mount Zion reported as follows: We, your committee appointed to make investigation as to the three churches which have not made any report to the Association for some years, find that Mount Zion and Collington seem to be almost or quite out of existence as organizations, there being no members who are making any effort to revive them. As to Ariel, the condition is but little if any better; although one brother, a member of the church, promised to attend this session of the Association, and your committee hopes that he will do so.

Respectfully submitted,
T. S. CRUTCHFIELD,
JOSIAH ELLIOTT,
E. F. SAWYER, Committee.

The report was discussed by T. S. Crutchfield, E. S. Pierce and Lycurgus Hofler, and on motion, it was ordered that the names of Ariel, Collington and Mount Zion be dropped from the roll of churches of the Association.

The committee appointed to prepare a memorial to the State Legislature reported as follows:

Whereas, the Congress of the United States has submitted a constitutional amendment for national prohibition to the States for ratification or rejection, and

Whereas, we believe the adoption of this amendment to be of supreme importance to the material and moral well-being of our people, and

Whereas, the people of our State have already declared themselves in favor of prohibition by a majority of 42,000, therefore be it Resolved,

First. That the Chowan Baptist Association respectfully ask the members of the Legislature to ratify the Constitutional Amendment for National Prohibition.

Second. That the Moderator and Clerk of this Association see to it that these resolutions are properly presented to the coming Legislature.

B. C. HENING,

The hour for Missions having arrived, the body was addressed by Livingston Johnson on "A Century of Baptist Growth." At the close of the address Brother Johnson was requested to reduce the address to writing and furnish it to the Clerk to be incorporated in the Minutes of the Association.

(On account of the press of other matters, Dr. Johnson found it impracticable to comply with the request of the Association, and so advised the Clerk some days later.)

The Clerk announced the Standing Committees appointed by the Moderator to report to the next session of the Association. (See page 4 for list.)

The following report of the Treasurer was read and adopted.

Received of Oak Ridge Church through E. J. Harrell, pastor, the following amounts:

For Home Missions	15.00
For State Missions	10.00
Total	$35.00

Respectfully submitted,
J. L. DeCORMIS, Treasurer.

The meeting then adjourned with the Doxology and prayer by R. L. Gay.

WEDNESDAY—EVENING SESSION.

Devotional exercises were conducted by A. A. Butler.

The following telegram from J. K. Henderson was read by the Clerk: "My thoughts are with you. Read Colossians 2:5-7." The Moderator requested B. C. Hening to make response which he did as follows: "The Lord bless thee as II Cor. 9:8."

The hour having arrived for Dr. Poteat's address, in his absence, on motion we take up the subject of State Missions, proceeding with the discussion now; and having the report filed later. The Vice-Moderator was called to the chair and E. F. Aydlett presented to the Association the matter of making some suitable recognition of the life, labors and influence of R. R. Overby, for many years pastor of Sawyer's Creek and other churches in the Association and a notable leader in every forward movement of his time. On motion a committee of seven was appointed to take the matter under consideration and make a report to the next session of the Association—B. C. Hening, M. N. Sawyer, Lycurgus Hofler, S. W. Gregory, C. S. Vann, Josiah Elliott, and by vote of the Association, E. F. Aydlett constitute this committee.

D. P. Harris read the

REPORT ON STATE MISSIONS.

In Paul's letter to the Ephesians Chapter 3:5-11, we learn of God's eternal purpose in Christ Jesus our Lord before the foundation of the world. For ages this purpose was a mystery, because inscrutably hidden in the Divine mind. But in due time this purpose was revealed by the Holy Spirit. As defined by this revelation, that purpose embodied several distinct but correlated propositions:

First. That all persons should be fellow-heirs with the Jews; and be partakers of God's promise in Christ.

Second. That all nations and races should come to these gracious and ample provisions and privileges by the preaching of the gospel.

Third. That the supreme mission of the church, the earthly executive of God's purposes, is to carry the gospel to all nations.

Again in Acts 17:26, 27 we discover the great fact that God in His plan of creation was looking toward the salvation of the whole world. It is in these last verses that we see—

First. The unity of the race in this plan of creation—"For he hath made of one (origin) all nations of men to dwell on all the face of the earth."

Second. That he fixed their geographical and chronological boundaries:—"And hath determined the times before appointed, and the bounds of their habitation."

Third. That his final purpose is the amalgamation of the races into his

Kingdom at last: "That they should seek the Lord, if haply they might feel after him and find him, though he be not far from every one of us."

Now, it is our firm belief that this purpose of God can never be frustrated, nor its wisdom impeached, as a scheme of redemption it has been in successful operation for more than nineteen hundred years. Its roll was handed down to, and embodied in the programme of, the church, and her great mission is to unfold this roll to anxious hearts, and impart its wisdom to every hungry soul. What time the church has realized her responsibility, and when instinct with spiritual life and aflame with holy zeal, she has evoked music and gladness in thousands of human lives.

But to argue this larger programme of the church is to be driven back to the Divine order which makes the evangelization of one's own territory the first in order, both in time and importance. Hence, our superior obligation to State Missions.

There are conditions obtaining among us which we can ill afford to leave out of our thinking and planning. The wave of prosperity that is now upon us must be offset by a corresponding wave of ever increasing spirituality or we shall go down in defeat. For no nation, or individual, has been able to survive, if in material prosperity there was neglect of things spiritual. A righteous posterity is the greatest gift we can make to this world, a ripe rich character in godliness is the best fruit that earth can hold up to heaven.

Our improved methods of farming, our greater knowledge of the soil, and good roads which in themselves measure the whole diameter between poverty and prosperity, will make us either a greater people in serving God, or else we shall fall into pleasure seeking and enervating luxury which will complete our estrangement from God.

Then again—an educational area is upon us with a rush. We hear the cry of our people for longer school terms, better teachers, and better school buildings. But education is not an unqualified blessing, and can become Christianity's best handmaiden only when permeated and moulded and directed by the imperishable truths of the Great Teacher.

Even during the present session of this body we have been brought face to face with conditions in our churches which seem to stagger us. Our slow growth in numbers impels us to search diligently for the cause. For we know that if God's arm sleeps, it is because Zion has failed to put on her strength and her beautiful garment. The writer of this report believes that very much of the slow growth in numbers in our Association is due to the fact that so many of our people do not send their boys and girls to our denominational schools. Let us wake up to the fact that our educational work and our State Missions propaganda must go hand in hand.

As an Association it behooves us that we look well to the conditions within our own territory. We have now some seven or eight churches that are being aided by the State Mission Board, and there are three or four others that must be helped or they cannot have a pastor to live among them. Our churches ought to increase their gifts to State Missions. We have done away with the pledge system, and our churches, many of them, have taken license under that, and give no more than they did several years ago. They must realize that the same amount of money as given then cannot meet the demands now. God is graciously and abundantly blessing us, and we must give in keeping with these blessings, and in proportion to the needs of the work. As preachers, delegates, and members, we need to go back to our churches from this Association and begin at once to plan for increased giving and activity among our people. Respectfully submitted,

D. P. HARRIS, For Committee.

The report was discussed by M. P. Davis, P. S. Vann, T. S. Crutchfield and B. C. Hening and adopted.

The report on Home Missions being called for, and E. L. Wells who was to submit the report having been called away, on motion he is requested to file this report later for insertion in the Minutes.

No copy for Home Missions report.

The report on Foreign Missions being in order, and the committee to make the report being absent, B. C. Hening was requested to prepare a report to be inserted in the minutes.

REPORT ON FOREIGN MISSIONS.

This work is administered by the Foreign Mission Board located at Richmond, Virginia. It includes work in Mexico, Japan, China, Italy, Brazil, Argentina and Africa. By order of the Southern Baptist Convention last May the board had to assume obligations amounting to $165,000 more than the board received last year, and in addition thereto had a debt of $40,000. In spite of these handicaps the income of the board this year from the gifts of the denomination amounts to $852,963.00 for current work. For this great achievement we humbly thank God and take renewed courage. This places the board out of debt, and we can now go forward with this work without such embarrassment. Some of our people are giving to the Board Liberty Bonds, and others are investing in the Board's annuity bonds which pay good dividends. We commend these examples to our people. We urge our churches to support this all important work with their prayers and their sacrificial giving.

B. C. HENING.

The subject of Home Missions was discussed by M. P. Davis, T. S. Crutchfield, A. A. Butler and E. J. Harrell; and Foreign Missions by B. C. Hening.

W. F. Cale read the following resolutions which were unanimously adopted:

"The death of Brother A. F. Rountree removed from this Association one of its noblest and best laymen. In his own church he was regarded as the most faithful in attendance, the wisest counsellor and the greatest giver.

It was not his privilege to secure a college education but, notwithstanding, he was a believer in and a supporter of our educational institutions. He had for a number of years made an annual contribution of from $50.00 to $75.00 to Christian Education, always giving his church credit for the offering. It was this attitude toward Education that caused his electon as a trustee of Chowan College, in which capacity he served the college faithfully until the day of his death.

Brother Rountree was made Moderator of the Yeopim Union Meeting in 1906 and has been re-elected every year since that time. At the time of his death he had been Vice-Moderator of the Chowan Association for more than 18 years and during all these years had not been absent from any session of the Association.

In view of these facts, the Chowan Association records with sorrow the death of this noble servant of God and while feeling sorely our great loss, with submissive hearts we thank our Heavenly Father for the great services he rendered and the noble example he left us.

W. F. CALE,
LYCURGUS HOFLER,
B. H. WARD, Committee.

On motion, N. J. Allen was requested to preach at the conclusion of Miscellaneous business.

B. C. Hening was elected Associational member of the Foreign Mission Board, and W. H. Carter of the Home Mission Board.

W. J. Berryman was elected Associational member of the State Board of Missions.

W. F. Cale was elected delegate to the Southern Baptist Convention.

E. L. Wells, A. A. Butler and D. P. Harris were elected delegates to the Baptist State Convention.

On motion, the Clerk was voted the usual compensation of $35.00.

On motion a vote of appreciation of the generous entertainment of Sawyer's Creek Church and the community was heartily carried.

The Association closed its session with a sermon by N. J. Allen, a former pastor of Sawyer's Creek Church.

E. F. AYDLETT, Moderator.

J. G. GREGORY, Clerk.

REPORT ON STATE MISSIONS

The purpose of this report is to bring State Missions to the attention of this association. There is no distinction in missions except a geographical distinction. The field is the world. The task of missions is the permeation of the whole world with the whole gospel. The work done on this task by Baptists in North Carolina is designated State Missions.

To make the commission effective in North Carolina we are:

(1) Trying to preach the gospel to every man, woman and child in the state.

(2) Gathering into churches those who in baptism accept the gospel as we understand it.

(3) Aiding the churches thus formed to get a working equipment in helping them to build houses of worship and work.

(4) Seeking to enlist regularly and energetically in our Lord's work all who have been baptized into our churches.

(5) Training into efficient service all who are willing to enlist themselves in the work of winning the world to Christ.

(6) Assisting the churches in adjusting themselves to the change in conditions of our state and our age so as to serve in the largest and most helpful way the people of the present and the future.

(7) Sowing down the state with Bibles and religious literature.

The success of our State Mission work is indicated by the fact that 2,857 conversions were reported on Mission fields last year. However, we may be encouraged by what has been done, we must not think of the work as a finished job, for we are confronted with the sad fact that one half of the people of North Carolina do not belong to any church, and worse than this, of a membership of 285,095 white Baptists in North Carolina 200,000 are not regularly engaged in our Lord's work. With these facts before us we feel that Bro. W. N. Johnson was correct when he said "The unenlisted thousands on the inside of our churches are a greater peril than the unsaved millions on the outside of our churches."

With this situation before us and as a means of bettering it, your committee would recommend:

(1) The consecration of ourselves anew to the service of our Lord.

(2) That we earnestly pray the lord of the harvest that he would send forth laborers in to his harvest.

(3) That we persistently preach and faithfully practice the doctrine of stewardship.

Respectfully submitted,
W. F. CALE, For Committee.

B. C. Hening read the

REPORT ON FOREIGN MISSIONS

We carry on our Foreign work through our own Foreign Mission Board located at Richmond, Va. Through this Board we are conducting mission work on four Continents—Asia, Africa, Europe, and the Latin American world classi-

fied as a Continent. In these our missions are located with reference to fine strategy so that future work can be prosecuted to the best advantage. The work is growing with every encouraging results. In fact our very success makes increased effort absolutely imperative. For a number of years we have neglected to provide ample forces and equipment, and this together with the rapid growth of the work makes a truly embarrassing situation. The world war has further brought about such changes in opportunity and prospect as to make the situation quite critical. We must by all means enter the doors which God in his goodness has opened to us.

Every consideration demands the putting forth of our very best efforts. We must not rest until every member of every church constituting this association shall be a prayerful, interested, liberal contributor to this cause.

Respectfully submitted,

B. C. HENING for Committee.

The Clerk read the

REPORT ON PERIODICALS

North Carolina Baptists are peculiarly fortunate in their periodicals. In the Biblical Recorder, we have an organ that is second to none. Alive to all the interests of the denomination, it is doing a splendid work in promoting the Baptist cause. Through all its long and honorable history it has stood squarely for the truth as it is in Jesus, and has ever been on the alert against false teachings and compromising measures.

The circulation of the Recorder is by no means what it should be. It has been proved time and again that where the denominational paper is largely read, there the interests of the kingdom are making most progress. With increased knowledge comes increased activity. If even one-fourth of the Baptists of North Carolina were to become regular readers of the Recorder, there would follow such an advance in all lines of denominational work that it would be considered almost miraculous. Recently Secretary Walter N. Johnson, realizing the great awakening that would follow if the paper were more wideley read, asked the churches of the state to secure one new subscriber for every twenty members. Not only ought this number to be secured, but even more, for the better informed our people become in regard to the work of the denomination, the more willingly and gladly will they support it.

Charity and Children, as an exponent of our orphanage work, is a most valuable asset. It is ably edited and is largely responsible for the splendid interest of our people in the great cause it represents. Like the Recorder, it should be read in every North Carolina Baptist home.

Home and Foreign Fields is a most excellent magazine, filled with interesting articles regarding the progress of the kingdom at home and abroad. Both in makeup and material, it is a high class periodical, and its thrilling messages from the front each month are an inspiration to greater efforts for the extension of the kingdom.

Our Sunday school periodicals are the best to be had. They are edited by some of our strongest and best known scholars, and are invaluable helps for the training of our people in the principles for which we stand.

Respectfully submitted,

W. H. CARTER for the Committee.

A motion to adopt this report was discussed by Livingston Johnson, Editor of the Biblical Recorder and Fuller Hamrick, Treasurer of the Thomasville Orphanage, and was carried.

On motion, recess was taken to 2:30 p. m. with benediction by E. S. Pierce.

REPORT ON ORPHANAGE.

This institution is better known, and in a way, better loved than any other fostered by our denomination. Some may raise the question as to whether this is as it should be, but it is a fact nevertheless.

It is a fact that at the Orphanage, we are at once, engaged in every character of work for which the kingdom stands: Missions, Education, and a most worthy type of Social Service. It is not strange that it makes an irresistible appeal to all lovers of the Lord and His kingdom.

The past year has been one of the most remarkable years in the history of the institution. The number of children has ranged around five hundred and twenty-five: four hundred and fifty at Thomasville, and seventy-five at the Kennedy Home. The support from the churches, including the Thanksgiving offering, has been more liberal than ever before.

Two serious epidemics visited the Orphanage during the year: one of measles, one hundred and thirty two cases; and another of influenza, four hundred and seventy five cases. But the thing for which we all are profoundly thankful is, that through the great goodness of our Lord, not a single death resulted from either of these awful scourges.

The denomination owes a debt of gratitude to the General Manager and his corps of assistants, for their unswerving faithfulness and devotion to our helpless, dependent children, that it will never be able to repay. The days of those epidemics at our Orphanage, were days that tried the souls of men and women, and our Orphanage force was not found wanting.

In this short report, I have not space to enumerate the many, and varied needs

of the institution. Let it suffice to say that the Orphanage is a growing institution, not growing as rapidly as the exegencies of the case demand that it should grow, but growing nevertheless, and like all other things that grow, its needs are commensurate with its growth.

North Carolina Baptists need to be reminded again that there are many more orphan, and dependent, helpless children outside the Orphanage, and who ought to be there, than we now have in the institution; and without greatly increased contributions from the churches they must remain outside.

Your committee recommends that every Sunday school in the Association give at least one collection each month to the Orphanage; that many of them carefully consider the matter of supporting one or more orphans (it requires about $145.00 to provide for one per year); that on or about Thanksgiving, each Baptist give the value of at least one day's work to the institution.

Respectfully submitted,

A. A. BUTLER.

The report was discussed by Fuller Hamrick and adopted.

The Moderator named the following committee on Time, Place and Preacher for the next session—L. W. Norman, W. W. Sawyer and C. A. Cooke.

V. E. Duncan read the

REPORT ON HOME MISSIONS.

Southern Baptists through their Home Mission Board, located at Atlanta, Ga., does Home Mission work in needy places in the territory of the Southern Baptist Convention, in Cuba, and in the Panama Canal Zone. We do some work among the Indians and foreign populations in our cities. Upon our entrance into the war the Southern Baptist Convention instructed the Board to conduct religious work among the soldiers in the camps through camp pastors, as far as the regulations of the War Department would permit. We had as many as a hundred Camp Pastors at one time, who did valuable and effective service. This department of the work was very important and entailed additional expense. The Convention at its meeting last May instructed the Board to project its work for the year just closing upon a financial basis of one million dollars. We hope very much that the report to the Convention at Atlanta next week will show that we have raised not less than this amount. All our people are urged to contribute liberally to this work which is one of the most important of all the enterprises of Southern Baptists.

The work of the Home Mission Board in the educational life of the South should not be overlooked. With a great system of secondary schools in the mountains of the eastern part of our country we are reaching thousands of these mountain boys and girls and many are going to our higher institutions of learning to finish their education. Also the work of the Board in Louisana is to be commended. It is a primary force behind the Baptist Bible Institute of New Orleans and the French Academy in Arcadia Parish. It spends more money in Louisiana than Louisiana Baptists give to Home Missions.

The great lesson of the War has been the maintenance of an adequate home base and in this respect the Home Mission Board is doing great work. But for its evangelistic force the number of conversions and baptisms would be many less. It is keeping afire the passion that we have always had for lost souls.

Our state contribution to Home Missions was $55,000. This amount is much less than was asked for by the Home Mission Board but it is $5,000 more than the amount set upon by the State Mission Board. We have done well but we can do better. We have given much but we can give more. Let us first give ourselves to the Lord and then all that we have will be consecrated to his work.

Respectfully submitted,

V. E. DUNCAN, Chairman of Comm.
C. F. HARRELL.

The subject of Missions was discussed by V. E. Duncan, Livingston Johnson, B. C. Hening and A. A. Butler and the reports were adopted.

M. P. Davis read the

REPORT ON SUNDAY SCHOOLS.

The time nas come when an ignorant man is not respected by his neighbor or himself. In a democracy education is an absolute necessity for every citizen is a king and to fill his position well he must have a wider view than his physical horizon. He must be able to "see things through."

A world war has been fought to establish democracy, to give every man a chance, in the world. All races are freer to-day than at any time in the history of the world. Kindred spirits or races are gathering themselves together into nations suited to their peculiar inclinations. These new nations, as well as the older ones, give liberty and privileges to their citizens that in the past were reserved for the favored class. The great war that is to be waged during the next few decades will be to make these democracies safe. How is this to be done is the question that is troubling many now and will trouble many more in the future. All will agree that a man must be a well informed man to fill his position in a democracy. A well informed man, from the worldly point of view, may not be a safe man, for many highly educated men are tyrants, hence they use men to the point of oppression for their own selfish ends. Men in democracies must have more than intellectual training or the world war will have been fought in vain.

A wise man once said, "Train up a child in the way he should go, and even when he is old he will not depart from it." Outside of the home, where is there a better place to start a child right than in the Sunday School? And yet, the proverb is false, or there is something wrong in the home and the Sunday School for a large percentage of students drop out of Sunday Schools not to return even in old age.

The going to Sunday School and Church will form a good habit, but even the best will grow weary of going when they receive nothing but chaff for their trouble. Hence it is absolutely necessary to have teachers who know something and know how to tell what they know. Therefore we urge upon all teachers and those who hope to become teachers to attend all institutes, conventions, and other gatherings where the purpose is to instruct and aid teachers and officers in raising the standard and efficiency of Sunday Schools.

We recommend that pastors organize teacher training classes in all their Churches.

We recommend that the executive committee of our Association or a special committee appointed for this purpose arrange for as many Sunday School institutes in our rural country as can be held in co-operation with our State Sunday School Committee.

We further recommend that our churches send as many Sunday School workers as possible to our Mobile School at Columbia, July 21 to 25, for the purpose of better preparing workers.

J. C. WRIGHT,
J. G. BRICKHOUSE,

REPORT ON OLD MINISTER'S RELIEF.

Our American people are beginning to realize that when a man has spent his best years in the service of any organization he has the right to receive support therefrom when his fruitful years are past.

To fail to properly support our aged and worn-out ministers therefore is to allow our churches to fall behind corporations, railroads, and governments in this matter of common justice conceded by our people in all occupations of life.

Never can our churches lag behind worldly organizations in meeting just demands, and maintain the respect of the world and the blessing of God. Yet behold retired servants of railroads and government are supported in princely fashion, while our old ministers receives at our hands only a crust of bread, or nothing at all.

So apparent has this just need grown upon Southern Baptists that to meet it our Southern Convention has organized a Minister's Relief Board to cooperate with State Boards in better caring for these worthy helpless ministers. At present North Carolina Baptists support wholly or in part 37 of these beneficiaries.

That we can and should give the Sunday collection nearest Christmas to these old ministers is a small gift on our part, but a great benefit to them.

Respectfully submitted,

E. J. HARRELL, for Committee.

Motion to adopt was discussed by E. J. Harrell, J. D. Howell, and B. C. Hening and carried.

The Clerk anounced the Standing Committees appointed by the Moderator to report at the 1920 session of the Association. (See page 6 for list).

R. L. Gay read the

REPORT ON TEMPERANCE.

The word temperance by common use applies almost exclusively to the use or non-use of intoxicating liquors; and prohibtion through the same process applies to laws prohibiting traffic in such liquors. Temperance thought, sentiment and conviction have crystalized about the idea, as the ultimate goal, of total abstinence by the individual from the use as a beverage, of intoxicating drink, and prohibition by the states or its manufacture and sale for such purposes.

Within a generation the temperance movement has experienced such a revolution as has hardly been equalled by any other moral revolution in the annals of history. There are men living today who well remember when the use of liquor was considered a necessity of the sick-room, an almost indispensible aid to business, the strong-arm of politics and a condition of membership in good society. Temperance advocates were considered hair-brained extremists, and preachers of prohibition wildest fanatics. Behold the change! Today it is condemned by medical science, abandoned by business, disowned by politics and ostracised by society. More than one-fourth of the territory of the nation is under the government of prohibition laws, adopted by the suffrage of the people and, finally by an almost unanimous vote of the states, prohibition has been written into the Constitution of the United States. With jubilant triumph the temperance forces are now shouting their slogan "Prohibition for the World."

In all this there is occasion for gratitude and great joy, but there is another side and one that demands far more attention than it is receiving just now. The history of prohibition shows that the adoption of prohibitory laws is usually if not always followed by more or less of reaction. Old habits are too strongly fixed to be easily broken, and the business is too lucrative to be easily

abandoned by unscrupulous men. Moreover, there is a disposition on the part of the victorious temperance forces to rest on their arms and to allow the victory to take care of itself. That there is such a reaction in progress in this State is too plain to be mistaken. Tne illicit distillers and their companions the "Boot-leggers" and "Blind Tigers" are plying their trade from mountain to seashore. They are growing bolder and are even threatening the lives of any who may interfere with their business, and have actually taken the lives of officers who have sought to enforce the law. Against this growing evil little is being done. The pulpit is comparatively silent and the temperance advocates seem satisfied. The constant lament of an old and useless queen "Mortui, sed non sepulti"—"Dead, but not buried"—might with great propriety be applied to the Anti-Saloon League to whom we formerly looked for leadership, information and inspiration. Statistics from the Internal Revenue officers claim that there is more illicit distilling and selling in North Carolina than in all the other Southern States combined. Unless there is a reawakening and renewed efforts at suppression of the evil we may in the not distant future have in this state conditions like those that existed in Kansas during the Carrie Nation crusade, when the statute books were full of prohibitory laws and the state dotted with whiskey joints plying their trade without let or hindrance. What is the remedy?

1. Much good could be accomplished if the State would create the office of Commissioner or Marshall with authority to enforce the law. But under existing conditions the legislature will not enact such a law.

2. We may expect considerable aid from the Federal Government, but we should not expect too much from this source, for with the small number of men engaged and the vast territory to cover it will not be possible for them to attend to their other duties and at the same time to police the state against the lawless dealers in liquor.

3. We need not depend upon the Anti-Saloon League, for unless and until there is a complete change, relief from that quarter is hopeless.

4. There must be a re-awkening on the part of our churches. We must "render to Caesar the things that are Caesar's" and remember that the "powers that be are ordained of God." A healthy moral atmosphere is wonderfully helpful in building up righteousness. Our churches created the sentiment and used the efforts necessary for enacting the law. They must now use equal diligence in seeing that the law is enforced. That this will be done there is hardly any doubt. Let us not wait too long and make the task more difficult. There may be a little reaction here, a little wavering there but the great battle moves on. Increasing civilization, growing intelligence, the progress of Christianity all demand the extermination of the demon drink and its doom is as surely written as that God reigns in heaven and rules the world.

The resolution was discussed by A. A. Butler, R. T. Vann and W. F. Cale, and adopted.

B. C. Hening read the Report of Advisory Committee and of the Committee on State of the Churches.

REPORT OF ADVISORY COMMITTEE.

Your committee is greatly concerned that the work committed to it shall be carried forward as rapidly as is practicable. One of our greatest needs is a larger number of resident pastors on more compact fields. Much has been

done to bring about such desirable results. The very fact of the appointment of such a committee together with the consequent agitiation and work of the committee has a salutary influence to which the churches are responding with some degree of interest. Some of the churches have already seen the advantage of smaller fields with settled pastors and have fallen into line. Others are seriously considering the propriety of doing so, and will follow as soon as they can secure suitable pastors.

Salem, Riverside, Berea and Corinth, constituting the field formerly served by Brother D. P. Harris, have decided to form two fields, with Berea and Corinth constituting one; and Salem and Riverside forming the other. Shiloh has concluded to employ a pastor for all time, and has a committee soliciting subscriptions for pastors salary with a view to carrying this out. Since our last report Ballard's Bridge has gone to all time preaching. If there are other churches that have done so we will be glad to be so informed at this point and insert their names in this report. We must not cease our efforts until every one of our churches has preaching at least once every Lord's Day. This is of prime importance and your committee will constantly insist upon it. We have received the accessions of five new pastors since last report; viz; V. E. Duncan, K. C. Horner, J. L. Waldrep, G. P. Harrill and J. D. Howell,

REPORT OF COMMITTEE ON STATE OF THE CHURCHES.

Your committee is of the decided opinion that this is the most vital subject which will come before this body. A neglect of the condition of our own churches is nothing else than suicidal. Since this report and the work of the Advisory Committee cover so nearly the same matters it might be well to unite the report on State of the Churches with that of the Advisory Committee. This committee does not insist upon this, but we throw out the hint, so that the Association may consider the advisability of it if the brethren so desire.

This report is based on letters from the 53 church which had reported up to May 3, 1919.

These reports were discussed by B. C. Hening, W. F. Cale, R. L. Gay and R. T. Vann, M. P. Davis, E. F. Aydlett and G. P. Harrill, and the following resolutions were offered by A. A. Butler:

RESOLVED: First, that the Moderator of this body appoint a committee to take under consideration the matter of securing a suitable man to work under the direction of the Advisory Committee, visiting and assisting pastorless churches in securing pastors and improving present field arrangements—but always consulting the local churches and pastors first.

Second, that this Committee co-operating with the Advisory Committee have power to take such action as they may deem proper.

K. F. Horner, pastor of Middleswamp church was recognized as a new pastor.

On motion, recess was taken to 2:30 p. m. with prayer by Josiah Elliott.

WEDNESDAY—AFTERNOON SESSION.

The meeting was opened by singing, "I Need Thee Every Hour," and prayer by K. C. Horner.

Discussion of the Reports of the Advisory Committee and of the Committee on State of the Churches and the Resolutions offered by A. A. Butler was continued by A. A. Butler, B. C. Hening and V. E. Duncan; the resolutions were adopted, and the Pastors of the churches in the Association were appointed as the committee provided for by the resolutions, and on motion of M. P. Davis, E. F. Aydlett was asked to serve as chairman of this committee. The reports of the Advisory Committee and of the Committee on State of the Churches were adopted.

The Committee appointed to nominate the Advisory Committee for the current year reported, nominating E. F. Aydlett, K. C. Horner, L. W. Norman, W.

F. Cale, E. I. Sawyer, B. C. Hening and W. W. Sawyer and, on motion the report was adopted.

The Clerk read the following communication from the Woman's Missionary Union of the Association, which upon motion was received and ordered printed in the Minutes of the Association.

COMMUNICATION FROM WOMAN'S MISSIONARY UNION.

This is just our third year since we separated from the general Association as to separate time and place. We hated very much to leave the General Association. The brethren were very courteous to us, and are yet, and we appreciate very much their still having our minutes printed in connection with theirs.

It looks as though it was God's Divine Hand leading us as we have gone forward each year since we separated. Our report for 1917 showed a total of $2,409.81 given by our women to the various objects; while our report for 1918 shows a total of $3,300.42 including Christian Education. In the past year 14 new societies have been organized and re-organized, bringing the present number of societies as follows: 32 W. M. S.; 6 Y. W. A.; 3 G. A. 4 R. A. and 25 Sunbeam Bands or a total of 70 societies. Our aim for the coming year is a W. M. S. and Sunbeam Band in every church in the Association, and contributions amounting to $4,000.00. We have 1290 women working for Missions in the Chowan Association. Our sisters are faithful and seem more spiritual and are getting more interested in Missions all the time.

It was our good fortune to have the State Union meet in our Association this year at Edenton. The inspiration from this great spiritual meeting will have its effect in our own Association. Giving God the praise for His many blessings, and trusting Him who makes no mistakes for future guidance.

(Signed) MRS. E. M. SAWYER, Associational Supt.

A. A. McCall read the

REPORT ON CHOWAN COLLEGE.

On August 1, 1918, Bro. Lineberry's resignation as President of Chowan College was accepted by the Board of Trustees, and on August 28th Dr. J. B. Brewer who was president of the institution a number of years ago, was again elected President and accepted and the work moved on in the regular way. There are 103 students there this year, seventy of who are boarding students. The Influenza epidemic was kept down until Christmas by strict quarantine, but after the Christmas Holidays when the girls had returned from ther homes over the State fourteen cases developed but happily no deaths resulted.

The spiritual atmosphere of Chowan is good and this probably accounts for the useful leaders in the churches who have gone out from this institution as well as for the volunteers for mission work on the foreign fields who have gone out from there. Let us do all we can to encourage this phase of the work.

There have been some changes for the coming year. On March 20th. Rev. J. W. Whitley, then pastor at Gastonia, was elected Dean of the College, and he has accepted and will soon enter upon his duties. Everything considered, this has been a good year at Chowan and they have the largest graduating class they have had in some time. Your committee would recommend that Chowan College be held up as a worthy place for our girls of the Chowan Association, and that the pastors and churches do all they can to bring up our part of the 100 boarding students which is the goal for the coming year.

Respectfully submitted,

A. A. McCALL.

The Clerk read the

REPORT ON CHRISTIAN EDUCATION.

The Baptists of North Carolina and of the South face a new day and a world of opportunity. Never before in all our history has the call for the Baptist message been quite so loud and clear. As we face this hour we would do well to lift our hearts in prayer to God for a quickened sense of our stewardship and responsibility. We need to listen again to the words of Mary "Whatsoever He saith unto you do it." Many of our Baptist people have not realized that Christian Education occupies a large place in the program of Jesus. The pro-

gram includes three great things: (1) Reaching the lost. (2) Training the saved. (3) The co-operation of the Lord and His church in the great task of the kingdom. We have not failed in our efforts to carry out at least a part of the great commission. In preaching the Gospel and baptizing the saved our people have been faithful unto their Lord; but many have fallen down on the job of teaching them to observe all things whatsoever He has commanded. Christian Education means the realization of all one's faculties. These may be summed up under three heads: (1) A cultured heart. (2) A trained mind. (3) A consecrated life. This simple outline holds before us the ideal as expressed in Jesus Christ, and for the realization of this ideal, we need the Christian School and the Christian College.

Most of the great Evangelical Denominations are pressing great campaigns for the endowment and equipment of their schools. They are doing this both in the North and the South, and Baptists cannot afford to lag behind in this great hour. We of North Carolina have set our faces to the future and laid our hands to the task of raising one million dollars for our schools and colleges. Many of our people have been thinking that we are in sight of the goal, but we are compelled to reveal in this report that we have just started. In a letter dated May 1st. Dr. Vann writes "Our receipts to date make $462,-314.06". He further states, however, that he believes enough has been subscribed to run this up to over half a million.

Less than half the churches of the Chowan Association have reported subscriptions. Twenty-nine have reported $33,866.40—Blackwell Memorial leading with a subscription of $15,000.00. Some of the churches have made subscriptions but have not reported. We urge the churches that have not subscribed to do so at once.

E. L. WELLS, For committee.

B. C. Hening was elected Associational member of the Foreign Mission Board and A. A. Butler of the Home Mission Board.

W. J. Berryman was elected Associational member of the State Board of Missions.

Geo. P. Harrill, W. J. Byrum and J. G. Gregory were elected delegates to the Baptist State Convention.

The Clerk was voted the usual compensation of $35.00 for services.

A vote of appreciation of the generous entertainment of the Association by Middleswamp church and community was adopted unanimously.

The Committee on Time, Place and Preacher reported, recommending as follows: Place, Sound Side; Time, Tuesday after the First Sabbath in May, 1920; To preach Introductory Sermon, Geo. W. Clark, D. D.; Alternate, V. E. Duncan. The report was adopted.

The Treasurer reported having received $55.73 for Missions and Orphanage.

REPORT ON PERIODICALS.

Every experienced pastor knows full well that it is easier and far more interesting to preach to those who are informed about the Kingdom affairs than it is to try to preach to those who know practically nothing about what is going on. It is the humble opinion of your committee that it will be a blessed day when our Baptist people as a whole subscribe for and read our religious papers and teach their children to read them. We heartily recommend our own Bibical Recorder, Charity and Children, and Home and Foreign Fields. We suggest

that our pastors appoint in each church a live committee whose business it shall be to procure subscriptions for the above named periodicals and that they present from their pulpits the claims of these papers, calling attention from time to time the especially good articles appearing in them.

Respectfully submitted,

GEO. W. CLARKE.

The report was discussed by Geo. W. Clarke, D. D., and J. S. Farmer.

Archibald Johnson read the

REPORT ON ORPHANAGE.

The high cost of living has hit the Orphanage as hard as it has hit anybody else. Prices are unprecedented for food and clothing and the "peak" has not yet appeared. But the current fund so far this year has been sufficient to meet the needs of the institution. The Orphanage is not in debt, notwithstanding the enormous demands on the treasury.

The year which closes on the 15th. of June has been a good one. The health record has been unusual. The influenza hardly touched the Orphanage this year, and there have been very few cases of serious illness.

There are 450 children in the hom at Thomasville and about 80 at the Kennedy Home, making 530 in all. The Orphanage is now the second largest in the South, the largest being the Baptist Orphanage of Texas.

More and more our Organized Sunday School Classes are enlisting in our orphanage work. This definite object has strengthened the classes as well as helped the Orphanage. We urge our Sunday Schools to adopt the monthly collection plan, which furnishes about 40% of the current fund. The Orphanage organization has been thirty years in building and is now perhaps the most efficient behind any orphanage in the country. A great blessing has come to our denomination through the direct appeal the institution has made to our people. It has opened the way in our church for every good word and work. We would urge our churches to enlarge their contributions to meet the growing needs of the institution.

The report was discussed by Archibald Johnson.

On motion, the Moderator was instructed to wire a message of love and sympathy to Bro. Josiah Elliott, Hertford, N. C.

G. P. Harrill read the

REPORT ON TEMPERANCE

The Temperance Movement in America appears to have had its beginning with Dr. Benjamin Rush of Philadelphia, a signer of the Declaration of Independence. . By the beginning of the nineteenth century this movement began to take definite shape in some New England churches, Dr. Lyman Beecher being its chief advocate. Since those days some of the most talented men and women of the country have devoted their lives to the cause. John B. Gough who was possibly the most popular lecturer of his day on any subject, spent nearly fifty years in telling the terrible story of rum on both sides of the Atlantic. From the pulpit and the platform the tide of public opinion continued to rise until not only the Sunday schools but the public schools as well began to teach the harmful effects of intemperance—sometimes intemperately done, but done, nevertheless. So by and by a temperance taught generation comes on, takes its stand, and says, "Our country must be dry," and dry it is. The power of public opinion has put the legal ban on whiskey.

But all temperance work has not been done. Our country once was wet in general and dry in spots; now it is dry in general and wet in spots—illegal spots, but spots that still are wet. So the work before us now is the drying of the spots. How can this be done? Your committee's answer is, in moulding public opinion.

Respectfully submitted,

GEORGE P. HARRILL.

J. L. Waldrep read the

REPORT ON OLD MINISTERS' RELIEF

No one doubts the justice of an aged and worn-out man receiving support from the organization or institution in which he has put his life and work. Therefore to fail to properly support our aged and worn-out ministers is an injustice.

When a young man enters the ministery he has faith in God and believes that God will provide means for his bodily needs Let us remember that God is counting on us, and that His means of carrying out His promise is largely through us. We are glad God has put it upon the hearts of our people to provide for our aged ministers. We have over forty in our state that look to us to provide wholly or in part. We wish to urge that all our churches have a part in this work and in particular that our pastors keep this need before our people. There is joy from service of this kind that can be had in no other way.

Respectfully submitted,

J. L. WALDREP,
W. J. WEBB.

Geo. W. Clarke, D. D. read the

REPORT OF ADVISORY COMMITTEE

It seems that last year the Reports of the Advisory Committee and that of the State of the Churches were discussed under one head, and the suggestion was made that hereafter both of these reports be so discussed.

The chairman of the Advisory Committee, called a meeting of the pastors of the Association in the First Baptist Church of Elizabeth City, and at this time the matter of procuring the services of a specially trained man for our Association was fully discussed, and while the sentiment at that time was not of one accord, a motion prevailed to employ a man and put him in the field at once. Dr. B. C. Hening reported that he had taken the matter up with the Home Board, and that he was of the opinion that help would be obtained from that source. Then the matter was brought before our State Board, and Dr. Walter N. Johnson expressed himself as being unfavorable to the plan, saying that pretty soon the men now employed would be dismissed, as the policy of the Board had changed concerning the so-called enlistment men. Regardless of the attitude of our State Board, however, so far as we know, all the pastors of the Association heartily favor the employment of such a man, and that the matter be thoroughly tested. We believe that if our Home and State Boards will furnish us a man whose duty it shall be to assist the local pastorless churches to procure pastors, and help them raise suitable salaries for them, to hold meetings in the weak churches, and to guide in dividing our too large fields into smaller ones, and to assist in every way in building up the walls of Zion, great and lasting good will result therefrom. In making this request of our State Board, we would not appear to dictate to them, but humbly request their co-operation in this matter which appears so important to the development of our territory. Right now our brethren in Durant's Neck, Perquimans County are calling for Baptist preaching, and the assurance is given that if we send a good man to hold a meeting in that section, a church will be organized, and a permanent work established in that prosperous section. Currituck County needs at least two good men instead of one. Our brethren there are amply able to employ these men, and doubtless will do so, if we send them a wise enlistment man to take the matter up with Bro. J. L. Waldrep and his greatly scattered Churches. Sound Side, Columbia and Belhaven Churches need now the help of an enlistment man.

We recommend, therefore: 1. That the Moderator appoint a special committee of three brethren whose business it shall be to see Dr. D. B. Gray, Cor. Sec. of the Home Board during the session of the Convention at Washington, City, and ascertain if we may expect their co-operation.

2. That the oderator himself take the matter up with Dr. W. N. Johnson, and find out just what we may expect from our State Board.

2. That the moderator himself take the matter up with Dr. W. N. Johnson, May 28th, and if their report be favorable, these committees constitute one committee whose duty it shall be to procure the services of a man qualified to render just the services desired in our Association.

GEO. W. CLARKE.

The report was discussed by A. A. Butler, J. S. Farmer, E. F. Aydlett, W. W. Sawyer, W. F. Cale, E. J. Harrell, Joel S. Brown, and E. L. Cole, after which it was adopted.

Recess was then taken with benediction by J. S. Farmer.

E. L. Wells read the

REPORT ON FOREIGN MISSIONS

We recall first of all the words of Jesus: "Go ye into all the world and preach the gospel to every creature." These words come to Christ's followers today with tremendous force and power. We remember them as we think of the new dawn and of the new world in which we find ourselves. What a vision comes to the missionary of the cross as he lifts up his eyes to behold the fields that are already white unto the harvest. We face a world of opportunity and if we can see as our Lord saw, there will come to us a sense of our responsibility that will make us cry out—"Here am I send me."

Your committee in writing this report has taken the liberty of quoting liberally from the tract- Points of interest and emphasis in the Foreign Mission Situation.

First—Our Needs—New Missionaries—Besides the missionaries now on the field, and the present number of native workers, we must add to our staff a large number of new missionaries. The denominations expects the Foreign Mission Board to launch out into new territory, and such territory is calling loudly. The doors of missionary opportunity do not open so wide to any other people today as they do to American Baptists.—Especially Southern Baptists. We make bold to say that we hold the old gospel. The new fields need the old gospel to transform them. Personal conviction of the truth and a tone of certainty in its proclamation were never more important than today. In the face of this truth and a tone of certainty in its proclamation were never more imorptant than today. In the face of this truth we need to pray the Lord of the harvest to send forth more laborers into His harvest.

Property—These new missionaries will need equipment. Dr. Love says that according to present calculations we shall need 148 residences; land and buildings for 58 churches; land, buildings and equipment for 147 schools; land, building and equipment for 28 hospitals and dispensaries; six publishing houses; certain new stations; church building and loan funds. A total for property of $9,681,750.00.

Annual Maintenance—This is estimated at $2,000,000.00, or $10,000,000.00 for the five years. To this must be added the amount necessary to equip and transport the new missionaries to the field. This will absorb all of the $20,000,000.00, appropriated for Foreign Missions out of the 75 million campaign.

The one thing that we need to emphasize now—THE PAYMENT OF THE SUBSCRIPTIONS WHICH WERE MADE IN THE BIG CAMPAIGN. This is an important point of emphasis in the present situation. The board has been instructed by the denomination to expand its work and is sending out the call for volunteers. Young men and young men are

answering. Every dollar subscribed will be needed. If this money is not raised now that it has been subscribed, the Foreign Mission Board will be embarrassed and stand baffled before the great task which it has been bidden to undertake. Therefore, we supplement the importunities of the campaign committee, that every subscription be paid promptly as it falls due.

REPORT ON STATE MISSIONS

E. L. WELLS, for Committee.

V. E. Duncan read the

The past year has been one of normal progress in this department of our work. Statistics reveal nothing abnormal, except that there were 1473 conversions during the past year as against 2857 in the year before. This decrease is deplorable in the light of the fact that one half of the people of our state do not belong to any church. The work of evangelism is our first work and the time will never come when the number of conversions and baptisms will not be a definite test of the character of the message we bear both in the preached word and in the evident sincerity and loyalty to our Lord.

Out of 2198 churches in our state 1500 are backward and need enlistment and training. To supply this need the Mobile School was brought into being. With reference to enlistment and training, the situation is acute. It is often the case that pastors are at a loss to find trained workers for the local needs, and only a small percent of the membership of the average church are really enlisted in the doing of the task as it is presented to us in our organized work. We urge that our pastors press upon the consciences of their people, the importance of having a large representation to attend one of the local schools and that one from each of the local church organizations be sent with expenses paid or at least a part, to attend one of the training centers. The Mobile schools were a great help in the bringing of the 75 Million Campaign to a successful conclusion. The morale of our state Baptist Hosts were greatly strengthened in those days of intensive study of the work and our place in it.

Again, two-thirds of our churches are inadequately housed and have no equipment for teaching the Word. Only $3,100 was spent by our Board in church buildings. This is pitifully small. Unpaid appropriations amount to $6,000. With the available funds the Mission Board is able to help the pitifully weak churches build small inadequate houses.

From a financial point of view we see an interesting fact in connection with State Missions, and that is that not one cent has been borrowed to carry on the work. The total receipts for this object was $74,066.20.

According to our secretary, there is a lessening demand on the part of weak churches for aid but growing requests for aid in enlistment on all the work of the Baptist State Convention and in that of the Southern Baptist Convention. This seems to be a call not for less in the work of evangelizing our state but for the development of the evangelized people. There is a need of doing more evangelistic work than ever, but now we confront the necessity of the development of the churches already brought into being by our evangelistic efforts.

Thus we have the challenge of the State Mission enterprise,—to make a working force and a mighty power, our part of the Home Base. May it be that a new day is upon us as the result of the 75 Million Campaign.

E. V. DUNCAN, Chairman of Committee.

REPORT ON HOME MISSIONS

If one will look at page six in the May number of Home & Foreign Fields he will find the following facts stated by Dr. B. D. Gray, Corresponding Secretary of the Home Mission Board:—

"At our annual meeting in June, 1919, following the wonderful Atlanta Convention and the projection of the 75 Million Dollar Campaign with an allotment of $12,000,000 for Home Missioins during the five-year period, the Home Mission Board projected its work for the year on the basis of $1,345,000, as follows:

Miscellaneous	$ 20,300.00
Administrative	62,852.00
Mountain Schools	116,700.00
Sanatorium	74,831.00
Foreigners, Indian and Negroes	169,648.00
Cuba	94,060.00
Panama	25,250.00
Evangelism	135,000.00
Publicity	30,500.00
Co-operative Missions	165,750.00
Enlistment	70,855.00
Church Extension Gifts	349,325.00
TOTAL	$1,345,071.00

"Since that time imperative calls had to be heeded and a considerable amount has been added to this sum, so that in the neighborhood of $1,500,000.00 has been appropriated for the year just closing, which is more than 50 per cent greater than any previous year's appropriation, yet many pressing pleas had to be denied.

"The Board gave most earnest and prayerful consideration to the appropriation of this large sum, and tried to place it where it would do the most good."

From the above statement by our beloved Secretary it can be seen by one who runs while he reads, that the Home Mission Board has been, and is engaged in a mighty undertaking. It is important enough, big enough, and pressing enough to bring out the best that there is in any of us in the way of prayer, personal effort, and worshipful giving.

Such a task will never be accomplished in the most effective manner by churches dominated by dances, card players, pool and billiard players, movie fiends, and those who are more concerned about becoming rich in this world's goods than they are about becoming rich toward God. A task like this is safe only in the hands of churches dominated by men and women who, in the truest sense, deny themselves, take the cross whatever it may be, as God reveals it, and follow in the steps of Jesus regardless of where He leads.

Your committee would urge that the churches, all the individual members of the churches, give themselves to prayer, to study of the Scriptures, to personal evangelistic effort, to teaching every where, even making opportunities to teach on all occasions "All things whatsoever our Lord has commanded." Such a program on the part of the churches will more than insure the payment of the pledges that have been made to our Mission Fund.

A. A. BUTLER, for Committee.

E. L. Wells, Josephus Tynch, V. E. Duncan and A. A. Butler made addresses on Missions.

On motion of E. F. Aydlett, a standing Finance Committee was appointed to ascertain the amounts pledged by the various churches of the association to the 75 Million Fund and to learn if these pledges are being paid from year to year as pledged.

REPORT ON SUNDAY SCHOOLS

If the Sunday school is the plant-bed of the church; if youth is the plastic period of life; if the Bible, the Sunday school text-book, is the word of God; if that Bible is the rule of christian life and conduct, should not all christians take more interest in the Bible school? If five out of eight of the baptisms in the Chowan Association last year came from the Sunday schools, should not the members of our churches take greater interest in our Sunday schools?

Of the 59 churches composing our Association, 54 report Sunday schools with a total enrollment of 6998; of these 4097 are not church members. Of the 11,107 members of this Association, 8206 are not enrolled in the Sunday schools. If the Sunday school is the teaching service of the church, where shall these be taught? If the Sunday school is the richest, ripest field for christian service, where shall these labor?

Sad to say, there is a decline in family worship.. This is a fundamental failure, and the Sunday school is our best and last hope, after the home, to

stay this worldly tide which threatens to undermine our religious life. Not many of our churches have provided proper equipment such as class-rooms, or screens, maps and charts. These are necessary for the best work. But however complete the equipment, and however well organized the work may be, they will avail but little unless there is active, vigorous teaching of the Scriptures. The weakest point in our Sunday school work today is the poor teaching done by many. Every condition in this hour of home and world crisis demands effective work in our Bible schools and churches.

Our Sunday School Board is urging a great forward movement. Every group of county and village churches in the state desiring an Institute to study plans for enlargement and improvement of their Sunday schaals may have it. The Sunday School Board at Nashville offers to pay half the expenses and our Secretary will furnish the speakers. Then why not raise the standard of teaching in our schools? We recommed that pastors communicate with our Secretary and secure Institutes, that Teacher Training Meetings be held in all our churches.

F. N. BRICKHOUSE }
E. J. HARRELL } Committee.

E. J. Harrell and Joel S. Brown spoke on the subject of Sunday schools.

On motion, a committee composed of E. F. Aydlett, Lycurgus Hofler and W. J. Berryman, was appointed to consider the matter of changing the time for the meeting of the Association, and report at the next session.

Recess was then taken, with benediction by E. L. Cole.

WEDNESDAY—AFTERNOON SESSION

The Committee on Overby Memorial reported as follows: "Your committee appointed to secure funds for the Overby Memorial, report that because of all efforts being used to secure the quota of our churches for the 75 Million Fund, the committee has postponed this work, and if desired will make an effort to raise the needed sum and report to the next session of this body.

E. F. AYDLETT, Chairman.

The report was received and the committee was asked to endeavor to raise the money during this associational year.

The Committee on Time, Place and Preacher reported recommending as follows: Time, Tuesday after the First Sunday in May, 1921; Place, Berea; to preach the Introductory Sermon, B. L. Rhodes; Alternate, E. L. Cole. The report was adopted.

W. L. Cale read the

REPORT ON CHOWAN COLLEGE

The uncertainty as to what disposition would be made of the college has kept students and faculty in an excited condition during the present session, notwithstanding much fine work has been done.

The home life of the institution is of a very high order, in fact there are few places where the moral and religious life of the girls are equal to those of Chowan. Worldiness, frivolity and irreligion, are not encouraged by the student body.

There never was a time when there were greater possibilities for Chowan College. There will probably be no less than one thousand girls, this fall, in this state and Virginia who will be unable to find rooms in colleges they desire to enter. In addition to the patronage from the Chowan and West Chowan Associations, we should expect to draw largely from these two state. In order to do this the college needs:

(1) Building and equipment modern in all particulars and sufficient for all purposes.

2() A faculty of such piety, loyalty and culture as to command the greatest respect and recognition for itself and for the college.

(3) Chowan needs our support, in money, patronage, and prayers, and now that the trustees are about to take a step so vital to the welfare of the college; and since so many sites have been offered, making their task of locating the college in a central, accessible and proper place a difficult one, that we should

earnestly pray, now, that they may be led entirely by the Holy Spirit in making this important decision.

W. F. CALE, Committee.

The report was discussed by W. F. Cale, J. B. Brewer and E. F. Aydlett. B. L. Rhodes offered the following resolution: Whereas, the present location of Chowan College is exceedingly inconvenient to reach by modern means of travel, and by reason of that fact is deprived of a great deal of support and patronage that it rightly deserves and would get were it otherwise located,

THEREFORE, Be it Resolved that the Chowan Association now in session endorse the action of the Board of Trustees of Chowan College in voting to move the college and cause to be erected suitable buildings for the operation of a first-class Baptist College in a more suitable and convenient location. The resolutions were discussed by E. S. Norman, E. F. Aydlett, L. W. Norman, George P. Harrill, E. J. Harrell, A. A. Butler, C. A. Cooke and W. F. Cale, and unanimously adopted.

The Treasurer reported having received $67.87 from Oak Ridge church on the 75 Million Fund, to be forwarded to the Treasurer of the Convention.

REPORT ON EDUCATION

Nothing is so conductive to the growth, prosperity and foundation of our fundamental doctrines and the democratic principles for which we stand as our Christian schools and colleges. The leaders in our church work in all of its departments are usually those who have been trained in our denominational schools. The very life, the atmosphere, the principles of our faith and doctrines are instilled in the minds of the students throughout their entire career in the denominational schools.

It is the most natural thing for a student to return to his community from college and put into practice the plinciples inculcated into his mind during his college course. This rule is, with very few exceptions, if you want your boy or girl to be active, efficient, and consecrated to the cause of the denomination, that boy or girl must be trained in his own denominational school.

By investigation we find tha 6% of the ministers in the United States are trained in state schools while 90% of the ministery are trained in denominational schools; and that 7% of the missionaries on the foreign field were trained in state schools while 85% of the missionaries were trained in denominational schools. In the ministery on the foreign field we find 6% were trained in state schools and 86% were trained in denominational schools.

We also find that of the 9 Justices of the Supreme Court of the United States, 8 of them are college men and all 8 were trained in denominational schools. 19 of the 27 presidents of the United States were college men and 17 of this number are the products of Christian colleges.

In "Who's Who in America" we find that 69% of these men and women of nation-wide distinction were trained in Christian Colleges.

In our Southern Baptist Convention we have 135 seminaries, colleges and schools, 2,000 instructors and 30,000 students. It is stated on authority that one out of every 7 students in colleges in the South are in Baptist colleges.

We rejoice greatly at the growth and prosperity of our own Wake Forest, Meredith, Chowan College and our denominational preparatory schools. But we are most concerned and more deeply interested in Chowan College since that is within our own bounds and is a child of our own creation. This institution has for 75 years stood like a beacon light to our denomination and to our homes. We pledge ourselves to stand firmly by this mother of women colleges in the state, and with our heart and hand show our loyalty. We pledge ourselves to use our influence to direct all our girls to take their college course in our own Chowan College, regardless of where the trustees in their wisdom may see fit to move it.

Respectfully submitted,

P. S. VANN, for Com.

B. L. Rhodes was elected as a Delegate to the Southern Baptist Convention.

H. K. Williams was elected Associational member of the Foreign Mission Board and A. A. Butler, Associational member of the Home Mission Board.

W. J. Berryman was elected Associational member of the State Board of Missions.

W. J. Byrum, W. F. Cale and Geo. P. Harrill were elected delegates to the Baptist State Convention.

On motion, the Moderator was requested to appoint a standing committee on Young People's work, and one on the Laymen's movement and Woman's Work. (See list of Standing Committees, Page 4.)

The Clerk was voted the usual compensation of $35.00 for his services.

E. L. Cole offered the following resolution which was unanimously adopted—RESOLVED.: That the body express to the Sound Side church and to the community its appreciation of the cordial welcome extended to the Association, and for the whole-hearted hospitality enjoyed.

The meeting then adjourned with singing "God Be With You 'Till We Meet Again", and benediction by K. C. Horner.

E. F. AYDLETT, Moderator.

REPORT ON STATE MISSIONS.

That the report on State Missions, submitted to the Baptist State Convention last November was in many respects the greatest and best report ever made by our State Mission Board is shown by the following quotations from that report. "Each year has shown a growth of our work. The enlargement this last year has been marvelous beyond the largest dreams of our optimistic people. We are still in the process of reconstructing our plans to meet the new situation that has come upon us and upon the whole world. Five years ago we spent in our State Mission work $55,524.00, there were 3687 Baptisms and 3835 professions of faith, 15 churches organized and 19 houses completed. This year we have spent in State Mission work $83,872.61 and there have been 1953 Baptisms 4012 professions of faith have been made, 20 churches organized and 19 churches built; "Now for two years State Missions has had to borrow no money. This year State Missions started with a balance of $20,000." Striking and sad is the contrast of these quotations from the last report and the statements recently made by Secretary Maddry in one of the regional conferences concerning the needs of the Board January 1, 1921, and since. The Board has been overwhelmed by applications for help. The Board of Missions after staying in session a long time and refusing aid wherever they could afford to do so, and cutting salaries and expenses to the point of crippling the work, found when the meeting was over that their appropriations had exceeded their prospective funds many thousand dollars, so great was the need of funds that they discontinued the Mobile Schools entirely, and so reduced the salaries of the Missionaries that many returned their commissions stating they could not live on the salaries offered. The depression which is so extensive and serious has created a condition in State Missions that calls for heroic and sacri-

ficial giving by North Carolina Baptists. We would call attention to the necessity of keeping a strong home base if we are to take the all things of Jesus to the all peoples of the world:

We would offer as a panacea for all of our needs the words of our Lord and Master in Matt. 6:33: "Seek ye first the Kingdom of God and His righteousness."

Respectfully submitted,

W. F. CALE, Committee.

C. H. Holden read the

REPORT ON FOREIGN MISSIONS.

The differentiation of Foreign Missions in distinction from Home Missions is unfortunate and unscriptural. Unfortunate, in that, serious and unscriptural conceptions and inadequate accomplishments have resulted.

The Master said, The world is the field. There is but one field for the commission. Mission is mission in whatever part of the field it is operated, and the commission is the same in all parts of the field, or world, "make disciples."

The gospel message is the same in China as in America. The purpose of its propagation is the same in all lands, among all peoples. The same Lord is directing the affairs of His Kingdom throughout the whole world.

There is an indivisible unity in the character, plan and purpose of the great commission, and there should be unity in our conception and prosecution of the work of world evangelization. The Lord said, "Go into all the world"!

Our Jerusalem is but a part of the world commission—a starting point: Our Judea is but another portion of the world commission; our Samaria is but still another portion, approximating—"into all the world."

A program which does not include the whole world is but fragmentary in its form and meteoric in its movement, though brilliant, it is but a flash.

Christ died for the whole world. The Home Mission man must remember that the Asiatic, the African, the European were included in the plan and in the commission, and his mission is to prosecute the commission to this end. The Foreign Mission man must realize that Home Mission work is an integral part of the whole. They are one and the same, operating with the same object in view, viz., winning the world to Christ.

The Home movement that has no vision of Foreign needs and possibilities, and does not sense a responsibility in this direction, lacks an essential element and is blind to the ultimate purpose of Home Missions. The supreme and central purpose of its work of Home Missions is to extend its influence, its help, itself to the uttermost parts of the field—the whole world.

Home mission is essentially and ultimately Foreign mission. No home movement in missions can accomplish its complete task until the rippling waves of its benign influence have washed the farthermost shores of human need.

We are just beginning to grasp the Master's program. In the recently launched world movement and the creation of the world budget, it is plainly indicated that we are finally in line with the purpose of the Great Commission.

Hitherto our conceptions, our sympathies and our efforts have been divided by an emphasis, distinguishing between missions at home and missions abroad. In the past, many have been wholly wrapt up in Home missions while others have been wholly wrapt up in Foreign Missions, and in not a few instances friction, jealousy, and even opposition have arisen.

It seems that the true spirit and intent of the Commission is dawning upon the churches, and the vision is unifying the forces and resources, and the work, as a whole, is being programmed to articulate with the Master's purpose in the commission.

The Baptists of America, in particular, in their world survey, their world program of operation, their budget for world wide missions, are falling into line with New Testament teaching.

The Baptists of the North are struggling with their $100,000,000 budget; the Baptists of the South are grappling with the 75,000,000 proposition, all intent upon an effort to meet, in some degree, at least, the demands of the Kingdom, both at home and abroad.

The supreme stress of the hour is upon the raising of the means, the budget, to prosecute the work. We may be assured that when we raise the money, God will raise up men and women to carry out the commission. This is, distinctively, God's part of the work, selecting and sending forth His own chosen ambassadors. We are not to concern ourselves about the Master's part of the work. Man made ministers and missionaries, hinder rather than help the cause. Too many such are in the field today. Caution: "Lay hands suddenly on no man."

The fences of seclusion and exclusion have been demolished; the whole world lies before us as one great open field; the Macedonian cry is coming up from all points of the compass. Do we hear? Shall we respond?

We report progress with encouraging prospects. New doors are opening, offering great opportunities; encouraging reports come concerning the budget, and we have the promise of God to bring us off more than conquerors. Let us "forget those things which are behind, and stretch forth to those things which are before, and let us press toward the mark for the prize of the high calling of God in Christ Jesus. Go ye, therefore, and preach the gospel to every creature, making disciples of all nations."

Upon the success of our efforts in equipment, raising the budget, etc., depend the successful issues in the detailed program, the various interests engaging the attention of the denomination.

C. H. HOLDEN,
For Committee.

Upon application of Calvary Church for admission into the Association the matter was referred to the following committee for report to be made later—W. F. Cale, K. C. Horner, C. H. Holden.

On motion, recess was taken one hour for dinner.

TUESDAY—AFTERNOON SESSION.

Devotional exercises were conducted by W. F. Cale from 34th Psalm.

The Committee on Calvary Church reported: "We,your committee appointed to investigate the application of Calvary Church of Elizabeth City for membership in this Association, beg leave to report that Brethren S. S. Davis, L. B. Twiford and J. W. Randolph, messengers from Calvary Church, came before us and with the report of the organization thoroughly satisfied us that it is a duly constituted Baptist church, and we unanimously recommend its adoption into the Chowan Association." The report was unanimously adopted and the messengers from Calvary church were recognized and welcomed as members of the Association.

W. J. Byrum read the

REPORT ON TEMPERANCE.

We have come to the time when all good men and women should come to the aid of the country.

The Eighteenth Amendment to the Federal Constitution has settled the prohibition question so far as law is concerned. The line-up of the citizenship now is patriotism and reverence for law, with special emphasis upon the task of getting rid of the blindtiger and illicit stills, which continue to debauch our young men and impede the progress of the Kingdom.

The violation of the Eighteenth Amendment and all other prohibition laws in North Carolina, especially in the boundaries of the Chowan Association is alarming. "The liquor traffic is bold, insolent, and defiant, breeding many anarchists every day." Out of the fourteen thousand stills captured by the Federal Officers last year, more than three thousand of them were captured in this state. Our people, it would seem, have all gone to sleep on the job. "The failure of the last three legislatures to enact advanced legislation, such as that called for by the Eighteenth Amendment has encouraged the violators." The Churches and the good citizenship of this state have not stood with the Anti-Saloon League as they should. Many who want the law enforced have been waiting for the other fellow to do it. We have waited until property and life are jeopardized and in some instances have been sacrificed. Shall we wait longer and suffer more?

We recommend:

1. That we seek to enlighten the people on the evil effect of alcohol in forms of wine and beer as well as other spirits, and urge the instruction in all of our institutions.

2. Realizing the importance of having officers who have the highest regard for the performance of their duties, we urge our citizenship to see that we have no officers elected or appointed who use unlawfully intoxicating liquors, or liquors made contrary to law, or who in any way sympathize with violators of the prohibition laws.

3. That we insist upon the rigid enforcement of the law by all officials from the policeman to the governor of the state.

4. That a law enforcement league be organized in every county and community in the Chowan Association and in the state, as the Anti-Saloon League suggests, for team work among the citizens, and for active support of officers who enforce the law.

Respectfully submitted,

W. J. BYRUM, For Committee.

K. C. Horner read the

REPORT ON CHRISTIAN EDUCATION.

Henry Ward Beecher said: "A true education is the awakening of love for truth, giving a just sense of duty; opening the eyes of the soul to the great purpose and end of life. It is not so much giving words, as thoughts; or mere maxims, as living principles. It is not teaching to be honest, because honesty is the best policy; but because it is right. It is teaching the individual to love the good, for the sake of the good; to be virtuous in action because so in heart; to love and serve God supremely, not from fear, but from delight in his perfect character."

Dr. Gambrell says: "Our great need is to enlist the unlisted, and to train the untrained." There was never a time when Christian Education was more a necessity than now. We would emphasize Christian Education because of its great need in the world today. The State cannot do the work of our Christian Institutions. This is an aggressive age, an age of reading, of training and of culture, an initiatory age, in which men are flying off at a tangent, and pre-

senting views in regard to Christianity that are detrimental to its fundamental and vital principles.

Moreover, this is an age of restlessness, in which men are searching after truth as never before. Our young men and women must be able to meet the demands of this age, to combat the erroneous views presented, if they are to achieve success in life. To be able to do this, they must have both heart and brain culture; and this is to be had only in our Christian Colleges and schools.

Our greatest need today is the cultivation of two forces. First, the force that makes for righteousness. Secondly, the force that makes for intelligence. Education is power, but the power may be misdirected. Intelligent goodness is needed, therefore, for its proper direction and use. Hence the emphasis is to be placed on Christian Education. Christian Education and this alone can solve our urgent problems.

If we are to preserve our spiritual democracy, the free discussion upon all questions which involve the action of the denomination, the acceptance of the responsibilities by our people and their faithful fulfillment, then we must have a thoroughly educated constituency. We have the truths and the principles upon which the progress of the modern world depends. Shall we furnish the leaders?

Of the Presidents of the United States, it is said that all but eight of them were college men. A fact that greatly emphasizes the value of Collegiate training. It is further stated that 16 of the 19 College men who have occupied the White House, were trained in Christian Colleges. A fact which speaks volumes for the Colleges which have wrought under the religious impulse.

The Board of Education, located in Raleigh, is co-ordinated with the Board of Missions and Sunday Schools, in all our benevolent operations, save that of the Orphanage. While the Mission Board overlooks our Mission and Sunday School work of all kinds, the Board of Education overlooks our educational work of all kinds.

As first constituted this Board's only object was the assistance of young ministerial students at Wake Forest College and the Southern Baptist Theological Seminary. It still continues this service, and has included also young women in our North Carolina Baptist Colleges, who are preparing for service on the foreign fields, and students in our Bible Institute in New Orleans. The Board expended on these objects during the last Convention year $13,801.95. But six years ago the Board of Education was re-organized and enlarged, its functions were extended and a Corresponding Secretary was elected to give his whole time to its service. These larger functions included the oversight and support of our five Baptist High Schools and three Baptist Colleges in the State. The High Schools employed during the last session fifty-one teachers, and enrolled 1,714 students. The three Colleges employed 74 teachers and enrolled 1,095 students. Our High School property is valued at $381,000; our College property, including plants, equipment and endowments is appraised at $1,202,362.

In addition to the above institutions, the Home Mission Board of Atlanta, is maintaining eight High Schools in Western North Carolina. These schools employed last year 64 teachers, enrolled 1,759 students, and reported a property valuation of $476,329, making a total valuation of Baptist School property in the State of $2,059,791. We also take part in the support of our Theological Seminary at Louisville, the South-western Seminary in Texas, a Woman's Training School in connection with each of these institutions, and a Bible Institute in New Orleans.

The Baptists, within the bounds of the Southern Baptist Convention, own

and control nine Colleges for men, eleven for women, seven for both men and women, 17 Junior Colleges, and 65 Academies, or High Schools. These institutions together enrolled last year 26,789 students, and own property valued at $21,336,000. Our growing appreciation of the value and need of Christian Education is indicated by the fact, that of the 75 Million Dollars aimed at in our recent campaign, over one-fourth was to be set apart for Christian Education.

The Board is helping to educate every year in our Baptist schools about 120 young men and women who are preparing for the Ministry either at home or on the Foreign Fields. We need laborers in the fields, both at home and abroad. The fields are white already to harvest. "The harvest truly is great, but the laborers are few: pray ye therefore the Lord of the harvest, that he would send forth laborers into his harvest."

We wish to consider Chowan College in connection with this report, and ask that she be given a hearing by the Association. She has made for herself an enviable record of which she may feel justly proud. We recommend Chowan College, therefore, as worthy of a place in our Educational System and the patronage of our denomination, and especially this Association. Let us then pledge her our hearty and loyal support, the support of our prayers, money and patronage.

Respectfully submitted,

REPORT ON PERIODICALS.

To be a well informed citizen of the commonwealth it is necessary for one to be a regular reader of some good newspaper, or priodical, whose field is the political and industrial world. We think that no one can successfully contradict that statement. It is not one whit less true that to be an intelligent and a well informed Baptist one must needs be a regular reader of his denominational paper. Perhaps one may be well versed in New Testament teachings, and he may be well informd with respect to the peculiar and distinctive views held by Baptists; but he cannot possess intelligence with respect to Baptist affairs and neglect the constant perusal of the literary organ of the Baptist denomination in his own state. He will not get this information from the political papers, nor from the Farm Journal, nor from the Saturday Evening Post, or other like publications. Baptist affairs are out of their respective fields. One may be a well informed and an up-to-date farmer who peruses the pages of some good paper devoted to farm interests; one may be well informed as to industrial conditions who regularly reads the Manufacturer's Record, or other periodical devoted to industrial conditions, and one may be a well informed democrat, or republican, who reads his partisan paper. To be a well informed Baptist one inevitably must follow out the same principle and read his denominational paper.

In the Biblical Recorder we have an organ second to none in its field. It is a well balanced, splendidly edited, publication, sound in doctrine, sane and conservative in its treatment of general and denominational questions. It has a department devoted to each and every field of church life and activity. Baptists in North Carolina are numerically not a feeble host. But we would be vastly stronger in doctrine and unity were the Recorder placed in every Baptist home. Some churches are putting the Recorder in their budget, and this is highly commendable. But where this is not considered feasible it might be suggested that the local churches place a subscription to the Recorder in the hand of every young convert whose home is not already on the Recorder list.

We have heard of one church in Chowan Association where the Biblical Recorder is received in every home represented in the church. There may be some other not heard from where that is true. That should be the goal. But, unfortunately, only a very small percentage in the average church read the denominational paper. This matter should be laid upon the hearts of the boards of deacons in all our churches.

We recommend also Charity and Children, the exponent of our Orphanage, and that most excellent magazine, Home and Foreign Fields, which brings us such thrilling messages from the battle line of missions. These two periodicals do not cover the same ground as the Biblical Recorder and, while they certainly should be read, they should not be substituted for it.

Respectfully submitted,

E. L. COLE, for the Committee.

The hour for discussion of Christian Education and Chowan College having arrived, R. T. Vann, Corresponding Secretary of the Board of Education was recognized and he spoke on Education. He was followed by P. S. Vann, President of Chowan College, who spoke more particularly on Chowan College.

The Moderator appointed Geo. P. Harrill, W. J. Bynum, K. C. Horner, W. F. Cale and V. E. Duncan a committee to nominate the Advisory Committee.

R. F. Hall read the

REPORT ON SUNDAY SCHOOLS.

In any school there are to be found three outstanding features—the teaching function, the course of study and the school house. Success in Sunday School work cannot be dissociated from these three elements. Your committee would urge that serious consideration be given to these three fundamental things.

1st. The teaching function—Baptists are committed to the task of contending for the faith once for all delivered unto the saints. They recognize the fact that in the New Testament we have a distinct body of truth that must be maintained without compromise. Our Lord's program provides for preaching and also for teaching. He said "Teach them to observe all things whatsoever I have commanded you." Paul declares that he hath set some in the church—Apostles—pastors and teachers. The Sunday school teacher has a divine commission. The Sunday school is the teaching service of the church. The pulpit is the highest place of spiritual power on earth and nothing here said must be construed as disparaging this sacred office, but we cannot contend for the faith in any real sense without actually teaching the Bible.

2nd. The course of study. What shall we study? What shall we teach? We are all agreed that the Bible is the only text book for Baptists. The great Teacher said: "Whatsoever I have commanded you." That specification prohibits what has not been commanded. The teacher therefore, is limited—is shut up to the Bible as his one text book. The sentiment expressed in many places indicates a growing dissatisfaction with our present system. Many express the conviction that our lesson helps, provided by the Sunday School Board, hinder rather than help. It is now a rare thing to see a Bible in the average Sunday school class; and yet we are supposed to study and teach the Bible. Relying upon our present system it is very unlikely that the average pupil will ever acquire an adequate knowledge of the Bible. We might go further and say that it will be practically impossible. If there is doubt in your mind as to the justice of this statement we reply by asking how many of our Sunday school pupils can pass a creditable examination on the Bible? How are we to remedy this situation? Your committee suggests that the Bible be used. Let teachers and pupils carry a copy of the Bible to the class room and study it.

3rd. The Sunday-school house. The best class of teaching is impossible in a school which is forced to conduct a number of classes in the same room. The teacher cannot do his best work. The patience of the teachers who have struggled on in spite of conditions so unfavorable to real teaching is worthy of the highest admiration. This is a situation that must be remedied. Churches must provide equipment. We have here in our Association churches with no separate class room equipment. Eight, and in some cases more, classes meeting in the same room. Here we have not a Sunday-school, but a "blab school" with the boys and girls holding sway. Our country churches, especially, need to give serious attention to this matter of equipment.

Joel S. Brown read the

REPORT ON HOME MISSIONS.

Home Mission work this year has been on a much larger scale than ever before, the appropriations made by the Board aggregating 94 per cent larger than those of last year, when the appropriations doubled any previous year. For this enlargement the need of our Southland is sufficient warrant. This need is all the more imperative because of the unrest that has followed the war. This unrest constitutes a real danger to our governmental, social and religious life. But it also affords an opportunity for the gospel unparalleled in our history. People who have been jarred from their old channels of thought and action by the war can now be guided into better—that is, Christian—channels, if we act in time. After a few years of reconstruction and readjustment men and things will be again in settled channels and our opportunity will, therefore, be less, unless in these years we have made ourselves a larger place by using the opportunities of the present. The Home Mission Board fully appreciates these things, and we believe that our people generally do. Evidence of it is seen in the success of the Campaign and in the increased calls in the Home Mission Board for help from those States where our Baptist cause is strong, as well as from those where it is weakest. It is exceedingly fortunate that the results of the Campaign have enabled our Board to enlarge its work in view of these needs.

The largest apportionments made by the Board for this year were $806,250 for Church Building Gifts and $250,000 for the Church Building Loan Fund. It is an indication of better days that we are adding so much to our permanent equipment. Large increases were made in the apportionments to Evangelism, Enlistment, and the support of missionary pastors in conjunction with the state boards. All these,—and especially evangelism—have shown large returns for the outlay. Work among the Foreigners, Indians and Negroes has been enlarged and has been quite successful. New equipment has been provided for our Mountain schools, and $232,500 has been provided for the Baptist Sanatorium at El Paso, Texas. The work in Panama and Cuba is reported to be on a satisfactory basis, and in Cuba new valuable property has been secured for the enlargement of our educational work.

It is not yet known what amount has been received this year on the Campaign, and, therefore, it is not known whether or not the Board will report a deficit at the Chattanooga Convention. But for the sake of our own Southland, for the sake of the lost world we are trying to reach, for the sake of the Master, we should press our Home Mission enterprise with the utmost vigor. Let us in the Chowan Association be loyal in the payment of our pledges and earnest in prayer for God's blessings on Home Missions, which lies at the base of all our work. JOEL S. BROWN, for Committee.

V. E. Duncan made the

REPORT ON YOUNG PEOPLE'S WORK.

The most fitting report we can make is a summary of the progress which B. Y. P. U. work has made during the year.

1. There has been a marked awakening among the young people. The spirit of loyalty and consecration has never been more widespread for from among

the members of the B. Y. P. U's during the year, candidates for the ministry and volunteers for Mission work will number not less than two hundred.

2. Pastors have shown more interest because of the Mobile Schools and the emphasis given the Manual. This has resulted in more study classes. About two thousand new diplomas and fifty-one two-year Bible reading certificates have been issued. The membership in the Tither's League is near the thousand mark. A great work is being done in our schools and colleges. There are from one to five Unions in each of our Baptist Schools.

This is but the result of the awakening to the great need that the churches have always faced, for trained workers. All churches have a small minority that bear the burdens and a B. Y. P. U. in a church makes it possible for the burdens to be distributed. It is, if it is anything, the training service of the church and should receive a more hearty support from the older members of the church. The church of tomorrow will be what the young people of today make it, for time has not altered the fact that the boys and girls of today will be the men and women of tomorrow, and some of them will be church members. If any phase of the work should receive more attention than any other it is the Young People's Work. V. E. DUNCAN, for Committee.

The report was discussed by V. E. Duncan and Josiah Elliott.

E. L. Cole read the

REPORT OF FINANCE COMMITTEE.

During the month of October, 1920, your Finance Committee prepared, and Brother J. G. Gregory sent out from his office, a letter to the churches of the Chowan Association, urging the vital necessity for collecting the full first year's quota on the pledges of the 75 million campaign, asking for a statement of the total amount pledged by the local church and the amount paid in up to that time. Twelve replies were received. Those replies indicated that all save three of the churches replying had paid in one-fifth of the total amount pledged, and several had more than met their quota for the first year.

During 1920 when the markets were open and prices good and while the initial pledges for the campaign were fresh in the people's minds, the collecting of the money was not so difficult. Now, during the second year of the campaign we are faced with a closed market, money not so plentiful, and, perhaps, with some, the fact that the pledges are an older story. But we cannot afford to allow a lessening of enthusiasm because of difficulties. Difficulties were never intended to become obstacles to faith. If we as Baptists rightly regard the present difficulties as opportunities for the development of the sacrificial spirit our churches will be the gainers and the campaign pledges will be met.

The statistical reports from our churches show whether 20 per cent of the present year's quota was made up by the end of April. If the churches of Chowan Association redeem one-fifth of their pledges during the current year it will be because the pastors, missionary committees and every loyal soul have come to the help of the Lord against the mighty, and have thus given expression to their faith in the extension of the Kingdom of God both at home and abroad.

Respectfully submitted,

E. L. COLE, for the Committee.

The Clerk read the report of the committee in the matter of raising funds for a monument to Dr. R. R. Overby.

Your Committee appointed to take up the matter of raising funds for a monument to the memory of Dr. R. R. Overby, respectfully submit:

That on account of unsettled conditions and the depression in financial matters for the last six months, together with our pledges for the 75 Million Dollar fund, we deem it unwise to present the matter until after this meeting. We are of the opinion that there should be erected to the memory of Dr. R. R. Overby, who was for so many years a leader in this Association in all that was for the advancement of the Master's Kingdom, a monument, and we believe that it would best please him could he be consulted that this monument be a scholarship to Wake Forest College. It will require Two Thousand Dollars for this, and we recommend that this amount be apportioned among the churches of this Association and our pastors be requested to bring this before the churches and ask that it be raised during the next two years.

Respectfully submitted,

E. F. AYDLETT, Chmn., for Committee.

E. F. Aydlett read the report of the Committee to consider changing the time for the meeting of the Association, "Your Committee to take into consideration the advisability of changing the time of meeting of this body, respectfully submits: That we do not change the time of the meeting." The report was adopted.

The hour having arrived for the consideration of Missions, the body was addressed on the subject by C. H. Holden.

R. T. Vann, Corresponding Secretary of the Board of Education, and P. S. Vann, President of Chowan College, were recognized as visiting brethren.

H. K. Williams read the

REPORT OF THE ADVISORY COMMITTEE.

Your Committee desires to submit the following report: The Committee is sorry to confess that it has not been very active during the past twelve months. It will be recalled that the Association voted to seek co-operation with the State Board of Missions, and also with our Home Mission Board in the employment of an enlistment man, but nothing has been accomplished along this line. No progress has been made.

The Committee has turned its attention to the condition of the churches in Currituck County. Brother J. L. Waldrep is the only Baptist Minister in the County. He has, and is doing a most splendid work. He has wrought well since he has been on the field, but it is a physical impossibility for one man to take care of all the interests of a large county like Currituck. Brother G. P. Harrill has been preaching at Moyock for the past two years. Considerable progress has been made under his leadership. Shady Grove, which is near Moyock has been going back lately. They have no pastor and the membership promises to disintegrate, which thing is not surprising where there is a lack of a shepherd and leadership.

It has come to the attention of the Committee that the church at Gum Neck has not had preaching for four years, and the membership has been reduced to eight or twelve, for the reason that a large proportion of the members have joined other churches, presumably churches of other denominations.

The Committee would recommend that a Committee of five be appointed to look into the work in Currituck and arrange the formation of another field and settle a pastor, this Committee of course to work in conjunction with the Churches. We feel that Brethren Waldrep and Harrill be members of this Committee, and furthermore, the Committee advises that this same Committee, or another Committee be appointed to look into the Gum Neck conditions.

Respectfully submitted,

H. K. WILLIAMS, for Committee.

The report was discussed by H. K. Williams, and adopted.

W. B. Duling was recognized as a new pastor in the Association.

The committee on the request of Calvary Church reported "We, your committee appointed to inquire into the needs and circumstances of Calvary Baptist Church of Elizabeth City, find sufficient reason to recommend that the Association endorse their application to the State Board of Missions for aid." The report was adopted.

Geo. P. Harrill read the report of the committee appointed to nominate the Advisory Committee, nominating E. F. Aydlett, E. L. Cole, L. W. Norman, Geo. P. Harrill, E. L. Wells, A. A. Butler, W. W. Sawyer, and those brethren were duly elected.

The meeting then adjourned to 2:00 p. m. with benediction by R. T. Vann.

B. L. Rhodes read the

REPORT ON ORPHANAGE.

The appeal of a dependent and defenseless child touches a tender chord in every human heart. It has ever been so. The orphanage makes its own appeal. It is seldom true that a minister has any difficulty in getting his people to respond to a need of the Orphanage. It is encouraging to see the splendid support given to our own Orphanage work, the details of which may be read in the minutes of the State Convention.

In this report attention is called to some of the striking things which the Scriptures have to say about the orphan. In James 1-27, we learn that the orphan is to be visited. "Pure religion and undefiled, is to visit the fatherless and widows in their affliction." That the orphan is to be beneficently provided for is shown in Deut. 14:29. "The fatherless and the widow which are within thy gates, shall come and shall eat and be satisfied, that the Lord thy God may bless thee." In Job 39:21, we learn that kindness is to be shown them. "If I have lifted up my hand against the fatherless, then let my arm fall from my shoulder blade, and my arm be broken from the bone." In Exodus 22:24, we see that God is the friend of the orphan. "If thou afflict any widow or fatherless child, and they cry at all unto me, I will surely hear their cry, and my wrath shall surely wax hot, and I will kill you with the sword, and your wives shall be widows, and your children fatherless." Psalms 82:3 plainly shows that God requires justice for the orphan. "Defend the poor and fatherless; do justice to the afflicted and needy."

The great emphasis in all child welfare work should be the building of character, and it is gratifying to see this done in our own work. The needs of the present are great; the opportunities are calling. There were more than six hundred and fifty applications last year, and only sixty-nine could be received. Let our orphanage appeal be strongly made in every church within the bounds of our Association.

B. L. RHODES, for Committee.

Immediately following the reading of the above report, Geo. P. Harrill offered the following:

The insistent call at the Orphanage is for more room: We, therefore, recommend that the Chowan Association erect a suitable building at the Kennedy

Home to cost around $10,000 on the strength of an offer of Bro. E. F. Aydlett to duplicate the building. The report and the resolution were discussed by B. L. Rhodes, Geo. P. Harrill and E. F. Aydlett and adopted, with the request that the churches consider this matter and instruct their messengers to the next session of the Association to make their wishes known.

Joel S. Brown read the

REPORT ON THE LAYMEN'S MOVEMENT.

The chief factor in the propagation of the gospel of Jesus Christ is its preaching by a ministry especially set apart for that work. This, however, by no means signifies that other factors are unimportant. Indeed, the teaching of the Word puts obligation on all Christians for the spread of the gospel. And Christian experience shows that for the gospel really to prosper laymen must actively second the work of the ministry. Yet there is ever present in all Christian bodies a tendency toward sacerdotalism. Church work, the layman has a tendency to say, is the preacher's job; let the preacher do it. This attitude, however, is not always due to a lack of interest on the part of the layman, but often to the lack of a knowledge of the need for Christian service and of just where and how he can serve.

It is cause for rejoicing that the last few decades have seen considerable awakening on the part of laymen. One of the evidences of this is the Laymen's Missionary Movement, which represents the organized effort of laymen to enlist laymen in the task of winning the world. It endeavors to enlist his moral and financial support and his personal effort in this enterprise. Specifically, the program of the Laymen's Movement includes: better pastoral support, larger church attendance, teaching the doctrines of the tithe and stewardship, bequests to denominational enterprises, dissemination of denominational and missionary information, and thorough co-operation with all denominational agencies.

The Southern Baptist Convention and the various State Conventions have fostered the Movement for several years. Organization in each Association and each Church is earnestly desired. Brother W. J. Berryman has been chosen to undertake the task of organization in this Association. It is his purpose to conduct a campaign to interest every church and to effect organization as rapidly as possible. His success depends largely upon the support he receives from the pastors, and they are urged to co-operate fully. Our laymen are also urged to lend all possible help. It is recommended that a conference be held during the Association at which Brother Berryman may have opportunity to present his plans to the pastors and others who are interested, and so get the work of Associational organization definitely started.

JOEL S. BROWN, for Committee.

REPORT ON WOMAN'S WORK.

The Woman's Missionary Union of the Chowan Association met September 22, 23, 1920, with the W. M. S. of the Ballard's Bridge Church. The minutes of that meeting have not yet been published and so are not available for statistics for this report. The Associational Superintendent advises, however, that it was the most largely attended meeting the women have had since they began holding their sessions apart from the general associational meeting. She also reports that there has been substantial progress along all lines of the work. This is taken to indicate a growth in the number of societies and in the membership of the societies that already existed. The fact that the women

pledged in the Campaign more than $80,000.00—a third more than their share —shows their zeal and self-sacrificing spirit. In 1915 their contributions totaled $1942.32. This year they have contributed $10,762.61 by the end of Februarv, It is with genuine pleasure that your committee notes these evidences of progress and we wish to commend them heartily for their excellent record.

The committee believes that the heartiest possible support should be given the W. M. U. by leaders in all phases of church work, especially by the pastors. Every pastor should not only lend encouragement, but should so inform himself as to be able to advise wisely and to inspire to the best effort.

It also seems wise that there should be close co-operation between the W. M. S. and the Sunday School; between the W. M. S. and the organized classes for women; between the Y. W. A., R. A., G. A., and Sunbeam Bands, and the Sunday school classes for the corresponding ages; and between the missionary organizations and the Sunday school in presenting missionary themes.

Reference has been made above to the excellent financial record. But excellent as that is, it is less important than the work the women are doing in Bible study, missionary education and prayer for missions. What they have done in the past along these lines was one of the greatest factors in the success of the 75 Million Campaign, and what they do in the future will count more than their cash in the ultimate success of the Campaign. We hope that the ladies will feel that the dissemination of missionary information and enthusiasm is the summum bonum of their work. To that end we urge the members of the various societies to be active in the best possible rendering of all the regular programs, in mission study classes, in prayer for missions, and in enlisting others in the work. JOEL S. BROWN, for Committee.

The reports were discussed by W. J. Berryman and R. T. Vann, and adopted.

H. K. Williams read the

REPORT ON STATE OF THE CHURCHES.

Your Committee does not feel that it is needful to compile the financial reports from the churches reporting to this body and submit the same as a report on the State of the Churches. If anyone desires to know how much has been contributed by the churches to the various objects fostered by the State Convention and of the Chowan Association, the information can be obtained by consulting the tables prepared by the clerk and found in the minutes. If you will examine the reports made on the State of the Churches as made heretofore, it will be found that the report is nothing more nor less than a statement of what the churches have contributed to various objects, and the relative amounts contributed by the different organizations of the church. Such reports do not give us any understanding of what is the spiritual condition of the churches. We do not learn whether there are schisms in any of the churches or not. No information is given us whether there is any church, or churches, struggling with problems, which threaten and hinder the church's progress and fellowship. The reports have dealt wholly with cold figures, but we do not know how large the blaze of spiritual fervor is burning upon the altar of our churches. We have no way of learning how much progress has been made in the spiritual life of the churches. We feel that the report should be made hereafter in such a way as to impart information along this line.

We find from the minutes, or rather letters, now in the hands of the clerk, that there have been five hundred accessions to the churches during the past year by baptism. This is an increase of thirty-three over last year. It is hoped that this is an indication of a wholesome and spiritual condition and growth.

According to the number of churches reporting at this time there has been a net gain of thirty-five in the membership of the whole Association. The reason a larger gain is not shown is doubtless due to the fact that some of the churches have suspended a large number of their members in revising the church's roll; and due also to deaths and removals. There has been an increase in contributions to all objects of a little more than seven thousand dollars.

Respectfully submitted,

H. K. WILLIAMS,
Chairman of Committee.

The subject was discussed by H. K. Williams and adopted, and on motion. the Committee on Order of Business for next session are instructed to set apart. a half hour for a discussion of this subject.

MINUTES OF THE PROCEEDINGS OF THE WOMANS MISSIONARY UNION OF THE CHOWAN ASSOCIATION.

The sixteenth Annual Session of the Woman's Missionary Union of the Chowan Association met with the society of Ballard's Bridge Baptist church, September 22nd-23rd, 1920, at 8:00 p. m., Rev. A. A. Butler, pastor of the church presiding.

Devotional exercises were conducted by Rev. A. A. Butler, after which he presented Rev. R. T. Vann, of Raleigh, who delivered an inspiring and helpful address on "The Women of the Bible."

THURSDAY MORNING.

The meeting opened by singing "Where He Leads Me I Will Follow." The devotional service was conducted by Miss Rosa Goodwin reading a part of Acts 10.

Mrs. Elizabeth Welch graciously welcomed the Union to Ballard's Bridge church and response on behalf of the Union was made by Mrs. J. P. Perry, of Hertford.

After singing "I Need Thee Every Hour" by the congregation, Miss Elizabeth Briggs, of Raleigh, addressed the Union from Col. 1:18: "That in all things He might have pre-eminence." REPORT ON STATE MISSIONS.

Your committee begs to submit the following report: The work and scope of State Missions are such that it is not possible to cover them adequately in one short report. Dr. Charles E. Maddry is the efficient Secretary of the Board of Missions with offices located in the Recorder Building at Raleigh, and under his leadership the Board is being reorganized under the following departments: I. Department of Home and Foreign Missions; II. Department of Missionary-Pastoral Assistance; III. Department of Evangelism; IV. Department of Enlistment and Conservation; V. Department of Sunday Schools; VI. Department of B. Y. P. U.; VII. Department of Woman's Missionary Union; VIII. Department of Church Building; IX. Department of Stewardship and Tithing; X. Book Department. The Board of Missions is functioning in all those Departments very admirably. Every phase of the Denomination's work is being cared for in a splendid manner. Each of these Departments is presided over by an expert and the work of each Department is reaching out into all the State and influencing the life of all our Churches.

The following will give some idea of the labors of the Board of Missions for the year ending 1921. There were three hundred and twenty-seven churches served; two hundred and ten missionaries and enlistment men employed; 4,688 conversions; 3,284 baptisms; total enrollment in Sunday School, 25,366; houses of worship built and in process of erection 188; Churches organized 36; sermons preached 13,754; amount paid to pastors as salaries $84,724.77; amount paid on 75 Million Campaign $7,028.96. We understand this to be the amount paid by the Churches aided by the State Board of Missions.

The work being done by Bro. Middleton and his corps of workers in the Sunday School Department; and also that of Bro. Morgan and his associates in the work of the B. Y. P. U., and that of Bro. Hamby in the Department of Enlistment, deserve special mention. Rev. A. L. Stephens is doing Sunday School work in the Western part of the State among more than thirty Associations. Mrs. Lydia Yates Hilliard, the Elementary worker, is doing fine work in all the State. The Eastern part of North Carolina needs a worker like that of the Western part of the State.

Bro. Perry Morgan and his helpers are holding B. Y. P. U. institutes over the whole State. Recently two institutes have been held in our own Association.

Brother Hamby and his associates have recently held Tithing and Stew-

ardship Institutes in the different Associations. There are three enlistment workers employed for the western part of the State.

It ought to be said that the Board of Missions is undertaking the task of providing suitable and adequate houses of worship at the different State Schools. A splendid house of worship is being built at Chapel Hill—the State University. And it is the policy of the Board to aid in similar projects at Greensboro and at Raleigh to take care of the Baptist girls at the State Normal, and the Baptist boys at the A. and E.

The Board of Missions deserves the hearty co-operation of every pastor, and that of all the Churches in the prosecution of the work which lies before the Baptists of North Carolina. Fine work was done this spring in the interest of the 75-Million Campaign, and perhaps, there is not any State in the whole Southern Convention in any better codition than that of North Carolina.

Respectfully submitted,

H. K. WILLIAMS.

B. F. Hall read the

REPORT ON HOME MISSIONS.

Every well informed Baptist is familiar with the value of the work of the Home Mission Board and its important place in the program of Southern Baptists. It is the only great inter-State Missionary organization of Southern Baptists. Its work is largely co-operative in connection with various State Mission agencies. It thus forms a bond of union and has probably been the greatest force among Southern Baptists for the unification of our denomination. Through this agency Southern Baptists in the larger way make it possible for the strong to help the weak, therefore the principal work of the Board is in the weaker States.

In its work of Evangelism, enlistment, co-operative missions, church extension, mountain mission schools, mission work among the foreigners, Indians, and negroes, religious work among the soldiers and sailors, missionary work in Cuba and Panama and its warfare work upon tuberculosis, the Home Mission Board is promoting nearly every phase of work fostered by Southern Baptists. It is not only promoting mission work in the weak states, but co-operating with the stronger states as well, and is thus cultivating the homeland in a way that helps to furnish the necessary workers and funds with which to extend the Southern Baptists program out to the ends of the earth.

Having accepted the enthusiastic subscription of more than $90,000,000 to the Baptist 75 Million Campaign, the Home Mission Board set about to strengthen its efforts in all eleven of the departments of denominational endeavor fostered by the Campaign. A program in keeping with the enlarged vision and increased liberality of Southern Baptists was set up all along the line, confident that the funds with which to take care of these enlargements would be forth-coming promptly through the payment of the pledges as they fell due.

Up to January 1st, 1922 the Home Mission Board had received from the Campaign a total of $3,562,600.67. Out of this fund it has aided with gifts and loans more than 1,000 churches in their building operations. The evangelistic and enlistment departments have been greatly enlarged and strengthened. The great tuberculosis sanatorium at El Paso, Texas, has been completed and opened to the sufferers from the great white plague. The best possible location for the Mission College at Havana, Cuba, has already been purchased. The work in the Canal Zone has been strengthened, and a Seamen's Institute at Jacksonville, Fla.; has been opened and is rendering a large service to a class of men greatly in need of christian assistance. The thirty-seven mountain msision schools have been provided with better equipment for their ministry to more than 6,000 pupils enrolled there, and the

work among the foreigners, Indians and negroes has been developed in all the states where problems are presented along these lines.

Just now, however, the Home Mission Board, due to the slack in the payment of pledges to the Campaign is seriously embarrassed in all departments of its work. It owes a heavy debt at the banks and until that debt is lifted the Board cannot meet the numerous appeals for assisance, nor can it carry out many improvements and extensions it has already projected. Therefore the Board has found it necessary to inaugurate retrenchments along certain lines. But the work will be placed back upon the former basis as soon as the receipts of the Board attain a standard that will justify such procedure.

The Home Mission Board is regarded as the greatest single evangelistic agency in America, and last year was instrumental in securing more than 75,000 accessions to the local Baptist Churches in the South, the majority of these recruits coming into the churches through baptism.

Brethren, we come to you for assistance. We know that you love God and His cause. We know that you are willing to come to the rescue of that cause when it is in need. If all of our people will pay their pladges the stress of the Home Board and all other boards and agencies will be largely, if not wholly relieved. .....

Therefore, we recommend that earnest prayers be offered constantly for our great Home Mission work, and that the churches immediately come to the help of the Board with contributions in order that the glorious work may be carried forward and that the Board may soon be relieved from its burdensome debt.

Respectfully submitted,

R. F. HALL.

B. L. Rhodes read the

REPORT ON FOREIGN MISSIONS.

Baptists believe in giving the whole gospel to the whole world. The need of the world cannot be met until every nation and Isle of the sea have access to the saving power of the gospel. The burden of our Denominational leaders is the burden of a world call. The ancient religions have failed to meet the needs of the people. They themselves realize this, and have opened wide every gate and are urging that the christian message be brought to their people. The christian forces of the world are facing the greatest challenge and the greatest opportunity they have ever known.

It is especially a challenging hour for Baptists. It is a day when the people are breathing the spirit of democracy, and the hour of democracy is the Baptist hour. The principle of equal rights and privileges to all; the principle that every soul is responsible to God, is the fundamental truth that is leading us on today. For the past two years Southern Baptists have stood heroically by this task. We have been giving our money by the millions, and our young men and young women by the scores, but we have not done our best. This is no hour for a retreat. There are many forces fighting against us. It is a day when we need the true crusading spirit of the cross. The song we need to sing today is not, "Oh land of rest for thee I sigh, when will the moments come," but the song we need to sing is "The Son of God goes forth to war, A kingly Crown to gain: His blood-red banner streams afar; who follows in his train." May God grant that Southern Baptists may rise in their mighty strength, and say, "Here am I, Lord, send me."

B. L. RHODES.

After the reading of these reports C. E. Maddrey, Corresponding Secretary of the Board of Missions addressed the body on the work of the Denomination in the South and particularly as to our own State. At the close of his address an offering of $50.00 cash was made towards paying for a car for the use of a missionary soon to take up work in Hyde County.

The Clerk announced the Committee on Committees appointed by the Moderator, as follows: W. F. Cale, L. W. Norman, E. L. Wells, W. D. Welch and W. L. Small.

The meeting then adjourned to 8:00 p. m. with benediction by C. E. Maddrey.

TUESDAY—EVENING SESSION.

Devotional Exercises were conducted by J. H. Thayer, D.D., from Phillipians 3rd chapter.

The Clerk read the

REPORT ON CHRISTIAN EDUCATION.

No department of Southern Baptist work has received larger encouragement from the 75 Million Campaign than has come to Christian education. The 120 Baptist Schools and Seminaries owned and operated by Southern Baptists have received from the Campaign so far a total of $7,192,442.79 (Report March 1st, 1922). This sum has made it possible to lift burdensome debts from many of our institutions that were on the point of bankruptcy. It has provided still other institutions with much needed equipment in the way of new buildings to enable them to care for their constantly growing student bodies, and it has enabled others to add to their much needed endowment funds. Nearly 40,000 young men and women are now enrolled in the Baptist schools of the South, and a very large number of these young people are preparing themselves for the Gospel ministry, and other definite forms of Christian service. A fine spiritual atmosphere pervades these schools, and in all of them a large majority of the students are professing Christians and take some definite part in Christian work.

It is needless to say that Christian Education is concerned with more than just educating those who expect to give themselves wholly to religious work. All Christians should be educated to the highest degree attainable, for education is power. Our Christian schools and colleges have made contributions not only to every phase of religious work, but to all the activities of civic life. Indeed, the men who are most prominent in the religious and civic life of our people are the men who were educated in the Christian schools. Destroy the Christian schools and colleges and you will have destroyed the very foundation of our government.

We have in North Carolina three Baptist Colleges—Wake Forest, Meredith and Chowan. We also have in this State fourteen Baptist High Schools. These schools and colleges are rendering our country and denomination a great service in that they fit and prepare our young men and young women for more efficient usefulness in all the activities and walks of life.

Never before in all the world has the call been so loud, the appeal so urgent, the opportunity so glorious, the privilege so blessed, the people so ready, the world so ripe for the spread of the Gospel of Jesus Christ as it is today. Autocracy is giving way to democracy, and the light of liberty is breaking over the lands of the world. But unless the light of liberty shall be held up and sent forth by the Christian schools and by the Gospel of Jesus Christ it shall enslave the world rather than set it free. Let us therefore, patronize our Baptist schools and colleges, and come to their aid with contributions sufficient to meet the present crisis.

Respectfully submitted,

R. F. HALL.

The report was discussed by P. S. Vann, President Chowan College and R. T. Vann, Secretary Board of Education North Carolina Baptist State Convention.

J. F. Love, Corresponding Secretary Foreign Mission Board Southern Baptist Convention was recognized and welcomed after which the meeting was closed with prayer by G. P. Harrill.

WEDNESDAY—MORNING SESSION.

Devotional Exercises were conducted by J. L. Waldrep from Isaiah 12.

The report of the Committee on Apportionment of R. R. Overyby Memorial not being prepared to report, was continued and requested to have their report ready to submit to the next session of the Association.

The Moderator appointed G. P. Harrill, K. C. Horner and T. R. Ward, a Committee on Time, Place and Preacher for the next session.

J. L. Waldrep made a verbal report for the Committee on Currituck and Gum Neck Field.

Report of Committee on State of the Churches was called for but the committee had no report and on motion, the Clerk was requested to prepare a digest of the work of the churches during the year as reflected in their letters to the Association and that the pastors be prepared to make verbal reports supplementing this showing the spiritual condition of their churches and fields—limited to two minutes each.

The Clerk read the

REPORT ON SUNDAY SCHOOLS.

In the report of the Secretary to the last State Convention he said "There are three major Sunday-school activities:

I. Enlistment, or reaching the people; II, Organization and equipment, or taking care of them; III, Teaching them the Bible that they may be saved and trained in service. The first two are only preliminary to the last, which is the real task of the Sunday-school."

(1) Teaching them the Bible that they may be saved. This implies three things that need emphasis: I, The children need saving. Children out of Christ are "With out God and without hope in the world." They are not just going through an evolutionary process which will, after a while, result in salvation, but they are dead NOW in trespasses and sins. They need just as soon as they reach the age of accountability, the saving grace of Jesus Christ as much as Nicodemus did to whom Jesus said "Ye must be born again." The first real objective of the Sunday School is the winning to Christ those who are really lost.

(2) The Sunday School needs saved teachers to reach and save the lost children. Here is the weakness of the average Sunday school. Here is what we need to report on and this is what we need to talk about. If the blind lead the blind both will go into the ditch together. We need not only saved but trained teachers. Teacher training has assumed immense proportions in the South. North Carolina and especially the Chowan Association are far behind some of the other sections of the South in this work.

(3) The subject matter of what is to be taught. "Teaching them the Bible" which includes all things whatsoever He has commanded.

Your committee would urge upon our Sunday schools the importance and the significance of the three things outlined in this brief report.

E. L. WELLS, for Committee.

The report was discussed by J. H. Thayer, D.D., H. K. Williams and Josiah Elliott and amended by striking out a part of section 3, after which it was adopted as above.

J. F. Love addressed the body on the subject of Foreign Missions.

The Committee on Time, Place and Preacher reported as follows: "Your Committee on Time, Place and Preacher recommend: Time, Wednesday after the first Sunday in May, 1923; Place, Riverside Church; Preacher, J. H. Thayer, D.D.; Alternate, B. L. Rhodes." The report was adopted.

The Clerk called the attention of the messengers to the first Article of the Constitution limiting representation in the body to "male" members of the church, explaining thus his not enrolling and calling the names of several female members appointed by some of the churches. A motion was made and adopted without dissent striking out the word "male" in line 1, Article 1 of the Constitution.

The following was offered by G. P. Harrill and adopted by the Association. "In appreciation of the fact that Bro. E. F. Aydlett offers to give $10,000.00 to erect a home for boys at the Kennedy Home provided the Chowan Association give the same amount for a girls' home, we hereby offer our thanks." Following this, a motion was made and carried referring the matter of the erection of a building at Kennedy Home by the Association back to the churches with request that they make known their wishes in the matter at the next session of the Association, and that the Moderator and Clerk formulate a statement of Bro. Aydlet's offer and send it to the pastors of the Association to be placed by them before their churches for such atcion as they may wish to take.

The meeting adjourned to 2:00 p. m. with benediction by R. T. Vann.

WEDNESDAY—AFTERNOON SESSION.

Devotional exercises were conducted by B. L. Rhodes from Psalms 90.

G. P. Harrill read the

REPORT ON MINISTERS' RELIEF.

This Board is now 32 years old. Its work has never been very popular. Few eloquent speeches have been made in its favor. The only one that appears to have made a state-wide impression was one delivered by O. L. Stringfield. That one consisted in drawing a verbal picture of "Turning out Old Gray to Pick for Himself." As late at 1912 one-fourth of the Associations in the State contributed nothing to this object of the State Convention. We are glad to report, however, that the Chowan Association has been a constant supporter of this work.

A new day has dawned for the Old Ministers. Six and two-thirds per cent of the 75 Million Fund has been voted for their support. And we hope to see the day when the worn-out minister will be provided for as adequately as when in active service.

Respectfully submitted,
G. P. HARRILL
W. F. CALE.

The report was discussed by G. P. Harrill, L. W. Norman, E. S. Norman and H. K. Williams, and adopted.

The Clerk read the

REPORT ON LAYMEN'S MOVEMENT.

It has been said that the "seed thought of this movement was planted in the mind of the late John B. Sleman, of Washington, D. C., as he sat in the Student Volunteer Convention in Nashville, Tenn., March 2, 1906."

Mr. Sleman saw a large company of volunteers and as he saw this goodly number of "cultured and consecrated students assemble on the platform and heard them speak burning words regarding their life purpose, this thought came to him: If the Laymen of North America could only have the vision of obligation that fires these students they would arise in their might and provide all the money needed for this enterprise."

This thought kept burning itself into the heart of the consecrated business man until it found expession in the launching of the Laymens Missionary Movement.

A meeting of laymen was called in New York City on November 15th, 1906, and a committee was appointed to report on some plan for the enlist-

ment of the Christian Laymen in the cause of world-wide evangelism. The organization was completed and Samuel B. Capen, of Boston, was elected Chairman and J. Campbell White, of New York, Secretary.

It will be noted that at first the Laymen's Missionary Movement was an interdenominational movement, but in 1907 the Hon. Joshua Levering, of Baltimore, and Governor Northern, of Atlanta, called a number of Laymen together in Richmond, Va., and in that meeting it was decided to recommend the movement to the Southern Baptist Convenion, the recommendation was endorsed by the Convention and the Laymen's Missionary Movement was under the fostering care of the Southern Baptist Convention so far as Baptists are concerned.

The history of Southern Baptist Laymen's work is interesting, but we shall have to come down to the Convention in Chattanooga, Tenn., May 1921. At that session of the convention the Laymen recommended to the convention that a campaign be put on for 500,000 tithers in the convention in the year 1921-1922. This work has been pushed in some sections and in others it has not been. Not because the work was considered of no importance, but because of other pressing matters. This has been true in North Carolina especially and for the reason that Baptist Foundation has been held to the front by our state Chairman, Hon. Gilbert T. Stephenson. Then, too, the financial depression has considerably dampened the enthusiasm of our men in many sections, but under God we shall go on conquering and to conquer until Jesus shall be known in all the earth.

If we could but catch the vision of a lost world groping in the darkness of sin, without God and without hope in the world, and then look from that scene to the bleeding Son of God dying for all men that they through Him might have life eternal we should be willing and anxious to offer our "bodies a living sacrifice" on the altar of service and then we should know and practice true stewardship in our giving and in our living.

Respectfully submitted,

W. J. BERRYMAN, Committee.

The report was discussed by W. J. Berryman and adopted.

On motion, it is ordered that hereafter in the absence of the messengers and alternates regularly appointed by any church to the meetings of the Association, any members of such churches may be enrolled as messengers.

5. To appoint any member or members, by and with their consent, to transact any business they shall see necessary.
6. To withdraw from any church in the union that shall violate the rules of the Association, or deviate from the orthodox principles of religion, after due measures are taken to reclaim such a church, or churches, and they remain incorrigible.
7. To allow no delegate to leave the Association until final adjournment without the permission of the body.
8. To admit any of the visiting brethren from other Associations, as assistants who may be present.
9. To adjourn themselves to any future time and place they may think most convenient to the churches.

REPORT ON CHRISTIAN EDUCATION.

Education is claiming the thought and energy of more people today than at any period of the world's history. The State and municipalities are laying peculiar stress on this subject and taxing person and property to maintain schools for all classes in all parts of the commonwealth. That, possibly, is as it should be, yet however, helpful and far-reaching State education may be, we cannot afford to leave this question entirely to the State.

Where there is no education there is little progress, material or otherwise, however material advancement without genuine christianity may prove perilous in the end. The moral health of society and the progress of religion depend chiefly upon the training of the young, while they are young, in matters pertaining to character. If christan education does not begin in the home it is less probable that it will grow in the high school and develop in the colleges.

The command of our Saviour to, "Go—teach," is imperative, yet he who teaches successfully must first know and live the truths to be imparted and not only teach by precept but by example also lest it be said, "Your actions speak so loud I cannot hear what you say."

Education that does not lead to light and life in Christ who said, 'I am the light of the world,' may lead away from God and to darkness and death; hence Christian education is a tremendously important factor in the salvation of the world. The nations that are taught otherwise than God's word doth teach will fail of the highest good in the world and ultimately perish in their own mis-guided learnng.

CHRISTIAN EDUCATION! When and where should it begin, who alone can teach it, what will it accomplish?

The wisdom and energy that brought the 75 million campaign to our people has been more than justified in the benign and lasting benefits derived from that part of the fund appropriated to education through our Boards, saying nothing of the many other blessings that this fund has made possible. Without this—may we say divinely created, fund many of our denominational schools in the South would have been, to say the least, seriously embarrassed.

We should use wisely this timely aid and so equip and strengthen our schools and colleges that they may still grow and continue to enlarge

their work when the 75 Million fund shall cease to be received. The very best and most efficient educators, christian educators only, should be employed to do the work in our denominational schools, do a work that God will own and bless and that will be a blessing to the world.

Your committee would recommend, request and earnestly urge our churches to, "keep the lower lights burning," by paying our pledges to the 75 Million fund to the end that our schools and colleges, by giving christian education, may be enabled to make their contribution to the educational and civic life of the State and nation.

LUCURGUS HOFLER, For Committee.

REPORT ON SUNDAY SCHOOLS.

In 1918 the total enrollment in our Sunday schools was 8045. In 1922 we had a total enrollment of 8725. In 1918 56 schools were reported—in 1922, 55 schools. In 1918 there were 324 baptisms from our Sunday schools —in 1922 there were 405. In total contributions 1922 shows an increase of $3500 over 1918.

We have in this Association over 11,000 church members. Only 27 per cent of these are enrolled in our Sunday schools. Seventy-five percent of the people in our Sunday school are not church members. These facts are not encouraging. They help us to see our task and our opportunity.

Your committee feels that recommendations, made in the past, have not been taken seriously or that the things recommended have been inefficient.

Since the trained leader and teacher is the key to the success of the Sunday school, we commend the work that is being done in the "training school" work. And we recommend that, where desirable, pastors exchange with each other in teacher-training work as they do in holding revival meetings. In many cases, no doubt, the pastors would prefer doing their own teaching. This work cannot be left to the Sunday school "expert". It is the pastor's work. This is without any reflection on the expert—they have their hands full.

The primary purpose of the church is to save the world; the secondary purpose is to save the lives and influence of saved souls, for their development and for God's glory. The first purpose—saving men—cannot be accomplished unless the truths of God are presented to those who know them not. Hence, the teaching service of the church is essential to the salvation of the lost, and is one of the greatest forces available to the churches for winning souls.

We believe we are God's exponents in the world. His truth has been committed to us. We have given to individuals and to nations a high type of freedom and democracy. This has been made possible because we were true to our faith and doctrine. The world is now undergoing a mighty upheaval. Annihilation and transformation are taking place with nations and with systems of thought and government.

Truth is power. The individuals and the nations are seeking for it as never before. With a glorious past, a present full of inspiration and rich in opportunity, with God's word and His promises for final triumphant victory, let us rise in our might, and teach, disseminate His truth among our people, that we may take our rightful place, vouchsafed by our principles, in establishing righteousness in the world, and in bringing men and nations into a right relationship to God and His purposes.

J. L. WALDREP, For Committee.

REPORT ON FOREIGN MISSIONS.

At no period in the history of the world has the opportunity for Foreign Missions been so large and inviting, and the needs so urgent and appealing, as today. The whole world looks to us for the Gospel of Jesus Christ

and we must not turn a deaf ear to the Macedonian call. God is graciously blessing our efforts in all of our mission fields. People are crowding our mission churches beyond the normal capacity of our church buildings, so anxious are they to hear the Gospel.

Since the beginning of the 75 Million Campaign we have begun work in five new countries in Europe and three in Asia, making a total of seventeen countries in which we are now witnessing for Christ, including a population of nine hundred millions of people, or a little over one-half the entire population of the world. Southern Baptists have encircled the globe with their great program of mission work.

Never in the history of Christianity has the failure of all the other reilgions of the world been so pronounced as today. For many thoughtful people in almost every land are wondering if the Christian religion can satisfy the longings of the human heart and mind, and offer a true solution to the many preplexing problems that confront civilization today. The challenge of our new mission fields for the "Truth" as Southern Baptists believe it, awaits us.

Today is our first attempt to evangelize a Mohammedan land. Recently we have opened up a mission station in Jerusalem, where Jesus, nearly 1900 years ago said to His disciples: "Go ye into all the world and preach the gospel to every creature." The upheaval of the World War has revealed amazing opportunities for Baptist work in Russia, Hungary, Jugo-Slavia, Roumania, and Spain; and the reports from our older mission fields are better than ever before, and they are pleading for more labourers, better equipment, new schools, churches, hospitals and orphanages.

It is marvelous to note how our Foreign Mission Board, located at Richmond, Va., has been able to report the wonderful work it has accomplished with such limited resources. Really we are embarrassed at the great success of our work, for the funds are inadequate to meet the pressing needs of each mission field. Right now our Missionaries who have given up all in the Home-land, are pleading for two million dollars to carry on their work. Southern Baptists gave last year to all objects, including local expenses, about thirty-three million dollars, but only one out of every nineteen dollars went to Foreign Missions. Our Foreign Mission Board has the lowest expense rate of any other mission board in the world, for out of every dollar only three and two thirds cents is used for expenses, all the rest is expended directly on the foreign field.

Now if we could only get our people to see the peculiar dependence of Foreign Missions, its vast problems of growth, and the many sided phases of its work, we would then find our Churches paying their Campaign pledges, and more missionaries could be sent out, needed equipment provided, and God's Kingdom hastened on earth. If Southern Baptists really love the cause of Foreign Missions, they should measure their love with their gifts.

Respectfully submitted,

R. F. HALL.

STATE MISSION REPORT.

Your State Mission Board under the care and supervision of our most efficient superintendent, Charles E. Maddrey, has made some mighty strides toward the great good for which we are all working—to bring the old North State to know Jesus. You have put upon him a man's job with seven departments. Perhaps we can get a clearer view of the work if treated by departments.

No. 1. The department of Pastoral Supply.

We have under the Board's care 202 Missionary pastors. Baptists are frequently asking about the money that they give. What are you doing with it? We pay these 202 men $56,242.53. In return for our investment

last year they served 356 churches and preached 15,393 sermons. The number of conversions were 4,910, and received into the churches by baptism, letters and restoration 6,309 souls.

Our missionary pastors raised on their fields last year for the work of the Convention $65,303.05, which is $8,960.52 more than we put into the work. Does State Missions pay? There is no investment we can make that will bring us so large income as money put in State Mission work.

No. 2. The Department of Enlistment Among Country Churches.

This is one of our great problems. The country is developing now more than ever before, and we must stand abreast of its development if we are to save the country for Jesus. We have many pastors overlapping in their work serving unorganized fields. How much better work can a pastor do, when his work is close at hand, instead of driving through another's charge to get to his. Too frequently a minister of some other church is close and on occasions when a pastor is most needed he does the service that entrenches him in the lives of our constituency ahead of their own pastor.

No. 3. The Department of the Sunday School.

Bro. Middleton who is in charge of this work is very efficient. The place we occupy among the other States of the South is due largely to his untiring energy.

We stand first in the number of schools to churches. That is nearly every church in North Carolina has a Sunday school. We are second in the number of standard schools. We are second in membership among all the States. We are fourth in line of teacher training. One of our great tasks today in North Carolina is to get interested in Sunday school work the 500,000 of our constituency that do not go to Sunday school. They will be a clog in the wheel ever unless won. One of the best ways to do this work is to put on a campaign for better equipment. The Sunday school is the recruiting grounds for the kingdom.

No. 4. The Department of Young People's Unions.

Here is a work that will mean much for the Kingdom in the tomorrow. There are 1025 B. Y. P. U.'s and many other unions fostered by the W. M. U. of our Convention. The auxiliaries such as Sunbeams, Royal Ambassadors and others turned into our treasurer last year the sum of $51,117.59. Is this work worth while? Thank God we have seen the hour when our young people are taking their place in the Kingdom.

No. 5. The Department of W. M. U.

Miss Warren is making rapid progress in reaching every church and doing much toward calling out the noble women of our constituency to Kingdom service. The fogyism of some of our brethren have long stood in the way of our women. May it never be so again.

No. 6. The Department of Evangelism.

This is the youngest of our departments but it has come to stay, because we see it has a place and a work to do. We have four men on the staff and they report for the first year 2097 conversions, additions to our churches 2032. They report the establishment of 2468 family altars. The work was nearly self-sustaining the first year.

No. 7. The Department of Church Building.

This has been a neglected field for a long time. The most important work under this department today is the building of suitable churches near our state school to take care of the spiritual life of our boys and girls. No doubt many a Baptist boy at the University would have come away a stronger man if we had had a Baptist church for him to attend and work in. What is true at Chapel Hill is true at every state school. We heartily commend the State Board of Missions for its work along this line.

In conclusion I must say a word about our Baptist Book Store at Raleigh.

Some things I am just a little selfish about. Every dollar we spend at our store has a little profit to the store and that profit is turned back into the work. But when you buy through David C. Cook it is gone forever from our work. Brethren, do business with your own store.

J. R. TAYLOR, Committee.

REPORT ON TEMPERANCE.

Your Committee on Temperance beg leave to offer the following:

Your committee understands that we are to deal with this subject in this report only as it has to deal with intoxicating liquors, and in this respect it has been an important subject for a long time. The evils connected with strong drink have annoyed the church and greatly hindered it in its work through the years. God's consecrated people have prayerfully longed for the day when the evils of intemperance would be destroyed. To this end organizations have from time to time been formed and the relief of legislation has been sought. Earnest prayers from anxious mothers and fathers have been offered and many sermons have been preached. For a long time there seemed no hope. The temperance speakers were considered fools and the temperance preachers fanatics, while lawmakers turned a deaf ear to every temperance call. We thank God, however, that things have changed. The faithful temperance message, the earnest temperance efforts, the faithful prayers and the soul longing of other years have proved to be the seed that are now bringing forth the temperance harvest. Today we have laws on the subject that seem to be about all we could desire. We have climbed in a few years from local option to state-wide and from state-wide to nation-wide prohibition and it looks as if it may not be long before we shall be able to say world-wide prohibition. Our towns, our counties, our states and our country at large all say "Thou shalt not," and we are all rejoicing in the wonderful progress made. With all these laws written and published, with all the work of prohibition commissioners and the law enforcement committees, with all the money spent in carrying forward these reforms, we are still painfully conscious of the continued ravages of this evil. We have driven the demon from his conspicuous place on the corner of the street and the county crossroads, we have made him an outlaw and deprived him of the respectability of other days, and we now dare him to pursue his one time policy of publicity. We have driven him to the swamps where under the shadow of darkness he must guard his secret caves of hiding. But, my brethren, we have not destroyed him. He is still in action and day by day distributes his poisons to who-so-ever will. In fact he has become more defiant, more determined. He has changed the personnel of his agents and works, if possible, on a lower platform than in former times. He glories now not only in the patronage of his old stand-bys, the topers, but through the new agents employed and the working out of modern plans, he finds great delight in adding continually to his list of friends many of the boys and some of the girls of this generation. No boy is too small, too weak, too bright, too handsome or too promising to be solicited by this demon of destruction. No girl is too tender, too fair or too pure for his hellish fangs. No home is too sacred, too happy to be entered by his agents of darkness. Sometimes we very seriously ask if the present conditions are much more to be desired than were those when Daddy brought home his jug and enjoyed its contents in the presence of his children. We do not mean to compare then and now, but we do mean to emphasize the awful conditions that now exist. We know that thousands of stills are being captured and much mash is being destroyed, we know that men are being fined in our courts and sometimes sent to the roads, but more stills are being operated, more mash is being made and more men are going in to fill the vacancies. It does look as if the law is powerless to

accomplish its purpose. What is the matter and what is the remedy are the questions being asked.

Your committee does not know how to give a satisfactory answer to these questions but will venture a few suggestions.

FIRST, we do not believe that any law can be successfully enforced until those affected desire the enforcement of the same. We believe that one of the great troubles is that so many people do not want it enforced. This being so, the work of the temperance forces needs to be directed to the creation of a better moral sentiment in each and every community against this great evil. Therefore, it becomes the duty of the preacher, the teacher, the leader, the mother and the father to preach and teach, in public and in private, the majesty of the law, the evil of intemperance and the duty of the real citizenship. In this way may our people be educated to see the subject in its moral bearing and be brought to a standard where they will desire the enforcement of the law.

In the second place your commttee believes that every church has an important work in the enforcement laws in her own membership. We believe that a church conscious of having in her fellowship those who make, sell, buy, or drink this outlawed product and yet in the face of such knowledge quietly fellowships such member, becomes a party to the crime and silently gives her consent to the business. Such church must of necessity lose the full measure of her christian influence and power to enforce the laws without. It does not appear consistent to hear christian people ridicule the courts and officers of the law for failure to carry out the criminal law while they sit still and refuse to raise their voices in their own churches in behalf of the enforcement of the laws of their God. Therefore, your committee, would earnestly urge that the Baptist churches of this association arise in the dignity of their strength and have a general house-cleaning and get rid of any spiritual trash soaked by monkey rum whose influence is on the side of the lawless gang that make and peddle, in defiance of God and man this element of destruction. Let the standard of the baptist church be raised to the spiritual place where drunkness will not be fellowshipped and then, and not till then, will we be in position to effectually teach this doctrine of temperance.

In the third place, your committee begs to call your attention to the fact, as we see it, that the man who buys liquor and drinks liquor, knowing that the law forbids its sale, becomes a party to the crime and is himself a moral violator. If there were no buying there could be no selling. If there were no drinking the manufacturers would be forced out of business. We go a step further and give it as our conviction that so long as men and women must satisfy their personal desires with this outlawed poison we need not hope to do away with it. If this is true of men and women generally it is peculiarly true of the professors of religion. These should stand for the highest and the best things. Your committee believes that the church members of this present time have it in their power to break up this whole business. But to do this let it be clearly understood that they must stop buying and drinking the miserable stuff. How far, we ask, are the Baptists of this association responsible for the intemperance within our bounds? We answer, just so far as we love to turn the bottle to our own lips and then keep our lips closed as to where we got the bottle from.

We close this report with the earnest prayer that our Baptist people especially those of our own association will have no sort of fellowship with this work of darkness but will seek in every possible way to find its hiding and banish it from our midst.

Respectfully submitted,

R. S. MONDS, For Committee.

REPORT ON PERIODICALS.

Your committee begs to report that the Periodicals of the Baptist Denomination in North Carolina are functioning for the upbuilding and advancement of the Baptist denomination and the christian people. Charity and Children, the speaking organ of the orphanage, keeps the Baptist denomination in touch with those motherless and fatherless children. It appears to your committee that every Baptist household in North Carolina should subscribe to this paper because one of the breatest responsibilities placed upon us is to look after those whose fathers and mothers have passed over the river and are resting under the shade. The only way we can realize the great work the orphanage is doing, especially those of us who are not living in that part of the state where the orphanage is located, is by subscribing to and reading Charity and Children.

The Biblical Recorder has made a wonderful growth since 1901 up to which time it was privately owned and controlled. In 1901 a committee was appointed at the State Convention in Raleigh which committee recommended that the Convention should buy and publish the paper. There was much discussion pro and con as to the organization of a corporation to own and operate the Biblical Recorder. A resolution was finally adopted which read as follows:

"That the Convention recommends the organization of a corporation to own and operate the Biblical Recorder, and the North Carolina Baptist, if desired, and appoint a committee of five to effect the same by the first of February, 1901, or earlier if possible."

Pursuant to this resolution a corporation was formed, known as the Biblical Recorder Publishing Company, for the purpose of financing the paper. In 1907, at the request of the directors of the Biblical Recorder Publishing Company the State Convention appointed a committee of seven to act with the seven directors in the Company in the electon of the editor of the paper. This step has brought the paper in closer relation with the Convention and the denomination. The Recorder now has its own printing plant and office building. The paper is more fortunate than most other Baptist papers of the South by reason of the fact that income from these outside sources makes it possible to give the Recorder to the Baptist people below the actual cost of publication.

We have a very able editor in Dr. Livingston Johnson and the Recorder is a paper of such character that it stands for good and the upbuilding of Christianity. It tells the denomination the status of its people. The paper is rich with information and articles showing high literary attainment of its editor and those who write for it. Your committee respectfully wishes to impress upon the Association that this paper should be in every Baptist home and we urge that you subscribe to the Biblical Recorder for the good of yourself, your children and your home because it helps to create and build up finer instincts in one's being, and guards the home with a spiritual protection.

Respectfully submitted,

THE LAYMEN'S MISSIONARY MOVEMENT.

The Laymen's Missionary Movement of the Southern Baptist Convention has just closed its sixteenth year of work. Its growth has not been spectacular nor even regular, but more or less sporadic but withal a healthy growth. The machinery of the movement was designed for heavy duty rather than for speed, for endurance rather than for show. Its policy

is thoroughness in the work attempted and its program is to enlist and to keep enlisted all our men in all the work of the denomination and while the growth has been slow there is no reason for discouragement.

Some states are very well organized—Kentucky for example—and other states are not so well organized. Some states are partly organized—North Carolina for example. Some associations in North Carolina are very well organized and other associations are not organized at all—Chowan for example. So far as your committee knows there is not a single laymen's organization in the association. There are several reasons for this. First. Lack of a definite associational policy. Second. Lack of a vigorous associational program. Third. Lack of an aggressive associational organizer. Fourth. Lack of a virile associational co-operation.

The writer of this report is the nominal director of the Laymen's Missionary Movement for this association, but as stated in the report last year other things have been holding the attenion of our men and especially one thing has been given more time than any other one thing by State Secretary of the Laymen's Missionary Movement, namely, the Baptist Foundation and because of these things it has been difficult to get much real work done.

If there is a necessity of and a place for our women's organizations—and no one denies it—then there is a necessity of and a place for organizations of men for doing Kingdom work. Indeed I am persuaded that in order to do our best work we should have such an organization in every Baptist church in the land.

The Laymen's Missionary Movement is not a super-organization and membership in it does not at all subtract from, but rather enhances the value of regular church membership in that it is especially designed to teach the principles of and to train men for active missionary work in their own churches and unto the uttermost parts of the earth.

"Ye that are men now serve him,
Against un-numbered foes,
Let courage rise with danger,
And strength to strength oppose."

W. J. BERRYMAN, For Committee.

REPORT ON HOME MISSIONS.

The history of the Home Mission Board of the Southern Baptist Convention is a history of glorious achievements, but a history written in tears and prayers.

Since the day when Jesus told His disciples "Ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth," Home Missions have, in the very nature of the case, held the most strategic position in all missionary endeavor.

Our Home Mission Board has, for seventy eight years, been a mighty bulwark of strength and defense under God in neutralizing the power and impact of the mighty tide of pagan and papal immigration that has at times threatened to deluge us with religions and customs that are inimical to the gospel of Christ and therefore to our American institutions.

By placing strong men and women at the ports of entrance, viz. Baltimore, Norfolk, New Orleans, Galveston, El Paso and at all other great centers of population the Home Mission Board has, by its daily ministrations of mercy and by preaching the gospel of Christ projected itself into the lives of thousands of foreigners who came to America for no other purpose than for asylum from the tyranny of political, social, religious and economic oppression, and having enabled them to find all they sought

they have given more—they have given them Christ and they have become citizens of the kingdom of God. But the Home Mission Board does not stop with giving the gospel to the foreigners who may cast their lot in Southern Baptist territory. Its work is multiplex as can be seen by a hasty survey of its various fields of operation, namely: Co-operative Missions, Enlistment, Evangelism, Mountain Schools, Indians and Negroes, Cuba and Panama, Soldiers and Seamen, Southern Baptist Sanatorium, Church Extension, etc. The power of the gospel of Christ is today felt from the Atlantic Ocean on the east to the far flung plains of Texas on the west; from the city of Baltimore on the north to the torrid regions of Panama on the south, and every cove peak of our great southern mountains acclaim the power of the gospel of Christ through the work of the Home Mission Board.

The greatest work of the board is to preach Christ to lost souls, but it has not stopped with that—it has heard the whole commission of Christ and has done untold good in its work of assimilating and co-ordinating erst-while opposing elements of society and in discovering, developing and bringing into activity the potential powers of multitudes of mountain boys and girls who are the purest blooded Americans to be found and who, when won to Christ and trained for His service, become mighty defenders of His cause.

But what shall I more say? The time would fail me to tell of the great and mighty works already done by Gray, and Bryan, and Hamilton, and Brown, and Hening, and McCall, and Frost, and Vermillion, and Warren and the great host of the faithful who preceded them and who, as leaders have multiplied themselves through their associates and have divided themselves out to the ends of Southern Baptist territory and by God's great grace and by their faith in the Lord Jesus Christ they have wrought righteousness, won souls, educated multitudes, carried Christ to the soldiers and sailors, healed the sick, built church houses, maintained outposts and built a solid wall of christian influence around our southern zion against which the gates of hell shall not prevail and by co-operation with pastors and christian workers are leavening the whole lump with the redeeming love of God.

But notwithstanding all the work done by our board it is now staggering along under a tremendous debt that threatens to force retrenchment along all lines. This debt is not due to any fault of the Board, but to a lacking of payment of pledges to a readjustment of the funds of the 75 million campaign. At this, the beginning of the last year of the campaign, the prospects are anything but pleasing, but even now we can win if we will bring the whole tithe into God's storehouse.

The call is loud; the need is great; the opportunity is bright; the privilege is glorious; the obligation is binding; the task is challenging and God is commanding—GO.

W. J. BERRYMAN, For Committee.

REPORT OF CHOWAN COLLEGE COMMITTEE.

The Committee submits the following report:

Chowan College was established seventy-five years ago this coming October and its doors have never been closed, even during the Civil War. Thousands of girls have gone out from the walls of this institution to add their blessings to the world and to take their positions in the foremost ranks of the highest christian culture and the most refined societies.

The rating of the College by the Accrediting Board of the State has been raised a year during the present administration. It now ranks in Class "B," which entitles all the future graduates to receive high school certificates without examination. If the college had an independent income from outside sources, other from that received from board and

tuition, $15,000.00 a year, it would promptly be put into Class "A" by the State's Accrediting Committee, and it would be so recognized throughout the entire south. If the Baptists of Eastern North Carolina would guarantee this independent income of $15,000.00 a year then Chowan College would promptly take its place in the "A" Class. No institution in the state is in the "A" Class that does not have this amount of independent income.

During the past three years, wonderful improvements have been made in a material and substantial way in the present buildings. New equipment has been added to the newly renovated Science Hall, a Freeport Gas Machine installed for the benefit of the Laboratories and Domestic Science Department, so that now the equipment is a credit to the institution. Under the present arrangement, every opportunity is given for thorough work in the entire Science Department, for the equipment is new, efficient, and up-to-date.

The new building, now being completed at the College, contains an auditorium with a seating capacity of over a thousand, and this auditorium will be second to none in the State in beauty. In this building is, also a new heating plant, well and properly arranged to give satisfactory heating service. In this building, also, are five beautiful new studios, sufficiently large and equipped for large classes in piano, voice, violin and expression. This new building, also, contains a large swimming pool which will be kept comfortable for use during the entire year's term, also a well equipped gymnasium and thirteen dormitory rooms.

With the new heating arrangement for the concrete cottage, the new building and the East building, the institution can easily take care of forty more girls than it is at present able to care for. It is contemplated to convert the present Chapel into class rooms, thus, having all the class rooms in the basement of the Administration building and in the present Chapel space.

With the raising of the standard of the College and with the recognition that the institution is now receiving throughout the state and the southern states and with the modern equipment that has already been added and with the beautifying of the campus and surroundings that has been going on for the past few years, the Baptists of Eastern Carolina should renew their pride and interest in the institution and see to it that every available space is filled with students for the opening of the fall term.

E. S. NORMAN, Committee.

REPORT ON ORPHANAGE.

This is a great work. It is gratifying to know our people respond liberally to its needs. There are 453 children at Thomasville and 98 at Kennedy Home. They have been cared for at a cost of $232.70 each per annum. Twenty eight have completed the course. Six hundred and eleven children applied for admission during the past year and of this number only 67 were received because of lack of room The 544 boys and girls who were turned away need our help and care. A new departure in the management of the institution has been adopted by the trustees, to-wit: "Mother's Aid" plan. This is appropriating money to the aid of mothers in the home for the support of children. Year before last 105 children were aided with their 23 mothers. Last year 225 were aided with 48 mothers. The average cost of this is $5.88 each per month.

We need more dormitories. We are able to build enough to receive the 544 who were turned away this past year. The great collection on last Thanksgiving indicates clearly that we will take care of all the children we have room for. Let the need of room be made known in all of our churches.

E. F. AYDLETT, Chm., For Committee.

REPORT ON WOMAN'S WORK.

The Woman's Missionary Union of the Chowan Baptist Association met July 27-28, 1922, with the W. M. S. of Warwick Baptist Church.

At this meeting our reports showed 40 W. M. Societies, 30 Sunbeams, 5 G. A.'s, 5 Y. W. A.'s and 4 R. A.'s.

We have gained 6 women's societies, 3 Sunbeams. We have not been able to do very much with our young girls and young women. It is quite a problem to know just how to get them organized and working.

We had Miss Ella Pierce, a training school girl, as a field worker in our association last August and she did a noble work among our women and gave them much inspiration.

We now have County Organizations with good consecrated leaders who are doing untold good work for missions. Our aim is a Woman's Society in every church in the Association and a Mission Study Class in every society.

We gave last year $11,557.25 total for all societies. This was a fine report considering every thing.

We have given to the Baptist Hospital at Winston Salem 480 dollars extra from our regular contribution to the 75 Million Campaign fund. Good work was done by our women during the Re-Inforcement Campaign. We beg that the pastors of the Chowan Association will give us their hearty co-operation and support.

MRS. B. B. SAWYER, Associational Superintendent.

The following resolution offered by J. H. Thayer was tabled to a more favorable hour Thursday for consideration.

That this report be read on the afternoon of the first day, and that suitable provision for it be made by the Program Committee.

That the Commttee on Committees be instructed to name the usual committees, but that the duties of these regular committees shall be to discuss their particular section in the above named summary report and not to present separate reports."

SUMMARY REPORTS OF BAPTIST DENOMINATIONAL ACTIVITIES.

REPORT ON CHRISTIAN EDUCATION.

Southern Baptists have been increasing their educational work in the last few decades in a very gratifying way.

But says Dr. J. W. Cammack, Educational Secretary for Virginia: "Baptists must bestir themselves in order to have our share in the growing attendance in colleges. In 1910 there were about 240,000 students in colleges in the United States. Now about 600,000 are in colleges, not including State Normal's or Teachers' Colleges. The increase in young men in attendance in

colleges in ten years has been about 91 per cent; the increase in young women has been in the same time about 235 per cent.

Our educational resources:

Two theological seminaries for training ministers, one Bible Institute for fuller equipment of workers engaged in all forms of Christian service; two missionary training schools to equip young women for missionary and Christian service at home and abroad.

32 senior colleges, 30 junior colleges, 52 academies.

2,890 ministerial students and 33,295 students, all told, attending Southern Baptist schools.

2,007 volunteers for special Christian service other than the ministry.

19 per cent increase in students and 46 per cent increase in investment in Baptist schools since Campaign began.

A comparison of the figures reported by our institutions for the session of 1922-23 with those of the previous session shows a slight loss in enrollment at Wake Forest and a slight gain at both Meredith and Chowan a net loss of twelve in three colleges, and a gain aggregating 168 in the secondary schools.

But reports from the various openings last Fall show very gratifying gains over those for the same date during the previous session: 30 for Chowan; 17 for Meredith, and 127 for Wake Forest. It should be noted that in her enrollment, Meredith does not report the 131 pupils in her Primary Music Department.

Our secondary schools also report gains: 30 for Wingate, 29 for Buie's Creek, and 13 for Boiling Springs. Liberty-Piedmont suffered a slight loss. The openings of the mountain schools were equally favorable. Fruitland having had to turn away a number of boys and girls for lack of dormitory space.

In respect to buildings and endowments, the showing for the past year is also gratifying, both in the high schools and the colleges. Wake Forest added to her endowment during the year $1,682,538.96, and her trustees have recently authorized the erection of a new dormitory at a cost of $108,000.00. The endowment at Meredith was increased $53,933.69. While she made some slight improvements in her plant, her policy is to undertake no other building on the present site. Chowan added nothing to her endowment, but completed a building including an auditorium, music rooms and a swimming pool, at a cost of more than $60,000.00. Buie's Creek is about finishing a boys' dormitory to cost $35,000.00 and a library at a cost of $40,000. The latter when finished will be one of the handsomest library buildings in the state. Wingate expended during the year $22,550.00 in building.

Among the Mountain Institutions, Mars Hill expended $1,500.00 on her laboratory equipment and $5,000.00 for improvement of her dormitory accommodations. Fruitland expended $3,000.00 on her plant, and most of the other institutions expended small sums in way of improvements.

The total number of ministerial students in our North Carolina Baptist high schools and Junior colleges for the past session was 147; in Wake Forest, 81. The total number of student volunteers in high schools and Junior colleges was 77; in our colleges, 32. Of this number, the Board of Education aided 25 young men in our high schools; 71 in Wake Forest, and 10 young women in Meredith.

How many of us know the place that Wake Forest has had in our denominational life in the 99 years of its existence? It is so much easier to find fault with some little defect that we do not like than it is to think of the big things that have been done. What we need to do is to make Wake Forest a tremendous asset by increasing its capacity.

OUTPUT AT WAKE FOREST.

Twenty-five per cent of the graduates of Wake Forest College become ministers. Of the 2,365 graduates of the college 673 have entered the service

of the Master in home or foreign fields. Since 1847, facts show, 43 have entered the service in foreign fields. Thirty-nine have been sent to China since 1847. Wake Forest supplies about twice as many students to the Southern Baptist Theological Seminary as any other college. Such were facts and figures brought out by President W. L. Poteat in speaking to the congregation of Wake Forest Baptist Church recently.

Recently Chowan had a library campaign which was eminently successful. Under its new president, Dr. C. P. Weaver, our oldest institution for women in the state seems to have taken quite an advanced place in our educational program.

Meredith College is in the midst of a bond-selling campaign which if carried to success will enable the trustees to build a greater plant on the new site already secured.

REPORT ON SUNDAY SCHOOLS.

The Sunday School Board at Nashville reports that we have 20,935 Sunday Schools with an enrollment of 2,220,035. Fully half of our constituency is in schools of less than 200 enrollment.

During the year 16,997 Normal Course diplomas have been awarded, 3,882 Red Seals, 1,637 Blue Seals, 289 Gold Seals, and 617 Post-Graduate diplomas. Since the inauguration of our Teacher Training Courses we have given 103,962 normal courses, or first diplomas, while 9,080 have received the Blue Seals for the eight books in our course. Southern Baptists took more seals for teacher training in 1923 than the Northern Baptists, Northern Methodists, Southern Methodists, Southern Presbyterians, Congregationalists, and United Brethren combined. Our Board issued 67,567 seals. The others combined issued 54,835. Coming to our own State, we find that there has been a fine growth and a prosperous future seems to await us. The following is taken from the report made to the last state convention:

Membership in Sunday School varies. We do not stabilize the enrollment as in church membership. Many schools make quick removal of names for non-attendance. The papers of 1921 and 1922 showed great gains. This year has been a good one. We now have 2,159 schools with a membership of 274,524. This is a gain of 9,028 over last year. There are some church schools and many branch schools not reported. In the fast four years we have gained 60,769. This is more than we gained in the ten years preceding—1909 to 1919. There are now probably 2,200 schools with a membership of 280,000.

Teacher Training is our greatest task and is growing. During last year we received 1,409 Normal Diplomas, 359 Red Seals for completing a four book course, 138 Red Seals for the eight book course. The total number of awards received was 5,321. This gives us a good rating among the states. We are fourth in number of diplomas and third in total awards. We cannot urge this work on pastors, superintendents and teachers too strongly.

REPORT ON B. Y. P. U.

One of the heartening phases of our work is the growth and stabilizing of the young people's work in our churches. This has passed the experimental stage and is now settled on a secure basis. Careless indeed must be the pastor who does not recognize that the prosperity of the kingdom is tied up in his young people. We cannot recommend too strongly that this work be fostered in all of our churches.

The following report comes from Nashville:

The B. Y. P. U. growth has been remarkable. We report 13,988 Unions with a membership of 483,166. This is a gain for the year of 3,300 Unions and 167,434 members. These figures indicate that we have a membership in these Unions equal to one-seventh of our church membership.

In our own state the work has made a fine showing: The office records

show the number of local unions has increased from 1025 in 1922 to 1306 in 1923, which is an increase of 281. Along with the increase in number of organizations has come a corresponding increase in membership. There are now upwards of fifty thousand young people in training in the churches.

REPORT ON WOMAN'S MISSIONARY UNION.

Progress there certainly has been in the number of organizations among the women and young people. The total is now over 21,900, which is a gain of 1,100 over the past year. Over half of these 21,900 organizations are Sunbeam Bands for children up to 13 years of age, Royal Ambassador Chapters for boys from 13 to 17 years of age, Girls Auxiliaries for girls of similar age and Young Women's Auxiliaries for the young women over 17 years of age. The Union's ideal is four times as many missionary societies among the young people as among the women.

At the time of the writing of this summary the financial report had been received from only fourteen of the eighteen states and the time covered was only eleven months. However, this partial report gives a total by the Union of over $1,535,800 to the Baptist 75 Million Campaign. In addition to this, twelve states reported gifts amounting to $7,660 to S. B. C. hospitals in Africa and China, while four states sent supplies to these hospitals but did not mention their value. Beautifully beneficent also was the relief sent to suffering European Baptists. This was done by seventeen of the eighteen states, the clothing and cash from twelve of the states amounting to over $59,000.

One of the records kept by the Union is that of its mission study classes. In the past three years the number of classes has increased from about 4,000 to over 15,000. Many of those who are in these classes take written tests on the books and are awarded seals and certificates. Literally thousands of these seals and certificates have thus been won during the past year. Surely in mission study W. M. U. organizations "go from strength to strength."

Mrs. Gardner reports 44 Woman's Missionary Societies, 24 Sunbeams, 11 G. A.'s, 7 Y. W. A.'s and 7 R. A.'s, in the Chowan Association. The amount contributed through all organizations of the W. M. U. for 1924 is $13,847.24.

REPORT ON STATE MISSIONS.

The combined report of the State Mission Boards of the Southern Baptist Convention shows that in the last four years 1030 new churches have been organized, 691 new church buildings have been erected and 1442 have been repaired. Thirty-three hundred new Sunday Schools have been organized, also 1710 Young People's Unions. All of this work has been done by the State Boards. They have employed or helped 2492 evangelists, missionaries and missionary pastors who have received 358,314 members into the churches

Below are given some comparisons for N. C. for two terms of four years each. While this is not all strictly state mission work, it is strictly state work and was more or less fostered by the State Mission Board.

By means of the State Mission Board, we keep up all our work at home and make it possible to have a strong home base to do the necessary things in

other places. So varied is this work that it cannot be covered by one report. Other reports cover the work of the Sunday School and the B. Y. P. U. But these phases of our work are directed by the State Mission Board.

One of the most important things is the fostering of churches in neglected places of the state and the making it possible to have preaching where Baptists are weak numerically and financially. All over our state there are churches that were founded or fostered by this Board. Many of these same churches are now large contributors to the work of the denomination, and through them some neighborhoods have been made infinitely better places to live.

Under the head of State Missions there are three departments that have not been noted in any other report. They are the Department of Missionary—Pastoral Assistance, Evangelistic Department, and Department of Enlistment.

Last year the Board employed 188 men as missionary pastors. These men report 3,044 baptisms and 2,574 by letter and restoration, in the 330 churches which they served and the churches paid $109,877 70 in pastor's salary. The total raised by these 330 churches for all purposes was $476,497.40.

During the year the Board fostered the organization of 88 churches, built 12 church houses and repaired 97.

In the evangelistic department, there were four evangelists employed at a total salary of $10,452.40. Under their work there were 1092 baptisms in the churches and a total addition of 1,538. These evangelists collected enough to pay their salaries except $1,254.00.

There were seven workers in the enlistment department. These workers are concerned primarily with the problem of the weak church and the solving of the difficulties of a weak field. They all did good work during last year.

If any change should be made in any of this work, it ought to proceed along the line of increasing rather than diminishing the number of our workers.

REPORT ON HOME MISSIONS.

Advances in the home field have been equally encouraging. During the four years that have passed since the Campaign was projected the workers of the Home Mission Board have baptized 173,602 persons, received into the churches a total of 277,968 people, enlisted 11,772 young persons in dedicating their lives to the ministry, missionary work and other definite forms of Christian service, built or improved 1,872 church-houses, organized 935 new Baptist churches, and formed 2,898 Baptist Sunday schools. The number of mission schools has increased from 39 to 53, the number of pupils has grown from 5,065 to 7,498, while the number of ministerial students in those schools has grown from 103 to 242.

The Evangelistic Department of the Home Board has done a tremendous work for the denomination. During the 17 years of its existence, there have been 152,846 baptisms. Last year the Department employed 28 evangelists under whose preaching 17,462 people were added to the churches, an average of 623 per evangelist. During the period of the Campaign that has already expired the Board has employed an average of 1,495 missionaries, including the cooperative workers employed jointly with the various State Boards. These workers in the three years of the Campaign have baptized a total of 134,852 persons, received a total of 218,471 persons into the membership of local Baptist churches, organized 759 new churches, formed 2,306 new Sunday schools, repaired or erected 1,409 houses of worship and enlisted 9,523 volunteers for the ministry, missionary work of other forms of definite Christian service.

It has been stated for several years that the Home Mission Board is the greatest single evangelistic agency of any denomination anywhere. The above figures would seem to indicate that this declaration is true.

Here are some outstanding achievements of last year:

1. Passing of $1,000,000 mark in Church Building Loan Fund.

2. Aiding of hundreds of churches in their building projects with loans and gifts.
3. Establishment of tuberculosis sanatorium at El Paso.
4. Provision of new equipment for mountain mission schools where more than 5,000 pupils are enrolled.
5. Purchase of best site in Havana, Cuba, for needed mission college and erection of numerous chapels on the islands.
6. Purchase of best site in El Paso for mission for Spanish speaking people.
7. Establishment of Seamen's Institute at Jacksonville, Fla.
8. Enlargement of work among foreigners and Indians.

SOME OF LAST YEAR'S RESULTS.

1. 1,120 workers maintained, 64 among foreigners, 12 among Indians, 27 among negroes, 28 general evangelists, 3 in Panama, 34 in Cuba, 10 in army camps, and 941 in co-operative work with states.
2. 3,564 churches and missions served.
3. 38,770 baptisms reported and 59,597 persons received into churches.
4. 31 mountain mission schools operated in South.
5. 13 mission schools in Cuba.
6. 218 mission school teachers employed and 6,299 pupils enrolled.
7. 2,249 volunteers for Christian service.
8. 176 churches organized, 465 church houses built or improved and 622 Sunday schools organized.

REPORT ON FOREIGN MISSIONS.

The work of the Foreign Mission Board has been one of great triumph during the last four years.

The figures given below indicate the remarkable growth and development of the work:

Number of foreign missionaries on the field has grown from 328 to 540; number of native missionaries from 627 to 2,820; number of churches from 505 to 891; number of church members from 49,659 to 103,328; number of self-supporting churches from 143 to 211; number of baptisms per year from 5,635 to 12,611; number of Sunday schools from 760 to 1,447; number of Sunday School pupils from 36,115 to 67,407; number of day schools from 512 to 796; number of pupils in day schools from 15,722 to 32,789; and annual contributions from $173,372 to $437,568, given by native Christians.

Every report gives us fresh cause to thank God and ought to be a source of continual gratitude. The fourteen items listed below tell an eloquent story:

1. Entry into new countries of Spain, Jugo-Slavia, Hungary, Roumania, Russia and Palestine, and a small beginning in Siberia. This adds 128,000,000 in population to our possible missionary audience at one stroke.
2. Enlargement of general missionary force over 100 per cent.
3. Strengthened with equipment, workers and otherwise, its work in the older fields of Mexico, Brazil, Argentina, Chile, Uruguay, China. Japan, Africa and Italy.
4. Increased number of churches on foreign fields 76 per cent.
5. Number of church members on the foreign fields 108 per cent.
6. Number of church buildings 45 per cent.
7. Number of mission schools 55 per cent.
8. Number of students in these schools 108 per cent.
9. Number of residences for missionaries 94 per cent.
10. Number of foreign missionaries sent out 63 per cent.
11. Number of native missionaries employed 264 per cent.
12. Number of hospital buildings 21 per cent.
13. Number of treatments given in hospitals 61 per cent.
14. Number of hospital beds 104 per cent.

We now have 17 hospitals on the fields, manned by a staff of 24 American physicians, 10 American nurses, 16 Native physicians and 56 native nurses. These hospitals gave 207,915 treaments during last year. This rivals anything done any where by such a limited number of people.

Through the kindness of Mr. and Mrs. W. C. Miller, of New York our Board will be enabled to begin the medical phase of missions in Palestine this year.

Our congregations on the Foreign Field are not a source of drain upon the denomination. About 24 per cent are self-supporting and 50 per cent own their own houses of worship. The membership on the Foreign Field averaged $4.23 per capita to religious work during 1923. The per capita gifts for the 75 Million Campaign in the South for 1922 was $3.48. What Southern Baptist need to consider is the fact that our Board is loaded with debt. This is largely caused by the unscriptural habit of the churches and individual members, of waiting until the end of the year to send in their money. What this has meant in loss to the denomination is indicated by the following from our secretary, Dr. Love.

"If we had paid our pledges as they fell due, there would have been no necessity for borrowing money to keep the work running. But when we pay just once a year, money must be borrowed and interest paid. The interest paid out by our Foreign Mission Board would have built and equipped theological seminaries in Spain, Roumania, Hungary and Chile and would have operated them for four years. And the sad part is we could have paid at the beginning as easily as at the end."

We therefore urge the pastors of the Chowan Association to see to it that the people are urged to give regularly and systematically, and to keep themselves informed whether remittances are made promptly to headquarters at Raleigh.

REPORT ON ORPHANAGE.

The Thomasville Orphanage is firmly entrenched in the affections of our people. The cry of an orphan never fails to bring a response. Through the years this great institution has never failed to have the hearty support of practically all of the churches.

In addition to the children in the Orphanage, the Orphanage is doing wider work in keeping fatherless children with their mothers and in this way, have increased the efficiency of the Orphanage by nearly 50 per cent.

Below we give the general report as given by the General Manager, Mr. M. L. Kesler:

Our capacity for children remains practically the same, 550, including the Kennedy Home. The plans for two new cottages have been turned over to the contractors, one at Thomasville and one at the Kennedy Home. Both are for girls. The one at Thomasville will be known as the domestic science cottage, and will probably bear the name of a man who recently made a liberal bequest. The Kindergarten building, made possible by the gift of Mr. and Mrs. C. L. Haywood, of Durham, is nearing completion.

At our last board meeting it was ordered that, as rapidly as possible, all our buildings be changed into the unit cottage type; that is, each shall have a kitchen and a dining room, carrying out the home idea as was the plan in the beginning. This will call for a good expenditure of money. It may not be known by many that not until recently our cottages were furnished by double instead of single beds. We are spending several thousand dollars replacing these with single beds. All who have had any experience in this kind of work will appreciate the value of these improvements.

In most respects our physical equipment is in good condition. A heating plant has just been installed in the chapel at the Kennedy Home, and the main plant at Thomasville greatly improved. The drouth hurt us at Thomasville, but the good price of cotton has more than counterbalanced the damage done by the boll weevil at the Kennedy Home. Our health has never

been better. We have had no epidemics and not a single case of contagious disease.

Our school work has been slowly but surely improving year by year. It is now an accredited high school and should be counted one of the Baptist High Schools of the State.

We have added agriculture and shop work, and when the new cottage is completed a more practical type of home economics will be given. Two B. Y. P. U's are doing good work. A boy scout troop is in healthy operation, and more thought is given to the play life of the boys and the girls.

The work we have already done in Mothers' Aid is an entrance into this broader field at its most vital point. We do not claim yet to have settled all the troublesome questions arising in connection with it, but we are moving out carefully and cautiously, with very little light from previous experience to guide the feet. Miss Hattie Edwards began her work in January and has gone into many sections of the state since that time. We are now aiding 238 children with 53 mothers.

There are two conclusions from this brief experience—one is the strengthened conviction that the good mother without means should be aided in her own home and allowed to keep her family together The other conclusion is that a smaller number of mothers are capable of handling their situation than the general public is aware of. Hence the necessity of a painstaking investigation in each case to save the Orphanage from being imposed upon. We are in the same danger from receiving children into the Orphanage. Heretofore they have come in from tremendous pressure from those most interested and without careful investigation on our part. We have realized many mistakes after it was too late. This field work will safeguard us against many of these mistakes, and be the means of making satisfactory adjustments in many cases we cannot receive.

BOARD OF MINISTERIAL RELIEF.

Our report to the Convention showed that the Relief and Annuity Board is carrying, at present, 925 beneficiaries, divided as follows: 504 ministers; 321 widows; and more than a hundred orphan children. This is three times as many as all the states together were aiding five years ago, when our Board was launched. An important thing to note is that this larger number of beneficiaries is receiving considerably more per head, than the smaller number ever received, and are receiving it with perfect regularity, bi-monthly.

While the Board is five years old it has actually been functioning but four and a half years, and none of us hoped, when the office was opened in Dallas, in October, 1919, that in so brief a time the Board would be extending aid and comfort to more than nine hundred beneficiaries. This Convention year, more than $115,000.00 has been paid out to beneficiaries, notwithstanding the fact that at this hour, our receipts for the Convention year are less than they have been in any year since the 75 Million Campaign was launched

Think of the new day that has come to our Baptist preachers, their widows and orphans!

The officers of the Board are now in the Kirby building, a modern, up-to-date, fire-proof structure. This move was made to protect the contents of the office. Rent in this building is higher, but the Board could not hesitate because of that.

Mr. Rockefeller's last gift to us, more than two years ago, consisted of four blocks of stock in as many subsidiary companies owned by the Standard Oil Company. The total number of shares of stock in gift was 365,000.00. Last fall, a stock dividend was declared upon this stock of from 200 to 300 per cent, so that today the total number of shares in this last gift are 1145, or eighty shares more than three times what the original gift embraced. We therefore estimated that the increased value of our stock holdings in this gift would be at least $100,000.00.

We have now nearly 1200 certificate holders in the Annuity Fund, and our report will show that this Fund has interest bearing assets of about a million of dollars behind it, to guarantee its solvency, and these assets are growing all the time. The reason for this is easily seen in the fact that that part of the 75 Million Campaign Fund, which belongs to the Annuity Department of the work is invested just as fast as it comes into the office, while the relief money, as it comes in, must be paid out in large part to our beneficiaries.

Task: Making Old Age Comfortable for Veteran Preachers Who Laid the Foundations for Us. 925 beneficiaries cared for last year. 185 new cases acted upon favorably during year. $113,322.15 paid our beneficiaries last year.

Here are some interesting figures: Southern Presbyterians have 413,303 communicants, we have 3,366,211. They have 1985 preachers; we have 16,980. But they have $1,400,000 in their relief fund and we have about $975,000. If we are to take care of our old preachers on an equal scale with the Southern Presbyterians, we will have to have $11,975,818.

REPORT ON TEMPERANCE.

During the past year much progress has been made in the field of prohibitionary law-enforcement. Our daily papers have kept us constantly reminded that the sin of "Moon-shining, bootlegging, and whiskey running" is finding out the offenders. Officers of the law have captured many "stills" destroyed much material and in many cases the law breakers have been brought to the courts and punished. We rejoice in all the success that has thus been achieved and only wish it could have been greater. But all great reforms move slowly. There is yet much land to be possessed, and under God this land shall be taken.

In the enforcement of our prohibition laws however, we have a very serious problem. The reason why this is true, lies the fact that this law as written in our Constitution is perhaps the most unpopular law we have, and this means that it does not have the moral support of the people generally. Without public sentiment it is impossible to enforce any law and herein lies the weakness of all our Temperance Legislation.

We sometimes wonder if our prohibition law is a success. We are aware of the fact that it has closed up the open bar room and outlawed the liquor traffic, but it has utterly failed to stop the making, the selling and the drinking. The result aimed at in our prohibition measures is to stop the drinking. After all this is the great evil to be reached. If we can only stop men from drinking liquor, it matters very little about the making or the selling for here, as elsewhere, the law of supply and demand will assert itself. Therefore, we must decide that our Temperance cause, all our prohibition law is successful only in so far as it stops the use of intoxicating drink. But if we mean to make our prohibition law wide enough to stop the drinking then we wonder who really wants such a law. If tomorrow an election were on and an amendment to our present law were the issue, an amendment making the buying an equal crime with the selling and the drinking an equal crime with the making, I wonder if such an amendment would be passed. I feel sure it would be overwhelmingly lost and I expect that many of our Baptist people would help lose it. Many there are among us who are willing to vote for prohibition so long as that prohibition does not prohibit their drink. The cry used to be "vote as you pray". The cry now should be "Act as you vote and bray."

The great need therefore of our temperance cause today is that our people shall be educated away from the use of this age long evil. The conviction of ignorant negroes and the destruction of stills and mash will never break up this evil. So long as men want to drink it, somebody will somehow make it for them. Let us urge from our pupils in our Sunday School

Classes, in our homes and every where that the temperance emphasis be put where it belongs, prohibiting the drinking. This making our prohibition law effective first of all in the individual life. When this is done the stars will no longer peep through the rising smoke from the midnight still in the swamps, for the victory will be won and our land will be free.

REPORT ON PERIODICALS.

In North Carolina, we have two periodicals supporting the work of the Convention, of which the Baptist brotherhood is justly proud, the Biblical Recorder, and Charity and Children. They are rendering invaluable service to the Kingdom. In this hour of doubt, change and uncertainty, they are sounding a clear note in all things Biblical, and alert in every movement pertaining to the extension of Christ's Kingdom. They are the channels through which we receive our information regarding the Baptist work in North Carolina. The acts of God's people in the present day.

We are fortunate in that these periodicals are self-supporting financially. The Recorder is owned by a stock company, organized for the purpose, the Biblical Recorder Publishing Company. The holders receive a very modest dividend, if any at all. The cost of the paper to the brotherhood is the subscription price of $2.00 to the individual subscriber.

Charity and Children with its printing plant, is no object of charity even with the extremely low subscription rates. These papers are soundly and ably edited and are par excellence in their respective fields.

The subscription list of the Biblical Recorder is about 17,600. Only one Baptist family in four subscribes for it, thus a handicap to the Kingdom. A large per cent of these, there is reason to believe, do not read it regularly. This is not sounding a note of pessimism, but a statement made with a hope of stirring up the pure minds of our people.

Charity and Children has a subscription list of about 20,000. This paper, together with the unsurpassed general management of the Orphanage is the secret of the hold which the Orphanage has on the hearts of our people.

These publications are tremendous agencies in bringing the Kingdom of God upon earth, and should be subscribed for, and read systematically and regularly by our Baptist hosts.

REPORT ON THE BAPTIST HOSPITAL.

OUR DREAM'S REALIZATION.

The North Carolina Baptist Hospital is the realization of the dreams of earnest thoughtful leaders of our Baptist people, who longed and planned for a full rounded message of the Kingdom. They saw in life and words of their blessed Lord a challenge to minister to the sick as well as to help the needy and the same great love for our brother that built the Orphanage conceived and constructed the Baptist Hospital. In the building of this Temple of Healing North Carolina Baptists have responded gloriously to the call of their Master and provided the last segment in the circle of brotherly ministry.

It is a worthy ambition of our people to build a great institution where every Baptist can receive the best medical treatment at the lowest possible cost and where the needy suffering brother can receive the best without money or price.

We are also asking that the denomination make it possible for every Baptist in the state, however poor and destitute, to have these advantages. We are going to swing wide the doors to our suffering poor and ask North Carolina Baptists to appropriate enough to pay the cost of this charity work, so that our unfortunate brother may share in the benefits of this Institution. This is the great purpose that projected it and we shall live up to it. It will cost around $20,000.00 a year to make this glorious provision for our needy brethren, but who would ever refuse when life hangs in the balances.

The following is a report from the Supt. Rev. G. T. Lumpkin: We have had just a few over 1,000 patients in the months of our service. Over a hundred have been charity patients. We had these from as far West as Murphy, as far East as Norfolk. They have represented every class of our great folk. Many of these could never have seen the Hospital had not the institution let them in without money or price. The larger portion of these have gone home well and happy. Our expenses run about $5,000.00 per month. This last month our earnings were equal to our expenses. We must have our charity work paid by the gifts from the Convention as we cannot charge the pay patients enough to pay for charity work. That is against the policy of the Hospital.

We have no other opportunity to raise funds for the Institution but Mother's Day as that has been set apart for this purpose. The institution cost in round numbers $292,000.00. $120,000.00 of this is still unpaid. The unpaid pledges amount to $80,000.00 of which the churches of the state owe $60,000. Besides the cost of all the supplies, the expenses incidental to opening, and the deficits accruing when we had first opened and had no patients, amounts to about $30,000. This much together with money we need for Charity work this year, must be raised on Mother's Day.

We urge the churches to make an offering on Mother's Day for this great institution. $50.00 will take care of a bed for one month. It would be a fine thing for many of our churches to raise at least money enough for one bed for one month.

REPORT ON 75 MILLION CAMPAIGN.

When the Southern Baptist Convention met in Atlanta in 1919, it launched a great Campaign for the strengthening of the denominational work at home and abroad for the purpose of enlarging many phases of the work. This Campaign was called the "75 Million Campaign" and had as its monetary goal the collecting and disbursing of $75,000,000 for the work.

Up to December 1st, 1923, we had paid about $48,000,000 leaving $27,000,000, to be raised by December 1st, 1924, if we are to achieve the figure set for ourselves.

North Carolina was asked to raise $5,500,000 by the Executive Committee of the Southern Baptist Convention. The State Convention raised the figures to $6,000,000 and the churches subscribed $7,250,000.

Below is given the disbursements of the Campaign receipts for North Carolina from May 1st, 1919, to Dec. 1st, 1923:

We paid to Decemer 1st, 1923, $4,107,697.93.

Object	Total.
Campaign expenses	$ 209,253.78
Foreign Missions	766,009.64
Home Missions	415,789.13
State Missions	432,166.57
Education	1,300,040.12
Ministerial Relief	152,971.62
Hospitals	42,284.01
Orphanage	709,532.13
Margaret Fund	1,053.66
Bible Fund	438.46
Southern Baptist Assembly	19,968.33
Loan to Hospitals	4,849.00
Total	$4,054,356.45
Undivided balance	32,039.48
Sent direct by W. M. U. to Louisville Training School	21,302.00
Grand total	$4,107,697.93

Special attention is called to the fact that this money was raised for a small per cent of overhead expense.

The expense of the Campaign for four years, including the launching of the Campaign, printing, advertising, office expenses, salaries of workers, expenses of Associational directors—our part of the South wide expenses, including the Conservation Commission—all expenses whatsoever for four years in raising $4,107,697.93 figures out five and one-tenth per cent (5 1-10 per cent).

We doubt if there is another business in the world that can operate on such a gigantic scale at such a small per cent of cost.

It will be seen that North Carolina has about $2,000,000 to raise from Dec. 1st, 1923, to Dec. 1st, 1924, if we are to meet our own apportionment. 1,705 churches in North Carolina subscribed, 366 others have paid something to Campaign, and 179 have had nothing to do with the work.

REPORT OF CONVENTION COMMITTEE ON OUR NEXT PROGRAM FOR THE YEAR 1925.

The Baptist State Convention meeting at Gastonia December 11-14, 1924, unanimously adopted plans for continuing the work of the denomination during the year 1925. We append the report as a part of the report of the Committee on reports and recommend that the Chowan Association adopt it as the policy of this Association.

1. We recommend a simultaneous every-member canvass in all of the Baptist churches of North Carolina to be conducted, as far as possible during to week of November 30 to December 7, for the purpose of securing pledges on the weekly or monthly basis to cover the deeds of the Convention objects named below for the year 1925. And we would urge our churches to consider the practical advantages of including their local budgets in this canvass and to be careful to keep the pledges and funds for local use distinct and separate from those that belong to the Convention objects.

2. That no campaign be made or special offering taken for any of the objects or institutions mentioned unless such campaign or offering shall be sanctioned first in a joint meeting of the Board of Missions and the Board of Education.

To solicit in the every-member canvass pledges designated to one or more objects at the expense of the others will be considered injurious to the program and contrary to the spirit of co-operation. We recognize the right of individuals and churches to designate their gifts, but it is sincerely hoped that contributions will be made to the program as a whole, thus allowing the funds so given to be divided according to the per centages agreed upon. Pastors, denominational workers and all those who hold places of leadership in our work, are urged to press upon the people the importance of unity and the loyal support of the program as a whole.

However, if individuals or churches shall choose to designate money to specific objects of the Convention, it shall be used as designated, and will be added to the amounts allocated to these objects.

THE BUDGET.

1. South-wide objects: Foreign Missions, Home Missions, Old Ministers' Relief and the South-wide Educational Institutions, viz: The Louisville Seminary, the Southwestern Seminary, the Baptist Bible Institute, the Negro Seminary, and the W. M. U. Training School at Louisville.

2. In North Carolina: State Missions, Education and Hospital, leaving the Orphanage to operate on the independent basis.

3. We recommend that the Convention set as our goal for the 1925 program the sum of one million ($1,000,000) dollars.

4. That this million dollars be divided on the basis of 50 per cent for South wide objects, and 50 per cent for State objects.

5. That the South-wide objects be given the following per centages:

Foreign Missions	30	per cent or	$300,000
Home Missions	9	per cent or	90,000
Building and Loan Fund	1	per cent or	10,000
Ministerial Relief	3	per cent or	30,000
Southern Baptist Theological Seminary	5	per cent or	50,000
Southwestern Department Bap. Theo. Sem.	3-5	per cent or	6,000
Bible Institute	1-2	per cent or	5,000
Negro Theo. Seminary	1-5	per cent or	2,000
W. M. U. Training School, Louisville	3-5	per cent or	6,000
Board of Education	1-10	per cent or	1,000
	50	per cent or	$500,000

5. That the State objects be divided as follows:

State Missions	20	per cent or	$200,000
Hospital	4	per cent or	40,000
Education	26	per cent or	260,000
Total	50	per cent or	$500,000

7. That the 26 per cent for Education be divided among the schools and colleges supported by the Convention, the division to be made by the North Carolina Board of Education. Provided that Meredith College be allotted $110,000 in case of the full amount of $1,000,000 is raised, or its pro rata part on the same basis in case it is not raised.

8. That, since we are endeavoring to get all our churches to finance our program on the New Testament plan, we urgently call upon the churches for a full and permanent acceptance of the New Testament plan and principle.

9. That, realizing the necessity for a directing agency in carrying through successfully a great program, we recommend that the convention elect and authorize the Board of Missions and the Board of Education jointly to plan, project and carry it through.

10. That, in the event that the support of any or all of the Home Mission Board Mountain Schools should be assumed by the Baptist State Convention of North Carolina, the amount necessary for their support shall be deducted from the appropriation allotted to the Home Mission Board.

11. That it is the sense of this body that there shall be no general director of the South-wide campaign.

CHARLES E. MADDRY, Chairman.

EUGENE I. OLIVE, Secretary.

Lycurgus Hofler read the

REPORT OF THE EXECUTIVE COMMITTEE.

There were twenty churches not represented at our last session. Four of them gave neither the name of Clerk or Post Office. These were Gum Neck, Pantego, Shady Grove and South Shore. To the sixteen who did, we wrote letters about two weeks ago, calling their attention to the fact that their church was not represented at the last session and urged them to send a full delegation to this meeting, naming the date and place.

There were twelve churches without pastors, at our last session as follows: Beulah, Columbia, Eure, Gum Neck, Oak Ridge, Olivet, Pantego, Shady Grove, Sound Side, South Shore, Whiteville Grove and Woodville. Several of these now have pastors, but there are still several others without.

All the churches that were called this morning were represented by messengers except two and they were represented by letters.

LYCURGUS HOFLER,
C. A. COOKE,
B. H. WARD,
W. J. ROUNTREE, Committee.

The report was adopted.

The Moderator called for reports from the Overby Memorial Committee, and then from the Advisory Committee, but neither of these committees had prepared a report.

R. P. Hall read the

REPORT OF COMMITTEE ON PROCEDURE AND ORGANIZATION.

Pursuant to a resolution introduced at the last session of the Chowan Association by L. W. Norman, which resolution was adopted and recorded on page 19 of the Minutes of the Association, a committee was appointed consisting of the following—W. J. Berryman, R. F. Hall, S. F. Hudson and L. W. Norman. This committee was asked to report to the next meeting of the Association (which meeting is now in session) the advisability of dividing the Association, and to recommend a course of procedure.

On July 19, 1923, at the call of Elders S. F. Hudson, E. L. Wells, S. H. Templeman, W. J. Banks, W. J. Byrum and James H. Thayer, the following brethren met in Blackwell Memorial Church—W. J. Berryman, J. H. Thayer, S. H. Templeman, G. V. Tilley, W. J. Byrum, G. P. Harrill, R. F. Hall, C. W. Hood, W. W. Sawyer, C. A. Cooke and L. W. Norman.

At that meeting it was moved and carried that we recommend that the Advisory and Executive Committees be combined under the name of the Executive Committee of the Chowan Association; that it be composed of nine brethren—pastors and laymen—and that the Moderator of the Association shall be one member of the said committee.

A further recommendation to this meeting of the Association is that the time of meeting be changed from May to Tuesday after the third Sunday in September. The reason for this is as follows: That we may be able to report from the Association to the Baptist State Convention the progress of the work through the year.

It is further recommended that a separate committee be appointed to prepare a report on each of the various phases of the denominational work fostered by the Convention.

Your committee has had the work done for it so far as the dividing line of the Association is concerned. The resolution which was adopted at the last meeting of the Association carried with it the specific division of the territory into two groups or associations. The division follows—Pasquotank, Camden, Currituck, Dare in one group or association and Perquimans, Chowan, Gates, Washington, Hyde and Beaufort in the other group or association.

It is the sense of this Committee that the Association be divided, but there is some difference of opinion as to just how it shall be divided, that is, as to the counties that shall compose the one or the other of the Associations. We recommend that time be given for a full discussion of this recommendation upon the floor of the Association at this meeting.

Respectfully submitted,
R. F. HALL,
S. F. HUDSON,
W. J. BERRYMAN, Committee.

A motion was made and carried that this report be discussed and its recommendations be adopted or rejected seriatim. Recommendations one, two and three, were accordingly adopted without discussion. The last recommendation—in reference to dividing the Association—was discussed at some length and then, on motion, it was tabled to the next meeting of the Association.

Livingston Johnson spoke on the Biblical Recorder, after which the meeting was adjourned with prayer by G. P. Harrill.

TUESDAY EVENING.

Devotional exercises were conducted by G. P. Harrill.

G. T. Lumpkin spoke on Hospitals—particularly the Baptist Hospital at Winston-Salem.

Walter M. Gilmore read the following resolutions on

NEW TESTAMENT STEWARDSHIP.

Since the New Testament is plain on the doctrine of Christian stewardship; since there is a far-reaching revival of stewardship sweeping the churches of America today; since the co-operating interests at home and abroad are in distressing need of financial relief at this time; since our people are well able to finance their program; and since the Southern Baptist Convention through its Conservation Commission has launched a South-wide stewardship and Budget campaign to function through the State organizations and the district associations:

Therefore, be it recommended:

1. That we ask our people in the churches to pray with one accord for an old time revival of spiritual Christianity, a revival of repentance and faith, a revival that will cause our people to turn from pleasure-loving self-indulgence to self-denial and Christian stewardship; a revival shot through with the spirit, the principles and the methods of New Testament evangelism.

2. That this Association now assembled ADVISE the churches co-operating in this body to teach the doctrine of Christian stewardship, including the stewardship of life as well as money, and that we advise them to budget their finances as early as possible.

MEMORIAL.

The workers fall but the work goes on. The list of our departed is a list of the workers of other days—some of the honored, some prominent in their churches, some useful in the work of the Association, and some quiet workers in the home—each doing her respective duties. These all obtained a good report through faith and passed from earth in the hope of glory. We cherish their memory, emulate their zeal and extend to their loved ones our sympathy in their sorrow, and look forward to our reunion with them in the presence of our Savior and Lord. Blessed are the dead that die in the Lord. Henceforth there is laid up for them a crown of righteousness.

REPORT ON ORPHANAGE.

The Thomasville Orphanage fills a place in our hearts that nothing else can do. No matter what conflicts rage about other questions we see in it a practical application of the words of the Master "Suffer the little children to come unto Me."

In addition to the six hundred children who are in the two homes we are aiding eighty-six mothers with three hundred and eighty-three children at about one-third the cost of keeping them at the Orphanage. You will realize that this Mother's Aid is of very great value for two reasons. First: Through this plan a great many more children can be helped. Second: Every child needs its mother and by this aid three hundred and eighty-three children have the mother and her love when they need it most.

Below are given some excerpts of the General Report of the General Manager, Mr. M. L. Kesler:

During the year we have averaged around a hundred applications a month. Nine-tenths of these applying should not be received into any Orphanage. Many can be cared for with their own mothers and much cheaper. Some ought to come to the Orphanage. The biggest thing before us is a more careful study and adjustment of these who are rushing hither and thither for help. When children are taken from a good strong mother, leaving her free from the responsibility of her children, free to work for herself, buy fine clothes and look out for another husband, since the children are disposed of, somebody has been guilty of a piece of child welfare malpractice.

Our finances are running low, owing partly to the fact that we are just coming out of a building campaign and also because of the falling off of contributions since our Thanksgiving last fall. We have not made any special appeals during the year so far. We hesitated to make any special outcry for the reason that some brethren had the feeling that the Orphanage was getting too much money. Our Treasurer's report will justify an appeal now with no uncertain sound.

We think we can see the sky brightening in our religious life. The few months that our pastor, Rev. E. Norfleet Gardner, has been with us fully justifies the all time pastor to live on the grounds and be a part of our life. He has general charge of what would be called "Religious Education" in other schools. The Young People's Work is going well and strong. Recently sixty boys and girls were baptized as a result of a meeting in which the pastor was assisted by Dr. Kyle M. Yates of the Louisville Seminary. We expect to reap results from these efforts for many days to come.

It may not be generally understood that we have an organized church at the Kennedy Home, composed almost entirely of workers and children. So we have two organized churches connected with our work. A meeting has been held with the Eastern Branch, but too late to get the results for this report.

J. B. ALDERMAN.

The report was adopted.

The following committee was appointed by the Moderator to assist the Clerk in securing additional data on several church letters to the Association sent up with incomplete information for the statistical tables, B. H. Ward, G. A. Twiddy and J. E. Cooke.

The Moderator appointed A. A. Butler, C. A. Cooke and A. B. Withers a committee on Committees.

Application was made to the Association for admission to its membership

by Swan Quarter, Rose Bay, North Mattamuskeet, Englehard and Fairfield churches. The Moderator appointed S. H. Templeman, A. A. Butler, R. S. Monds and J. H. Thayer a committee to examine into the matter and report their recommendation to the Association.

On motion, recess was taken to 2:00 p. m. Benediction by J. H. Thayer.

TUESDAY—AFTERNOON SESSION.

Devotional exercises were conducted by Ira Harrell from 1 Cor. 2nd chapter.

S. H. Templeman read the

REPORT ON STATE MISSIONS.

All North Carolina occupies the same place in the task of North Carolina Baptists that "all Judea" occupies in Acts 1:8. In other words, the second duty of the christian is to look after the territory near his door. This does not mean that he has carried out the commands of Christ when he does this but it does mean that he has made a start in the right direction.

The only way that the individual Baptists of this state can witness to all of the state is through some recognized agency of the denomination. That recognized agency is the state mission board. This board was organized 95 years ago and was the first serious attempt of the Baptists to carry the witness of Jesus to the entire State.

At that time we were a little band of 10,000 church members without any means of making ourselves known except by the proclamation of the word from the pulpit. Right ably was the deed done so that in 95 years we have grown from 10,000 to nearly 700,000 white and colored. But recent years have pointed out the fact that we have made serious blunders in carrying out the Great Commission of our Lord. We have preached the gospel to them with convincing power. Thousands have yielded to the persuasion of the gospel minister. We have baptized them "in the name of the Father, Son and Holy Spirit." But we have utterly failed to teach them all things that Christ commanded and as a result in our own Judea of North Carolina, we have the painful realization that a majority of our own members are failing to have anything to do with the very things that have helped to make us a great host of people.

To the writer of this report, this is the most serious menace that can possibly confront us. "Herein is my Father glorified that ye bear much fruit," said Jesus. And he added, "And so shall ye be my disciples." This cannot be true of the church until the clear majority that ignores the great Commission is changed to a majority for the same. That then is a task that must be held before the churches.

But old methods have failed and there is no hope that these methods can possibly succeed as long as about one-third of the ministers in the state do not take the Biblical Recorder. That very omission is an eloquent indication of one of the most glaring weaknesses in our work. We cannot expect these brethren, good though they may be, to carry out any systematic work which will make us as a people obedient to the whole of the Great Commission. Some other way must be found to bring it about.

The state mission board is trying to do this through the different branches of work. Through its evangelistic and enlistment department, it is emphasizing the preaching of the gospel and the saving of sinners. Then through the other departments, it is trying to save the lives of the saved sinners that they may "bear much fruit." The B. Y. P. U. is attempting to create a trained leadership. A leadership of people who can pray in public and at the same time grasp the problems of the church and kingdom.

The women are attempting to leaven the whole lump and make the next generation missionary by teaching the boys and girls as well as the mothers

the missionary movements of the world. The Sunday School forces are trying to make the Sunday School teachers of the State an asset to their churches rather than a liability. But the forces trying to do these great tasks are pitifully inadequate to the great task that has been thrust upon them. The crying need of the hour is not curtailment but a strengthening of the forces that we may convert a clear majority of our churches into an asset rather than a liability. SAM'L H. TEMPLEMAN.

The report was discussed by C. E. Maddry, S. H. Templeman, and adopted.

Dr. George W. Parschal, of Wake Forest College, was recognized as a visitor, and the following new pastors were recognized: I. S. Harrell, R. W. Prevost, J. W. Downey and Elliott R. Stewart.

The Committee on application of Fairfield, North Mattamuskeet, Englehard, Rose Bay and Swan Quarter churches reported recommending that they be received. The recommendation was adopted and Pastor E. R. Stewart and the messengers from these churches were recognized and a brief statement of the work in Hyde was made by Pastor Stewart.

The meeting then adjourned with benediction by J. H. Thayer.

TUESDAY—EVENING SESSION.

Devotional exercises were conducted by E. R. Stewart.

The Clerk read the

REPORT ON CHRISTIAN EDUCATION.

The last twenty-five years have been years of progress and development along all lines of denominational activity, but in no particular has that progress been more marked than in the field of religious education. In 1900 Southern Baptists had 65 schools valued at $5,139,000, and an endowment fund of $2,367,091 or a total value of $7,505,091. In this year of our Lord 1925 we have 119 schools with a property valuation of $32,000,000 and an endowment fund of $16,000,000; a total value of $48,000,000 or a little more than six hundred per cent increase in the last twenty-five years. And not only have we grown in number and value of schools and endowments, but we have grown in standing among the educational institutions of the world. In 1919 we had three Grade A Senior colleges and today we have thirteen, with four others ready to take their places in the ranks of Standard colleges. But perhaps it will be well to confine this report to the work of Baptist Education in North Carolina, and our south wide institutions.

There has been a general forward movement in all our colleges and in each of our high schools, Wake Forest, of course, taking the lead as to physical equipment, endowment and number of students. Its property is valued at $632,000; endowment approximately $2,500,000 with an enrollment of nearly 700 students last year. Meredith: It is difficult now to determine the value of the physical equipment of Meredith College since the old property has been sold and the new college is going up at the new site, but it is safe to put its value at $500,000 with an endowment of approximately $500,000 and an enrollment of nearly 500 students. Chowan: Chowan College has physical equipment valued at $203,430 with an endowment of only $25,000 and an enrollment last year of 112 students. Our high schools have made progress also as have our Junior Colleges Mars Hill and Wingate. The last conventional year saw our endowment funds increased to the tidy sum of nearly $3,000,000 book value of securities.

It would be difficult to write a full and complete report of all our educational activities and for that reason we are compelled to give just a few of of the bare facts, but we must mention briefly our South Wide Institutions, namely. The S. B. T. Seminary, the W. M. U. Training School, both of Louisville, Ky., The S. W. B. T. Seminary and its Training School, of Fort Worth, Texas, and the B. B. Institute, of New Orleans, La. The purpose of these

schools is too well known to undertake here to tell of the great work they are doing. Suffice it to say that they are set for the training of men and women to do work for Christ at home and unto the uttermost parts of the earth.

The physical equipment of all these schools is thoroughly inadequate to the demands made upon it, but this is due more to the fact of growth than to depreciation, that is, in all our southwide schools with the single exception of the Southern Baptist Theological Seminary. This school of the prophets is inadequate from every point of view, but the new building program which is now on will, when completed, give Southern Baptists a well equipped modern school plant that will reflect credit and give comfort to those who are making it possible. We shall need to invest, from first to last, in the immediate program as much as $3,000,000. New York Hall is now under construction on the new site and will probably be finished by January of 1926 and other buildings will go up as rapidly as the Baptists of the south will make it possible. The property of the old plant is valued at $510,000.00; the new site $104,000.00; other real estate $7,400.00; Buildings on the new site about $300,000.00 to date; endowment $1,723,833.12. It is our opinion that Southern Baptists should now concentrate every effort upon the completion of our building project at Louisville. Every one of this group of schools is worthy of our prayers and consideration and our most loyal support financially.

Time would fail us to tell of all the student activities and of the religious, moral and other influences set in motion by our schools and for that reason we shall not undertake to itemize them. Wherein they have succeeded let us pray for a continuation of God's richest mercies and blessings, and wherein they have failed let us pray that God may overrule the causes of failure to His own glory and to our good.

Respectfully submitted,

W. F. CALE, Committee.

On motion it was decided that no separate report be called for on Chowan College, but that it be included in the general report on Christian Education.

G. F. Horner read the

REPORT ON SUNDAY SCHOOLS.

The Sunday School Board's report to the last session of the Southern Baptist Convention gives our State 2,181 Sunday Schools with a membership of 287,466. Texas leads in schools and membership. Georgia reports 11 more schools but 30,839 less in membership than North Carolina. They have 300 more churches than we have. In churches and Sunday School membership we are ahead of all other states.

It is distressing that American Sunday Schools had a loss in 1924, but Southern Baptists had one of their best gains by adding 155,000 to their former membership. Our North Carolina gain for 1924 was 12,269. In five years we have gained 73,048.

The work is going well along all lines. Besides membership gains there are marked improvements in organization, building and equipment, teacher training, and working for the standard of excellence. This standard is being recognized as a program of work and not something technical.

The following facts regarding our own Association need our consideration.

(1) That our Association falls below the average of the State in attendance. In all the States there are 82.2 people in Sunday School for every 100 church members. In the Chowan Association there are only 71.6 people in Sunday School for every 100 church members.

(2) We need trained workers, especially better trained teachers. We should have, therefore, teacher training classes in all our schools.

(3) We should give our influence and aid in establishing Daily Vacation Bible Schools. Several such schools should be held annually in our Association.

In spite of all hopeful signs we need to keep before us big things to do. For our great State we want to join the other 63 Associations in doing the following things:

(1) Put a Sunday School in every church and run it 12 months in the year.

(2) Add 25,000 people to our Sunday School rolls in 1925 and press on until there are as many in our Sunday Schools as there are in our churches.

(3) Earn 3,000 Normal Diplomas and 7,000 Seals for other books studied in our Normal Course.

(4) Reach 100 Standard Schools thus having a well balanced program of work in these schools.

(5) Start the work of the Daily Vacation Bible School in our midst. This new movement is worthy of our best efforts.

(6) Never forget our greatest and holiest task of trying to win the lost to Christ. Thousands of unsaved are in the midst.

REPORT ON BAPTIST YOUNG PEOPLE'S UNION.

Our Baptist denomination realizes the expediency of developing and utilizing the abilities of her young people for proficient service.

Today is a day of culture. Our nation is going to school as never before. Education does not take the place of religion. It only gives direction and effectiveness to that which is already in the heart. That Baptists may continue to be a leading denomination, it is necessary that we have not only a trained ministry; but also laymen trained for leadership and service. The hope of our country is in the rising generation, hence our national, state and city governments are taking special care that our young people shall have opportunity to be well trained for service; that when the affairs of life devolve upon them they may be well prepared to intelligently assume their duties.

Even so the future of our denomination depends upon the wise development of our young people, who should be trained in heart and mind. If at maturity they are unprepared their work will be inefficient. The work of the B. Y. P. U. in our churches is to train for service our young people so they will become a real asset rather than a liability.

We have in our Association thirty two B. Y. P. U.s. In our 61 churches 27 out of the 61 have a B. Y. P. U. These 32 B. Y. P. Us. have a membership of

approximately 1200 members, which is only about 10 per cent of our church membership. We should have at least a B. Y. P. U. in every church, and at least one-fourth of our membership working in the B. Y. P. U.

M. F. BOOE.

REPORT ON HOME MISSIONS.

The only Inter-state Missionary organization among Southern Baptists is the Home Mission Board. Its work is co-operative with the various state agencies to a degree. It has been no small factor in the unification of our Southern Baptist forces.

It has operated largely in the weak Trans-Mississippi states, and the growing industrial centers and country side of the Eastern part of the Southern Baptist Convention. It is an agency through which the strong aid the weak.

It has been functioning since 1845—eighty years. A history of the Board would be nothing less than a romance, but this report can deal only with the immediate past, and even then simply give a few salient facts.

In our co-operative work the growth of our country has been so rapid that it has been difficult to hold our own and our problem is an unending one. In states like Florida, Louisiana, Arkansas, Oklahoma, etc., the needs are still great, and our opportunities are commensurate with them. In this department 918 missionaries labored last year with the results that 18,527 were added to the churches by baptism.

The department of Evangelism has 24 men in its service. Conversions for the year were 11,344, and addition to the churches by baptism 8,001. The financial condition of the Board made it necessary to discontinue this department, though it was reinstated at the last session of the Southern Baptist Convention in May.

The board has been alert as to the interest of the colored people in our midst. Their past history, and sense of dependence upon us forbid that we ignore their crying need.

The Foreigner who casts his lot among us presents another problem and opportunity to which we dare not turn a deaf ear. Both duty to them and self defence make this imperative. Last year we had 65 missionaries laboring among them which resulted in 753 baptisms.

The Indians, the Aborigines of our Country, received the attention of the Board, and 15 men rendered service to them resulting in 412 baptisms.

The American Midshipmen at Annapolis, where the Naval Academy is located, received largely the efficient service of Rev. John S. Bowers, and our Seamen's Institute at Jacksonville, Fla., was directed with great wisdom by Karl J. Frost.

In Cuba and Panama the Kingdom is growing and the work becomes more promising. We have 49 churches and 3648 members in these countries.

The Sanitorium at El Paso, Texas, for the sufferers of the great White Plague has proven a blessing to many. 237 patients received treatments last year. Besides this medical service has been rendered to a large number of others.

The New Orleans Hospital Commission is erecting the first unit of the hospital at that place. This enterprise is being financed by the Home Board.

The mountain schools in Arkansas, Alabama, Georgia, Kentucky, Missouri, North Carolina, South Carolina, Tennessee and Virginia, thirty in number, are under the direction of this Board, seven of these are located in North Carolina. More than 5,000 students were enrolled last year, among which were

219 young men preparing for the ministry. To the support of these schools the Home Board contributed $59,500.

The above sets forth some of the undertakings and achievements of the Board.

The total receipts last year from the churches for the general fund was $632,392.95. The indebtedness of the Board in May was $1,105,750.41. The reducation of this since that time is negligible although it may be said that North Carolina has done more in 1925 than in 1924.

This Board has not received it's just reward during the past six years. Some of our State Conventions changed the percentage of the distribution of their gifts which worked a hardship on this Board.

It is our duty to support worthily an Agency whose mission is to make our Southland Christian and Baptistic, and through it to bless the world.

The Clerk read the

REPORT ON FOREIGN MISSIONS.

God's blessings have been richly bestowed upon the work of our Foreign Mission Board. One cannot study our foreign mission situation today, even with the set-back it has suffered on account of a great debt, without recognizing the wonderful blessings of God upon it. We are convinced, also, that we have failed to allow God to lead us on and up to the glory of the task of foreign missions, where He might show the riches of His love and grace and crown our efforts with success beyond our greatest hopes.

Our 75 Million Campaign is concluded, but we trust that the rich and abundant fruits will continue to be gathered for God and His glory. In this Campaign God has confirmed to us His approval of, and His blessings upon, our efforts for the salvation of the lost world. And what might have been accomplished, if we had fully recognized God's complete ownership of all things and acknowledged and exercised our stewardship of all things that God has placed in our possession, is beyond the conception of the most exaggerated imagination.

It is easy for us to look back now and see how we allowed anr enthusiasm in the 75 Million Campaign to wane. We can see also that with the waning of enthusiasm the progress of the Kingdom, through foreign missions, has been greatly retarded. Even with the Board practicing the strictest economy and keeping entirely within the bounds of the instructions given by the Convention, debt on the Board has accumulated. The last report made by our Foreign Mission Board says that for no single year of the five years has the Board made appropriations equal to three-fourths of the amount which the denomination had confidently anticipated the Board would receive for each year of the Campaign. The net receipts of the Foreign Mission Board from the 75 Million Campaign, from May 1, 1919, to Jan. 31, 1925, were $10,740,496.10. Of this amount it spent 4 1-2 per cent on home administrative expenses. These expenses include all home salaries, traveling expenses, all literature printed for use throughout the South, all advertisement in the denominational papers, office rent, the large interest on borrowed money, &c. This per cent of home administrative expenses would have been much less, but for the large interest on borrowed money.

The Board could not carry out the Progrma made by the Convention. On account of the heavy falling off in foreign mission receipts the Board cut

out items of equipment in the amount of millions of dollars and denied the requests of young people to be sent to the fields. Even then the debt grew. There are now on the fields 539 missionaries, 5 less than a year ago. We lost by death and resignation 30.

Of the 20 million dollars the 75 Million Campaign was expected to yield Foreign Missions, only 52.4 per cent was received. The results coming from this small per cent during the Campaign period since May, 1919 are great. The total number of baptisms were 59,248; gain in number of churches 706; increase in church members 68,663; increase in number of Sunday Schools 930; increase in number of Sunday School scholars 49,400. What might have been the results if 100 per cent of what was expected had been received?

Are the conditions bettered in our present Program? The allocation to foreign missions in the 75 million Compaign was 26 2-3 per cent of the total collections. In the 1925 Program the average allocation of the individual states to foreign missions is a fraction less than 21 per cent of the total. therefore it is clearly seen that if we are to relieve our Foreign Mission Board from the embarrassment of debt and take advantage of the great opportunities that are now presented to our Board we must give more attention to our foreign mission work and make whatever readjustments that may need to be made.

Respectfully submitted,
H. B. HINES, for the Committee.

The Clerk read the

REPORT OF RELIEF AND ANNUITY BOARD OR RELIEF FOR OLD MINISTERS.

For a full and complete report of the Relief and Annuity Board we call attention to pages 463 to 478 of the 1925 Southern Baptist Convention Annual. But for the benefit of the many who will not see the Convention Annual, a few salient points are here chronicled.

The roll of the relief department is as follows: Old Ministers 600; widows of ministers 386; dependent children 100; total 1,086. The Board has been compelled to make donations to certain states because the contributions from those particular states were insufficient to take care of the pressing needs arising from the ranks. We are glad to say here that North Carolina had some part in the donations rather than as beneficiaries of the donations.

According to Secretary Lunsford's report the Relief Department has a total investment of $542,906.21.

There are more than 1,400 men and women holding certificates in the Annuity Department. Thirty-one are drawing annuities. There are eight disabled pensioners, 17 widows and two families of orphan children. There are also four old age annuitants. This Department is now paying the maximum of $500.00 per year to those who become totally and permanently disabled. The invested resources of this fund amount to $1,372,489. This amount together with cash balances and other securities and assets amount to the sum of $1,421,765.85.

Receipts for the convention year 1924–1925 were as follows:

For Relief: $149,958.93; and for the Annuity Lepartment $242,825.03; matured loans collected $278,914; Total for the year $671,697.96. Total expense of administration $20,836.55 or 3 per centum of receipts. It is worth while saying in this connection that the expenses of the Board are paid out of income on invested funds and premiums on annuities rather than out of the contributions of the churches. The income to the Relief Department last year was $14,528.60; Total expense of this Department $12,661.18; balance

to permanent fund $1,867.42. Income of the Annuity Department was $31,658.28; total expense $14,182.78; balance to permanent fund of $17,475.50; a grand total to permanent fund of $19,342.93 for the year.

Personally the writer of this report has always looked at contingent gifts with some degree of suspicion, but Mr. John D. Rockefeller has proposed a gift of $100,000 to the Board provided the Baptists of the South will raise this year the sum of $400,000. In this proposal of Mr. Rockefeller there is no other condition than that we raise the $400,000. The cause and the challenge are both worthy and we ought to raise that amount by all means.

Comparisons are perhaps odious, but it is a fact nevertheless that we are far behind other denominations in the matter of caring for our aged ministers. There is to me no more pathetic figure in the world than an aged man who has given his life to the work of the ministry with no greater material reward than physical want in his last days. It is a tragic and severe indictment of a great denomination that we allow these conditions to continue.

Respectfully submitted,

W. J. BERRYMAN.

The report was discussed by W. J. Berryman and adopted.

E. L. Wells read the

REPORT ON PERIODICALS.

Too much cannot be said about good literature. The supreme business of the Church is to preach the gospel to a lost world. God has many preachers. The writer of the Epistle to the Hebrews reminds us that God reveals his messages in various ways. "God, Who at sundry times and in divers manners spake in times past unto the fathers by the prophets, hath in these last days spoken unto us by His Son."

Next in importance to the preaching in the pulpit is the printed page. It is a tremendous agency in the ongoing of God's Kingdom. Many who never hear our preachers preach do give some attention to reading. How necessary that the best in literature be placed in all our Baptist homes.

In North Carolina we have two periodicals. The Biblical Recorder and Charity and Children. It goes without saying that these two papers ought to be in every Baptist home in the state. The subscription list of each paper is far below what it ought to be. About 20,000 copies of the Charity and Children are sent out each week. The Biblical Recorder has considerably less than 20,000. Why more of our people do not take these papers we do not know. Charity and Children will largely circulate itself. This is true because of its relation to the Orphanage. The Recorder, however, is another proposition. If the circulation of this paper is increased to anything like what it ought to be special attention must be given to it.

We recommend and earnestly urge all our people to give the heartiest and fullest co-operation to the Editors and publishers of these periodicals.

E. L. WELLS, for the Committee.

The report was adopted without discussion.

A. A. Butler read the report of the Committee on Committees. (See List of Standing Committees), and the report was adopted.

A. A. Butler offered the following resolutions which were adopted without discussion:

Resolved by the Chowan Association in session at Columbia, N. C., Sept. 22-23, 1925, that we are unalterably opposed to the teaching in any of our schools, either State or Denominational, the Evolution Hypothesis in any of its forms, that does or can be intelligently construed to conflict with a christian interpretation of the Bible.

The Committee on Time, Place and Preacher reported as follows:

Time, Tuesday after the third Sunday in September, 1926; To preach introductory sermon, W. F. Cale; Alternate, J. W. Downey. The report was adopted.

The Committee appointed to investigate and make recommendations as to South Shore Church, reported, recommending that the name be dropped from our roll of churches, since there is now no organization there and no prospect of reviving an organization at that point. On motion, the recommendation was adopted and the Executive Committee of the Association was asked to look into the matter of title of the property.

S. H. Templeman read the

REPORT OF THE EXECUTIVE COMMITTEE.

Your Executive Committee has had four meetings during the time covered by the reports of this Associational year. Two of these meetings were reported at Warwick Church last year.

The Committee met at Warwick after the last session of the Association and outlined a policy regarding the work for the year.

Members of the Committee were asked to look after pastorless churches near their respective homes. This had been done consistently with good results. Two instances deserve special mention viz: the work of Bro. S. F. Hudson with several churches in Currituck County and that of Bro. M. F. Booe with some churches south of the sound. Nearly every church in the Association is having regular preaching services although several are now without pastors.

The Committee met at Hertford in December and made recommendations for aid to our needy Churches to the Mission Commission.

We record the fact that one of our most efficient Committee Members, Bro. S. F. Hudson, has left the Association.

SAMUEL H. TEMPLEMAN.

The report was adopted.

On motion, the Clerk was directed to send to the Biblical Recorder for publication the resolution introduced by A. A. Butler on Evolution.

T. L. Brown read the

REPORT ON LAYMEN'S AND WOMAN'S WORK.

(1) THE LAYMEN'S MISSIONARY MOVEMENT.

The Laymen's Missionary Movement, which was organized seventeen years ago, has for its object the enlistment of the men in our churches. Comparatively few of our men take any real, vital, active share in the activities of the churches of which they are members. Although the Bible says, "It is required in stewards that a man be found faithful," and that stewards are required to give God the pre-eminence in all things, "The great mass of Southern Baptist men have as yet no just conception of stewardship. The stewardship of life and substance is a lesson yet to be learned by a very large percentage of them. God's men, God's time, God's money is the teaching of the Word. Money is no more yours than time is. Can God trust his men to use his time and his money for his glory?

The adoption in our churches of thorough business methods and the development of a keen sense of honor is the great need of the hour, Horace Bushnell says, "One more revival, only one more is needed, the revival of christian stewardship, the consecration of the money-power to God. When that revival comes, the Kingdom of God will come in a day." The supreme business of man is service. We must recognize that "A man's life consisteth

not in the abundance of the things which he possesseth." The attainment of mere things is never worthy in itself; things may be ennobled only as they contribute to the enrichment of personal life. And the opportunity to enrich his own life and to render the Lord a very valuable service should be despised by no man. When, in a systematic and definite way, a man begins to honor God with his substance, he has adopted a plan that means growth in grace and spiritual enrichment. During the whole of the years of its operations, the Laymen's Missionary Movement has persistently emphasized the stewardship of money, with the tithe as its minimum expression, and the weekly offering upon the first day of the week by every member of the church. And not until our men make their contributions at regular and definite periods will it become possible to project the program of the Kingdom with any assurance. The continuance of the present haphazard methods of finance in our churches can but mean the continuous waste of money in the payment of interest and in the employment of a multiplicity of agents, and the maintenance of this work of the denomination in a generally crippled condition.

Throughout the seventeen years of its history this movement has been operating at a great disadvantage. While the three leading boards of the Southern Baptist Convention spent last year $34,000.00 in the interest of our women, only $6,571.61 was spent by them on the enlistment and development of our men. Only one salaried representative has been maintained in the entire territory of the Convention. Last year he traveled 38,662 miles, made a total of 282 addresses, and wrote articles each month for the denominational press. To assist Dr. J. T. Henderson, the General Secretary, the executive committee of the movement has recently elected Mr. L. A. Ellison, a profssional banker, Sunday School Teacher and deacon, and lay worker of Ada, Oklahoma. He will enter upon his duties October 1st, and will serve the western half of the Convention territory. In their report to the last session of the Southern Baptist Convention, this executive committee recommended that each state consider seriously the securing of a capable and consecrated layman to promote the policies of this movement among the men of his state; and that there be an effective organization in every Association for the purpose of indoctrinating our people in stewardship and urging scriptural giving in every church.

(2) THE WOMAN'S MISSIONARY UNION.

The Woman's Missionary Union is an organization not of the women only, but of the boys and girls as well. So in considering the work of our women, we must include that of the Young Women's Auxiliary, the Girl's Auxiliary, the Royal Ambassadors, and the Sunbeams. All of these have a very definite part in the work of Missions. In the South there are 22,837 W. M. U. organizations, 12,191 of these being organizations for young people. The total enrollment in these organizations is 269,906, of which nearly half are among the young people. The number of societies in our state is 2,201, and of these 102 are in our Association.

The financial statements made by our women from year to year are invariably inspiring and altogether praiseworthy. In the 75 Million Campaign the women of the South succeeded in raising $16,713,100, which was $1,713,100 in excess of the amount assumed by their organization. As contributing largely to their success, we note that there are 53,822 tithers among W. M. U. givers, 9,117 of these being young people. The women of our own state had a most creditable part in this great and heroic achievement. They were asked to raise $1,100,000 during the five year period, which was $400,000 more than they had raised in the thirty years of their history. The total amount paid by them was $1,675,715.49. Of this amount the women of our Association contributed more than $50,000.

The W. M. U. has always placed large emphasis on Mission Study. And

the Union's effort last year to increase the study of missions met with most gratifying results. There were substantial additions to the subscription lists of Royal Service and World Comrades. One or both of these most excellent publications should be found in every Southern Baptist home. Through the holding of 17,773 mission study classes, of which 4,697 were in the W. M. U. organizations for the young people, vast members of our women and young people were led to a more intelligent understanding of the needs, which could but lead to a deeper interest in the work of missions, and hence to enlarge gifts.

Our women maintain the W. M. U. Training School in Louisville, Ky., and the Union is connected in an advisory way with the Training Schools at the South Western Theological Seminary of Fort Worth, Texas, and Baptist Bible Institute in New Orleans. Through the Margaret Fund of boarding scholarship, the Union is providing for the sons and daughters of S. B. C. foreign missionaries, and of home missionaries residing out of the United States. Another of the strong features of the W. M. U. work is that of personal service, at the heart of which is the christian motive for soul-winning or more complete enlistment of those who are christians.

With its face ever towards the future the Union "is bending every available energy to have a worthy part in the 1925 Program of Southern Baptists." The women of our state have assured one-third of the amount set as a goal for the Convention this year. Their minimum aim is $333,333.33.

J. R. Taylor read the

REPORT ON TEMPERANCE.

We now have had five years of National Prohibition. This act went into effect January 16th, 1919. This law has changed the field of operation for the liquor interests. They have moved their base to the swamps and kitchens, to flood our country with their moon-shine liquor. This makes capture more difficult and hazardous to the officers of the law. They are usually a dangerous class of people because they do not regard the value of property and human life in their work. But with all of the dangers, there are a few officers who dare to do their duty and many of them are captured. Much progress has been made in these five years to reduce drunkenness and the crime that usually follows.

It appars to your committee that the most important matter now is a campaign of law-observance. For in many respects our people do not regard the laws of God or man.

Our game laws are violated by a great number of people who hunt and fish. The man who will break one law will more than likely break others.

So in the mad rush for time our high-ways are filled with wild men—ignoring every danger sign as they pass them. They have become a menace to life, limb and property. The innocent are no longer safe on the high-ways of our country.

God's law of the holy Sabbath is today being broken by the great mass of people as never before in our country. The great amount of gasoline being used on the Sabbath has caused a great many people to open filling stations with supplies on our highways, and this has created a demand for other things, ice cream, candies, cool drinks, etc. Thence we are running an open day on the Lord's Holy Sabbath. Beloved we cannot mock God: we are going to reap our sowing just as surely as that the sun rises. Men tell about pests, we have not seen anything yet compared with what we will see unless we change our ways of living. God declares that if we will serve Him and honor Him, "I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine cast her fruit before the time in the field, saith the Lord of hosts." Mal. iii, 11.

The Prohibition Law is but a scrap of paper in the minds of a great many people. In our community I hear a great many people in the business whom I thought more of than to be in such a nefarious business as making liquor. Beloved, the law has teeth to it, but our courts have failed to make it bite the transgressor. In the city of Chicago in 1921 there were 225 murders and only six of them paid the death penalty. In 1922 62 per cent of all the murderers came clear. In 1924 146 murders, 69 indictments, 37 convictions and one executed. Brethren, what does it mean for our country? We will have to battle with the bootlegger the rum-runner until the good christian people of our country awake and denounce it, from the man in the swamps to the judge on the bench.

Respectfully submitted,
J. K. TAYLOR, Committee.

tees, be designated Associational members of three Boards.

W. J. Berryman was elected Associational delegate to the Southern Baptist Convention.

MINUTES OF THE W. M. U. CHOWAN ASSOCIATION.

The twenty-first annual session of the Woman's Missionary Union of the Chowan Baptist Association met with the Society of Rocky Hock church, July 30th and 31st 1925.

A conference was called Thursday afternoon at 3:30, composed of the Executive Committee and County Leaders. While all were not present at this meeting it proved very helpful. In the evening at 8 o'clock the Association opened its first meeting with Rev. W. F. Cale presiding. Rev. R. W. Prevost preached a missionary sermon taking for his text: "Behold, I say unto you, lift up your eyes, and look on the fields; for they are white already to harvest."

Following this the Young Ladies' Auxiliary gave a pageant called 'Fulfilling the Royal Law.' This pageant was written by Miss Ella Pearce, who at present is waiting to be sent abroad as a missionary. It is interesting to know that four of Miss Pearce's cousins took part in this pageant. It was so well done that they were asked to repeat it.

Friday morning the regular business meeting was entered promptly at ten o'clock. Mrs. S. C. Newbold presided in her usual charming way. Mrs. J. P. Perry, of Hertford, read the scripture which was the twentieth chapter of Matthew, beginning at the fourteenth verse. This was most impressive. The societies of the Association, composing a part of nine counties were made welcome by Mrs. W. H. Dale, president of the Rocky Hock Society. Miss Essie Ferebee assured her of our pleasure at being their guests. Miss Ferebee is from the Sawyer's Creek Society.

The hymn composed by Miss Fannie E. S. Heck was sung, after which our visitors were recognized. Among those were: Mrs. W. N. Jones, of Raleigh, Mrs. Blanche Sawyer of Weldon, Rev. and Mrs. R. W. Prevost, and Mrs. F. W. Cale. Minutes of the meeting which met at Berea were read, the roll of churches called and delegates registered. Mrs. Newbold's report of her year's work followed. The general statistics of her report are as follows: 330 miles traveled; 366 letters written; 101 postals sent and 8 special meetings attended, in the interest of the work. This does not include the work that she could have done and would have been glad to have done if the societies had called on her.

Quite a surprise came after her report. She gave a banner to the church which had a full graded union, and did the best all round work. This banner went to Rocky Hock Church. We were glad that this was won by them for they were the most loyal people to the cause in preparing the entertainment of our Association. Reports from the personal service chairman and

Training School treasurer were very good. The work of raising our quota for the Blanche Barrus Nurses' Home at Winston-Salem was taken up instead of work for the Training School this year.

All of the county leaders were present and very good reports came from each leader. Those present were Mrs. S. M. Boettcher, Mrs. A. D. Ward, Mrs. A. S. Ward, Mrs. J. P. Perry, Mrs. S. M. Combs, Mrs. H. B. Hines and Miss Essie Ferebee.

Mrs. Jones' address was thoroughly enjoyed. Her subject was taken from Acts. the first chapter and the eighth verse, which is a part of our watchword for the year. "Ye are my witnesses." The thought she gave us was where and how we might witness for Him.

A talk on periodicals was given by Mrs. S. M. Boettscher. Electing the nominating committee and naming other committees closed the morning session.

The afternoon was given over to the young people's work, with Mrs. I. A. Ward, Junior Superintendent, presiding.

Miss Madeline Elliott, of Hertford, read the scripture. Mrs. Agnes Bunch welcomed the young people in behalf of the young people of Rocky Hock. This was responded to by Miss Mary Owens, of the Elizabeth City First Church.

Miss Margaret Blackstock of Edenton, gave us a beautiful solo. A paper on "Stewardship and the Unified Program" was given by Miss Inez Reid. Mrs. Cleo Gardner gave an interesting talk on 'Society Methods,' and Mrs. A. S. Ward followed this with "Needs of our Association and How to Meet Them."

After presenting the Sunbeam banner to Sawyer's Creek Sunbeam Band Mrs. Newbold presented her plan of work for this year. It was voted that every society elect its officers in December and begin their new term in January. She especially asked that the names of the President and Treasurer be sent to the Superintendent of the Association as well as the State Headquarters. Ten points taken from the regular State plans, were adopted for our work this coming year. Each society was asked to keep these points before them, each doing its best to reach all points.

The Committees appointed at the morning session reported. The following officers were elected—Mrs. S. C. Newbold, President; Mrs. L. D. Bond, Vice-President; Mrs. C. Doughty, Young People's Leader; Miss Inez Reid, Secretary-Treasurer; Mrs. Will Dale, Personal Service Chairman; Mrs. Charles Hollowell, Mission Study Chairman. County Leaders were named as follows:

Betaufort, Mrs. Webb Sawyer; Camden, Miss Essie Ferebee; Chowan, Mrs. A D. Ward; Currituck, Mrs. J. P. Bernard; Dare, Mrs. H. B. Hines; Gates, Mrs. A. D. Ward; Hyde, Mrs. B. L. Berry; Pasquotank, Mrs. S. M. Boettcher; Perquimans, Mrs. J. P. Perry; Tyrrel, Mrs. S. M. Combs.

The Memorial service was read by Mrs. L. D. Bond. in honor of the memory of our members who have passed on this year. Those who died were as follows: Mrs. A. A. Harrell, Mrs. T. P. Leary, Mrs. H. S. Gilbert, Mrs. John Foxell, Mrs. K. F. Ward, Mrs. A. J. Ward, Mrs. W. V. White, Mrs. E. L. Dough, Mrs. C. P. Sawyer, Mrs. Lizzie Askew, Mrs. Jennie Russell, Mrs. Indiana Brown, Miss Etta Costen, Mrs. Mary Dale, and Mrs. Sarah Harrell.

Two invitations were given, Elizabeth City First Church and Manteo.

The invitation from Elizabeth City, First accepted. The time was left to a committee, composed of Mrs. S. C. Newbold, Mrs. H. White, Mrs. J. P. Perry and Mrs. L. D. Bond.

Adjournment was in order and we were dismissed by Mrs. Mary Britton.

REPORT ON STATE MISSIONS.

During the year 1926 there has been a splendid work accomplished by our State Mission Board on many needful fields. We believe this is a definite task for us—to preach the gospel to every creature in the Judea and Samaria which represent State Missions to us.

There are 145 pastors helped on various fields in North Carolina. At present we have one State Evangelist, Rev. J. C. Canipe, of Roxboro. He has held some splendid meetings aiding in needed fields.

Brethren, we ought to support State Missions and not neglect any other phase of our field work. As a result of State Mission work, new churches have been organized, new church houses constructed, and the churches have been built up through the Sunday School and other organizations which are made possible and kept alive through this definite effort. Scores of people have been converted. We are not to forget our town and city churches are built up largely from people moving in from these fields of labor. More than ever before let us stand for our whole Mission Program.

Respectfully submitted,

E. R. STEWART.

REPORT ON HOME MISSIONS.

The appeal of the Home Mission task should find a response in every Baptist heart. We are all, if true to Christ's Program, tremendously interested in our foreign work. Our work abroad will advance apace as we lay the foundations at home. The fields everywhere now are white unto harvest, and we would call our people to prayer in behalf of our Home Mission Board. Attention here is called to a paragraph found in the splendid report submitted by Dr. Gray to the Convention in Houston,

"This is the greatest hour for Home Missions in the history of our country. The problems were never so acute, the demands so urgent, the opportunities so great and the obligations so overwhelming. This conviction is growing with thoughtful persons who realize the significance of America for the Salvation of the world. America constitutes at once the greatest field and force in all the world for Christian civilization. Christian statesmen everywhere are beginning to realize this. Problems at home are as serious and complicated as those beyond the seas." In view of this timely statement there should be no let up in our efforts to thoroughly evangelize every section of our home land. In order to do this every agency employed by the Home Mission Board is necessary.

Your Committee would call special attention to a statement found on page 280 of the minutes of the Southern Baptist Convention.

"Southern Baptists are at a serious juncture in reference to their entire

work. Scarcely a single agency, State or Southwide, that is not burdened with debt. This is extremely depressing to the spirits of our people and calls for great steadiness of purpose, unyielding loyalty to our great interests and insistent and importunate prayer for Divine guidance." The significance of this statement is seen when we note on the same page the following figures:

"Some Mission appropriations for the past years were as follows: 1922—$965,255.37; 1923—$877,769.00; 1924—$947,747.20; 1925—$616,000.00.

This shows a rapid reduction each year in the appropriations except for the year 1924, in which $100,000 advance loan to the New Orleans Hospital was included."

There is nothing in these statistics to make Baptists rejoice. God has wonderfully blessed Home Missions. Our workers baptized, in round numbers, about 18,000 converts during the last conventional year, and every department has gone forward. Dr. Gray's heart cry is, "The Home Mission Board is in great distress." Your committee begs this great association to listen to the cry of the Home Mission Board. We urge that special prayer be made, and that our people be called upon to enlarge their gifts.

Respectfully submitted,
E. L. WELLS.

REPORT ON FOREIGN MISSIONS.

The Foreign Mission Board of the Southern Baptist Convention has closed the Eighty-first year of its great service as a clearing house of Southern Baptists for the dissemination of the gospel in the most destitute parts of the earth. These eighty-one years have been filled with perplexing problems, hard work, and often with discouragements. But there has been almost an unbroken project in evangelistic achievements and expansion of the Kingdom of Christ. The last year was the best year in all its years of the Board's history and work.

The following facts should be carefully stored up by pastors and messengers to this association, and taken back to the whole membership of their churches:

1. THINGS ACCOMPLISHED LAST YEAR.

13,269 persons were baptized on our foreign mission fields during the last Southern Baptist Convention year, a gain of 1,135 over the previous year. The total membership is now 140,488. This membership is organized into 1,215 churches, 557 of which are self-supporting. These churches contributed last year $444,258, or nearly $4.00 per member.

We have on these fields 1,818 Sunday Schools with 76,991 scholars, and 568 women societies with 13,649 members. There are also 574 young people's societies with a membership of 13,868. Of schools of all grades, including kindergarten up to theological seminaries, we had 920 with a total student body of 36,893 before the Board's finances made it necessary to discontinue many of the schools. It is found that more than 50 per cent of the baptisms reported for the year was among these students in our Christian schools on the foreign fields.

The medical work of the Board for the year consisted of 214,910 treatments administered to 69,583 patients, of which 5,498 were in-patients. 934 of the operations performed by the Board's medical staff were major operations.

2. A SECOND FACT TO BE REMEMBERED IS THE FINANCIAL CONDITION OF THE BOARD.

The Board started the year 1925-26, with a heavy debt and loud calls from its missionaries for re-enforcement and relief During the year the Board received from the Co-operative Program $1,071,834.16; in designated gifts

$240,613.05; and in total gifts to the Christmas Love Offering $811,344.11. The debt was substantially reduced, but there was left an indebtedness of $727,000. The women of the South have undertaken to contribute as a Christmas Offering about Christmas time $300,000 toward the further reduction of this debt.

The Board has for more than three years denied the missionaries all equipment, such as residences, church buildings, school and hospital buildings, etc., and has now for some time discontinued appointment of missionaries, although there has been sad depletion of the missionary staff by death and resignations. The distress and disaster of these denials of missionary needs may, to some degree, be estimated by the following extracts from missionary letters:

"The hearts of the missionaries have been torn and worn these past months, from the news of discouragement that has been coming from the Board has been so hard to stand. In fact the Board is going to lose many men and women because of it for we cannot stand the strain forever and it seems that Southern Baptists have given us the whole thing to bear. We have been forced to break contracts and let preachers go who were employed in good faith, but we personally could not stand the strain. Still it is ours, as the workers blame us. Some are going to be forced to leave their fields because of it. The Board truly did not know what they were forcing us to do."

We are at present spending our whole time in Canton. The reduced appropriation for our traveling expenses, this year, making this necessary. We have already used more for traveling expenses—far more—than the Board grants us to date. For the same reason we have had to call off our Preachers' Conference and our Bible Women's Conference, and must depend, from now on, on haphazard meetings with our workers who live out of town.

"We know perfectly well that when the Board cut out the appropriations for every one of the eighty (80) preachers, teachers, Bible women and colporters on the payroll of us two, you did not realize that 'Evangelistic Work in the Canton Field' and 'Day Schools in the Canton Field' meant not only Canton city, where we two have four chapels and schools, but it meant that vast territory assigned to us two—so vast that we formerly did well when we made the rounds once a year, holding meetings of a few days in each place."

"It was in our absence, on one of our missionary journeys, that the news came of this complete cutting of the ground from under us two.

"We are not complaining. You know better than we what the resources of the Board are; and all we do is to state the case; and we feel sure that you will do the best you can for the work we love better than we love our lives."

A small volume of extracts similar to the above could be made from missionary letters to the Board, but the above are sufficient for any who have their hearts touched.

The world which the Foreign Mission Board is facing is a world in desperate need, but a world ready for Christ. its only hope Will the Baptists of this Association suffer their beloved missionaries and their Foreign Mission Board to appeal in vain to them? Will they ignore the cries of a lost and ruined world for which Christ died and for which we have a sure and only remedy? The world needs the gospel, hundreds of young people are ready to carry it, and our people have the money to send them, if they would only give it.

Respectfully submitted,

R. W. PREVOST.

The Co-Operative Progress was discussed by W. M. Gilmore, W. F. Cale, S. P. Harrill, S. H. Templeman, J. H. Thayer, and A. A. Butler, and on motion the reports were adopted.

The meeting then adjourned with benediction by S. H. Templeman.

WEDNESDAY—MORNING SESSION.

Devotional exercises were conducted by J. W. Downey.

Consideration of Sunday Schools being the regular order, the Moderator called for the report, but the Chairman of the committee explained that he had overlooked bringing it with him, and permission was given that the report be forwarded to the Clerk for insertion in the Minutes.

REPORT ON SUNDAY SCHOOLS.

It is not necessary to argue the importance of Sunday Schools before this body, or our duty as Baptists in promoting their establishment, or increasing their efficiency in every legitimate way; for we believe the Sunday School to be one of the greatest forces in the realm of religious activities; an agency, under God, with wonderful possibilities in winning the lost to Christ, and in training the saved for efficient service for the Master. The Great Commission has to do not only with the making of disciples, but also the training of them, "Teaching them to observe all things whatsoever I have commanded you"

The New Testament abounds in examples as well as commands to teach the Word of God. Jesus not only taught himself but commanded his disciples to teach This they did on their missionary tours, in the Synagogues and other public places.

The wisdom of this is justified by the results that follow; 90 per cent of our churches have grown out of the Sunday-school work; 90 per cent of those now coming into our churches come from the Sunday-school. Why not greatly increase the number by making our Sunday-schools what they should be?

Children trained in the Sunday-school have a better chance in life than do others who are not thus trained. They are trained in that period of life when both heart and mind are more easily moulded for the right against the wrong.

AT THE CLOSE OF 1925.

There were reported 2 202 schools, a gain of 33. Church letters give no place to report Mission Sunday-schools. There are really over 2,250 schools. The membership is now 312,840, a gain of 26,047. In the last five years we have gained 91,812 The ratio of Sunday-school membership to church membership is 86.1. This means that for every one hundred church members there are 86.1 people in Sunday-school. This is the best in the South, unless some state has made phenomenal gains this year. There are only 11 associations out of the 64 in the state, that have as many or more Sunday-school members than church members. Our Association has 12,096 church members with only 9,610 in Sunday-school. We fall below the average.

A PROGRAM FOR 1926.

We really have nothing new to offer, for years of study, conference and work have developed the finest Sunday-school program in the world. Many have no vision of the things we are trying to do. Many are looking backward longing for the "good old days" but they are gone. We must face the problems and needs of to-day and to-morrow and all the future if we would be the best Kingdom builders. We call North Carolina Baptists to these Sunday-school tasks and objectives:

1. There are about 125 churches with no Sunday-school and over 300 that close a part of the year. Local, Associational, and State forces must combine to put a year-round Sunday-school in every church.

2. There are 500,000 people belonging to our constituency in no Sunday-school. It is our duty and privilege to reach thousands of them.

3. The organization of hundreds of schools need enlarging and improving.
4. Church buildings must be intelligently planned. Many thousands of dollars are being wasted for the lack of the right kind of guidance.
5. Surely there must be no let up in Teacher Training. Every condition of our times argues the effective work in our Sunday-schools. We cannnt meet these demands, unless we train ourselves for this task.
6. Children's week is a time when we are trying to link up our homes and churches through the Sunday-schools in behalf of our 270,000 Baptist children. This work is growing encouragingly.
7. Sunday-schools are not giving adequate Bible teaching. The Daily Vacation Bible School will give more of this during morning hours, of four weeks than we now give in a year in Sunday-school.
8. The supreme task is soul-winning With 650,000 lost men and women and 900,000 children in North Carolina, and every year, at least, 20,000 children, in our Baptist constituency, reaching the years of accountability, the call to evangelism is our greatest challenge.

Finally: Co-operation with the Sunday-school department of the State Mission Board is our duty. This department is, at all times, willing to send helpful tracts on practically every phase of the Sunday-school work. These are free and can be had from Secretary E. L. Middleton, Raleigh, N. C. He will also aid in every possible way in providing training schools and institutes for groups of churches, in cities, towns, or in the country. He urges inquiry from every one who has an unsolved Sunday-school problem.

Respectfully submitted.
K. C HORNER,

No one wishing to speak on Sunday-schools, on motion miscellaneous business was declared in order and S. H. Templeman read the

REPORT OF THE EXECUTIVE COMMITTEE.

Your committee had two meetings during the year. One of these was held in the fall at Hertford in which recommendations were made for appropriations to churches at the meeting of the Mission Commission. The second meeting was held in Edenton, Monday, August 23rd, 1926. The following members were present: J. G. Gregory, W. J. Berryman, Lycurgus Hofler, K. C. Horner, A. A Butler, and S. H. Templeman. Matters pertaining to the annual session of the Association were discussed and recommendations made. Reports from every section of the Association indicated that the churches were, with few exceptions, supplied with pastors and in a healthful condition.

Respectfully submitted,
S. H. TEMPLEMAN, Chairman.

The report was adopted.

A motion was made and carried that we accept the amount of $23,000.00 as the goal of this Association for the Co-operative Program, this being the amounts suggested by the State Mission Board as a reasonable amount for us to raise for this purpose.

By motion the method of raising the above amount is left to the Pastors and churches in the Association.

The Moderator announced the following Committee on Time, Place and Preacher for the next session of the Association—L. W. Norman, G. A. Twiddy, R. B. Hollowell.

J. H. Thayer read the

REPORT ON CHRISTIAN EDUCATION.

The Seventh Annual Report of the Education Board of the Southern Baptist Convention called attention to the following special items:

1. Southern Baptists are this year rounding out one hundred years of

activity in organized work for Christian Education. Furman University, S. C. and Mississippi College, Mississippi, celebrate their centennial this year. The oldest Baptist Colleges in the other Southern States are as follows: Georgetown College, Ky., 1829. University of Richmond, Va., 1832; Mercer University, Georgia, 1833; Wake Forest College, N. C., 1834; Judson College (our first college for women), Ala., 1839; Howard College, Ala., 1842. Union University, Tenn., 1843; Baylor University, Texas, 1845; Baylor College (women) Texas, 1845; William Jewell College, Missouri, 1849; Ouachita College, Arkansas, 1886; Stetson University, Florida, 1887; Ewing College, Illinois, 1890; Louisiana College, Louisiana, 1906; Oklahoma Baptist University, Oklahoma, 1912; Montezuma College, New Mexico, 1922.

2. Our two newest colleges, to be built this year, are the Girls Junior College, Shreveport, Louisiana, and the Junior College (Co-educational), Sebring, Florida.

3. After one hundred years of building on the foundations, laid through the faith and labors of our Baptist fathers, we have 117 schools that are training 40,000 students. About 50,000 of our young men and women are in State Colleges and Universities.

4. The Southern Baptist Theological Seminary, Louisville, Ky., has moved from its old location in the business section of the city to its new home on a thirty acre tract of land near the city where the new buildings are being completed at a cost of about $2,000,000.

5. During the seven years the Education Board has been organized and has been giving attention to "Standardization and Promotion," the number of Standard Baptist Colleges in the South to be fully accredited by the Association of Colleges in this territory has increased from four to sixteen.

6. The Indian School and Orphanage operated by the Education Board at Okmulgee, Okla., enrolled 75 boys and girls. Every student of proper age professed faith in Christ during the session.

7. The Southern Baptist Assembly at Ridgecrest, N. C., with property valued at over $500,000, is owned by the Education Board, and has become the gathering place in vacation period for Baptists from every State. "Capitalize Recreation for Christ" is the motto and every phase of work, in which Southern Baptists are engaged—missions, evangelism and training—is emphasized in the program running from June to September Friends in Lake County, Florida, in the heart of the orange groves, have deeded to the Education Board 190 acres of valuable land and provided the money necessary to erect buildings and to put on an Assembly in the Winter, similar to the Ridgecrest Assembly in the Summer. Full information may be had by writing the Baptist Education Board, Birmingham, Alabama.

8. The "Life Calling Conference," conducted simultaneously in all Baptist schools and among Baptist students in State schools, in April brought directly to the attention of our Baptist youth the serious question of where God would have them invest their lives.

9. The tract and literature department of the Education Board is prepared to send free of charge tracts on almost every phase of Christian Education. Over a half million such tracts were sent out last year.

10. The "Teacher Bureau Department" without cost puts many Baptist teachers in touch with positions in Baptist schools.

11. A Summer School for pastors and Christian workers is conducted by the Education Board at Ridgecrest for two months each Summer. The teachers are from our Theological Seminaries and full credit is allowed for work done.

12. The Education Board through its legal department is annually saving thousands of dollars to our colleges in expert legal advice and for college charters furnished without cost.

In order that Baptists may come to the place of leadership in church and State commensurate with our numbers and resources we need to keep our

schools true to the faith of their founders and to the Word of God, and train in them many more of our boys and girls. Endowment is essential to the life of our colleges.

Respectfully submitted,
J. H. THAYER.

Motion to adopt was discussed by J. H. Thayer and J. H. Gorrell, of Wake Forest College.

J. F. Love, Secretary of the Foreign Mission Board of the Southern Baptist Convention, having just arrived, on motion, he was given 25 minutes in which to speak at this time.

On motion, the Order of Business was amended by allotting 20 minutes to Orphange and 10 minutes to Periodicals, this being all the time left before the Centennial Exercises of Sandy Cross Church. R. T. Hough spoke on the Orphanage and W. R. Beach on the Recorder.

The Centennial Exercises of Sandy Cross Church consisted of songs, prayer by I. S. Harrell, a brief history of the church by R. W. Simpson and an address by T. L. Brown, a former pastor of the church. The history presented is as follows:

HISTORY.

The Sandy Cross Baptist Church in Gates County was organized during the year 1826 but was not regularly constituted until the year 1828. According to the records there was no regular pastor until February, 1840, when Rev. Q. H. Trotman was called with no salary until 1953. Since 1858 the Church has been served by the following pastors: I. D. Stokely, John B. Webb, T. J. Knapp, T. T. Speight, S. F. Bristoe, J. N. Booth, J. O. Alderman, J. C. Hudson, C. C. Crater, T. L. Brown, T. S. Crutchfield and K. C. Horner, our present pastor, and during his pastorate the church has held three regular meetings each month, the first and third Sundays and on Saturday before the third Sunday.

We are now using the third building since the church was organized. The records show that the expense of the church for the first year was only $18.50. Our pastor at present is paid $525.00 per year, and the total expenditure for the year 1925 for all objects was $1997.88.

We have a fine pastor at present who is ever ready, willing and anxious to give the church all necessary advice regarding the religion of Jesus Christ and the spread of the Gospel throughout the world.

The church has a fine Sunday-school with 151 members and our female members have a W. M. U., G. A. and Sunbeam Society. Our church membership is now 425. Quite a number have taken letters of dismission to join other Baptist churches nearer them.

The following ministers were members with us and were ordained here—Q. H. Trotman, William Fitcher, E. S. Pierce and Ira Harrell.

We generally hold a protracted meeting every year. The one held this year closed the first Sunday in this month with 15 received by baptism, 5 by letter and 1 restored, making a total of 21 additions. Rev. J. M. Arnette, of Wagram, N. C., did the preaching and did it well.

We think this is the fourth session of the Chowan Association held with this church, and we are very glad to have it meet with us. We extend a hearty greeting to all present, and hope you will soon assemble here again.

The Moderator announced the Commitee on Commitees, as follows: Lycurgus Hofler, R. H. Lucas, J. R. Taylor, K. C. Horner, M. F. Booe.

WEDNESDAY—AFTERNOON.

Devotional Exercises were conducted by J. H. Thayer.

The Clerk read the

REPORT OF BAPTIST YOUNG PEOPLE'S UNION.

Baptists through the centuries have laid great emphasis on winning people to Christ and baptizing them into the fellowship of our churches. For this marvelous work we praise God, but the matter of education and training the young christians to church membership was not practiced in our Southern Zion to any great extent until thirty-one years ago. In 1896 we added the B. Y. P. U. as a branch of our Southern Baptist Convention and from that time until now we have made wonderful progress in all the states of the Convention.

According to the report of 1925, we have in the South 17,665 B. Y. P. U's. In our State, we have 1668 in the three departments of the work. By a careful study of the figures in the yearly reports reaching back ten or twelve years you will see that during this time B. Y. P. U. work has grown very rapidly. Still the field is not thoroughly cultivated.

The future of our churches depends largely upon how we train our young christians in the various branches of our church life Great problems are facing us today, and they will be greater tomorrow, but a great many of these problems will go unsolved unless we train our young christians to meet these issues as they should.

We have a small group of workers in our state and because of this fact we urge that the pastors in this Association see that the young christians are trained to shoulder the responsibility in our churches to the glory of Christ's cause.

Respectfully,

I. S. HARRELL.

The report was discussed by J. H. Thayer and adopted.

The Committee on Laymen and Women's Work having failed to prepare a report, on motion the Chairman was requested to prepare one and send it to the Clerk for insertion in the Minutes, and W. J. Berryman was requested to address the meeting on Laymen's work.

REPORT ON LAYMEN'S AND WOMEN'S WORK.

1. The Laymen's Missionary Movement was by the adoption of their report by the Convention at Houston, changed to the Baptist brotherhood of the South. The same being composed of an Advisory Committee of five, an executive committee of twenty-five, and a General Secretary, with headquarters at Knoxville, Tenn.

The purpose of the Brotherhood is to interest and to enlist Baptist laymen of the South in Kingdom work, by helping them to understand and to realize the meaning of Christian stewardship.

The following quotation from their last report to the Southern Baptist Convention will show something of their motives and methods.

"In promoting the policies of the Laymen's Missionary Movement during the past year, your committee has made liberal use of tracts that deal with the different phases of Stewardship, Scriptural Finance, the organization of

Brotherhoods, the conduct Study Classes for men and the Laymen's obligation to the Kingdom in general.

The General Secretary has been actively engaged in discussing and promoting their interests in the churches at banquets for men, in Associations, Conventions, assemblies and other gatherings, for the period of four months Mr. L. A. Ellison, a banker of Oklahoma, rendered most efficient service of a similar nature as Associate Secretary.

The following is a brief summary of their last year's work:

"The Secretary rendered service in the 17 states of the South, attended the annual meetings of seven State Conventions, spoke at three District Associations, delivered addresses and conducted study classes in five State Assemblies, wrote each month for the denominational papers, attended three State Conventions of men, made addresses at 25 banquets, conducted and attended 95 conferences, made a total of 260 addresses and traveled 44,283 miles, at a net cost of $475.56.

It will be seen from the foregoing that these brethren are serving the Kingdom in a large way and we wish for them the hearty co-operation of every Baptist layman.

2. The work of the Women's Missionary Union is in a way for our women, what the Laymen's movement is for our men. Both endeavor to enlist their constituents in the scriptural plan of supporting our Lord's Kingdom. As a means to this end our sisters lay great stress on prayer concentrated and persistent. They also stress Bible study by individuals and in groups.

By their personal service activities they carry cheer and hope to thousands of the poor and afflicted.

The Union is rendering great service to the negro in our midst and to the foreigner who comes to our shores.

Some of the results of their labors are indicated by the following quotation from their report to the Convention at Houston.

"They have secured in 14 states 42,368 W. M. U. tithers, 8,315 of them being youthful tithers, with these and other W. M. U. tithers not numbered, it is not strange that the women can report the grand total of gifts in the sum of $2,138,242, much of which was given to the seven objects fostered by the Southern Baptist Convention Co-operative Program. Included in this total is the Union's Lottie Moon Christmas offering for Foreign Missions of $306,376 over and above their regular payments of the co-operative program, and also much of the $107 058 given by Union members to the building fund of the Southern Baptist Theological Seminary."

Space for this report does not permit an account of many phases of the work of the W. M. U which is both praise-worthy and inspiring.

May the "Great Head of the Church" ever bless their efforts as they seek to do His will in the extension of His Kingdom. W. F. CALE, Committee.

The Clerk read the

REPORT OF MINISTERIAL RELIEF AND ANNUITIES.

The Relief and Annuity Board of the Southern Baptist Convention, through its relief fund and its annuity fund, is grappling with a great and growing problem of providing for ministers, their widows and dependent orphans in the best possible way. This Board is located in Dallas, Texas, and has made rapid progress in the work committed to it and there is a growing appreciation of its work on the part of the brotherhood throughout the South.

The permanent relief fund is still under $600,000.00 and the relief beneficiaries are receiving on an average less than $150 00 per year. To provide properly for nearly 1200 beneficiaries of this fund, the Board must have a very much larger income. Still the amount that we now distribute to aged and infirm ministers and to widows and dependent orphans of ministers

is bringing peace of mind and a degree of comfort to these denominational wards that is justifiably gratifying.

THE ANNUITY FUND.

Members of the annuity fund who have reached their sixty-eighth birthday or who have become permanently disabled, are receiving the maximum amount promised in the membership certificate, namely, $500.00 per year.

INCREASED PROVISION PLANNED.

The action of the Southern Baptist Convention, which met in Houston, Texas in May last, in adopting the New Service Annuity Plan, as recommended by the special Laymen's Committee and by The Relief and Annuity Board itself, has been hailed with great satisfaction by thousands of our ministers and by the brotherhood generally. The provisions of this plan mark a distinct advance in the work of Ministerial Relief and the carrying out of these provisions will give to every participating minister, the widows and dependent orphans of participating ministers, within the bounds of the Southern Baptist Convention, a support worthy of our great denomination, when they shall come to require it by reason of age, physical disability or dependency.

SOME OF THE PROVISIONS OF THE NEW SERVICE PLAN.

Some of the outstanding features of the New Service Plan are as follows:

1. An age annuity available at sixty-five for every active minister. This plan builds to a retirement annuity of approximately 50 per cent of the average salary on a basis of thirty-five years of service, i. e., on a basis of an average salary of $2400.00 there will be eventually given an annuity of $1200.00 and so on. There will be guaranteed to every active minister participating in this plan, a minimum of 50 per cent of his average salary up to $600.00. Three-fifths of the retirement annuity will be continued to the widow.

2. Total and permanent disability prior to age of sixty-five will entitle the participant to an annuity amounting to 40 per cent of his average annual salary, during the five years preceding disability.

3. There will be a death benefit to the widow, after the first year of membership, amounting to 75 per cent of the current year's salary of the minister, but not to exceed $1,000.00.

4. Minor children of disabled ministers will participate in this plan to receive $100.00 a year each, up to age eighteen with certain educational allowances up to age of twenty-one.

For details concerning the New Service Annuity Plan, ministers or others interested should write The Relief and Annuity Board of the Southern Baptist Convention, 1226 Athletic Club Building, Dallas, Texas, and illuminating literature will be sent promptly.

Respectfully submitted,
E. S. NORMAN.

The report was discussed by S. H. Templeman, A. A. Butler and Josiah Elliott, and adopted.

A motion was adopted that a committee of five laymen including the Moderator and Clerk be appointed to secure information and to make a report to the next session of the Association concerning the new Annuity and Relief plan for ministers. (See list of Committees).

S. H. Templeman read the

REPORT ON TEMPERANCE.

National prohibition has been in force for a little more than six years. In that time it has passed the experimental stage. Many of us have forgot-

ten just how much evil clustered around the open saloon. The anti-prohibitionists have had time to work in all sorts of plans to evade the law and all sorts of falsehoods to misrepresent the effectiveness of its enforcement. Too often there were ill advised statutes passed for the enforcement of the act while the only dependence we had in many cases for its enforcement was the officer who was secretly or openly in favor of the liquor traffic. Hundreds of instances of the latter might be cited but two will suffice; the governors of New York and Maryland.

Many of our people have been misled by the claim of the wets that there is more liquor being consumed than ever before. But the observation of conditions in any town or village in this country will not bear out that contention. In spite of the claim of the wets, the law is being steadily perfected and enforcement is becoming more certain and sure. If the enemies of prohibition can get liquor easier than in pre-prohibition days, they would not be so eager to have the law annulled. Let it not be forgotten that many of the laws on our statute books have never been perfectly enforced as for example theft and murder.

During the last congress a large number of bills were introduced looking to the repeal of the Volstead law but not one of them passed nor did their authors expect them to pass. It is but a part of a well laid plan to wear down opposition by this process. A great many of our people have made the mistake in thinking the battle won when the prohibition act was passed. This is a mistake. The only way that the law can be enforced against a horde of lawbreakers is to keep the people informed about the progress of the fight. The christian citizenship of this country must be brought to see that they must vote as they pray. The Volstead Act took the Federal Government out of the liquor business It is now the business of all good citizens to see to it that the men who swear to enforce the law, shall live up to their oaths.

Respectfully submitted

S. H. TEMPLEMAN.

MINUTES OF THE WOMAN'S MISSIONARY UNION—CHOWAN ASSOCIATION.

The twenty-second annual session of the Woman's Missionary Union of the Chowan Baptist Association met with the Society of the First Baptist Church, Elizabeth City, N. C., June 18th and 19th, 1926.

The meeting opened Thursday evening with Mrs. L. D. Bond, Vice-Superintendent, presiding in the absence of Mrs S. C. Newbold, the President, owing to illness. Scripture was read by E. L. Wells, of Edenton, and J. H. Thayer of Blackwell Memorial Church, led in prayer. Miss Ruth Harris sang a very beautiful solo after which S. H. Templeman of the First Church, Elizabeth City, introduced J. R. Saunders, a returned Missionary from China. We were especially fortunate in having Dr. Saunders with us. He gave us first hand needs of China. A large and appreciative audience enjoyed his address. The meeting was dismissed with prayer by Mrs. R. W. Prevost.

Friday morning at 10:00 o'clock the meeting was called to order by Mrs. C. T. Hollowell, acting in Mrs. Bond's place.

The Woman's Missionary Union Hymn for the year "Jesus Shall Reign" was sung, and Miss Edna Harris, State Secretary, led in prayer. Mrs. D. C. Martin conducted the devotional exercises. Mrs S. H. Templeman made a very unique address of welcome, assuring each guest of a most cordial welcome.

The regular Order of Business being taken up, on motion of Mrs. J. P. Perry, and second by Mrs. I. A. Ward, the roll-call was dispensed with, and the registered delegates were considered the working unit of the meeting.

The Minutes of the previous session were read and approved.

The Secretary's Report was read and adopted. The amounts contributed by the Organizations are as follows:

Woman's Missionary Society	$8,614.62
Young Woman's Auxiliaries	419.22
Girls' Auxiliary	158.57
Royal Ambassadors	99.50
Sunbeams	402.34
Total	$7,694.25

This report was for ten months and figuring on this basis we lacked about $400 00 of making our quota set for us by the State Woman's Missionary Union.

Out of 4,471 women and Young People members of our churches only 1,808 were reported as being in some organization, leaving 2,663 unenlisted women and young people. Of course, this is not exactly correct, as some societies did not report. However, it shows what a task we have before us, and should be the working point or pivot for our next year's work.

Ten new societies were added during the year, and three lost or disbanded. We closed the year with 96 societies. The societies sent in their Associational Reports better this year than heretofore. Out of 96 societies, 28 failed to report; forty-eight reported on all four quarters, and 16 made the Standard of Excellence.

Every one present felt the absence of the President, Mrs. S C. Newbold, who at this time was critically ill at her home. Prayers went up for her recovery, and Mrs. Bush, of Edenton, made a motion that we present Mrs. Newbold with a bouquet signifying our appreciation of her splendid work. The motion was unanimously adopted and Mrs. J. H. Thayer, Mrs. David Pritchard and Mrs. Bush were appointed a committee to secure and present the flowers.

Reports on Mission Study were given by Mrs C. T. Hollowell, Mission

Study Chairman, and Mrs. Will Dale, of Edenton, made the Personal Service report. Mrs. Dale is Personal Service Chairman. Both these reports showed some progress, though not as much as desired—especially in Mission Study. Both reports were adopted.

The following County Superintendents reported—Miss Essie Ferebee, Mrs. A. D. Ward, Mrs. A. S Ward, Mrs S. M. Boettcher and Mrs. J. P. Perry. Mrs. Boettcher's report shows that there is a society in every church in Pasquotank County.

Mrs. J. P. Perry offered her resignation which was referred to the Nominating Committee

The banner which Mrs Newbold presented to the Association for the church having all organizations and doing the best all round work was won by the First Baptist Church of Elizabeth City and it was presented to Mrs. S. E. Leigh, President of the Society of the First Baptist Church. This banner had been won by Rocky Hock last year.

Mrs. T. S. Shannonhouse sang a solo and was followed by Mrs. C. C Hoggard, Superintendent of the Elizabeth City Division, with an interesting and inspiring talk on "Go Ye". Mrs. J. P. Perry ably discussed "Our Part in the Co-operative Program." This was followed by a solo by Mrs. W C. Twiddy of Raleigh. Then came the address of the day by Dr. J. R. Saunders. His subject was "Go" taken from the last chapter of Revelations.

The following committees were named—

Nominating Committee—Mrs. J P. Perry, Chairman
Time and Place—Mrs. J. R. Taylor, Chairman.
Resolutions—Mrs. A. D. Ward, Chairman.
Necrology—Mrs J. H Thayer, Chairman.

A cordial invitation to dinner was given by Mrs. S. E. Leigh and Dr. Templeman led the way to the dining room.

AFTERNOON SESSION.

The meeting was opened with singing, "Oh, Zion Haste". Miss Ethel Blanchard led the devotional exercises after which Mrs. Edna Harris made a splendid address on the subject "Render an account unto Him." Her whole address carried a plea for each of us to go a little farther in all kinds of service and that service being done in love, He will reward, He will fill the measure we bring, be it small or large

A Round Table discussion was led by Mrs. S. H. Templeman. Several vital points were discussed and made plainer for the societies. Miss Ruth White sang a solo. The G. A.'s of the First Baptist Church of Elizabeth City put on a pageant entitled "The Road to the Radiant Life" and this was followed by a splendid talk by Mrs. I. A. Ward who used as her subject "What the Junior Organizations mean to the Growth of the Church." She emphasized that all young people are seeking this radiant life, and it is up to the Women's Missionary Societies to make the way plain for them before the world at large gets them.

The special new work planned for the Association was to have a Field Worker visit our Associational field during August under the direction of the Executive Committee and try to interest all our women in this work and plan for greater things for the Old Chowan Association

The committees appointed in the morning reported and all the reports were adopted, and the following officers were elected:

Mrs. E. F. Aydlett, Sr , Elizabeth City, Superintendent.
Mrs. L. D. Bond, Edenton, N. C., Vice-Superintendent
Mrs. C. T. Dougtie, Edenton, N. C., Junior Superintendent
Miss Inez Reid, Elizabeth City, N. C., Secretary and Treasurer.
Mrs. Will Dale, Edenton, N. C , Personal Service Chairman.
Mrs. C. T. Hollowell, Edenton, N. C., Mission Study Chairman.

REPORT ON STATE MISSIONS AND THE BAPTIST CO-OPERATIVE PROGRAM.

Since the organization of the Baptist State Convention March 26, 1830 at Greenville, N. C., its avowed purpose has been to "give the gospel to North Carolina and then to all the world." State Missions has a well defined place in that high and holy aim. Since that day Baptists have grown from a little handful of fifteen thousand to a host of more than half a million including our colored brethren. The first year of its organization the Convention reported $700.00 raised for Missions and Education. Last year the contributions to all benevolent objects amounted to over $700,000.

Not all the progress Baptists have made is credited to State Missions but the period of greatest progress has been the past forty years when the State Mission program has been definite and aggressive.

The work of State Missions today is well defined and well organized. The department of pastorial aid is helping 87 pastors to serve 147 churches. The departments of Sunday School, B.Y.P.U., and W.M.U. are directed by specialists in their field and are doing much in developing the churches in efficiency and service. Student secretaries are maintained at our larger State Educational institutions in order that Baptist boys and girls may have better religious opportunities as they go through college. State Missions has been committed to a positive evangelistic program but at present under financial strain this department has been almost discontinued.

The field of missionary opportunity in North Carolina is great indeed. The problem is adequate financial support that the reapers may be sent forth. This brings the matter in its last analysis to the local church and to the individual christian. A rebirth of the Missionary spirit is needed in Baptist churches and in Baptist hearts. The word "GO"needs to be emphasized afresh upon our banners. From pulpit and class room our people should be taught the gospel the first syllable of which is "GO". More missionary preaching, more missionary teaching, more missionary praying, more dependence upon the Holy Spirit, will undoubtedly kindle missionary zeal in the hearts of thousands that are now cold and indifferent. Respectfully submitted,

R. W. PREVOST,
For the Committee.

THE BAPTIST CO-OPERATIVE PROGRAM.

The General Board of the Baptist State Convention at its June meeting adopted $600,000 as the goal for North Carolina Baptists to raise in 1928

for all the objects included in the Co-operative Program, except the Orphanage.

This objective is to be divided equally between State-wide and South-wide objects as follows:

Statewide Objects

Out of each dollar given, unless otherwise designated, the objects will receive the following amounts:

State Missions	23 cents
Baptist Schools	23 cents
Baptist Hospitals	4 cents
Total	50 cents

Southwide Objects

Foreign Missions	25 cents
Home Missions	11¼ cents
Theological Seminaries	8¼ cents
Ministers' Relief	4½ cents
New Orleans Hospital	1 cent
Total	50 cents

In co-operation with the other Association in the State we recommend that this Association adopt the above ratio of division of its funds and that it set as its goal for 1928 $20,000.00, which is a little more than the Association raised for the objects included in the Co-operative Program for 1926.

S. H. Templeman read the

REPORT ON HOME MISSIONS.

The only mission of the church in the world is to witness for Jesus Christ and to bring the world to the cross for salvation. This has to be done locally, and then the home forces must be projected against the hosts of darkness where there are no witnesses so that all the world may have a chance at salvation.

The two great organizations that are to accomplish this thing for the Baptists, are the Foreign Mission Board and the several State Mission Boards. Naturally if the cords are to be lengthened to the uttermost ends of the earth, then the stakes must be driven deep at the home base. This is the place where the Home Mission Board functions. There must be a unifying process in order to get the different states to function for world wide missions. Each state has its own peculiar problems and is likely to emphasize them to the hurt of the witnessing of the church throughout the world.

For this reason it is necessary to have a unifying board that shall function for all the south and keep our entire program before the people who might lose sight of all except their local problems.

To this end the Home Board attempts to follow out work that is a problem for all of the states. It attempts in a systematic way to do work among the great host of negroes who are among us and will be until Jesus comes back. If we are to save the south, we must save the negro. Our civilization cannot stand, if two races are opposed to each other while occupying the same territory and the only solvent for our difficult situation is the religion of Jesus Christ.

The Home Board works among the foreigners who come to our shores and are thus creating an evangelizing force to aid in world wide missions by furnishing native preachers to do the evangelizing.

In many of the southern states there is a vast territory inhabited by what is known as the mountain whites. These are good people who have been denied the cultural privileges that have come to their more fortunate neighbors of more fertile territory. Among this great group of people the Home

Mission Board has planted mission schools and has aided them to get churches and preachers who could lead, until this section is becoming one of our most fertile fields.

The above are but examples of a varied line of work done by our Board. Space forbids a full chronicle of the work. But the Board is burdened with debt and needs the churches to come to its help and set it free for a greater work.

Respectfully submitted,

S. H. TEMPLEMAN.

Dr. I. A. Ward read the

REPORT ON FOREIGN MISSIONS.

In submitting a report on Foreign Missions we would report

First.

ACHIEVEMENTS

Southern Baptists are getting actual and gratifying results from their foreign mission investments. For instance, in spite of all the retrenchments which the Board has been compelled to make and all the tumult that is abroad in the world, the Board reported for the last Southern Baptist Convention year 12,085 baptisms. Year by year an increasing number of churches reach self-support. The Board reports 705 churches on our foreign mission fields. The success of our foreign mission work should be an inspiration to the Baptists of this Association and of the South. But what might have been wrought if our churches had made it possible for the Board to take adequate care of its missionaries and the work and to appoint to this great service a multitude of young people who, called of God to foreign mission work, have prepared themselves for it only to be disappointed when they offered themselves to the Board.

Second.

RECEIPTS OF THE BOARD.

During the last Southern Baptist Convention year the Foreign Mission Board received from the Cooperative Program $980,214 which was less than the previous year by more than $91,000. The Board received during the year $290,000 in designated gifts for the work, and $247,000 in gifts designated to the debt. The debt has been reduced to $748,000, but this reduction has been made at the expense of the work and by declining for two years or more to appoint young men and women whom God has called to foreign mission service.

Third.

THE NEEDS

These needs may be named as two:

1. The Needs of the Board. The Foreign Mission Board of the Southern Baptist Convention is hard-pressed. After all the economies which the Foreign Mission Board has practiced, and all the retrenchments which it has put into effect on the field, it is still burdened and embarrassed by a debt and the large interest account which this debt necessitates. Is it right that the denomination should ask its Board composed of 36 Baptists selected out of the brotherhood of the South and given no compensation for their work, to carry this burden in addition to that of administering a vast enterprise like Foreign Missions?

2. Need on the Field. Death, broken health, and resignations have taken out of the work more than two score missionaries and left great gaps in our missionary staff which ought immediately to be filled up. A great company of young people, well trained for the service and with deep conviction that God has called them to it, are importuning the Board to send them forth to fill up these gaps. Southern Baptists ought to make it possible to meet this great need by utilizing these heaven-called young people before they pass beyond the age when they can learn a new language and invest their lives

profitably on these fields. Meanwhile the missionaries who are left on the fields are hard-pressed and many necessities of their work are unprovided for. Buildings that had been in course of construction for months and years cannot be completed while others that are needed cannot be begun.

Fourth.

RECOMMENDATIONS.

Your committee recommends

1. That the pastors of our churches call their congregations to earnest prayer on behalf of our Foreign Mission Board, foreign mission work, our missionaries, the volunteers, and native Christians on the mission fields, and that all our people be encouraged to give this great cause a place in their family and daily prayers.

2. We recommend frequent sermons, addresses on Foreign Missions and the use of foreign mission incidents from our pulpits. Surely our people ought to have information about a great cause like this, and the facts about Southern Baptist Foreign Missions will prove an inspiration and a benediction to any church.

3. We recommend that pastors and church officials and leaders make liberal use of the free literature which the Foreign Mission Board is ready to send to anybody who will distribute it among Baptist church members.

4. We recommend that mission study classes be organized at central points in the Association and in our churches, and that a strong effort be made to get all the church and Sunday School officers especially into these study classes. We believe that this mission study work affords many of our pastors who are qualified to teach these classes an opportunity for a great and fruitful Kingdom service.

5. We recommend that the superintendents of our Sunday Schools make a faithful effort to use the programs on Foreign Missions furnished by our board. This will not only be a means of informing and interesting our people on the question of Foreign Missions, but will also be an incentive toward greater efforts in attaining the Standard of Excellence in the Sunday Schools.

Respectfully submtted, I. A. WARD.

The Co-operative Program was discussed by M. A. Huggins and Braxton Craig.

The Co-operative report left blank the amount at an objective of the Association and, on motion, it was amended by inserting $20,000.00 as the objective of the Association for this year. The report was further discussed by Jesse McCarter and A. A. Butler and a motion to amend the report of the Co-operative Program by eliminating the recommendation of the appointment of a Missionary Committee and a Missionary Leader and thus leaving the matter to the pastors and the churches as heretofore, was discussed at length by A. A. Butler, W. F. Cale, Jesse McCarter, R. W. Prevost, Braxton Craig and M. A. Huggins after which the amendment was adopted and the amended report and also the reports on State and Foreign Missions were adopted.

W. J. Berryman was chosen Associational representative in the Centennial Movement.

The meeting then adjourned with benediction by Braxton Craig.

WEDNESDAY—MORNING SESSION.

Devotional exercises were conducted by Elliott R. Stewart.

M. F. Boe read the

REPORT ON B. Y. P. U.

Our Baptist denomination realizes the expediency of developing and utilizing the abilities of her Young People for useful and proficient services in our churches.

Today is a day of Culture. Our nation is going to school as never before.

Education gives power but that power must be wisely directed by Christianity. Education does not take the place of religion. It only gives direction and effectiveness to that which is already in the heart. The hearts of our young people need to be trained as well as their minds. That Baptists may continue to be a leading denomination, it is absolutely necessary that our Young People shall be trained. The hope of our country is in the rising generation, hence, our National, State, and City Governments are taking special care that our Young People shall have opportunity to be well trained in the public schools, that when the affairs of life devolve upon them they will be well prepared to intelligently assume their duties. Even so the future of our denomination depends upon the wise development of our Young People who should be trained in heart and mind. If at maturity they do not know the Bible in word and deed, that is if they are not trained Christians they are not prepared for the highest and noblest work—the Lord's. The Work of the B. Y. P. U. in our churches is to train for service our Young People so they will become a real asset rather than a liability.

We have in our Association 32 B. Y. P. U.'s. In our 61 churches 27 out of the 61 have a B. Y. P. U. These B. Y. P. U.'s have a membership of about 1200 which is only about 10 per cent of our church membership. We should have at least one B. Y. P. U. in every Church and at least one-fourth of our Church membership working in the B. Y. P. U.

On May 28, 1927, all the B. Y. P. U.'s and the friends of the Young People were invited to meet at Corinth for the purpose of organizing the Young Peoples work of the Chowan Association. An Associational B. Y. P. U. was organized.

The first meeting of the Pasquotank, Camden and Currituck was held at Sawyer's Creek, in August. Other meetings are being planned. We are sure the work of the Young People is going to flourish.

The report was discussed by M. F. Booe and R. W. Prevost, and adopted.

S. G. Swann read the

REPORT ON SUNDAY SCHOOLS.

More and more we are coming to realize that no church can be efficient without a well organized and active Sunday School. In fact, substantial evangelism includes teaching. More is said in the New Testament about Jesus' teaching than about his preaching. The Master said: Go ye therefore and make disciples of all the nations baptizing them in the name of the Father and of the Son and of the Holy Spirit teaching them to observe all things whatsoever I have commanded you (R. V.). Two reasons are given for teaching: first—to make disciples, and second—to teach them to obey.

Note some things revealed by our last report:

1. The total enrollment, less the number in the Home Department, and the Cradle Roll was 8825, and the average attendance was only 5184, or only 58 1-2 per cent.

2. That there were enrolled in the Junior and Intermediate departments, including the ages from nine through sixteen, 2606, and there were only 384 baptisms reported from all of the classes of the schools.

3. Of the fifty-three schools reporting in our Association only nineteen were graded, and only one that was Standard A—1; nine churches did not report any Sunday School at all.

4. Of the 765 officers and teachers, 189 hold Normal Diplomas.

From consideration of these facts, your committee would raise these questions—Are our Sunday Schools functioning as they should in Kingdom service? and What is our Greatest Need? In answer to the latter your committee feels that: it is not better organization, though this is much needed, not even the mere training of teachers, as important as that is, but, in the face of the facts just mentioned, our greatest need is for a deeper consecration among our officers and teachers. Let there be such a spiritual atmosphere through all of the exercises that our children and young people shall recognize it as God's service, and let the teachers live such con-

sistent lives, and be so filled with the Spirit and the teachings of the lessons that they may be recognized as God's messengers, to the end that they may indeed be able to make disciples and to teach them to be obedient to our Lord.

Respectfully submitted,
S. G. SWANN, for Committee.

The report was discussed by S. G. Swann, I. S. Harrell, A. A. Butler and Jesse McCarter, and adopted.

A. A. Butler presented the following resolution which was adopted.

Resolved, That it is the sense of this body that it is unwise for Baptist Sunday Schools to affiliate with the Interdenominational, State or County Sunday School Associations.

Braxton Craig read the

REPORT ON ORPHANAGE.

In 1884 the Thomasville Orphanage, one of the most beloved children of the State Baptist Convention, had its birth. Today it stands as one of the greatest institutions of its kind in the South. It has not had smooth sailing by any means. Its history is a story of struggle. But God raised up champions who fought its battles and loyally supported its cause.

Since its beginning it has extended a helping hand to 3200 helpless and homeless children, giving them a chance to become useful men and women. There are now at Thomasville 500 children and 114 at the Kennedy Home, making a total of 614.

The Orphanage, for lack of room and funds, is aiding through a department of the Orphanage known as the Mothers' Aid, 365 children and 87 mothers. The success of this department is highly gratifying. This makes a total of 979 children that are being aided by the Orphanage.

43 graduated from the high school last year.

Those who go out of this institution usually take a high stand in church and state and make the best of citizens.

It will be of interest no doubt to know the cost of running this institution. Monthly cost per child $24.92; annual cost per child $279. Daily cost of operation $600.

Dr. Kesler reports that he receives 50 to 100 applications per month, and that during the year they have only been able to take 96 of this number. Here is a large field for service.

Brethren, the Orphanage is a charge committed to our care by those sturdy champions of love who gave it their best. Yea more, it is a charge from Christ himself. Thousands of helpless children today are holding out their little hands for a home and a chance in life. Shall we help them, and by so doing make glad the hearts of Him who took little children in His arms and blest them?

In view of our task of love, we your committee make the following recommendations to the churches of the Chowan Association:

1. That a representative of the Orphanage be appointed whose duty it shall be to keep in touch with the Sunday Schools of the Association and encourage the once a month collections.
2. That each Sunday School set aside one Sunday in each month and make a special offering on this day for our Orphanage.
3. That we urge our people to observe the Thanksgiving period by making a special offering of one day's work or income to this noble institution.
4. That a club of Charity and Children be put in each Sunday School.

Respectfully submitted,
R. H. LUCAS.

The report was discussed by Braxton Craig, and adopted, and in conformity with recommendation 1 of this report, on motion, J. G. Gregory was appointed Orphanage Representative for this Association.

The Clerk read the

REPORT ON EDUCATION.

This is a day of education. Special emphasis is being placed on the influence of an education. And with better educational advantages provided for all, the youth of our land are going to school as never before.

In our country, twenty-four million of our children are attending school. Over a billion dollars of our taxes each year are spent to maintain our schools.

Our Baptist denomination sees the expediency of developing and maintaining a good system of advanced schools. Education does not take the place of religion, it only gives direction and effectiveness to that which is already in the heart, ready to be trained by the Christian teacher. That Baptists may continue to be a leading denomination, that Baptists everywhere, may grasp the opportunities offered to them, it is necessary that we have not only a trained Ministry, but also Laymen trained for leadership. To meet this need, Baptists now have a good system of advanced schools. Any boy or girl, upon the completion of the common school course, may continue his or her course in a school, owned and controlled by the Baptist denomination, where the intellectual training is equal to the best, and religious ideals are taught.

The Baptist institutions under the control of the Baptist State Convention are as follows: Wake Forest, Meredith, Chowan all standard colleges, Campbell, Mars Hill, Boiling Springs and Wingate, Junior Colleges. Several mountain schools are operated by the Home Board, together with the theological seminaries at Louisville and Fort Worth. The Bible Institute, the Preachers summer school and the Southern Baptist assembly at Ridgecrest, all offer an opportunity for training in Christian service. The past year has been one of remarkable success for our Baptist schools.

In all our schools much needed improvements are being made as fast as possible. If we would do our duty, these needed improvements could be made much sooner. Our boys and girls are being deprived of many advantages which should be theirs, because we are negligent of our duty.

Your committee begs permission to make three suggestions as to our duty in connection with our Baptist schools. First that we do not hinder their efficiency or retard their progress by our negligence to our pledges and our loyal support of our institutions. The importance of the work calls for the highest loyalty. If sacrificial giving is necessary that our boys and girls may be well trained, the cause justifies such a sacrifice. Education inspires the will, and trains the human spirit for useful action. True knowledge will make a man considerate, steady in thought, and deliberate in action. The paramount obligation of our people is an adequate provision for the right kind of culture for the rising generation.

Second: That we seek out boys and girls who ought to attend college, and seek to turn them toward our Baptist schools. We shall thereby serve our denomination by creating a better trained constituency, and in the years to come, our young people will be profoundly grateful to us.

Third: That we do what we can to create a Baptist sentiment that is not only in favor of education, but one that is insistent upon the best and truest, The field of education must be entered and conquered in the name of humanity, and the preservation of Christian ideals. Christian learning must gain the control of the field of science, or science in materialistic hands, will destroy the fundamentals of our faith and hope. There is much education now that puts Christ and the Bible out of human life and thinking. To strengthen our faith in the realities of life the fundamental truths of the Bible must be taught and must live in the hearts of men. This can be done first, by pastors and Sunday school teachers frequently pointing out the benefits of a Christian education and acquainting the people with the opportunities provided by our Baptist institutions. A second way to create this sentiment is by the observance of education in the Sunday School. It would do much to implant in the hearts of our boys and girls a desire to secure the best train-

ing which our Baptist institutions are giving.

May the day soon come when all shall realize the importance of Christian culture, and the banefulness of materialistic culture.

Respectfully submitted,

L. B. TWIFORD.

The Report on Old Ministers was called for but there was no report ready, and W. J. Berryman read the

SPECIAL REPORT (ANNUITY).

REPORT OF COMMITTEE "ON SECURING INFORMATION RELATIVE TO MINISTERS RELIEF AND ANNUITY."

We, your committee, appointed a year ago "On Securing Information Relative to Ministers Relief and Annuity" report as follows:

We have gone as carefully into the matter assigned to us as we very well could without going to Dallas, Texas, for the information.

We find that Southern Baptists have made a worthy beginning in the discharge of a long neglected duty and obligation to our old, infirm and disabled veterans of the Cross of Jesus Christ, but only a beginning.

It is not necessary here to make an elaborate statistical report of the amount of money collected and distributed, that information may be obtained by any one from the Board's headquarters in Dallas, Texas. We may say, however, that the amount of money put into any enterprise is but one phase of its activities and may or may not be a true index to its ultimate success. Then, too, the contributions to the Relief and Annuity Board are too unstable to warrant us in making a report too sanguine of final success. The whole enterprise, although it has been in operation nine years, is still in the experimental stage of development.

The income of the Board is based largely upon certain percentages of undesignated contributions from the states composing the Southern Baptist Convention, together with the interest from our limited invested funds. Such an income is necessarily uncertain and sometimes even precarious, due to unstable economic and financial conditions of its constituency, and to the further fact that all Baptists everywhere have the inherent right to designate all their contributions to whatever object they may be inclined to favor. We have discovered that there is a growing tendency toward "Local Self Government" in Southern Baptist churches. Southern Baptists are not nearly so sympathetic toward the programs made by the Convention as they once were. Hundreds of thousands of them are designating their gifts and, as the Relief and Annuity Board and its activities are not so well known as some other work undertaken by us, we find that there is a very small percentage of designations to this division of our work.

We believe the Board has wrought well, but as a beneficiary to the conventions financial programs it has been unfortunate in that it has never had a strong champion on the floor of the Convention nor on the field as some of our other boards and institutins have had and do now have, and as a natural consequence the measure of success attained has been due almost

wholly to the untiring devotion of its Secretary, the late William Lunsford. But we do not mean by the above statement to even suggest that the Southern Baptist Convention should distribute patronage to favorite institutions and causes, but that all our interests, whether championed or not, should share alike in the contributions, that is, if and when such interests are established according to the Word of God. If we shall guard this point and follow this rule we shall put all our institutions and boards on an equal footing and thus win back the confidence of the Southern Baptist Brotherhood and then our Boards, all of them, will, under God, move along together to a glorious success.

There is a popular fallacy abroad in the land that religious denominations are under the necessity of maintaining insurance companies to insure the lives of their preachers and to guarantee an income in perpetuity to their widows and orphans, thus led they have gone into a business that they know little about and a business that can better be done in Old Line Insurance companies and with less cost to the preachers and the denomination.

The actual strength of a Life Insurance Company, or any other financial institution for that matter, is determined by the percentage of difference between the assets and liabilities and the ratio of expense to income, and measured by this standard, the Annuity division of the Relief and Annuity Board is not strong and in the very nature of things it cannot be unless and until it is guaranteed a definite annual income over and above its expenses and distributions, as a reserve fund to take care of unforeseen emergencies.

Recommendations from your committee are hopelessly insufficient, and may be considered impertinently presumptious, but since we are Baptists and believe in the inalienable right to speak as we think, we dare to say that we have a growing conviction that the Southern Baptist Convention should get out of the Life Insurance business. We believe it is unbiblical. We need here, however, to distinguish between Relief and Annuity. We believe the Annuity division should be discontinued, but we believe with all our heart that the Relief division should continue and that liberal support should be given this worthy cause.

We believe that the Southern Baptist Convention should establish a Foundation at once to which gifts and bequests could be made and that all our old, infirm and disabled ministers and their families should share in the income from the invested funds. The churches should be what they were established to be, namely, agencies for preaching the gospel of Jesus Christ to the ends of the earth and to the end of the age, and not engaged in the insurance business.

We believe the Sunday School Board of the Southern Baptist Convention should be instructed by the Convention to place fifty per centum of its annual net income in trust for the Relief Board and that all funds, bequests and gifts be invested in first class securities by the Executive Committee of the Convention and that distribution be made to all old, infirm and disabled ministers and their wives and helpless children as every one shall have need. This is Biblical. See Acts 4:31-37.

We have tried big business methods and have failed. It is time for us to get back to the Bible, for it is there we are to find instructions for running the affairs of the Kingdom. Dispensing relief to old ministers is not charity, its a privilege to serve the Lord's annointed, and receiving such relief is not a disgrace to the recipient, its an acknowledgment of our recognition of his merit and worth. It does not reduce him to a beggar, it honors him and exalts him. Let us be done with our cold, lifeless calculations; let us junk our high powered worldly methods and get some heart, and warmth and soul, yes, and sentiment into our work and God will bless us, and we shall be a blessing.

Signed: CHAS. H. WOOD,
J. G. GREGORY,
W. J. BERRYMAN, Committee.

Both Ministerial Relief and this Special Report were discussed by W. J. Berryman, R. G. Kendrick and Jesse McCarter and the Special Report was adopted.

G. P. Harrill read the

REPORT ON TEMPERANCE.

The record of temperance work is old and long. It was needed and taught in Bible times. Few topics discussed in the Bible are described with more vivid phrases than the evils of strong drink. With conflicting statements from some quarters it is no easy matter to tell just how much progress has been made within the past year. But that some real progress has been made we are confidently assured.

As all are aware, there are two lines of attack on the evil of strong drink: one proceeds from the State, the other from the church. Possibly the hardest stroke the State has ever dealt is the contention that strong drink is an economic loss. But the Church in the light of the Word has the right to declare that strong drink is moral ruin. The State says you shall not, the Church says you should not.

There was a long hard fight with the State before the State would speak on the subject, and we should ever remember that this fight proceeded from the Church. Since the State has been enlisted in the cause there has appeared a slackened interest on the part of the Church in some quarters. As the Church led in the fight for Prohibition law, so now do we believe she should lead in the fight for enforcement, putting on the whole armor of God, and having done all to stand., G. P. HARRILL.

The report was discussed by G. P. Harrill, N. H. Shepherd and Jesse McCarter, and adopted.

Lycurgus Hofler read the following resolutions—

Whereas the Eighteenth Amendment has been duly ratified by a large majority and is now a part of the Constitution of the United States:

And, whereas, we believe that the highest type of Christian citizenship, and the best interest of our State and nation will be promoted by a loyal observance of the present national and State statutes, and by a strict enforcement of all laws that tend to suppress the liquor traffic, therefore,

Be it Resolved:

1. That the Chowan Baptist Association, in regular session assembled at Eureka church, heartily approves of all legitimate efforts to enforce the statutes enacted under the Eighteenth Amendment, and all State laws in support of prohibition;

2. That we pledge ourselves and our best efforts in the interest of temperance and for a higher state of christian living, and to that end will endeavor to place in office—National, State and County—only such persons as we believe to be in favor of the Eighteenth Amendment and law enforcement;

3. That these resolutions be recorded in our permanent minutes and published in the Biblical Recorder and Charity and Children.

The Resolutions were adopted.

On motion, Elliott R. Stewart was given ten minutes at this time to tell something of the work on his field—Hyde County.

W. F. Cale read the

MINUTES OF THE WOMAN'S MISSIONARY UNION—CHOWAN ASSOCIATION.

The twenty-third Annual Session of the Woman's Missionary Union of the Chowan Baptist Association met with the Society of Ballard's Bridge Church, Tyner, N. C., June 17, 1927.

The meeting opened at 10:00 o'clock with the president, Mrs. E. F. Aydlett presiding. The hymn "Come Thou Almighty King" was sung and Mrs. Trueblood of Elizabeth City, led in prayer. Mrs. A. D. Ward conducted the devotional exercises. Mrs. J. R. Taylor, president of the entertaining society gave the address of welcome, assuring each guest of a most cordial welcome.

The regular Order of Business being taken up—on motion of Mrs. S. M. Combs, the program as printed was moved up in order that some of the speakers might speak in the forenoon so they could leave on the mid-day train.

The roll call of churches was then heard and delegates counted. The minutes of the previous session were read and approved. The Secretary's report was read and adopted, the amounts contributed by the organizations are as follows:

Woman's Missionary Society	$ 9,403.70
Young Woman's Auxiliaries	836.58
Girls' Auxiliary	348.43
Royal Ambassadors	144.92
Sunbeams	622.17
Total	$ 11,355.80

This was an increase over last year of over $3,000. While we were made to rejoice over the increase we are still looking forward to better and greater things this year, both in gifts and in service.

Eighteen new Societies were added during the year, and not any lost or disbanded, each Society needs to be congratulated on promptness in sending in their reports for this year, they reported better than ever before.

Report on Mission Study was given by Mrs. C. T. Doughtie in the absence of Mrs. C. T. Hollowell, the Mission Study Chairman, who was ill and could not be present. Mrs. Will Dale, the Personal Service Chairman, then made the Personal Service report. These reports were good and showed some progress, but not as much as we desire. Both reports were adopted.

The following County Superintendents reported—Mrs. A. D. Ward, Mrs. A. S. Ward, Mrs. J. E. White, Mrs. S. M. Combs and Miss Essie Ferebee.

Dr. H. H. McMillan, a returned Missionary from China, then gave a most inspiring address on the Mission work being done at Soochow, China. His optimistic note all through his address was gratifying to his audience. Mrs. S. M. Combs gave an explanation of the Ruby Anniversary.

The Religious Press was ably discussed by Mrs. G. P. Harrill, of South Mills. Miss Marguerite Blackstack sang a solo which was enjoyed so much.

Mrs. Aydlett then presented the banner to the First Baptist Church, Elizabeth City, for having all the organizations and doing the best all round work during the year.

The following committees were named:

Nominating Committee—Mrs. G. P. Harrill, Chairman.
Time and Place—Mrs. S. M. Combs, Chairman.
Resolutions—Mrs. A. S. Ward, Chairman.
Ruby Anniversary—Mrs. T. E. Gardner, Chairman.

A cordial invitation to dinner was given by Rev. J. R. Taylor.

AFTERNOON SESSION.

The meeting was opened with singing "Revive Us Again." Mrs. Mary Trueblood gave an interesting report of the Southern Baptist Convention. Mrs. E. J. Griffin made an impressive talk on "God's Plan of Giving," and Mrs. P. F. Walston talked on the Co-operative Program. The remainder of the afternoon was given over to the Young People, Mrs. C. T. Doughtie presiding, Miss Geneva Dale led the devotional.

The W. M. U. Specials were discussed by Mrs. A. D. Ward in the absence of Miss Violet Hollowell.

Mrs. Edna R. Harris our State Secretary made a splendid talk on "Building for the Master." Mrs. John Cartwright sang a solo. Mrs. J. F. Ingram, a returned missionary from India, dressed in the Burmese Costume, gave a fine address on her work in India.

The Junior banners were awarded by Mrs. Doughtie to the Y. W. A., G. A, and R. A. Societies of the Blackwell Memorial and the Sunbeams of Sandy Cross.

The Y. W. A. Educational Camp to be held at Virginia Beach, July 18th was explained by Mrs. Aydlett, and each Junior organization was urged to send delegates. The special new work planned for the Association was to co-operate with the women of the Southern Baptist Convention in making the Ruby Anniversary year the greatest year in the history of the Old Chowan Association.

The committees appointed in the morning reported and all the reports were adopted and the next place of meeting will be at Columbia Church, Wednesday after the first Sunday in May, 1928.

The following officers were elected:

Mrs. E. F. Aydlett, Sr., Elizabeth City, Superintendent.
Mrs. L. D. Bond, Edenton, Vice-Superintendent.
Mrs. C. T. Doughtie, Edenton, Junior Superintendent.
Mrs. I. A. Ward, Elizabeth City, Secretary and Treasurer.
Mrs. Will Dale, Edenton, Personal Service.
Mrs. T. E. Gardner, Edenton, Mission Study.

The Missionary Educational Camp held at Virginia Beach July 18--24, was a real success in every way, sixty-one girls and boys registered, thirty-eight certificates and ninety-one seals were awarded. We hope to make this an Annual Camp for the Association.

STANDING RESOLUTIONS.

Resolved, That the pastors and deacons of the churches with which future session of this body may be held, be requested to prevent the sale of any article whatever on the church grounds during the session. That they also prevent the erection of tents or booths for taking pictures, and that they secure similar prohibition as to the lands of citizens adjoining the church grounds.

(Adopted at the session of 1884, held with the church at Rocky Hock.)

Whereas, circumstances sometimes arise making it desirable to change either the time or the place for the meeting of the Association, therefore, be it

Resolved, That whenever such an occasion arises the Moderator and Clerk, together with the Executive Committee, are hereby authorized to make such changes as shall seem to them wise and desirable, giving public notice of same at the earliest opportunity.

REPORT ON STATE MISSIONS.

For ninety-eight years North Carolina Baptists have been engaged in the worthy task of evangelizing our beloved State. At the very first session of the Baptist State Convention, the foundation for our State Mission work was laid, and all through these years our forefathers have worked steadily at this great and growing task of preaching the Gospel to all the people and in all sections of our great commonwealth. The needs have always been great, but never greater than now. The efforts and sacrifice to meet these great needs through all the years have been put forth by a comparatively few of our church members.

Note that for the past six months a little over half of our Baptist churches in this state have not sent in a dollar to aid in this or any other work fos-

tered by the denomination. Doubtless many of those churches have made some contributions to some of the causes fostered by the Baptist State Convention, but as is nearly always the case many church treasurers have not sent in the funds. Let us hope they will do so promptly.

It is estimated that there are about 500,000 people in North Carolina that have reached the years of accountability that make no claim to be followers of Christ. Surely this is a great challenge to the 385,000 members of Baptist churches in North Carolina. Our Board is aiding 134 weak and struggling churches to pay the small salaries of the 87 pastors who are serving them. These churches and pastors are scattered over the entire State. In addition the board is maintaining four evangelists, three white evangelists and one negro evangelist, to do special work in leading and training the negro preachers and leaders for better and more intelligent work among the negroes.

Our State Mission Department is now $55,000.00 in debt for its work. Let all our churches and Sunday Schools rally to pay off this debt that the work may go forward with greater progress. JESSE McCARTER.

REPORT ON HOME MISSIONS.

The Home Mission Board of the Southern Baptist Convention made its eighy-third annual report to the Convention in Chattanooga last May. Notwithstanding serious falling off in receipts for several years past and necessary retrenchment in the work of the Board, the year's work was most encouraging. The faithful sowing of former years brought a glorious harvest of souls won to Christ. The field of the Home Mission Board includes all the territory in the bounds of the Southern Baptist Convention with Western Cuba and the Canal Zone.

The Board's work is done through the Departments of Co-operative Missions, Independent and Direct Missions, Evangelist, Mountain Mission Schools, Cuba and Panama, Church Extension and the Tuberculosis Sanatorium, El Paso, Texas. The Executive Secretary has general supervision of all the work and specially in charge of Cooperative Missions.

Co-operative Missions is that work done jointly by the Home Mission Board and various State Mission Boards. It has been the one great, unifying feature of our mission work and has meant much to the unity of Southern Baptists.

In the Department of Independent and Direct Missions, which is under the sole direction and support of the Home Mission Board, work is done among the Foreigners, Indians, Negroes, Deaf-Mutes, Soldiers and Seamen, with Rev. J. W. Beagle, Superintendent. The work has been wonderfully blessed during the past year. The same can be said of our Mountain Mission Schools under the direction of Rev. J. W. O'Hara, Superintendent, and of the work in Cuba with Rev. M. N. McCall, Superintendent, which has been greatly blessed and is growing steadily stronger. The Department of Evangelism as a soul-winning agency has a record unsurpassed. Through the Church Extension Department, Rev. A. J. Barton, Superintendent, the Home Mission Board makes loans to churches towards the erection of houses of worship at reasonable rate of interest and time. On request, the Board will send free literature, such as tracts and leaflets, on different phases of the work.

Record of Ten Years. From the annual reports of the Board it is learned that in the last ten years 89,300 converts were baptized and 111,015 added to the churches through the labors of our evangelists. We have had during that time 4,165 converts in our mountain schools, 4,146 graduates, and influences have been set in motion which will not cease until our Lord comes.

Ten years ago our Cuban Convention had 57 delegates and their total offerings were $4,065.21, with membership 1,919; in 1927 there were 108 delegates

at the Convention and their offerings for the year were $21,223.00, and the membership increased to 2,737. The native churches in Cuba during the ten years contributed something over $125,000. The spirit of Evangelism is reported strong.

A summary of the Board's work for ten years shows the following results: Baptisms 344,966, additions to churches 556,957, prayer meetings conducted 175,088, churches constituted 1,905, Sunday-schools organized 6,128, houses built 4,184.

The Home Mission task was never greater and our opportunities never so inviting. The calls are many, and the future, if we are loyal to the Master, has great things in store for Southern Baptists through our great Home Mission Agency. The challenge is tremendous but our forces and resources are well-nigh immeasurable and under the blessing of God must be brought under contribution to the salvation of the lost and the enlistment and development of the saved. May God lead us in this great task of making America Christian and through America saving the world for Christ!

J. L. CARRICK, Chairman.

REPORT ON FOREIGN MISSIONS.

To be a Bible Baptist is to be a Baptist who believes in a world-wide program. God's plan through the ages has been the evangelization of the whole human race. When God selected the Jews to be a peculiar people unto himself, he selected them to be a kingdom of priests, but above all, prophets to bring the nations which worshipped strange gods, unto Him who was and is and always is to be the true and the living God. But when these chosen people became self-centered and narrow and wickedly so; when once they lost the true missionary zeal, God cast them off as a nation and began to deal with the whole human race in terms of individuals. Hence Paul says—"There is no difference between the Jew and the Greek, for the Same Lord is Lord of all, and is rich unto all that call upon him. For whoever shall call upon the name of the Lord shall be saved." But Paul does not stop here until he has gone further and has urged the principle of Foreign Missions and has enjoined it upon us as Baptists, as he continued in Romans 10th chapter verse 14—"How then shall they call on him in whom they have not believed? And how shall they believe in him whom they have not heard? And how they can hear without a preacher (A Missionary)? And how shall they preach except they be sent? Even as it is written, How beautiful are the feet of them that bring glad Tidings of Gool Things." Therefore, the feet of Southern Baptists are beautiful only when they carry the Tidings of the love of God to a lost world.

Foreign Missions presents a great challenge to Southern Baptists, since true Baptists are alone in a position to present a full gospel to a lost world. God has declared that the world shall be evangelized. He has declared that, "The earth shall be filled with the knowledge of the Glory of the Lord as the waters cover the seas." If Baptists do not accept and hold that challenge, they will but prove themselves to be one talented people who have buried their Lord's own. But God's Kingdom work shall not be hindered. He will take from us the talent and raise up others to use it, that they may use it unto his Glory and the Salvation of the lost—if Baptists fail in Missions. But Baptists have to a considerable extent accepted that challenge already. In fact the spirit of every true Baptist is that of a Missionary. Even "Hard Shells" have had that spirit of propagation, in spite of their theory of predestination, and Southern Baptists have made great strides toward world wide evangelization in China, Spain, Roumania, and other European countries, Cuba, Brazil, and in many parts of the earth.

The Minutes of our State Convention for last year show that during the year 1927 Missionaries Baptized 13,269 converts on Foreign Fields. There

are possibly more than 140,488 members of Baptist Churches, some of which churches have become independent and self-supporting, even engaging themselves in Foreign Missionary Activities. We read of more than 76,000 Baptist Sunday Schools on our Foreign Fields as well as of the hospitals and schools which are indispensable requisites to Foreign Mission work in healing the body to reach the soul, and train the mind to perpetuate the truth.

But Southern Baptists have suffered great handicaps during the past few years. Possibly one of the greatest being the loss of the well beloved Secretary Dr. J. F. Love who was born in this self-same Association and who, no doubt, got his first vision of a lost and dying world right under the sound of Chowan's faithful preachers of a full Commission. We, your committee, wish herewith to recommend that the Moderator of this Association be empowered to appoint a committee of three to frame a suitable resolution in his behalf and to present it to the Clerk to be printed and to appear in the Minutes of this Associational Session.

Then another handicap has been the fact that both Home and Foreign Mission Boards have had their Judas Iscariots' who have emptied the bags and lavished the contents upon their own lusts. We would not be checked in our Missionary Zeal by such wicked theft, but we would recommend that our States and Southwide agents take more seriously their obligations to take every precaution to arrange for our protection in the matter of the giving of our Means for the spread of the Gospel throughout a sin wrecked world.

Possibly no greater shadow hangs over our work in Foreign Fields for the future than the attempt that is being made by some to unite our Baptist forces with those of Pedo Baptist forces in certain Foreign Missionary enterprises. We believe that Baptists have a peculiar reason for standing alone and being a peculiar people in the matter of world-wide Missions. We believe that we cannot, "teach them to observe all things that he has commanded us to do and teach," if we are to be forced to make the necessary compromises essential to Inter-Denominational Missionary endeavors. We your committee, therefore, recommend to the State Convention and to the Southern Baptist Convention and to all its Boards, that studied precaution be taken to see that none be selected to represent us in any of our Baptist work but men and women who are true to the faith of our Fathers and of our Fathers' God; and that such agents and representatives and Missionaries shall fight shy at any and all times of any act or deed of any Inter-Denominational appearance, and that they shall not cease to declare the whole truth from God, "Contending earnestly for the Faith once for all delivered to the Saints."

We further recommend that the pastors of our Association seek to keep the interests of Foreign Missions upon the hearts of their people and that they strive to see that more is done for this cause this coming year than has been done in the past.

Respectfully submitted,

W. T. C. BRIGGS.

The Co-operative Program was discussed by Charles E. Maddry, Jesse McCarter, W. T. C. Briggs, G. H. Payne and E. R. Stewart, and adopted.

The following resolution was offered by A. A. Butler and adopted by the Association:

Resolved: That the matter of budget for both home expenses and benevolence be left with the local churches and pastors, and we urge that if possible we enlarge our contributions to all causes.

Jesse McCarter was elected Second Vice-Moderator.

The meeting then adjourned with benediction by E. R. Stewart.

WEDNESDAY—MORNING SESSION.

Devotional exercises were conducted by Jesse McCarter from Isaiah 55. The regular order for Periodicals being reached, G. P. Harrill read the

REPORT ON PERIODICALS.

In searching Associational records, it appears that no report on Periodicals has been made before this body since 1924. This subject is of too great importance to be passed unnoticed in our minutes. It would make our report too long to enumerate all the advantages gained by making use of our own Baptist publications. Our Sunday Schools, Young People's Societies and missionary organizations are trained best in Baptist faith by using our own literature published at Nashville, Tenn. How would the Orphanage ever have been entrenched so deeply in the affections of our people without Charity and Children? And, last but not least by any means, what of the Biblical Recorder? For ninety-four years it has been taking a message of hope and inspiration to North Carolina Baptists. It rings true on Bible doctrines. It ever sounds the constructive note. It seeks to promote the interests of all our institutions and organizations. It should be in every Baptist home in the State. The price of subscription is $2.00 per year. Its circulation should be increased by 25,000 copies.

Respectfully submitted,
G. P. HARRILL.

The report was discussed by G. P. Harrill and W. R. Beach, representative of the Biblical Recorder, and adopted.

The Clerk read the

REPORT ON SUNDAY SCHOOLS.

Baptists, accepting as they do the authority of the word of God, cannot in all sections of our great commonwealth. The needs have always been for many years the recognized agency of Baptist churches in teaching the Bible to the masses. The results that have been obtained have proved the wisdom of emphasizing and developing the Sunday School.

Conditions that exist today, namely, the large amount of money that is being spent on public education for equipment, administration, and teaching, has focused the attention of christian people upon the necessity for a more effective program of religious instruction. Some churches have accepted the opportunities of the day in this matter and are making an honest effort to discharge their responsibility. A review of the Sunday School statistics of the Chowan Association will reveal some conditions that are far from ideal, and will suggest some lines of effort for improvement.

The figures show that the church membership in the Association exceeds the Sunday School enrollment by 2486. In only twenty-one churches, and the larger number of these are the small churches, does the Sunday School enrollment equal or exceed the church membership. Only one standard Sunday School was reported last year. Sixteen churches report adequate equipment. Three held Daily Vacation Bible Schools.

In addition to the above reported facts, training schools and training classes were held in a number of the churches. In a group of churches in and around Elizabeth City an enlargement campaign was put on last spring by our State Sunday School forces. Much valuable work was done in reorganization and preparation for reaching a larger constituency.

With these facts before us we venture to make the following suggestions to the churches of our Association in their Sunday School work.

First, That the denominational Standard of Excellence be accepted by our churches as a program of Sunday School work.

Second, That the course in Sunday School Administration as now outlined

by our Sunday School Board be given a large place in our teacher-training plans.

Third, That we utilize more fully the opportunities offered by our State Sunday School Department for leadership training as provided at the annual Sunday School Conference held at Meredith College.

Fourth, That the Daily Vacation Bible School be used to supplement and extend the work of the Sunday School in instruction in the Bible.

Fifth, That we take steps towards the organization of a Sunday School Convention in this Association.

Sixth, That we keep the machinery of organization subordinated to the central purpose of the Sunday School, which is winning to Christ.

Respectfully submitted,

R. W. PREVOST,
E. S. NORMAN,
C. J. WARD, Committee.

REPORT ON B. Y. P. U.

Never before have Baptists realized the need of training, developing and utilizing the youth of our churches as today. Our Young People of today must become our leaders of tomorrow. Our Churches are awakening to the fact that the best way to learn is by doing. If our denomination continues to grow, develop and expand then the Youth of her membership must be trained in mind, body and soul. We thought it very unwise to send our soldiers into battle without giving them the proper training in camp. How much more Young Soldiers of the Cross need to be trained by drilling them in His word, to obey His Commands and to harken to His Commands putting on the whole Armor of God, having on the breastplate of righteousness the girdle of truth, feet shod with the preparation of the Gospel of Peace, the Shield of Faith, the Helmet of Salvation, and the Sword of the Spirit, which is the Word of God. Never has the need been greater than now to teach Young Christians prayer, watchfulness, and perseverance. Trained laymen are needed as well as trained ministers. We must have leadership within our churches if we are to go forward as we should.

The future of our denomination depends upon the development of our Young People. Oh! if the pastors could only realize that the Youth of today must become the leaders of tomorrow. Hence we should take more pains and continued efforts to cultivate, train and develop the Youth of today in mind and Spirit and Heart.

The pastor who fails to enter heartily into B. Y. P. U. work today is failing to lay hold of his opportunity for real service. We pastors should think of the B. Y. P. U. as our work.

Since 1924 we have grown from 13,988 Unions in the southland to 21,316. Last year 16,832 awards were given. Along with this growth in number of Unions the membership has grown also.

The second Annual Session of the Chowan Associational B. Y. P. U. Convention was held at Shiloh Baptist Church, August 22, 1928. A large majority of the Churches were represented and favorable reports were brought from different sections of the Association. Also a number of District Meetings have been held. There are 31 B. Y. P. U.'s in the Chowan Association. Twenty-seven out of the sixty-two Churches have one or more B.Y.P.U.'s.

The following recommendations are offered:—

First. We recommend that a B.Y.P.U. be organized or re-organized in each Church that does not have one at present.

Second. We recommend that at least one study class be held separately and apart from the regular weekly programs sometime throughout the year.

Third. We recommend that each pastor with renewed energy apply himself to the development of the Youth in our Church.

Fourth. We recommend that our State B.Y.P.U. Workers be used more

freely in the individual Churches and in Associational Institutes and Conventions.

Respectfully submitted,
ELLIOT R. STEWART.

Motion to adopt reports on Sunday School and B. Y. P. U. were discussed by R. W. Prevost, G. H. Payne, G. P. Harrill, T. S. Crutchfield and W. T. C. Briggs, and adopted.

The Clerk read the

REPORT ON ORPHANAGE.

The Orphanage was established and received its first child on November 11, 1885, at Thomasville, North Carolina, and has continuously grown until there are now six hundred and sixteen children at the Orphanage. There are five hundred children at Thomasville and one hundred and sixteen children at the Kennedy Home which is located near Kinston, North Carolina.

The Kennedy Home is operated as a branch with a large tract of rich and fertile land and is well suited for the enlargement of the Orphanage. In our opinion it would be wise if all additional dormitories for the present should be erected at the Kennedy Home. There is a great demand for admission in the Orphanage; some fifty to one hundred applications every month, and they have to be turned away for the lack of room. There should be an effort made to erect more dormitories. These children who have neither parents nor homes ought to be provided for. They should have a home even if it is an Orphanage home.

The expense of maintaining the Orphanage has grown with the numbers until it now costs in the neighborhood of Six Hundred Dollars per day for the maintenance, which calls heavily upon us to meet these demands. We should not be unmindful of the large number of helpless children who have no homes and no parents but should put forward renewed efforts to have other dormitories erected, and we believe that the Baptists in North Carolina will meet the demands for maintenance for all for whom we have room. We now need increased contributions from our Sunday Schools and Churches, especially would we recommend that every Sunday School in the Association give at least one collection each month to the Orphanage.

Our Orphanage is helping a number of others in the homes under what is known as Mother's Aid. We believe that the time has come when this ought to be taken care of by the State and the Counties and that our Orphanages ought to be relieved of this until we can provide homes for those who have no homes. The Orphanage primarily is for those who have no homes. The Mother's Aid is now partially provided for by the County with an appropriation from the State, and with proper efforts we are of the opinion that the different counties will take care of those and will relieve this expense from the Orphanage which could be added to the expense of the care for others and the erection of other dormitories so as to help numbers of others who are now homeless. We feel, however, that until the State and the counties have an adequate program of Mother's Aid, that the Orphanage should carry on this work to the best of its ability.

We are glad to report that the Orphanage has been doing good work and doing well, and the children are being provided for, and our people are responding liberally.

Respectfully,
E. F. AYDLETTE,
For Committee.

The report was discussed by W. L. Barrs, R. W. Prevost, T. S. Crutchfield and W. T. C. Briggs, amended and adopted as amended.

The Clerk read the

REPORT ON TEMPERANCE.

Temperance applies to a broad field of endeavor, namely, appetites and passions, and the time has come when we should cry aloud and spare not. God, as well as man, and before man, stamped his seal of disapproval on the cursed evil of intemperance. Lev. 11:9: "Do not drink wine, nor strong drink, thou nor thy sons with thee." Num. 6:3. "He shall separate himself from wine and strong drink. Prov. 20:1: "Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise." Prov. 23:31-32: "Look not then upon the wine when it is red, when it giveth his color in the cup, when it moveth itself aright. At the last it biteth like a serpent and stingeth like an adder." Isa. 5:11: "Woe unto them that rise up early in the morning that they may follow strong drink; woe unto them that are mighty to drink wine, and men of strength to mingle strong drink."

This report comprises two main divisions—1. Alcohol; 2. Prohibition, and consists largely of quotations.

(1). Alcohol.

Before National Prohibition, in his notable address entitled "The Great Destroyer," Hon. Richmond P. Hobson, M. C., gave these startling facts and figures. "The Army War College at Washington made an investigation of the destructiveness of war. Taking all wars of the world from the Russo-Japanese war back to 500 B. C., the War College found that the total number killed and wounded in battle amounted to about 2,800,000, of which it is estimated that about 700,000 were killed and something over 2,000,000 wounded. The comparative figures show the appalling fact that alcohol is killing as many Americans every year as all the wars of the world have killed in battle in 2300 years; so that, stated mathematically, it is many thousand times more destructive than all wars combined."

In speaking of the whiskey traffic, the late beloved Henry W. Grady of Georgia, gave utterance to these memorable words. "Tonight it enters a humble home to strike the rose from a woman's cheeks, and tomorrow it challenges this Republic in the halls of Congress. Today it strikes a crust from the lips of a starving child, and tomorrow it levies tribute from the Government itself. There is no cottage humble enough to escape it, no place strong enough to shut it out. It defies the law where it cannot coerce the suffrage. It is the mortal enemy of peace and order, the despoiler of men, the terror of women, the cloud that shadows the faces of children, the demon that has dug more graves and sent more souls unprepared to judgment than all the pestilences that have wasted life since Joshua stood beyond Jericho. It comes to mislead human souls and crush human hearts under its rumbling wheels. It comes to bring gray haired mothers down in shame and sorrow to their graves. It comes to change the wife's love into despair and her pride into shame. It comes to still the laughter on the lips of little children. It comes to stifle all the music of the home and fill it with silence and desolation."

Drink has drained more blood, hung more crepe, plunged more people into bankruptcy, slain more children, snapped more wedding rings, defiled more innocence, blinded more eyes, twisted more limbs, dethroned more intellects, wrecked more manhood, broken more hearts, blasted more lives, dug more graves than any other poisoned scourge that has swept its death-dealing waves across the world.

(2). Prohibition.

The benefits of prohibition, in its actual operation are shown by Attorney General Dawson of Kansas, in the following statements—"516,000 children in the public schools of Kansas never saw an open saloon in the State. More than one-half the jails are empty; 65 of the 105 counties of the State have no inmates of the penal institutions. Many counties have no insane; 54 counties have no feeble-minded; 96 counties have no inebriates; 29 counties have

not a single inmate in their county homes. Kansas has the lowest death rate of any state in the union. Prohibition is equivalent to another wheat crop each year. Kansas is better satisfied with prohibition at this time than at any period during the 34 years the law has been in force."

Dr. J. R. Jester in his report "On the Liquor Question" at the last Baptist State Convention expressed himself in part as follows: "We are grateful to Almighty God for the Constitution of the United States designed to protect Civil and religious liberty. We are grateful for the moral and social progress made under our institutions. Especially do we give thanks for the success which has attended the educational campaign of the churches for temperance and sobriety which culminated in the 18th Amendment to the Constitution prohibiting the beverage liquor traffic. The friends of liquor and of lawlessness have persisted in thrusting the liquor issue into National politics. Then they immediately turn and advise the country that prohibition is not the issue. They administer soothing syrup and opiates to the friends of prohibition by declaring that prohibition is not an issue, while they work like beavers and spend vast sums of money to elect their man. These things not only constitute an attack on constitutional government but present a challenge to our churches which must be met or we will be recreant to our responsibility."

Last but not least we quote from our beloved Dr. W. L. Poteat, the soundness of whose judgment on moral questions is worthy of our highest consideration. Speaking of the many benefits of prohibition, among other things he said "We have witnessed also the actual decline of drinking. Everybody knows that there has been a notable decline in drinking. And yet an active propaganda on the part of the opponents of prohibition and the commercial interests involved at home and abroad, a propaganda heavily financed and most alert and industrious is seeking to make the contrary impression. The whole traffic is under the ban of public opinion. And yet the situation calls for vigilance and consecration on the part of christian bodies. Some still talk about invasion of personal liberty, and the commercial interests which originally, in this country alone, represented a business of five billion dollars are making desperate efforts to introduce the camel's nose of light wines and beer, "and laying plans for the control of the National Legislature." It is a time for mobilizing all our christian forces for the support of the constituted agencies for the enforcement of law." Respectfully submitted,

K. C. HORNER.

The report was discussed by R. W. Prevost, G. H. Payne, M. F. Booe, W. T. C. Briggs, and adopted.

G. H. Payne offered the following amendment to the Constitution defining the powers of the Association under Article XIII—

10. To elect an Executive Committee of nine members, the Moderator and Clerk being members ex-officio, whose duty it shall be to transact whatever business may require attention between sessions of the Association, to confer with churches of the Association which may be in need of such assistance as the Executive Committee may be able to render, to use whatever means that may be at the disposal of the committee to promote the Kingdom enterprises within the Association. The Executive Committee shall hold at least two meetings each year and render a written report at the Annual Sessions of this body.

The resolution was adopted.

On motion, the Executive Committee was asked to examine the Constitution with a view to its revision and report at the next session of the Association.

The Moderator announced the following committees—Committee on Committees, G. P. Harrill, R. W. Prevost, G. H. Payne, W. L. Barrs and W. W.

Sawyer; Committee on Time, Place and Preacher—M. F. Booe, W. H. Pritchard, J. P. Perry.

On motion a Committee on Resolutions suitable to the memory and labors of Josiah Elliott and J. F. Love was appointed by the Moderator as follows: W. F. Cale, R. S. Monds, A. A. Butler, R. G. Kendrick. These brethren were asked to prepare these resolutions and send them to the Clerk for insertion in the minutes of this session.

The Moderator appointed the following Committee on Resolutions—S. G. Swann, W. F. Pritchard, F. D. Gray.

On motion, the Executive Committee is instructed to arrange a time and place for organization and to prepare a program for a Sunday School Association.

The meeting then adjourned with benediction by J. S. Harrell.

WEDNESDAY—AFTERNOON.

The meeting opened with invocation by S. G. Swann.

The Committee on Committees made its report, which was adopted. (See page 4).

M. F. Booe read the report of the Committee on Time, Place and Preacher, as follows—Time, Tuesday after the third Sunday in September, 1929; Place, Sawyer's Creek; to preach Introductory Sermon, R. W. Prevost; Alternate, E. R. Stewart.

The Committee on Resolutions submitted the following resolution which was adopted:

Resolved, That we extend to Sound Side Church and the surrounding community our heartfelt thanks for the splendid way in which they have estertained the Association despite the very adverse weather conditions.

The Clerk read the

REPORT ON CHRISTIAN EDUCATION.

As we consider conditions among North Carolina Baptists today as to Christian Education, we are reminded of an old maxim which runs as follows:

He that knows not and knows not that he knows not is a fool, shun him.
He that knows not and knows that he knows not is simple, teach him.
He that knows not and knows not that he knows not is asleep, wake him.
He that knows not and knows that he knows not is wise, follow him.

And indeed, the various conditions set forth in this maxim are representative of conditions among our people as to this exceedingly vital matter.

It is the judgment of your committee that if our people really knew the importance and imperative necessity of Christian education, there would be an adequate response to the call for the funds that must be had in order to save the day. The need for education in a general sense seems to be well recognized. It is the vital importance of the Christian in education that our people seem not to recognize. This is indicated in two ways, in that needed financial support is withheld, and second, in that so many of our people patronize non-Christian institutions rather than our own Christian schools and colleges. It is true that most of our institutions are filled to present capacity, but funds should be forthcoming to increase their capacity. Please do not misconstrue our meaning here. It is not the institutions for which we plead. It is for the sake of our young people of one generation that are to be the workers in the kingdom of God in the next generation, and primarily, for the sake of the kingdom itself that we plead.

It is heartening to note that the Centennial Campaign that has been vigor-

ously and systematically waged among our people has done much to disseminate information that is destined to do great good both in funds and patronage for our institutions.

It is not within the province of this report to present data as to the extent and character of the work being done. And indeed this is not necessary for all needed information is available for those who are sufficiently interested to seek to know what is being accomplished and what the needs as to all departments of our work in Christian Education.

Respectfully submitted,

T. S. CRUTCHFIELD,
J. G. GREGORY,
W. W. SAWYER,
Committee.

The report was adopted.

The following report on Ministerial Relief was forwarded to the Clerk after the meeting of the Association for insertion in the Minutes, this being in accordance with the understanding at the meeting.

REPORT ON MINISTERIAL RELIEF.

The Relief and Annuity Board of the Southern Baptist Convention is located at Dallas, Texas. It does two phases of work for and among ministers. It aids those who are old and unable to work, or are sick and unable to do regular work, by giving to them a small sum per month to aid them to secure the necessities of life, if they do not have an income to take care of them in such condition. This is what is known as the relief feature of the work. Such relief is furnished out of 4½% set aside from the contributions to the Co-operative Program. The amount that a minister may receive from this fund depends on conditions, but the average amount per year is about $110. We need a much larger fund for this work.

The other feature of the work is known as the Annuity Plan. By this method a minister may take out an Annuity if he is under 58 years old, and he pays according to age, yet he pays only one-fifth of the actual cost, while the denomination pays the other four-fifths. If he should become totally disabled, he would draw $500 per year, and his payments cease when he becomes disabled permanently, or if he should live to be 68 years old he ceases to pay, yet he draws $500 per year. If he should die his widow draws $300 while she remains a widow. If she dies and leaves children under 21 they draw the $300 allotted to the widow.

The Board is now ten years old, and has assets of $2,744,974.07. Its assets increased $274,487.24 last year. It paid to old ministers for relief $118,520.47, and to Annuity holders $31,274.21.

Every preacher under 58 years old should take out at least one unit in the Annuity Plan, and thus be helping to lay up an income for himself when he is disabled, or when he is old and has to retire, or for his wife and children, in case he should die and leave dependent members of his family. The larger the number who take out the Annuity, the smaller the number who will have to be aided from the relief fund.

A SAWYER, Committee.

The report was adopted.

The Clerk read the

REPORT ON LAYMEN'S WORK.

At the meeting of the Southern Baptist Convention last May the Baptist Brotherhood of the South, formerly the Laymen's Missionary Movement, made its twenty-first annual report. Gradual but certain progress has marked the steps of the Brotherhood through these years. We learn from this

report that "Most of the more aggressive churches of the South now have local Brotherhoods, recognizing that every plea that can be made for the special organizations of women and young people may be made with additional emphasis for the men." Associational Brotherhoods are rapidly multiplying. Their purpose is "To promote fellowship and formulate plans for effective work among the churches." And in nine states of the South Brotherhood secretaries are employed, and in three of the remaining states the State Boards have voted to employ such secretaries but have not yet found suitable men.

During the first year the General Secretary, Dr. J. T. Henderson and his associate, Prof. George T. Burnette, whom Walters Johnson terms "A knife-blade afire", have conducted a number of schools each running through five or six days for the study of missions and stewardship. It has been their policy to locate these schools at points easily accessible to groups of churches, and in them they especially stress the study of the scriptural qualifications and duties of the Deacon. The secretaries have also aided a number of churches in putting on the Every-Member-Canvass, spending about five days in each church conducting a course of study, effecting an organization and directing the canvass. They emphasize the importance of a well balanced budget. They truly say "It is not to the credit of Southern Baptists that they expended on local expenses eleven million dollars more in 1927 than in 1921,but six million dollars less in the support of the missionary and benevolent enterprises of the Kingdom." Only when our churches are engaged in a worthy effort to give the Gospel to the whole world do they have any assurance of the fulfillment to them of our Lord's promise "Lo, I am with you alway".

In the last annual report of the General Board of our Baptist State Convention we look in vain for any mention of the work of the Baptist Brotherhood. In reporting the accomplishments for the year in their Department of Training Activities, encouraging reports of the work of the Woman's Missionary Union, of the Sunday Schools, and of the Baptist Young People's Union are made, but not one word about any work that may have been done in the State by the Baptist Brotherhood. Our own Association, however, may be typical of the conditions with respect to this work throughout the State, for certain it is that it has created no great commotion among the laymen of the Chowan Association. The possibilities of the Brotherhood for awakening a deeper interest and creating greater activity upon the part of our laymen in the local and missionary work of the churches should make us think more seriously of making it one of the agencies of the Association.

T. L. BROWN.

The report was adopted.

The Clerk read the

REPORT ON WOMEN'S WORK.

The year 1928 commemorates the fortieth anniversary of the Woman's Missionary Union, auxiliary to the Southern Baptist Convention. During these forty years the work of the Union has so prospered and grown that our women today are thinking in larger terms than ever before; and so, in arranging to fittingly observe their fortieth birth-year, they have named it the Ruby Anniversary. The value of a one carat ruby is $1,000.00, and as its minimum aim for the year, the Union set the value of 4,000 perfect one carat rubies. Four million dollars for the various causes represented in the Co-operative Program is the goal the women of the South have set for themselves this year. During the two years 1927 and 1928 they propose to add 40,000 new members, and to increase the number of organizations among the women and young people 40 per cent. At the beginning of this year the membership of the 26,151 societies totaled 440,009. All these organizations are found in 9,393 of the 21,242 churches co-operating with the Southern Baptist Convention. In 11,849 churches there are no missionary societies.

As contributing to the triumphant achievements of our women we direct attention to the fact that there are 67,792 W. M. U. Tithers in the seventeen states of the Southern Baptist Convention.

At the meeting of the State W. M. U. in March reports showed the number of societies in 1,304 of the 2,217 churches in the State was 2,781, with a membership of 45,063—an increase of 4,737 members over the previous year. There were 708 new societies organized during the year. In 913 churches there are no societies. The gifts for the year to the several causes of the State Convention amounted to $278,085.60; the State's proportion of the South-wide goal of $4,000,000.00 for 1928 is $401,600.00. There are 4,425 W. M. U. Tithers in the State. The women have given about $25,000.00 for the Blanche Barrus Nurse's Home at our hospital in Winston-Salem, and they are co-operating fully in the effort to raise $1,500,000.00 to pay on the debts of the Convention.

In fifty-five of the sixty-four churches of the Chowan Association there are 148 missionary organizations with a membership of 1,500. Twenty-seven new societies were organized during the year 1927. Nine churches of the Association report no societies. Forty-six societies observed the week of prayer, and forty-one had mission study classes during the year. The total contributions were $9,713.41; and to raise the Associational Union's proportion of the state's goal for this year the societies will contribute about $12,600.00 during 1928. Five of the societies—two of them in country churches—are A-1 societies.

In view of the small beginning made back in 1888, the achievements of the Woman's Missionary Union and its allied organizations among the young people are truly marvelous, but in this Association, in the State, and in the South, there remains in the hosts of unenlisted women and organized churches much virgin soil yet untouched. We call our pastors to a manifestation of sympathetic interest in arousing these dormant thousands, and to a cultivation of a close co-operation with all these organizations from the Sunbeams to the Woman's Missionary Society itself. Not the least of their accomplishments has been the missionary interest in the churches.

T. L. BROWN.

The report was adopted.

G. H. Payne was elected Associational Delegate to the Southern Baptist Convention.

Jesse McCarter was elected Associational Delegate to the Baptist State Convention.

The Clerk was voted the usual compensation of $40.00 for services rendered.

On motion, the meeting adjourned with benediction by N. G. Duncan.

ELDER JOSIAH ELLIOTT

Whereas, it has pleased our Heavenly Father to call from its tenement of clay the spirit of our beloved Brother Josiah Elliott, who in the early morning hours of September 12th, 1928, fell on sleep, at the ripe old age of nearly eighty-one years; and

Whereas, for half a century he had been a faithful minister of the gospel, giving all his time and strength to the work of the churches in the Chowan Association; organizing and building, at great personal sacrifice, many of these churches; serving as pastor from time to time most of them and ever deeply interested in the spiritual welfare and growth of them all—at the same time, with a world vision, he strove for the spread of the truth to earth's remotest bounds; and

Whereas, Brother Elliott lived, to the extent that few men have lived, the gospel that he so faithfully preached, ever adorning that gospel by his life of consecration, of sacrifice, of humility, of piety, of love, of prayer and of faithful ministrations to the poor, the sick and the sorrowing—like his Master ever going about doing good; and

Whereas, our dear Brother is now gone from us and we shall see his saintly face no more nor hear again in our convocations the eloquent and earnest pleadings of his heart for the churches and the brethren nor listen again to his wise fatherly counsels;

Therefore be it

Resolved, That while our hearts are sad and we keenly feel our loss at his going, we humbly bow to the will of our Master, having the blessed assurance that our loss is the unending gain of our brother. We will pray that the mantle of his faith and devotion may fall on us to abide and inspire our lives to follow on as he has led.

Resolved 2—That this Chowan Association hereby expresses its gratitude to God for the gift of such a long and useful life as our brother lived among us; for what he has meant to this Association and to the Kingdom at large; for what he has meant to those young men whom he led into the ministry and whose success in large measure has been due to his counsels and prayers; for what he has done in helping many boys and girls to prepare themselves for higher service in the world and for the influence he has exerted in the home for the lives and hearts of so many people who rise up to call him blessed. We know a great man has fallen among us and we wonder if we shall see his like again.

Resolved 3—That in memory of the faith and loyalty, the love and piety of our dear Brother and for the sake of the Master he loved so well and in answer to the silent call of his spirit which we believe will linger with us even unto the end, we will the harder strive to bring to pass that Kingdom power for which he lived and strove and prayed.

Resolved 4—That this Association hereby extends its deepest sympathy to all the relatives of our dear Brother; to his "Preacher Boys" he loved so well and to all his many friends, who by his death are bereft. We assure all of these that their sorrow is our sorrow and we beg that together we may find comfort in Jesus Christ our Lord.

Resolved 5—That these resolutions be incorporated in our minutes and that a copy be sent to the Biblical Recorder for publication.

Respectfully submitted by Committee,

W. F. CALE R. K. KENDRICK
A. A. BUTLER R. S. MONDS.

J. F. LOVE, D.D.

Whereas, God has seen fit to take to Himself the immortal Spirit of Dr. J. F. Love—the much beloved and highly efficient Secretary of our Foreign Mission Board, and

Whereas, Brother Love was born and reared in this Association, thereby being our gift to the Kingdom of our Lord—a gift of which we are unspeakably proud because of his great and wonderful leadership and consecrated life; and

Whereas, he so loved the work of the kingdom in general and the cause of Foreign Missions in particular, to which latter work he dedicated the best years of his strength and service, and so carried its burdens and so bore its discouragements as to bring himself to an untimely grave: and

Whereas in the going of our brother the whole kingdom work and in a very special sense, the cause of Foreign Missions, sustained the loss of a great leader and, all who knew and loved him, a choice friend.

Therefore be it Resolved:

First: That while we mourn his departure, we meekly bow to the will of Him who doeth all things well.

Second. That as a memorial to him and in recognition of the great service he rendered and through love for the cause in which he died, the Chowan Association hereby gives itself anew to the work of sending the gospel to the ends of the earth.

We will pray God to speedily call to the place left vacant by Brother Love a worthy successor, that the blessed cause may not suffer too long, and when he comes we pledge to him our best support.

Third: We hereby express our heartfelt sympathy for the family, the relatives and friends of our deceased brother as well as the Foreign Mission Board and the faithful missionaries all of whom loved him and so keenly feel their loss.

Fourth: That these resolutions be incorporated in our Minutes, that copies be sent to the family of our brother and to the Foreign Mission Board.

Respectfully submitted.

MINUTES OF THE WOMAN'S MISSIONARY UNION—CHOWAN ASSOCIATION.

The twenty-fourth annual session of the Woman's Missionary Union of the Chowan Baptist Association met with the Society of the Baptist Church at Columbia, N. C., May 9, 1928.

The meeting opened with Mrs. E. F. Aydlett, the Superintendent, presiding. The devotional was conducted by Mrs. Jerry Brickhouse of Columbia. Following this Mrs. Smith of South Norfolk, Va, led in prayer.

Mrs. T. S. Crutchfield gave a very cordial welcome to all the visitors. In the absence of Mrs. W. T. C. Briggs, Miss Maud Brock gave the response to the address of welcome.

After this the regular order of business was taken up. The Secretary, Mrs. I. A. Ward, read the Minutes of the previous session, and called the roll of the churches. Recommendations of the Executive Committee were read and adopted. The Treasurer's report was also read and adopted. The amounts contributed by the organizations are as follows.

Woman's Missionary Societies	$ 8,494.21
Young Woman's Auxiliaries	581.28
Girl's Auxiliaries	261.01
Royal Ambassadors	156.03
Sunbeams	573.86
Total	$10,066.39

The Junior Superintendent, Mrs. C. T. Doughtie, gave her report on the Young People's work.

The A-1 Societies were then recognized and read.

The hymn, "Jesus Calls Us", was sung. After this Mr. Litchfield led in prayer.

Mrs. Will Dale of Edenton, the Personal Service Chairman, read her report, which was a very good one. At this time Mrs. Dale resigned as Chairman of the Personal Service Committee. Mrs. E. F. Aydlett, Sr., our Superintendent, read her report. This was also a fine report. Everyone then stood and repeated together the W. M. U. watchword for the year.

Next came the sermon of the day by Rev. J. L. Carrick, the pastor of Blackwell Memorial Church. He gave a splendid sermon from the text in Luke 24:46-49. His subject was "Christ's Program of World Redemption." Following this Mr. T. S. Crutchfield, the pastor of the Columbia Church led in prayer.

The following committees were named:

Nomination—Mrs. S. M. Combs, Chairman.
Time and Place—Mrs. Hersey Sawyer, Chairman.
Resolutions—Miss Maud Brock, Chairman.

A very cordial invitation to dinner was given by Mr. Crutchfield.

AFTERNOON SESSION.

The meeting was opened by singing, "Publish Glad Tidings". The devotional was led by Mrs. W. D. Cox. After this Mrs. S. M. Combs led in prayer.

The resolutions of esteem and appreciation of Mrs. J. L. Carrick, which

were sent from the Peninsula Association, were read and were directed to be spread on our Minutes.

A telegram was received from our Divisional Superintendent, Mrs. H. M. Finch, of Rocky Mount.

A letter was then read from Mrs. S. M. Boettcher, and another from Mr. Dan Hayman offering us a lot on Virginia Dare Shores on which a building could be erected for the Chowan Camp. A motion was made that the Executive Committee be given the power to act for the W. M. U. with reference to this lot. Mrs. S. M. Boettcher, Mrs. S. M. Combs, Mrs. T. S. Gardner, Rev. J. L. Carrick, and Rev. R. W. Prevost constitute this Committee.

Following this the By-Laws were submitted and adopted as a working permanent basis for the W. M. U. of the Chowan Association.

Next Miss Elsie K. Hunter, our State Secretary, conducted a conference which was very instructive and inspiring.

After this Blackwell Memorial Church presented a playlette, "The Antidote for Listless Leader's Poison", which was quite good.

Then Mrs. W. G. Smith, a returned missionary from China, gave a wonderful talk on her work in China, which was mostly with the blind children.

Next on the program was a talk by Mrs. S. E. Leigh, on "Stewardship" which was very good.

Next came the report of the Committees. All of the reports were adopted, and the following officers were elected:

Resolution: Read by Mrs. C. T. Doughtie.

REPORT ON BIBLICAL RECORDER.

Ninety-five years ago the Baptists of North Carolina realized their need of a medium of communication. In 1833 Thomas Meredith, seeking to meet the need, founded the Biblical Recorder. Through these years the paper has served as the organ of the Baptist State Convention of North Carolina. The paper is owned by a corporation composed of seventy-nine loyal Baptists who are willing to contribute to the on-going of our Baptist work in North Carolina. They not only believe in promoting our Baptist work, but they are willing to contribute to the same. And for the past five years this group has contributed more than $4,000 per annum in order that our people might have the Recorder without extra cost. The State Convention has never contributed to the Recorder, nor have other individuals contributed to it except in a few instances where forward-looking, generous Baptists have paid for the Recorder to be sent to poor, worthy Baptists

We think our people generally will agree that there ought to be consideration of and co-operation with the seventy-nine who are publishing the paper. We sincerely desire the co-operation in increasing the circulation. If our people will help in this one item they will aid in doing the work for which the paper is published—serve the Baptists of North Carolina.

Some of our state papers receive liberal donations from the Co-operative Program funds, and at least one has a price of $2.50 per year. Our price is $2.00 per year, or $1.00 for six months. We hope every delegate to this association who is not a subscriber will subscribe immediately, and that those who are subscribers will become helpers in increasing the circulation

E. S. NORMAN.

REPORT OF EXECUTIVE COMMITTEE.

Your Executive Committee held four meetings during the year and attempted to hold another which failed for want of a quorum. Two members did not attend any of the meetings but all the others attended one or more.

At the first meeting held November 8th, 1928, J. G. Gregory was elected Secretary, and then the matter of time and place for the Sunday School Association was taken up and it was decided to hold it on Tuesday and Wednesday after the third Sunday in April, 1929, at Warwick or Rocky Hock, depending upon the convenience of the brethren, and a committee composed

of G. H. Payne, Jesse McCarter and J. G. Gregory was appointed to prepare a tentative program.

The Secretary was instructed to write to the churches of the Association which have been receiving help from the State Mission Treasury that it is the sense of the committee that the amounts appropriated should be gradually decreased, and urging them to increase their gifts and thus strive to become self-sustaining.

Several churches having failed to send reports to the Association, G. H. Pane and Jesse McCarter were asked to look after the following churches in Camden and Currituck—Pleasant Grove, Powell's Point, Coinjock and Whale's Head; and W. J. Berryman and N. G. Duncan to look after Gum Neck.

A meeting was held December 4th to consider applications to the State Missions Board for help for several churches, and these were passed on as follows:

	Asked for	Approved
Roper	$ 100.00	$ 100.00
Belhaven	100.00	100.00
Roanoke Island	375.00	375.00
Manteo	375.00	375.00
Swan Quarter	350.00	350.00
Rose Bay	400.00	375.00
Fairfield	350.00	350.00
North Lake	400.00	375.00
Englehard	400.00	375.00
Total approved		$2775.00

The Secretary was instructed to write to Belhaven and ask them to try to come off the Board after this year; and to Roanoke Island and Manteo asking them to plan now for a smaller amount of help next year.

At the third meeting, March 19, 1929, final arrangements were made for the Sunday School Association.

The fourth meeting was called April 17th, 1929, at which time S. G. Swann was recommended as the pastor to attend the Preachers' School at Meredith, with N. G. Duncan as alternate.

The Association has been remiss in the matter of training a successor to the Clerk's office, and your committee had a rather hard time to secure some one to do the work, but finally persuaded Bro. R. W. Prevost to take the job of sending out the blanks and making preparation for this meeting.

Pursuant to your instructions at last year's session we have prepared a new Constitution and By-laws for your consideration and it will now be submitted by the Chairman of the Committee.

Respectfully submitted,

J. G GREGORY, Secretary.

REPORT ON STATE MISSIONS.

During the past century of their organized life North Carolina Baptists have wrought well and the smile of God's approval has been upon them. They have grown from a weak struggling band of a few thousand to nearly 400,000; they have gone from extreme poverty to comparative riches; and from almost no facilities for training their leadership to seven colleges in this State and three South-wide institutions.

And yet our task of making North Carolina a great Baptist Commonwealth is far from being complete. Reliable statistics reveal the fact that more than one-half of all the people in North Carolina are not yet even nominal Christians. In other words, there are considerably more than a million peo-

ple in this good State who do not claim Jesus Christ as Saviour and Lord and King.

Since about 48 church members out of every 100 in this State are Baptists, that fact places a tremendous responsibility on us to be faithful and diligent in evangelizing this great multitude that is looking to us for religious influence and guidance.

Our General Board is seeking to solve the mission problem in North Carolina through its 83 missionary pastors that are serving 165 churches, many of which could not have adequate pastoral service but for the timely aid of our Board. Approximately $3,500 of the $89,000 budget for State Missions was appropriated to this phase of the work this year.

The Board is still further attacking its mission problem in this State through its Evangelistic Staff of three men; through its Sunday School Department with three regular field workers; three Associational workers and numerous volunteer workers in Associational Enlargement Campaign; through its B. Y. P. U. Department with four regular field workers, three Associational workers and volunteer workers in Associational Campaigns; through its W. M. U Department with two regular workers in the field and other volunteer helpers; and through the Preachers' School, work among students in our colleges, etc.

RECOMMENDATIONS

1. That each church in this Association put forth its best efforts to win to Christ all the possibilities within its reach, and train its membership for the most effective service possible, utilizing such agencies of our General Board as may be necessary and available.
2. That the stronger churches in this Association help the weaker ones to get on their feet, noting as a kind of big brother, giving counsel and leadership, and if necessary, more substantial help. We recommend that our Executive Committee deal with this matter in an organized way.
3. That in the selection of the Executive Committee of this Association the different groups of our organizations, such as the Sunday School, W.M.S., and B.Y.P U., be represented, and that the various sections of the Association be represented.
4. That our churches co-operate with our General Board in solving our great mission problem at home and abroad, that they put on a thorough every member canvass in November or December that all our members be asked to contribute regularly, according to the Bible plan, to the Co-operative Program, and that our church treasurers be urged to forward promptly, at least once a month, such funds to Walters Durham, Treasurer, Raleigh, N. C.
5. That we endorse the effort the General Board is putting on to raise $25,000 on State Mission Day in October through our Sunday Schools with which to wipe out the debt on State Missions.

J. L. CARRICK, Chairman.

REPORT ON CHRISTIAN EDUCATION.

By Christian Education we do not mean teaching the philosophy of the Christian religion. In this we differ from secular education, for instance, a business education is secured by mastering the sciences and methods of business. A medical education is secured by mastering anatomy, diseases and their treatment, but Christian education is teaching the ordinary branches of culture under Christian auspices. In other words, its superiority over secular education lies not in the character of the subject studied, but in the character of the teacher. Everyone recognizes the importance of the

influence of a Christian teacher, but we should not lose sight of the fact that such influence is likewise valuable in the home, in social life and in business.

There seems to be some confusion in some minds as to the relation of education to evangelism. Evangelism produces civilization and a desire for culture can never evangelize. For this reason we should ever place in the forefront and uppermost the commission of our Lord to make disciples, baptize disciples and teach disciples all things that Jesus commanded.

The summary of the schools of Southern Baptists follows:

Number enrolled in theological schools, senior and junior colleges, and academies 29,403; total faculty members 1.841; ministerial students 2,086; property valuation $40,136,689.17; endowment $19,977,762.45; total valuation $60,125,451.72.

REPORT ON FOREIGN MISSIONS.

Foreign Missions is a timely subject to study. Many are availing themselves of the opportunity of learning more about our debt upon ourselves and that the people have failed to put into the treasury a sufficient amount of money to carry on our work as it should be, our Foreign Board made the 1929 appropriations the lowest they have been in ten years. Out of this appropriation $100,000.00 is to be applied to our debt. In fact only current expenses are provided for. Nothing is provided for the up-keep of our property or for the maintaining of the personnel of our mission force. Even no provision was made for the repair of our property in China which was geatly damaged by the war.

Many of our missionaries are at home sick or on furlough but we still have approximately three hundred missionaries now at work on our various fields. Four of our missionaries died last year. Mrs. Carrie Bostic Lake died of malarial fever July 29, 1928 Rev. and Mrs. E. A. Jackson went down at sea November 12, 1929, when the steamship Vestris enroute for South America sank. Then on March 2. 1929, Miss Hazel Andrews died of diphtheria. In the last four years we have lost eighty-two missionaries by resignation and nine by death. During the same period we have sent out only twelve new ones.

Those left on the firing line have double work to do and recruits are needed. Approximately one hundred and fifty have volunteered. These we should send out within the next twelve months. We should put into God's treasury enough money to make it possible for our board to send them. We should also raise enough to liquidate our debts and still have enough to repair and keep our property in good condition

A word about debts. Our Foreign Mission debt was reduced during the period from January 1st, 1928 to May 1st, 1929, from $1,145,000.00 to $802,-560.88. The plan now being used to pay off this indebtedness is to apply upon it ten per cent of all receipts from the Co-operative Program, all special gifts made for this purpose,and money derived from the sale of property owned by the Board that is not now being used. One third of the present indebtedness could be paid by the sale of such property. Certainly we should raise the other two-thirds and get on our feet again.

Our work is being carried on in three ways: teaching, preaching and healing. The aim in every undertaking in the schools, hospitals, the printed page and churches is to permeate all by preaching salvation for all men through Jesus Christ We must continue our educational program and train our workers. Too, we must minister to the physical needs.

We are now doing work in China, Brazil, Argentina, Africa, Japan, Mexico, Spain, Palestine, Chile, and Europe. The doors are wide open. Opportunities are many and the tide is rising. Shall we sit still and lose our opportunity?

There is a new day for China as the anti-foreign and anti-Christian sentiment is dying out. Missionaries have returned to all our stations and have received a warm welcome. Latin America is more hopeful than ever before. The revolt against despotic autocracy in both politics and religion has caused many to turn away from Romanism and seek Christ Africa with its wonderful development affords new opportunities. What shall we do with them? Europe is facing a rebirth. The entire continent is going through a change. In Roumania alone last year we baptized 4,525, the largest number of baptisms we have ever reported in any year on any field.

Think of it, these open doors with the many opportunities! One hundred and fifty volunteers ready to go. Thousands dying without God and without hope. "How can they believe in him whom they have not heard? How can they hear without a preacher? How can they preach except they be sent?" The reason why these volunteers are here at home is, we have not given and made it possible for our Board to send them. "Lift up your eyes and look upon the fields" Behold the needs and help to send other helpers. God is still saying, "Whom shall I send and who shall go for us?" "Go ye into all the world and preach the gospel to every creature." We are to be witnesses in Jerusalem, Judea, Samaria, and unto the uttermost parts of the world. Many are giving their lives. Shall we not give our prayers and our money?

We should as disciples of Christ love what God loves. "God so loved the world that he gave his only begotten Son that whosoever believeth on him should not perish but have everlasting life." Then let us work and pray, give and go, love and serve. May His Kingdom come and His will be done on earth as it is in heaven.

Respectfully submitted,

ELLIOT R. STEWART

REPORT ON SUNDAY SCHOOLS

In recent years we have witnessed large expansion, swift growth, and marvelous improvement in Sunday School organization and method, in management and equipment. The Sunday School has become powerful in organic life and outreach of efficiency. And with all this its mission remains unchanged though the perspective grows larger and larger, and its energies move with statelier and more commanding sweep.

Its text book, its purpose and aim, its glorious course of instructon in revealed truth and redemptive grace—these remained unchanged through the changing years. The open Bible and the uplift of the cross must hold with increasing emphasis the center of Sunday School life and effort, of efficiency and conquest.

To that end the Sunday School makes its contribution for culture in the things of Christ—culture in His saving grace and service, in His doctrine and spirit, in the personal likeness of His character and for the triumph of His Kingdom.

The modern Sunday School is a real school—a gathering for instruction. It has all the elements of a school, with some elements which make it distinct in character, unique in purpose, method and curriculum. It is in the church, of the church, and for the church—a church school in every true and commanding sense. It is a church institution, a church service and a church agency. It is a mighty instrument for bringing things to pass in the Kingdom of God, but gets its life, power and directing energy in the church of which it forms an organic part. No words can portray the Sunday School in its present commanding character, or its unmeasured power for God as seen in its threefold relation to the church as institution agency and service. Dr. William E. Hatcher in his book "The Pastor and the Sunday School" states beautifully, forcefully and picturesquely the imperial rank of the Sunday School in the community of Christian enterprises. He says: "In

many respects the Sunday School is a modest institution. It is a vast improvement on the past, and is one of the phenomenal products of Christianity, worthy of universal recognition as the most flexible, far-reaching institution ever yet devised for the conversion of this world. It came into existence without flourish of trumpets, gained admission into the Christian heart of the world, and has received a welcome from every creed and sect. It wears about it the loftiest dignities, and yet comes with a smile for every child and a message of peace for every inquirer after the way of life.

"It is not an easy task to estimate the value of the Sunday School. It is a school with a single text-book, and that the word of God, and this invests it with an interest all its own. It has calmly chosen the entire human family as its constituency, and is enrolling its students by the millions. I stand uncovered before the achievements of the Sunday School. What mammoth organizations it has called into existence to do its bidding and minister to its wants. It has created a literature of its own, and is fast learning how to appropriate to itself all true literature. It has kinship for all noble things, and draws from every quarter material for its own achievement. Itself a peerless educational power, it infuses its broadcasting educational spirit into all other things.

"What royal friends and supporters it has—Ministers, scholars, eminent teachers from college and universities, men of every noble profession, men of affairs, men of wealth and power in the large walks of trade and finance, and better yet, women chosen of God and in living fellowship with the Son, Jesus Christ, millions of these, whose perpetual joy is the study of the word which God has spoken unto us.

"No statistician will ever be able to count up its contribution to the kingdom of heaven. Think of the countless thousands which year by year are conducted to the gates of the Celestial Kingdom and introduced into the Master's service by this benign Christian force. Think of the armies upon armies of the young who have gone to heaven shouting the Redeemer's praises as they went. They were the fruit of the Sunday School, and yet the schools, like the orchards of God, are bearing twelve manner of fruit every month."

"Such is the commanding place of this school in its threefold character. It is a church institution, living, powerful, and growing, an agency of the church mighty in doing things for the kingdom, a church service of teaching and worship exalted and pre-eminent in place and purpose."

Your Committee would urge anew the supreme importance of the Sunday School and ask that our people in all the churches interest themselves more and more in its work. The program of the modern Sunday School as outlined by our Southern Baptist Sunday School Board and the Department of Sunday Schools of the General Board of the Baptist State Convention is applicable to every type of church in our Association. It can be used to reach the people, to teach them the scriptures, to win them to Christ, to enlist and utilize them in service, to train them in stewardship and doctrine, to visit absentees and the unenrolled, to finance the church program, and to hold people and keep them true and loyal to the church. The great work of the kingdom of God is crippled in many churches because of lack of a program that is constant, permanent, and all-inclusive. We commend such a program to all our churches and urge its diligent use in them.

The Sunday School Board of the Southern Baptist Convention is located in Nashville, Tenn., and Dr. I. J VanNess is the Secretary. The office of our State Sunday School work is in Raleigh, N. C., and Mr. Perry Morgan is the Secretary. Miss Gladys H. Beck is our State Secretary of Elementary Sunday School work, and Mr L. L. Morgan is State Field Worker. Their headquarters are in Raleigh. All needed information concerning the work of the Sunday School can be had from these.

Realizing the need and importance of the Sunday School work we should make it our business

1. To help every church in the Chowan Association to have a good Sunday School and to have a good report at every meeting of the Association, and the Sunday School Convention of the Association.

2. To reach the great unreached throngs that constitute a very large part of our constituency.

3. Build or remodel church houses to meet the need of the Sunday School. Rev. J. M. Page, Building Evangelist, of Raleigh, will render valuable service to the churches in this way, also Sunday School Secretary. Perry Morgan, will give free assistance.

4. To carry on through our State and the Association training all our workers in co-operation with the State Sunday School Department a great program of reaching, teaching, and winning to Christ the multitudes of unreached people.

J. G. GREGORY, Chairman.

REPORT ON HOME MISSIONS.

The 84th report of the Home Mission Board at Memphis last May showed that the board elected in 1928, had two objectives for their year's work. Quoting from their report:

(1) Those of us who have served on the Board this year have felt very profoundly that, at all hazards, the Board must get out from under the unbearable burden of its accumulated obligations. It is our belief that a program of intensive and intelligent liquidation ought to be followed up, as rapidly as good business will permit, so as to reduce not only the general obligations outstanding but to retire the Board's bonded indebtedness just as speedily as possible. We believe, also, that there should be a drastic curtailment of our operations, so as to permit the allocation of a large part of the Board receipts to the steady retirement of the Board's debts.

(2) The other objective this present Board has had in mind is the reestablishment of a more distinct emphasis upon the genuinely missionary opportunity and appeals, instead of permitting the Board's income to be absorbed caring for huge institutional experiments. There are countless fields in our territory already "White unto harvest" and we believe that the task of this agency is essentially a missionary task—a task of evangelizing these millions that are at our doors. This is meant not to discredit our institutional work of many kinds, as fostered by the Convention. We are merely meaning to give our convictions; that the resources of our Board are not sufficiently large for them to undertake the operation of any great institutions with large financial requirements We believe that this Board ought to be held the more specifically to its primary task as a real home mission agency.

These objectives were strictly adhered to until last September when the greatest tragedy that ever befell the Home Mission Board occurred. That of the defalcation of the treasurer C. S. Carnes, of the stupendous amount of $909,461. After this calamity the Home Mission Board Committee and the Executive Committee of the Southern Baptist Convention met in joint session and selected three members from each of the two Boards This committee was given charge of the Home Board activities for the balance of the year. Bro. Arch Cree of the Georgia Home Mission Board was asked to take the Secretaryship which he did and held until J B. Lawrence of Missouri, was elected to fill this position last May. After the Carnes calamity the committee had to resort to more drastic measures, which resulted in the cutting of the salaries of the Board's employees.

The Board's work is done through the departments of Co-operative Missions, Independent and Direct missions, Evangelists, Mountain mission

schools, Cuba and Panama, Church Extension and the Tuberculosis Sanitorium at ElPaso, Texas. In all these departments retrenchments were made in operating expenses and the department of evangelism dissolved.

Although the gloom has been deep and obstacles seemingly insurmountable the sunshine of God's love has shown brightly in the tireless energy of the Board's workers and the gifts of God's people throughout the Southland.

On November 11 Honor Day was observed. On this occasion $397,444.23 was raised. Emergency gifts amounting to $28,518.77 have been received. The Christmas Thank Offering amounting to $29,472.38 was raised making a total of $455,435.40 outside the regular channel of the co-operative program.

The outstanding incident of the year was the gift of Mrs. George W. Bottoms, of Texarkana, Ark., in the gift of nearly $500.000 for the development and maintenance of the Baptist school in Havana, Cuba.

After noting the tragedy and its consequent handicap of the Home Board we still point with humble pride to some of its achievements the past year:

(1) All obligations on this year's work paid promptly.
(2) All interest charges paid promptly.
(3) All due payments paid promptly.
(4) Notes payable reduced from $1,248,000,00 to $882,000.00.
(5) Restored to the Church Building Loan Fund $99,872.00.
(6) Restored and deposited to Bottoms Fund $50,000.00.
(7) Balance on hand for other obligations $92,416.63
(8) No new money borrowed since last September.

Realizing that there is another side to the workings of the Home Board than the financial, let us notice some of the work now accomplished for our Master. There were:

151 missionaries of the Home Board. 2,185 additions by baptism, 1,180 additions by letter, making a total addition of 3,026; 22 churches constituted, 50 Sunday Schools organized, 84 societies organized, 5,728 Bibles distributed.

These results show us that the field is indeed "White unto harvest". The Board has done what it could in cutting expenses so it is up to us to make our gifts to the cause of missions as large as possible and pray that the Lord may thrust forth enough workers to gather the harvest in.

REPORT ON MILLS HOME.

The care and training of children constitute our finest human interest. They are at once our greatest asset or liability.

In an improving civilization this interest has become so pronounced that the public has asserted the right to interfere even with the supposed rights of parents, and demand that children everywhere have a fair chance at life. This found completest expression when the Master set the child in the midst and declared, "Of such is the Kingdom of heaven."

Forty-four years ago J. H Mills began the work of the institution which now bears his name.

It has been a haven of refuge for a shorter or longer time, for more than three thousand children.

We have now in the home 635 children—135 of these are in the Kennedy Home, our eastern branch.

There are now 273 children with their own mothers, being cared for by our Mother's Aid plan. We are working on the larger idea of saving the home, when it can be done, in order to better save the child.

Quoting the report of the general manager we agree with his suggestion, "Let me again, on the principle of Cato's daily cry in the Roman Senate, "Delenda est Carthago," refer to our crowded condition in the cottages. It must be remedied I make some suggestions. One is a larger and more

complete field service. Hundreds of cases can be adjusted so that they need never come to the institution. Many can be handled by Mother's Aid. We ought to have two workers in the field. Our experience gives increasing proof of the need of this work. The public must be educated to see that every other means should be exhausted before children are placed in the institution. This can not be determined in most cases without a careful and patient investigation. Our General Board in response to a statement I made to a special committee, approved of this enlargement of our field force as early as we found it possible to do so.

There is behind every child in our care some element of tragedy and sorrow that appeals to the best within us. The workers in the Home have direct responsibility of caring for these, but, it is a vast co-operative task appealing to every Baptist in North Carolina.

Our people have been liberal, but this continued depression and the strange indifference on the part of many, make a distressing financial situation. We are rolling up a heavy debt. The demands for help grow with the hard times.

Sending the children away is unthinkable. So we urge again the once-a-month collection in every Sunday school, a club of Charity and Children in every school possible, and a great Thanksgiving offering that will wipe out our debt. We recommend that every Association appoint an Orphanage representative. However this does not relieve our obligation for every forward looking man and woman in the Association is challenged to this blessed task.

Respectfully,

D. C. MARTIN, for Committee.

REPORT ON B. Y. P. U.

The work of the Baptist Young People's Union is rapidly becoming one of the most important departments of our church life. It is the one service set apart for the training and development of young christians in their duties as church members, in the field of Christian service and in the enrichment of their own spiritual life. It is now an integral part of our denominational program in the State with a secretary and a number of field workers giving their entire time to the work.

In the Chowan Association B. Y. P. U has never been given serious consideration by any large number of our churches. As a consequence of this only a small number of churches have any B. Y. P. U activities at all and a still smaller number are adequately supporting and developing a B. Y. P. U. department in their churches

We have an Associational organization which has held three annual conventions and it is hoped that through this organization something may be done to extend and develop this phase of our work here in the Association.

A few suggestions that will help:

1. That our pastors seek through every means possible to get a large number of their young people to the Associational and District Conventions.
2. That we avail ourselves of the help of our State workers.
3. That the opportunity offered in this field be laid upon the hearts of our laymen and women.
4. That we enter upon the enlargement and extension of this work to the limit of our opportunities.

Respectfully submitted.

R. W. PREVOST.

REPORT ON THE BAPTIST BROTHERHOOD AND WOMEN'S WORK.

THE BAPTIST BROTHERHOOD.

During the past year the Baptist Brotherhood of the Southern Convention has sought to promote a larger knowledge and acceptance of the Scriptural doctrine of Stewardship, including the Stewardship of both life and substance, and emphasize the obligation of laymen to support all the enterprises of the Kingdom, both by loyal service and generous gifts, has devoted more attention than formerly to the Scriptural qualifications and duties of deacons, has stressed the primary claim of missions and sought to install Scriptural methods of finance. This work has been done through the distribution of literature, conferences, study classes, and public addresses.

An effort has been made to induce the churches to give the Co-operative Program a larger share in the annual budget. There has never been a time when so many churches have been engaged in the erection of new buildings, calling for vast sums of money; the Brotherhood has claimed that a large outlay for local interests at the expense of missions is an expression of selfishness with which the Lord is not pleased and upon which He will not bestow his blessing. It has been further urged that the Lord promised "to be with his disciples alway, even unto the end of the world" only on condition that they are loyal to the great commission.

The course of study provided covers six subjects, Stewardship, Church efficiency, Scriptural Finance, The Deacon, Home Missions, and Foreign Missions. These courses are sorely needed in the churches of the Chowan Association, that the men of the churches may be more efficient in the Master's business, and equipped to carry the banner of the Cross of Jesus Christ to the ends of the habitable globe.

The Brotherhood recognizes that the year of 1929 has been designated as Stewardship year and great emphasis is being laid upon the tithe, they believe the Bible command should be practiced by every member of every Baptist church "bring the tithe into the storehouse upon the first day of the week."

We would lay great stress upon the importance of organizing a Brotherhood in every church of the Association. This will greatly help the churches in all their work, and emphasize the importance of the task of the men in the Kingdom of God.

THE WOMAN'S WORK.

Too much cannot be said in praise of the work done for the Master by the women of the Chowan Association, the State of North Carolina and our great Southern Baptist Convention. The Ruby Anniversary has been an eminent success. They have heard the call of the Master, and are nobly answering that call. From the time the women ministered to our Lord's bodily needs when He was upon the earth, and from their experience at the tomb, they have given themselves to the great task of telling the story of a risen Lord. The writer of this report knows of several churches where the gifts of the women have been the only contributions to the Co-operative Program in that church

During the calendar year of 1927-1928 the General Union of the Southern Baptist Convention sought to win 40,000 new members for the societies in existence, and increase the number of societies among the women and young people by 40 per cent. It is no wonder therefore that the General Union has on roll 311,255 women and 212,481 young people, a total of 523,736. Large also is the number of new organizations—a total of 6,405, of which 1,431 are for women and 4,974 for the young people. The total number of organi-

zations in the Convention is 30,415. of which nearly two thirds are among the young people.

The writer of this report heartily commends to the pastors the missionary, soul-winning purposes of personal service, it cannot be amiss to call attention to much charity thus done. The work of training the youth of the churches in missions, and the blessed task of the great commission. We would also urge the members of the churches to subscribe to Home and Foreign Fields, Royal Service, World Comrades, and the Biblical Recorder. The informed Baptist is the co-operative Baptist, and the co-operative Baptist is the pastor's loyal supporter in the great business of spreading the glorious gospel of the Son of God.

Paul said to the Phillippian Church "I entreat thee also, true yokefellow, help those women which labored with me in the gospel, with Clement also, and with other my fellow labourers, whose names are in the book of life." Surely every pastor of every church, will not only co-operate, but assist in leading the way to larger things for the Kingdom of God's sake.

Respectfully submitted,
GERALD H. PAYNE,
MRS. E. F. AYDLETTE,
MISS BESSIE STAFFORD, Committee.

REPORT ON RESOLUTIONS.

Whereas, we began one and a half years ago to raise a million dollars to pay off the indebtedness of the Baptist Schools and colleges, and whereas the notes continue to fall due at intervals, and the entire amount will be due October 1st, 1930.

Be it Resolved, That each Church in the Chowan Association put forth extra efforts to raise its quota and more if possible.

Be it Resolved, That we request each Pastor to lead his Church to put on the every member canvass in each one of his churches on or before December 10th.

Be it Resolved, That each Church make a strenuous effort to raise one-twelfth of the Budget on pledges to Benevolent objects and forward same to Walters Durham at Raleigh, N. C., the first of each month.

Due to the fact that some of the churches in Roanoke Association are agitating the forming of a new Association South of the Albemarle Sound—whereas, some of the churches in Tyrrell, Hyde and Washington Counties also are discussing this; be it Resolved, That the Executive Committee of this Association be empowered to grant letters to these Churches if asked for.

Whereas, We believe that the greatest need of our churches today is a revival of Bible reading and establishing or re-establishing family altars in the home.

Be it Resolved, That the Pastors lead their members to read their Bibles daily and to practice the family altar.

Whereas, many church members are guilty of dealing with and using intoxicating drinks, and whereas, this is causing criticism and leaves its bad effects upon the church and the non-christians, whereas, Baptist church-rules of discipline do not stand for the use of intoxicating liquors Be it Resolved, That each church use corrective discipline to help the situation.

Whereas, the delegates and those attending this Association at Sawyer's Creek Baptist Church have been splendily entertained and provided for: Be it Resolved, That this Association thank each and every one for their hospitality, good service and kindnesses.

Respectfully submitted,
E. R. STEWART,
J. P. BARNARD,
R. L GARRETT, Committee.

REPORT ON TEMPERANCE.

It is a fact that temperance is one of the greatest problems confronting the American people today. How is this gigantic problem to be solved? It is said that the majority of the law-makers of this great country are against the 18th Amendment to our National Constitution. Some of our Congressmen support the 18th Amendment because the people they represent are for National Prohibition while these Congressmen themselves oppose the law I believe our President is doing the best he can to enforce the Prohibition law but one man, alone, can never hope to enforce it as it should be done. It is said that, "No chain is stronger than its weakest link," neither is any law stronger than the sentiment for it. The indictment is brought against some of our State and County officers that they are not in sympathy with Prohibition. When an officer of the law openly declares himself against any law of the Government, I think he should be removed from office I believe to impose fines upon the transgressors of the Prohibition law will never cause the proper respect for it. For one who has set himself to the task of making and selling a product that is ruinous to the young people of a country, a road sentence is none too light and is the only punishment that will adequately meet the need. It is reported, there are forty-one organizations in the United States organized for the specific purpose of overthrowing the Prohibition law. Men and women everywhere, who are not in sympathy with Prohibition, are crying, "It does not prohibit." It is not prohibiting as we could wish it might be but it is prohibiting much more than they want it to and than they are willing to give it credit for The great burden of seeing that it does prohibit, and that this country is made a safe place in which one can live without being troubled with alcohol and its effects, rests on the church folk. May we strive to save our people to the church and for Christ. It will take work, but it will be worth it.

Respectfully submitted.

J. F. COLSTON, for committee.

REPORT ON MINISTERIAL RELIEF.

The Relief and Annuity Board, under the splendid leadership of the Rev. William Lunsford, now in heaven, was started eleven years ago The Board now has its headquarters in Dallas, Texas. During these years the Board has paid to its beneficiaries in round numbers one million three hundred thousand dollars. Part of this in Relief work and the rest in Annuities. During the last Conventional year 1,338 beneficiaries received aid. These received the small pittance of one hundred and ten dollars each. From this it will be seen that this Board needs larger relief endowment and larger current contributions from the churches. The Board at its last meeting in Memphis, Tennessee, reported the list of beneficiaries growing and at the same time the contributions through the Co-operative program falling off.

Your committee would call attention to some facts which should be seriously and prayerfully considered by all the churches of our Association. We call attention to an important paragraph found on page 396 of the minutes of the meeting of the last Southern Baptist Convention

"Since 1924 the Co-operative Program receipts have dropped for relief purposes from $146,162.36 to $114,000 plus in 1925; to $132.000 plus in 1926; to $95,000 plus in 1927; to $94,000 plus in 1928, and $88,400 plus in 1929.

Now, while the sums received from the denominational program for the past few years have been 33 per cent to 40 per cent less than the amount received in 1924, the aggregate sum paid by us to our relief beneficiaries has decreased only in an amount varying from 3 to 6 per cent during two of

those years. And the fact that the relief payments to individual beneficiaries have been decreased is to be explained by the fact that we have been paying benefits to an ever increasing number of people, the number aided regularly and temporarily has increased from 804 in 1921-1922 to 1,336 in 1928-1929.

It should be clear to our people that in order to aid this ever-increasing number it has been necessary for the Board either to receive money from the churches in ever-increasing amounts or to reduce the average amounts paid to beneficiaries. The latter has necessarily been the result.

The aggregate amount paid has suffered but little reduction, but the sums paid to individuals have become smaller."

Your Committee recommends the following:

First: That all our churches renew their interest in, and pledge their hearty co-operation in this relief work.

Second: That special attention be called to this very important denominational work and wherever possible—without interfering with the regular gifts of our people—special offerings be secured and sent to the Board for this work.

Respectfully submitted,

E. L. WELLS.

W. T LOVE, JR., Secretary.

REPORTS OF COMMITTEES

REPORT ON FOREIGN MISSIONS—1930.

The blessing of God has been upon our work in foreign lands. While there have been many difficulties, yet through the help of the Lord, there have been many encouragements.

Good progress has been made towards the further reduction of the debt which has burdened the Board. The debt was reduced $187,423.56 during the year closing May 1, 1930.

The plan for reducing the debt is to apply 10 per cent of all receipts from the Co-operative Program all special gifts made for this specific purpose, and all moneys received from the sale of properties owned by the Board which are not now being used for mission purposes.

On the foreign field there are 1407 churches with a membership of 161,059. The native contributions amounted to $472,820.12.

Southern Baptists should catch the inspiration of the throbbing life of the work in foreign lands The past year has been marked by great revivals in many fields. Thirteen thousand, two hundred and fifty baptisms were reported, a thousand more than have ever been reported in a single year Progress along all lines has been made in all missions. The power of the gospel has been demonstrated everywhere.

In Africa there were thirty requests for the eight graduates from the Theological Training School last June. There was a great revival in the Lagos school which resulted in the conversion of over one hundred students in the upper grades. The hospital and college at Ogbomoso had the greatest year in their history. The Nigerian Baptist Convention made fine progress. It has now 200 churches in its membership practically all of which are self-supporting.

In Argentina there are 59 churches with 4,059 members. These churches gave last year a total of $41,083.00. There were 380 baptisms The Publishing House prospers. It published 1,520,000 pages of tracts.

In North Brazil the work has grown from 120 churches with 6 203 members to 149 churches with 8,348 members in the last decade. Ten years ago there were 215 baptisms during the year, last year there were 876. The religious life in the schools was strong during the year. There were 510 students in the College and Seminary at Pernambuco.

In South Brazil 1930 marks the fiftieth anniversary of the opening of Baptist work in Brazil Dr. and Mrs. W. G. Bagby were the first missionaries. They are still active in the service. One of the greatest revivals ever conducted in Brazil was held during the year in Rio College One hundred and fifty made profession of conversion.

Chile is the newest field the Foreign Board has entered in Latin America. There were special evangelistic meetings held in every church in the country with fine results.

In Central China the Soochow field had the most encouraging year it has ever experienced. At Shanghai splendid meetings were held in the North Gate School and church. Twnty-three were baptized In Grace Church there were 41 baptisms. At the Paoshing Road Compound center the Ming Jang Boys' School enrolled 248 students and the Eliza Yates Girls' School enrolled 240. A revival was held in this center in which 97 were baptized. At the opening service of this revival 20 were baptized.

In interior China which was torn by war, one new church was organized

and two others are waiting to be when the missionary can get to them. The six churches in and around Chengchow formed themselves into a Baptist Association. The Boys' School and the Girls School at Kaifeng had a good year. The Boys' School is the only school of any denomination in operation in the whole Province of Ronan.

In North China on account of the warring conditions, the number of students was reduced, but the work was good and there were many conversions among students. Hospitals were interfered with but helped soldiers.

In South China there were about 600 baptisms. Pooi To Girls' School celebrated its fortieth anniversary by the opening of a new building which cost $40,000.00. This building was given entirely by the Chinese.

In Hungary the Baptists have grows in ten years from 7,000 to 12,000 members. They baptized last year 763.

In Italy, 1929 was the best year in the Italian Mission work. There were 294 baptisms, an increase of 49 per cent. There was a 30 per cent increase in the amount contributed to the support of the work.

In Japan, the Publishing House has a record year. It published 1,750,000 tracts, 250,000 books, a total of 66,576,000 pages There were 700 students in Seinan Gakuin, the Boys School at Fukuoka. There were forty baptisms amongst the students. The Girls' School at Kokura had 400 students. There were 67 converts amongst the student body during the year

In Jugo Slavia three new chapels were added during the year. The Baptists have grown from 600 in 1922 to 1,148.

In Mexica, the Seminary at Monterrey had 14 students, 3 in graduating class. The Girls' School at Chihuahua, and the school at Culiacan were disturbed somewhat by the revolution, but were able to carry out a successful year's work. A chapel building was erected at Rosita through the aid of the Sarah Hale Church Building Loan Fund.

The building for the Women's Training School in Bucharest, Roumania,is so nearly completed that it was possible to use the building during the latter part of the year for the opening of the school. There were 4,925 baptisms of Roumania. This is the largest number ever reported to our Foreign Mission Board fom any one of its fields.

In Spain the Spanish Baptist Convention was organized at Barcelona. The Spanish Baptists are beginning to realize their responsibility toward evangelizing their own country. They had 107 baptisms.

Thus reads, like added pages of the Acts of the Apostles, the story of our work in foreign lands. Out among the countless hosts of lost men our Father has set his seal of approval and blessing upon the labors of our missionary messengers. He has kept his promise to be with those who GO. The needs of the unredeemed world, the command of our divine Saviour, the favor of our Heavenly Father marvelously manifested upon our labors in all fields, should speak with irresistible force to Southern Baptists "that they go forward."

REPORT ON EDUCATION.

North Carolina is enjoying an unparalleled era in the matter of education, not only in its state schools but in its denominational schools, as well. interest on the part of boys and girls is running at a high tide both in regards to High School and college. We must be prepared and equipped to meet the situation. As they turn toward these institutions we are constrained to answer this question: What kind of school shall we patronize? The one that trains the intellect and moral side or shall we go a step further and look after the development of the Christian side?

Shall our state in its various activities be dominated by Christian standards of conduct? The answer lies with our churches and Christian schools. We must support them or they will die.

The value of education depends on the attitude of the heart which is developed simultaneously with the acquisition of useful knowledge. Again, the value of any education is not measured by what effect it may have on us, but rather what effect we may have on others. We need to be taught the stewardship of service. The real question should be not what it will do for me but what it will help me do for others.

We Christians, and especially Baptists, have a challenging opportunity. What is the opportunity? and what steps are taken to meet the challenge? Men and women of thought and action everywhere are asking the questions: To whom shall we go? Culture and consecrated leadership is the need of the hour. Our state has not allowed the Bible to be taught in our public schools. It too has taken charge of the elementary schools and practically all the high schools, we have but one left, Boiling Springs. On the other hand we have institutions of collegiate grade as follows: Wake Forest, Meredith, and Chowan which are standard A-grade institutions Mars Hill, Wingate, and Campbell, which are standard Junior Colleges.

We have a large number of students in our Christian colleges despite of the times of depression; but even so there are more Baptist students in other institutions than in all our colleges combined. That offers a great challenge. It is true that it cost a little bit more to educate them in the colleges, but what is that to compare with what they are and will mean to the Kingdom of God.

Again some of our institutions are conducting summer schools for teachers and that gives them a chance through these teachers to spread their influence to the uttermost parts of the state. It is absolutely essenial that these teachers be not only moral but Christian as well.

Just this final word. Our schools must continue to grow or they will continue to go backward for they have already started.

We have the ideal, eager minds searching for truth, hearts aglow for service. We have the money. What we need is a new consecrated vision and the sacrifices will be made. Can we afford not to support our schools?

Respectfully submitted, W. B. EDWARDS.

REPORT ON RELIGIOUS LITERATURE.

I don't like the term religious literature; for that includes literature of all the heathen religions. I prefer to call it Christian Literature.

The foundation of Christian Literature is the Bible. It is fundamental in the life of every Christian. We need to come back to the Bible and study it in our homes. "Thy word have I hid in mine heart that I may not sin against Thee" said the Psalmist. If our young people would hide more of the word of God in their hearts they would have a much stronger defense against the temptations which come their way. It truly is the sword of the Spirit and if we know how to handle that sword we will be able to overcome the fiery darts of the devil.

Then every church should have a library of books which are interesting and at the same time those which will build character. If we would encourage our people to read the right kind of books then they would not have time for the wrong kind There is a real need of mental Hygiene in our age. The Bible says as a man thinks in his heart so is he. It is almost true that as a man reads so he thinks.

Then there are the periodicals of our denomination. They are published in every realm of our work. These are well worth while, and the price is reasonable. It would also be well if each church would publish a parrish paper of its own. It can be done in most places at a very small expense if someone will really do the work. By all means every church should have Bulletins for the regular services. These may be had from the Baptist Pro-

gram Commission, Nashville, Tenn. With appropriate material on two sides leaving two for local material. The local church can print the local material with a very cheap miltistamp machine.

Respectfully submitted,

J. G. BROWN.

REPORT ON STATE MISSIONS.

North Carolina Baptists are this year completing one hundred years of organized effort. At the very beginning our fathers made plans for evangelizing North Carolina. If the record of these one hundred years were examined, it would be found that many of our strong and generous churches in the leading towns and centers of the state, were organized and planted through the sacrificial labors of faithful state missionaries.

Sometimes we hear the idea advanced that soon we will have finished the job of State Missions and that all the needy and promising fields will be occupied. But with the ever changing conditions and the rapid growth of the state in industrialism, in good roads, in public education, in the rapid shift of the population from the country to the town and city, there comes with every new generation new opportunities and new responsibilities for evangelizing and saving our own people.

In the percentage division of our Co-operative funds. State Missions received twenty cents out of the dollar. In addition to this, all funds given through the Sunday Schools on State Mission Day, the last Sunday in October, goes to State Missions as an extra amount.

This year there are eighty-four missionaries in the employ of the Board, serving about one hundred and fifty churches. The Board is caring for the Sunday School, W.M.U., B.Y.P.U and Student Work. This year we took the Indian Work among the Indians in Robeson County and the Cherokee Work in Swain County

The task is greater and the need is more imperative today than when our fathers began the work one hundred years ago. We hope every pastor will preach on State Missions during October, which is State Mission month throughout the South, and that every Sunday School will put on the State Mission program the last Sunday in October. Our Board is heavily handicapped with a debt, and every church and Sunday School is urged to have a worthy part in this great statewide effort to lift the burden from our State Mission work.

REPORT ON TEMPERANCE.

Not since the adoption of the 18th Amendment have the enemies of prohibition been so defiantly and so brazenly active as they are today. Millions of money are being poured out in an effort to discredit and destroy that which took the forces of righteousness fifty years to accomplish The ear of the politician is already to the ground: he is ready to flap the moment he decides that the people have been sufficiently fooled by the pretentious claims of the Association against the Prohibition Amendment. The leaders of the liquor forces piously proclaim their opposition to the return of the saloons; but they well know that with the repeal of the 18th Amendment, "a first long step has been made toward the saloon's again laying its strangling hold upon American politics and life. In the return of such conditions they see millions of dollars for themselves. Truly the "love of money" is the root of this evil.

While churches take no interest in party politics as such, yet they must not allow themselves to quietly sleep amid all this activity of the hosts of satan They are duty bound to take notice of any movement that threatens the moral welfare of the people. All measures favoring the liquor traffic in

any way whatever must be energetically opposed by all adherents to prohibition. The fallacies in the liquor propaganda must be exposed. The country as a whole is overwhelmingly dry, and the people must not be deceived, through the sheer lying of the liquorites, into believing that it has again become wet. The time is here when the friends of prohibition must be as outspoken in its defense as they were in the long battle which won it. The fate of prohibition rests either in the alertness or in the indifference of Christian people. A militant church constituency will put to route this arch enemy of the race, which "has never contributed an idea, an ideal or an ounce of energy to human progress," but which, on the other hand, has done untold human damage. T. L BROWN.

REPORT ON THE MILLS HOME.

All of the figures given in this report are taken from the report of the General Manager to the 1929 session of the Baptist State Convention. No other figures are now available to the writer.

According to the above mentioned report 895 children were cared for in all of the departments: 500 at Thomasville, in round numbers, 135 at the Kennedy Home, and 270 with their mothers. And from Nov. 11, 1885, when the first child was received, to the present time, in the Home and by Mother's Aid, 3,544 children have received the kindly and healing touch of North Carolina Baptists

The farming and other industrial interests of the home make a fair showing.

The health of the children has been reasonably good; no epidemics have caused alarm or distress.

There has been ceaseless knocking at the door of the institution during the year of an unusual number of children in abject destitution. We have had as many applications before, but never quite so many desperate cases as now.

The debt is larger than it ought to be, and is discouraging to say the least of it. This can easily be wiped out with our Thanksgiving offering in November. Let us hope that it will be. In the opinion of the writer of this report, if North Carolina Baptist Sunday schools would make a worthy offering once each month, and all of our Baptist people would contribute the value of one day's work Thanksgiving, the Home would easily be able to provide for twice the number now being cared for Your committee earnestly urges that more attention be given by the churches to this wise and efficient method of providing for the needs of the Home. A. A. BUTLER,
For Committee.

REPORT OF RELIEF AND ANNUITY BOARD.

Your committee feels that the churches should rally to the support of our old ministers, their widows and orphans.

To the 661 ministers and 664 widows with 150 children and emergency relief for 19 ministers and three widows the board sent them $1,300,000.00 to relieve suffering, want and hunger.

Your committee would ask the endorsement of this Board by the old Chowan Association, and that we pledge to give more this year of the Lord's money to these worthy men, women and children.

The Service Annuity part of this Board is having hard sailing. Your committee was a hearty believer in the states taking care of their old ministers and has never seen but one benefit from the merging of our state boards into one at Dallas—namely cutting overhead expense.

Under present financial conditions but few of the preachers and churches can meet the requirements of that Board. It would be a grand thing for them if it were true. J. R. TAYLOR.

REPORT OF EXECUTIVE COMMITTEE—CHOWAN ASSOCIATION.

The Executive Committee has been called to meet twice since the last session of the Association.

The first meeting was held December 5, 1929, principally to pass upon the applications of Belhaven, Roper, Swan Quarter, Rose Bay, Fairfield, North Lake, Englehard, Manteo, and Roanoke Island churches for aid from the State Board of Missions. These applications were carefully considered and approved.

In view of the fact that at the last session of the Association there was no invitation for the meeting of this session the Clerk was directed to write to the pastors of the Association requesting them to lay the matter before their churches with the view of securing an invitation for this meeting.

The second meeting was called to meet May 22, 1930. At this meeting, the Clerk, Rev. R. W. Prevost, presented his resignation on account of his leaving the Association for work at Andrews, N. C. His resignation was accepted and the Chairman of the Committee was instructed to communicate with Rev. D. J. Robinson and ask him to serve as Clerk until this meeting, and in the event Brother Robinson could not serve, the Chairman was authorized to try to secure some other brother to do this necessary work. Brother Robinson consented to serve, for which we are grateful.

We had, in the meantime, received invitations from Reynoldson church and the churches of the Hyde County field to meet with them for this session and after due consideration and discussion, the committee voted to accept the invitation of Reynoldson church.

The Executive Committee has not performed what the writer feels the Association may reasonably expect of it. Only three members (including the Chairman) responded to the call for the first meeting and only two (including the Chairman) were present at the second meeting, and four members did not attend either meeting. It is not to be expected that a committee can accomplish much without getting together. It is hoped that the committee chosen at this meeting will take its duties seriously, and that its report to the next session will show greater accomplishment than this one. In extenuation for the lack of attendance, it is in order to suggest that these meetings involve not only loss of time but some expense in getting to them, for no matter where the meetings are held, some of the members have to travel a considerable distance to attend, and possibly the Association should bear at least the expense of transportation. Furthermore, it would seem desirable that the Executive Committee should visit the fields to which the Board of Missions is extending aid as well as other churches which do not appear to be making progress with the view of offering encouragement and such assistance as may be practicable. This, of course, would involve additional sacrifice of time and expense and it would seem reasonable that the Association should provide for the necessary expense if it wishes this work done.

During the year two members of the Executive Committee, Bro. E. F. Aydlett and Sister S. M. Combs have been transferred from their activities in this world to the place prepared for them, and their places here are vacant. The worker falls but the work must go on. May the Lord of the harvest thrust forward other workers to take their places.

Respectfully submitted,

J. G. GREGORY, Chairman.

REPORT ON HOSPITAL.

In every respect the past year has been the best in the history of our North Carolina Baptist Hospital. The report for the year 1929 shows 2,725 patients, 591 of whom were full charity and 1009 part pay. Hundreds of these

would have died had the Baptist Hospital failed to provide Hospital care for them. Among these were many of our ministers or members of their families, missionaries, students from our schools and scores of children, many of whom were deformed and crippled with disease. Only a very small percentage failed to return to their homes well and happy.

Last year $45,500.00 of this amount was contributed by the Baptists of our State. $8,750.00 came from the Duke Foundation Over $19,000.00 of the total amount spent for charity was taken from the operating account. Because of this the Hospital is having to suffer for needed equipment and repairs.

This year, up to June the first, 46 per cent of patient days were absolutely charity. The amount necessary to care for the increasing demand for this year will be at least $60,000.00. Thus you see that the caring for our sick is becoming more and more a problem.

How are we going to care for them and at the same time renew and enlarge the Hospital equipment to meet the demands of this growing institution, the progress of medical science and the ravages of age? There is but one solution of this problem. We must put the Hospital and its work heavily on the hearts of our people. It must have larger financial support for charity work. The officials of the Hospital are very lenient in their calls upon us for money, coming to us only once each year with a definite appeal.

Your committee would therefore recommend that since Mother's Day has been set apart as the annual season for this appeal, we shall continue to associate the two together.

We would further recommend that we bend every effort to increase the sum of $15,500.00 given to this purpose last year to the modest sum of $25,000.00, which is the amount asked of us for the year 1931.

Respectfully submitted,

W. H. HOLLOWELL.

REPORT ON B. Y. P. U.

In our own Association we have about forty-eight Baptist Young People's Unions with an approximate membership of 1100. We have eight general organizations. 279 Study Course Awards were granted in our Association last year. These are small numbers compared with the number of Young People we have that need this training

We now have a fully graded B. Y. P. U. taking care of the young people from nine years of age on up. The B. Y P. U. is the training department of the Baptist Church for its young people. The B. Y. P. U. has stood the tests all these years and pressed forward as it has because it had as its objects (1) Spiritual deveplopment; (2) Training inessential church activities; (3) Increase in Scripture knowledge; (4) Doctrinal instruction; (5) to help the young Christian find himself; (6) Cultivation of the Missionary spirit; (7) Training in church fellowship; (8) Social and recreational training.

According to the "Annual" of the Baptist State Convention for last year, there are 2,293 Baptist Young People's Unions in the state of North Carolina with a membership of 52,789. 16,084 Study Course Awards were given last year. 531 of these organizations were Standard.

There are approximately 24,000 Baptist Young People's Unions in the South with an enrollment of over 500,000 members.

Out of the sixty-four churches in the Chowan Association only eighteen of these reported last year of having B. Y P. U.'s—two other churches have organized a B. Y P. U., making twenty out of the sixty-four churches having B. Y. P. U.'s It is time for the pastors and Baptist Leaders in our Association to awake out of their slumber and provide a Training Department for their church members and leaders of to-morrow.

We are proud to say, there has gone out from these B. Y. P. U.'s of the

Chowan Association workers for the Master in various fields of service while others are preparing themselves now for greater service in His vineyard. May we not forget the words of the Apostle Paul in Second Timothy 2:15 "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the Word of Truth."

MINUTES OF THE WOMAN'S MISSIONARY UNION OF CHOWAN ASSOCIATION.

The twenty-sixth annual session of the Woman's Missionary Union of Chowan Association was held on June 19, 1930, at Hobbsville Baptist Church. Mrs. I. A. Ward, the Superintendent of the W. M. U work, presided.

Rev. G. H. Payne, the pastor of the First Baptist Church in Elizabeth City, led the devotional for the morning session. He discussed the two-fold task of christian workers—winning the lost and building the Kingdom of God.

Mrs. T. W. Blanchard, the president of the W.M.S., welcomed all delegates and visitors . To this Mrs. J. E. White, of Hertford, responded.

Following this the reports were given. The Superintendent's by Mrs. I. A. Ward, the Stewardship by Mrs. S. E. Leigh. The Young People's report of Mrs D. J. Pritchard, the Mission Study of Mrs. P. F. Walston, and the Personal Service of Miss Essie Ferebee were read by the Secretary in their absence. The Secretary's report by Miss Maud Brock, and the County Leader's as follows: Chowan by Mrs. A. D. Ward, Gates by Mrs. E. A. Kelly, Pasquotank by Mrs. James M. Weeks, Perquimans by Mrs. J. E White, Tyrrell and Washington by Mrs. S. M. Combs.

Mrs. J. H Cartwright sang "The Way Divine" in the morning session, and "Have Thine Own Way" during the Memorial Service in the afternoon session.

The main feature of the program was an address by Mrs. Edna R. Harris, the State W. M. U. Corresponding Secretary of Raleigh, who spoke on "The Joy of Lifting Young People In the Work of the Master." She showed how lifting and enlisting the young people was a great task in that it is world-wide in its scope and vision.

Dr. J. S. Johnson, the pastor of Shiloh Baptist Church, led the devotional for the afternoon session. He stressed being steadfast, unmovable, always abounding in the work of the Lord.

Following this Hobbsville W M.U. presented a pageant "An Open Window To The World." This demonstrated how a girl sought happiness in society until the Junior Organizations of the W.M.U. proved that happiness could be gotten from their ideals.

Mrs. J. F Colston, of South Mills, gave an address on "Enlistment," in this she told how to enlist by prayer and work.

After this Mrs. J. S. Johnson, of Shiloh, gave an interesting address on

"The Stewardship of a Leader" in which she proved that if one is a good steward she can be a good leader.

The annual camp is to be held at Virginia Beach from August 11-16. The total cost for the week is $7.25

The regular time for the annual meeting is Thursday after the first Sunday in April.

It was also voted to continue our Training School Fund for the benefit of the girls in the Association who will dedicate themselves for definite christian service at home or abroad.

CONSTITUTION AND RULES OF ORDER

(Adopted at the Session of 1929)

THE CONSTITUTION

ARTICLE 1

This body shall be known as the Chowan Baptist Association of North Carolina.

ARTICLE 2

This body shall be composed of white messengers, elected annually by the churches connected with it, and all ordained ministers, who are members of, or are laboring in connection with the churches. Each church shall be entitled to three messengers, and in addition thereto one messenger for each one hundred members in excess of one hundred. All members of standing committees and other officers of the Association shall be ex-officio members of the Association.

ARTICLE 3

The Association shall have no control over the churches other than the right to inquire into their condition, advise them in matters of difficulty to withdraw its fellowship from such as may be corrupt in doctrine or practice, after due measures are taken to reclaim such a church, or churches, and they remain incorrigible. The object shall be to promote among them fraternal union and sympathy and mutual co-operation for the dissemination of the gospel within its bounds and the world.

ARTICLE 4

The Association shall have the following officers: A Moderator, Vice-Moderator, Secretary-Treasurer and Assistant Secretary, who shall be elected annually, and whose duties shall be those usually required of such officers.

ARTICLE 5

Any regular Baptist church may be admitted to membership in the Association upon application, and with the proper credentials, and a majority vote of the messengers present and the membership of any church in the Association may be terminated who shall fail to send messengers or a letter for two successive sessions of the Association, or upon application for dismission.

ARTICLE 6

It shall be the duty of the churches to correspond annually with the

Association by letter and messenger and give not only full statistical information, but also facts concerning their general welfare; and to send contributions to pay the expenses of the Association. The Clerk shall furnish the churches with two printed forms for their annual report, these to be mailed at least two weeks before the annual sessian of the Association, and the churches are requested to have the letters in the hands of the clerk not less than one week before the meeting of the association.

ARTICLE 7

The Association shall furnish the churches with a number of printed minutes within a reasonable time after each session, in proportion to the money contributed by each church to defray the expenses of the Association. The Associational year shall run from August 1st to July 31st.

ARTICLE 8

The Association shall elect annually an Executive Committee of seven members, the officers of the Association being members ex-officio, whose duty it shall be to transact whatever business may require attention between sessions of the Association and to confer with the churches of the Association which may be in need of assistance. The committee shall assist any churches which may need to be formed into compact fields or may desire assistance in securing pastors; to inquire into the cause and correct, as far as possible, the failure of a church, or churches, to be represented and to act for the Association, ad interim, whenever it may be necessary and proper to do so. The Executive Committee shall use whatever means there may be at their disposal to promote the kingdom enterprises within the Association, and shall have authority to change the time and place for the meeting of the Association whenever it may seem wise and desirable to do so, giving public notice of such change at the earliest opportunity. The Committee shall hold at least two meetings a year and render a written report to the annual sessions of this body.

ARTICLE 9

This Constitution may be amended or altered by a two-thirds vote of all messengers in attendance on any annual meeting of the Association, provided notice shall have been given in the minutes of the preceding meeting, by printing the proposed amendment.

RULES OF ORDER

1. No speaker shall address the Association more than twice on the same subject without permission of the Association.

2. No member shall be permitted to finally leave the business of the Association before the close of the annual session without being executed by the Moderator.

3. At each session of the Association a committee on each of the following subjects shall be appointed, viz:

1. State Missions. 2. Home Missions. 3. Foreign Missions. 4. Sunday Schools. 5. Christian Education. 6. The Relief and Annuity Board. 7. Orphanage Work. 8. Temperance. 9. Baptist Young Peoples Union. 10. Woman's Missionary Union. 11. Religious Literature. 12. Baptist Brotherhood. 13. Hospitals.

Each committee shall consist of one member who shall read the report and open the discussion. The report shall deal with the particular phase of our work as it stands related to the Baptist State Convention of North Carolina and the Southern Baptist Convention, and shall indicate the interest in the support of that work by the churches of this body and shall not contain more than three hundred words.

4. A Program Committee consisting of three members shall be appointed at each session, whose duty it shall be to prepare the program for the meeting of the Association so that the clerk may send them to the churches thirty days before the Association convenes.

5. A summary of the proceedings of the Woman's Missionary Union, Sunday School and B. Y. P. U. Conventions of the Chowan Association shall be published each year in the minutes, the same to be sent to the clerk not later than ten days before the Association meets.

REPORTS

REPORT OF THE EXECUTIVE COMMITTEE OF THE CHOWAN ASSOCIATION

The Executive Committee has held two meetings this year. A number of things vital to the work of the Association were discussed and some effort made to accomplish some definite work. We have endeavored to be of service to the churches of the Association, when the opportunity presented itself, but we are sorry to say that very few opportunities have come either from the brethren or the churches.

We have written several letters in the interest of the work and have advised with some of our pastorless churches. We have sent several names of prospective pastors to the pulpit committees. We could only wish that the Executive Committee was permitted to advise more freely with the churches and especially those churches desiring help from the General Board. It is well to remember that your appropriation is made, as a rule, upon the advice and recommendation of the Executive Committee to the General Board. This being true, churches would do well to keep in touch with the committee. However, last year the General Board did not follow the recommendations of the Executive Committees of the various Associations, because there was not enough money to pay the amounts recommended.

The General Board in joint meeting with the Debt Commission, accepted a recommendation of the Debt Commission to raise a large fund, known as the Livingston Johnson Memorial Fund to be applied to the debts of our Convention. The Commission suggested that our people be asked to give one dollar per member of each church, exclusive of those who are connected with the W. M. U.

A special committee was appointed by the General Board to work out an apportionment goal for $150,000.00 to be raised between now and March 1st, 1932.

Then, the Executive Committee of each Association was asked to apportion among the churches the amount that was apportioned to the Association. The amount for this Association was five thousand dollars. Your committee met and made out this apportionment for the churches, taking in consideration the numerical strength of the church as well as their ability.

Let your committee remind you that this is not an assessment but merely a suggested amount which you are petitioned to do your best to raise.

This amount is to be raised by counting whatever may be collected on back Centennial pledges, by counting what is given by the B. Y. P. U.'s and by securing one or more dollars from every member of

our churches. Let us remind you that whatever the W. M. U. gives cannot be counted on this. The apportionments are as follows:

Ballard's Bridge	$300.00	Mount Sinai	50.00
Belhaven	100.00	Moyock	50.00
Beulah	100.00	North Lake	25.00

In accordance with the program adopted by our last Southern Baptist Convention to endeavor to put on an Every Member Canvass in every Baptist church throughout the borders of our Convention territory on Nov. 29th to Dec. 6th in a united effort to secure a pledge from every member for both the objects of the Convention and our local work, your committee recommends that our Association pledge itself to cooperate in this movement and that every church as nearly as possible endeavor to put on an Every Member Canvass at the above date.

Your committee recommends that the churches of the Association grouped together in fields, stand together with one another, in order to call and support a pastor. And that the Association go on record, as requesting churches not to call a pastor of a neighboring field to preach for them on Sunday afternoon, but that we earnestly beseech our churches to remain in a field and cooperate with the other churches in securing and keeping a pastor. Also that we request our pastors to labor to this end.

Your committee recommends that the minutes be revised to contain only essential matter of value to the pastors in the Association and the churches of this body. That all the reports made concerning the objects of the Convention be pruned to comply with the constitutional requirements of 30 words. And that the pruning of reports and deletions of minutes of other meetings be within the jurisdiction of the Executive Committee. That the committee approve the copy of the minutes before they are finally given to the printer for printing and binding.

Your committee would like to make the following recommendations as changes in wording of constitution and additions to Rules of Order:

1. That the last clause of Article 7 of the Constitution now reading, "The Associational year shall run from August to August," be changed to read, "The Associational year shall run from August 1st to July 31st."

2. That we insert the following rules of order. That which would be number 7. That the moderator and clerk elected at the annual sessions of the Association, shall not take office until the close of that annual session of the Association.

8. That the Associational Clerk is hereby authorized to send a sug,gested amount to each church to be given by the church for the expenses of the Association and the printing of the minutes. This amount to be arrived at from the cost of the previous year. This suggestion to be sent at the time of mailing the associational letters.

9. That the names of our dead be read before the Association and a prayer be offered for the comfort of the bereaved and that the names be printed in the minutes.

10. That the superintendent of our Sunday School work; the president of our B. Y. P. U. work and the superintendent of our Woman's Work be ex-officio members of the Executive Committee and may be appointed as members of the Executive Committee.

11. That the Association shall annually elect an auditor, who shall audit the books of the treasurer and report to the Association.

12. That the clerk shall receive an annual salary of $50.00 for his services. His duties shall be, to send out to the churches the Associational letter forms, as required by the Constitution. Make an annual digest of all church letters. Call all meetings of the Executive Committee, when requested by the chairman. Record the proceedings of the sessions of the Association, and faithfully edit the minutes; also to mail copies of the minute to the churches, and to other agencies desiring them and to have printed the programs of the Associations, at the request of the program committee, and mail

a copy of the program to every one on the program and to each pastor in the Association.

13. If any member of the Association shall leave the bounds of the Association at any time during the year, his official connection with this body is hereby severed.

That Rules of Order now numbered 7 and 8 be numbered 14 and 15.

Respectfully submitted

J. L. CONICK, Chairman C. R. HOLMES, J. SAMUEL JOHNSON, R. G. KINDRICK, MRS. E. A. KELLY, MRS. A. D. WARD, O. N. MARSHALL.

REPORT ON STATE MISSIONS

One of the primary objects in the minds of our fathers in the organization of our Baptist State Convention was the employment of missionaries within the bounds of our state. Because of the aggressive work done by this agency we have experienced a marvelous growth in our denominational work. Its first great task has always been to extend the kingdom of our Lord in North Carolina through the evangelization of the unsaved. Our growth both in numbers and in power stand today as a living testimony to the wisdom of this policy. State Missions has ilved because it has helped. It can continue to live only as it helps. As true as this is our Board cannot continue to live if it helps beyond that which it receives. Therefore our Board is forced not only to turn a deaf ear to many clamorous appeals for needed help, but to retrench in its present field of operation. We must labor to carry on, for to falter in our task at this point will certainly result in disaster to everything in our denominational program.

Changing conditions have brought us pointedly face to face with some vexing problems that are destined to hinder our progress unless under the leadership of the Holy Spirit we shall be able to solve them. The coming of good roads, the automobile, the consolidation and growth of our rural grammar and high schools and the present economic conditions into which we have come are going to be the very acid test in the life or death struggle of many of our smaller rural churches. The necessity no longer exists for a Baptist church every three or four miles. Many of them are doomed to die. Others must consolidate in order to live.

Your committee would therefore recommend that we wisely but persistently encourage consolidation in every instance where the kingdom of our Lord can be better served by so doing.

W. H. HOLLOWELL.

REPORT ON HOME MISSIONS

and prayerfully, can leave no doubt in the minds of His disciples that He gave it to the Church He built (Matt. 16:18 and 18:17), that is, to a Baptist church, and that this church and others like it, that is, Baptist churches, should until the end of the age. Evangelize, Baptize and Indoctrinate. And this is, as we see it, the whole mission of New Testament or Baptist churches everywhere and for all time. We are not surprised to see on page 279 of the Annual of the S. B. Convention, 1931, that the Home Mission Board sounds this helpful note.

"The Board has found it necessary to re-define Mission work. It is interpreting 'Missions' to mean primarily the 'making and baptizing of disciples,' The Board believes that God-called men speaking out of a heart of love to lost men about Christ and urging them to accept Him as their Saviour is primarily, fundamentally and essentially Mission work. Believing this, the Board is giving pre-eminence in its mission program to the work of preaching the gospel."

"The Board regrets to report that because of decreasing receipts the salary and expenses for a Commissioner of Evangelism could not be provided. The Board is committed to Evangelism and earnestly longs for the day to come when this department of work can be re-established, but under the present financial conditions it is impossible to undertake any new work.

W. J. BERRYMAN, Committee.

REPORT ON FOREIGN MISSIONS

In Mark 16:15 Jesus told the disciples to "Go ye into all the world and preach the gospel to the whole creation." and in Acts 1:8 he showed them how to do it, "And ye shall be my witnesses both in Jerusalem and in all Judea, and in Samaria, and to the uttermost part of the earth." The above scriptures, in conjunction with others, give us our authority for Foreign Missions. Paul taught by example that it was right and honorable to explore new territories for Jesus. Jesus said in John 3:16 "For God so loved the world that He gave His only begotten son that whosoever believeth in him should not perish but have everlasting life." How are the people on the foreign Field to believe if they do not hear? And how are they to hear unless someone carries the message to them? Someone must go. There are many consecrated young people begging to go but they can't go unless somebody furnishes the money to support them. It is the duty of those of us who can't go to support those who have heard the call to go. Our offerings to Foreigh Missions are falling off until it looks as if some of those who are already on the firing line will have to be withdrawn.

Your committee would recommend and urge that we preach, pray and pay so that none of the missionaries now on the fields be withdrawn and that others may be sent to supplement those who are already there at the earliest moment possible.

Respectfully submitted,

J. F. COLSTON, Committee.

REPORT ON HOSPITALS

It is the business of the churches to render service in the name of Jesus to the community. The Master went about doing good. He sent His disciples to preach, teach and heal the sick. To follow Him, the churches must render a real helpful healing ministry. Surely no one can offer a complete service to humanity in the name of Jesus who disregards human sickness, suffering and sorrow.

In an effort of Baptist to offer a well-rounded ministry to the people both at home and abroad, many hospitals have been established. Space forbids even the mention of their names and places of location.

The Southern Baptist Sanatorium at El Paso, Texas, failed to run without deficit, has been leased to private interest and is now being run by an El Paso doctor who has been running it successfully since.

The Southern Baptist Hospital at New Orleans, Louisiana, is doing a creditable business, doing practically the same volume of work it did the previous year, making a substantial operating profit.

We come now to note some facts concerning our own North Carolina Baptist Hospital located in the city of Winston-Salem under the superb management of Supt. G. T. Lumpkin.

It is well located in a thriving city, near the central part of the State, finely equipped, fireproof construction and prepared to take care of one hundred patients per day.

It was built by our Baptist people for the saving of human life and the relief of the suffering and deformed and for over eight years it has fulfilled its mission, never turning away a single applicant when the application was properly endorsed by the church and the attending physician. Up to this time about sixteen thousand patients have been admitted since the opening of this institution. Patients have come from every quarter of the State and from other States. Our missionaries, college students, ministers, and their families, widows and orphans have attended and received treatment and blessings we had to offer.

Respectfully submitted,

J. T. BYRUM,
Committee.

REPORT ON THE ORPHANAGE

The word, "orphan", possesses an awful significance. It tells of death, of war and pestilence and famine, of desolate homes and broken hearts and crushing sorrow. In this one word, all the ills of life seem gathered up. The trouble is notsimply one of affec-

tion. The bread-winner and the home-maker are lost. Before the powers of self-help are developed, the child is deprived of both the father who earns for him and the mother who tends him. The prop and strength of the household are cut down. The protectors of the helpless are removed. The guides and counsellors of the young are no more. We sometimes wonder how a loving mother, who was wont to lavish her heart's deepest and tenderest love upon her children, can find joy and be happy in heaven whither she has been suddenly translated, leaving her heart-broken children behind. While here in the world, she could not be happy without them. How, then, can she be happy there, and they yet here? The only answer is she is with God, who is the Fountain of love, and so will himself gently care for those who are weeping over her grave, and missing and mourning her every hour.

There is no fact more interesting than the wonderful way in which orphan children are cared for. "A Father of the fatherless—is God." Moved by a piteous heart of compassion, he takes the bereft child under his special care. "He relieveth the fatherless." Unseen loving hands will be tending the orphan for his peace and blessedness. Across the path of orphans a dark shadow may long live; yet they are not forgotten by their heavenly Father. He raises up one friend here and another there; and, if a comparison could be made, it would probably be found that such children have been as well cared fo ras others; life has been as bright for them as for those whose earlier years were clouded over by no such bereavement.

A clear call to the churches is as yet only partially heard and heeded—is to give first place in their energies to this eleventh duty of Christianity. It is but meet that the compassion of his followers should be strongest when God's compassion is strongest. Their sympathy should be particularly large and active when the trouble is great, and the sufferers have not brought it upon themselves by their own folly or fault. True religion consists in clean living and the exercise of an active benevolence in a world of suffering. One great purpose of the church's existence is that it may become a ministry of spiritual and material help to orphans.

In the Mills and Kennedy Homes we have the answer of North Carolina Baptists to God's call to them to care for the fatherless. Here we have 635 children and, in addition to these, we have 265 children with their mothers cared for by Mothers' Aid, making in all cared for 900 children. Since November 11, 1885, in the building of organized orphanage work among North Carolina Baptists—we have cared for 3,682 children in the Homes and by Mothers' Aid.

The Orphanage's greatest need at present is a more loyal support. Due, doubtless, to the prevailing depression, receipts have so fallen off that the debt on the institution is growing at an alarming rate. A large increase in gifts or a curtailment in the work seems to be the only alternatives now facing us. But of this last we ought not even to think. Cases of distress, hitherto unheard of, now besiege the management. We are assured that a once-a-month contribution by all the Sunday Schools and a great Thanksgiving offering by all the churches will not only relieve present conditions, but enable our manager to heed at least some of these distress calls. We cannot too strongly urge the Sunday Schools and churches of this Association to give earnest consideration to these suggested ways of supporting our Orphanage.

CHRISTIAN EDUCATION

Christian Education is a subject which demands the interest of every follower of Christ, though there may be a great difference of opinion as to what should be the content of our program and the educational policy of our denomination. Christ placed teaching along with evangelism in the great commission to His disciples, and teaching and training are emphasized by the Apostle Paul as things not to be neglected among those whom he had led to Christ and organized into churches. No thinking Christian can deny the obligation placed upon him and his fellow Christians to teach "others also." Christian education should rightly include all teaching and training which the churches of Christ attempt in preparing their constituency for more effective service in the Lord's Kingdom. This would include Sunday Schools, B. Y. P. U., and Daily Vacation Bible School work as well as work done in our denominational High Schools, Colleges and Seminaries.

Our State Convention has gone out of the High School business almost entirely. There are four Junior Colleges in North Carolina offering high school work, but there were in these four institutions only 468 high school pupils in 1929-30. Of the four Baptist Junior Colleges in the State, only two (Mars Hill College and Campbell College) are owned and controlled by the Baptist State Convention. Wingate Junior College was released by the Convention in 1930, and Boiling Springs Junior College is owned by the King's Mountain, Sandy Run, and Gaston County Associations. There were 883 college students in these Junior Colleges in 1929-30; in 1930-31 there were

1271 college and high school students, or 80 less than the previous year.

Our State Convention owns and controls three Senior Colleges (Wake Forest, Meredith and Chowan). The enrollment in these for 1930-31 was 1262, a gain of 42 over the previous year. It might be noted that Wake Forest was the only one of the three which made a gain, while both Chowan and Meredith had fewer students last year than the year before.

REPORT ON RELIGIOUS LITERATURE

Why do we need Christian Literature? The answer is clear. This is an age when people are reading as, perhaps, they have never read before. Many papers and magazines are coming into our homes and being read that are poisoning the minds of our youth. If this poisonous literature is to be discarded, how can it be done? We can't say it shall not be read, but we can substitute something better for it. Do we have anything better to offer? Yes—We have our Bible School, Baptist Young People's Union, Woman's and Laymen's Work literature. We also have The Charity and Children, in our State, which gives information about our Orphanage. We are told that "Information breeds inspiration and inspiration breeds consecration." The Biblical Recorder, our State paper, gives information about all our work.

Your Committee would commend The Biblical Recorder to all our people and would urge the placing of this good paper in every Baptist home. Through the years it has been a most potent and wholesome influence, enlisting our people in support of our denominational work,, unifying our people in their doctrinal beliefs and religious activities and informing our constituency concerning the progress of the Redeemer's Kingdom. The paper, through the years, has been true to our State, advocating all that has been for the good of our people at large. It has wielded in our churches an influence far beyond our power to appraise. Week by week it has carried wholesome matter into the homes of our people. It was never better than it is today.

Respectfully submitted,
J. F. COLSTON,
Committee.

REPORT ON TEMPERANCE

Thousands of years ago on the sixth morning of God's great

creation came forth a mighty and beautiful handiwork, created in the image of God Himself, having within his bosom the power of personality and endowed with the power of choice—a living soul came from the omnipotent hand of God. Man was given the privilege to rule the world. He held within his grips a portion of the destiny of the human race.

Since that time man has denied himself of the wonderful privileges of God. He was driven from the Garden of Paradise because he was not satisfied with his earthly home of glory. We are denying ourselves the privileges of our endowed rights today in many ways, one of which is the use of strong drink. As the generation of today lives so will the generation of tomorrow live. Thousands of homes are being wrecked and millions of lives are being burned into a mere shell today because of the use of strong drink. It was God's purpose for the body to be pure and undefiled, yea, a temple for the living soul, and it is the duty of man to keep it pure.

Through the devout efforts of our fathers this giant of strong drink was forced to surrender. He will forever be considered a conquered foe of Satan so long as we as Christian soldiers remain true to the faith of our fathers and to the Creator. The challenge comes to us to cast our votes for men whom the spoils of office cannot buy and whom the lust of office cannot fill. Even though the church cannot be interested in party politics, we as Christian soldiers must always be on duty and put to rout the giant of shame and the enemy to the oncoming generation.

Thousands of dollars are being wasted on this degrading enemy and if there has ever been a time that we need to promote high ideals and noble standards it is now. Prohibition is not a failure, but a glorious success, and if we remain loyal soldiers to Jesus and loving friends to the youth of tomorrow, we shall some day sing the victor's song—Victory! Victory! Conquers for Jesus!

Respectfully submitted,

REV. O. JACK MURPHY.

RELIEF AND ANNUITY BOARD

This Board is located in Dallas, Texas. Dr. T. J. Watts is the Executive Secretary.

It is the agency through which Southern Baptists seek to discharge their responsibility to their old and disabled ministers, widows of ministers, and their dependent children.

As the name suggests this is done through the Annuity Fund and through the Relief Fund.

To become a beneficiary of the Annuity Fund one must pay a small

premium each year until he reaches the age of sixty-eight. At that time, or if he becomes permanently disabled before that age, he receives $500 per annum as long as he lives. At his death his widow receives $300 per annum until she dies or remarries. At her death or remarriage, the children receive the $300 per annum until the youngest child becomes twenty-one years old.

The number of annuitant members on the roll April 30, 1931, was 1525. The number entitled to annuities during the past year was 174—122 ministers, 67 widows and 5 dependent children. To these was paid $69,266.55.

Those needing financial aid who have not taken membership in the Annuity Fund are cared for through the Relief Fund. The number aided last year through this Fund was 1,493—691 ministers, 603 widows and 150 dependent children.

To these was paid the pitifully small sum of $129,026.45—less than $100 per beneficiary for a whole year.

In view of these facts, your Committee would urge all ministers under sixty years of age to take membership, if possible, in the new plan of this Board, known as the "Service Annuity Plan," thereby providing for the time of old age or of disability.

We would urge the churches to largely increase their offerings to the Relief Fund so that its beneficiaries may have at least the necessities of life.

Respectfully submitted,

R. G. KENDRICK.

REPORT ON B. Y. P. U.

Our Baptist laymen and ministers awakened out of their slumber in the latter part of the nineteenth century and organized a training service for their young people. We should thank God for those noble laymen and ministers.

It was not until 1927 that the Chowan Association was organized into B. Y. P. U work. At present there are thirty-seven Unions in the entire Association—one Adult Union, sixteen Senior Unions, eight Intermediate Unions, twelve Junior Unions, and six of our churches have the General Organization. The Association is divided into seven districts with a leader in charge of the work of the young people in that immediate section.

At the Annual Session of the B. Y. P. U. Association, the president reported around four hundred miles traveled and about two hundred and seventy-five letters mailed in the interest of the B. Y. P. U. work of the Association. The above figures do not include the miles

traveled and letters mailed by the other officers of the Association. There were a number of meetings held during the past B. Y. P. U. year in various parts of the Association to stimulate and advance the work of this Organization in the Association.

Out of the sixty-four churches in the entire Association, there are only about twenty of these that have any B. Y. P. U. work at all, therefore, your Committee wishes to offer the following recommendations:

1. That the pastors of the Association give the B. Y. P. U. workers their full cooperation and help them to promote this phase of our work in the Association.

2. That those churches who have never had, or those who have not had a B. Y. P. U. for some time, organize and begin training their church members and leaders of tomorrow in the real fundamentals of church activities.

3. That those churches in which the B. Y. P. U. work has just ceased reorganize and start anew and afresh.

4. Study to show yourselves approved workmen of God, so that you may be a workman of authority, rightly dividing the Word of Truth.

Respectfully submitted,

L. HERMON SAWYER.

REPORT OF WOMAN'S MISSIONARY UNION

When we think of the distressing condition of our country and of its effect on mission work, it is interesting to note that the work of Chowan Woman's Missionary Union is going steadily forward, and that our women are realizing, more and more, the great joy to be found in service.

More interest is being manifested in Mission Study, the women realizing that they must have missionary information if they are to be efficient in the Master's work.

Of great importance in arousing interest in our work are our County meetings, where we discuss the work and plan for the carrying on in a more efficient way the great missionary commands of our Lord.

As yet it seems as if we are not taking our Organized Personal Service work seriously, however, our quarterly reports show that the societies are becoming more efficient along this line. May we resolve to help actively in the evangelistic work of our churches and endeavor individually to win souls to Christ.

Our gifts for the year totaled $9,289.49. We failed to reach our ap-

portionment of $10,500.00. May we urge more liberal giving as a means of spiritual growth.

It is encouraging, indeed, to note the growth and work of the Junior Organizations. It is with a feeling of thanksgiving and pride that last year we won the state Young People's Banner for having the largest per cent. of organizations Standard and organizing the most new societies. The hope of the future lies in the youth of today, and if we would have the great missionary enterprise carried on with vigor and enthusiasm, the spirit and objects of missions must be instilled in the hearts and minds of our girls and boys.

A most successful Encampment was held at Chowan College July 27th to August 1st, with an attendance of 126, 64 registered, 62 visitors and day students.

The regular time for the Annual Meeting is Thursday after the first Sunday in April, at Warwick Baptist Church.

Let us go forward with increased earnestness and greater faith and trust, consecrating our lives anew to His service, as we strive to obey His command, "That the world may know."

Respectfully submitted,

MRS. J. L. CARRICK,

Superintendent.

EXPLANATORY NOTE

Delay in getting out Minutes of the 1931 meeting has been due to inability of Clerk and Executive Committee to get together until late in the year. Also, the desire of the Clerk to get out as complete and accurate a Minute as possible, and to get the work done as cheaply as possible. The delay has resulted in a substantial saving to the Association in that original bids were far in advance of the bid at which the work was awarded to Economy Printing Company.

NOTICE

Attention to those on the program for the session in 1932 is especially called to the provisions of the "Rules of Order" respecting the LENGTH of "REPORTS" for the Minutes; and notice is given that these rules will be strictly adhered to by the Clerk and Executive Committee in approving reports for the Minutes hereafter. You are kindly, urgently and earnestly requested to submit your reports in type-written form.

CHURCH LETTERS

Church letters will go out from the office of the Associational Clerk before July 15th, 1932, and the Church Clerks are urged to complete and return to the Associational Clerk the Church Letters as early as possible in August, so that reports for the Minutes will be complete when the Association convenes in September. It is our desire to have the Minutes in the hands of the printer before October 1st, 1932. If these requests are complied with the Minutes can be approved by the Executive Committee before the Association adjourns and the work of the Clerk greatly expedited.

CONSTITUTION AND RULES OF ORDER

(Adopted at the Session of 1929)

THE CONSTITUTION

ARTICLE 1

This body shall be known as the Chowan Baptist Association of North Carolina.

ARTICLE 2

This body shall be composed of white messengers, elected annually by the churches connected with it, and all ordained ministers, who are members of, or are laboring in connection with the churches. Each church shall be entitled to three messengers, and in addition thereto one messenger for each one hundred members in excess of one hundred. All members of standing committees and other officers of the Association shall be ex-officio members of the Association.

ARTICLE 3

The Association shall have no control over the churches other than the right to inquire into their condition, advise them in matters of difficulty to withdraw its fellowship from such as may be corrupt in doctrine or practice, after due measures are taken to reclaim such a church, or churches, and they remain incorrigible. The object shall be to promote among them fraternal union and sympathy and mutual co-operation for the dissemination of the gospel within its bounds and the world.

ARTICLE 4

The Association shall have the following officers: A Moderator, Vice-Moderator, Secretary-Treasurer and Assistant Secretary, who shall be elected annually, and whose duties shall be those usually required of such officers.

ARTICLE 5

Any regular Baptist church may be admitted to membership in the Association upon application, and with the proper credentials, and a majority vote of the messengers present and the membership of any church in the Association may be terminated who shall fail to send messengers or a letter for two successive sessions of the Association, or upon application for dismission.

ARTICLE 6

It shall be the duty of the churches to correspond annually with the Association by letter and messenger and give not only full statistical information, but also facts concerning their general welfare; and to send contributions to pay the expenses of the Association. The Clerk shall furnish the churches with two printed forms for their annual report, these to be mailed at least two weeks before the annual session of the Association, and the churches are requested to have the letters in the hands of the clerk not less than one week before the meeting of the association.

ARTICLE 7

The Association shall furnish the churches with a number of printed minutes within a reasonable time after each session, in proportion to the

money contributed by each church to defray the expenses of the Association. The Associational year shall run from August 1st to July 31st.

ARTICLE 8

The Association shall elect annually an Executive Committee of seven members, the officers of the Association being members ex-officio, whose duty it shall be to transact whatever business may require attention between sessions of the Association and to confer with the churches of the Association which may be in need of assistance. The committee shall assist any churches which may need to be formed into compact fields or may desire assistance in securing pastors; to inquire into the cause and correct, as far as possible, the failure of a church, or churches, to be represented and to act for the Association, ad interim, whenever it may be necessary and proper to do so. The Executive Committee shall use whatever means there may be at their disposal to promote the kingdom enterprises within the Association, and shall have authority to change the time and place for the meeting of the Association whenever it may seem wise and desirable to do so, giving public notice of such change at the earliest opportunity. The Committee shall hold at least two meetings a year and render a written report to the annual sessions of this body.

ARTICLE 9

This Constitution may be amended or altered by a two-thirds vote of all messengers in attendance on any annual meeting of the Association, provided notice shall have been given in the minutes of the preceding meeting by printing the proposed amendment.

RULES OF ORDER

1. No speaker shall address the Association more than twice on the same subject without permission of the Association.

EXECUTIVE COMMITTEE'S REPORT

The Executive Committee has held several meetings during the year and has tried to lend a helping hand to all the causes of the denomination.

The chairman has had a number of conferences with various brethren about many problems which we trust has resulted in some good.

We have endeavored to be of service to the pastorless church and are glad to report that a large majority of our churches have pastors.

In accordance with the program of the Southern Baptist Convention to put on an Every Member Canvass in every Baptist church throughout the borders of our Convention territory on November 27th to December 4th in a united effort to secure a pledge from every member for both the objects of the Convention and our local work, your committee recommends that our Association pledge itself to cooperate in this movement and that every church, as nearly as possible, endeavor to put on an Every Member Canvass at the above date.

The problem of supporting Chowan College has come before your committee several times during the year for consideration and we desire to bring the following recommendation. That we would ask, this Association to recommend to the churches, that each church, desiring to do so, set aside 25 per cent of the receipts of the Cooperative Program, as our share to Christian Education, and that this amount be sent directly to Chowan College. That any church not desiring to do this, be requested to open its doors to the representatives of Chowan College, and that the church cooperate and assist these representatives in securing contribution from their people for Chowan College. Also that they permit the college to set up

some form of financial service in their church, and that whatever may be contributed, be sent directly to Chowan College.

The Executive Committee would like to call the attention of the Association to the great need of an Associational Missionary for our Association. This missionary would be at the service of every organization in the Association. He would supply pastorless churches, until they could get a pastor. He would aid in promoting the Every Member Canvass in any church desiring his services, and would promote our Sunday school and B.Y.P.U. work. The need of such a man is paramount. The only question is how to pay such a man, and to that end we invite your earnest thought.

There are some five or six church buildings and grounds in our Association which is no longer used for the purpose of worship. The problem with your committee has been how to handle this delicate problem. Therefore, we bring the following request to this body. That the Chowan Association, go on record, as recommending to the members who still hold their names on the roll of these churches, that through your Executive Committee that they deed this property to the North Carolina Baptist State Convention, and that same act as a holding corporation until such time as may be advisable and necessary to sell such property, and the proceeds go to the Convention to be used in Missionary work.

Respectfully submitted,

J. L. CARRICK

CONSTITUTION AND RULES OF ORDER

(Adopted at the Session of 1929)

The Constitution

Article 1.—This body shall be known as the Chowan Baptist Association of North Carolina.

Article 2.—This body shall be composed of white messengers, elected annually by the churches connected with it, and all ordained ministers, who are members of, or are laboring in connection with the churches. Each church shall be entitled to three messengers, and in addition thereto one messenger for each one hundred members in excess of one hundred. All members of standing committees and other officers of the Association shall be ex-officio members of the Association.

Article 3.—The Association shall have no control over the churches other than the right to inquire into their condition, advise them in matters of difficulty to withdraw its fellowship from such as may be corrupt in doctrine or practice, after due measures are taken to reclaim such a church, or churches, and they remain incorrigible. The object shall be to promote among them fraternal union and sympathy and mutual co-operation for the dissemination of the gospel within its bounds and the world.

Article 4.—The Association shall have the following officers: A Moderator, Vice-Moderator, Secretary-Treasurer and Assistant Secretary, who shall be elected annually, and whose duties shall be those usually required of such officers.

Article 5.—Any regular Baptist church may be admitted to membership in the Association upon application, and with the proper credentials, and a majority vote of the messengers present and the membership of any church in the Association may be terminated who shall fail to send messengers or a letter for two successive sessions of the Association, or upon application for dismission.

Article 6.—It shall be the duty of the churches to correspond annually with the Association by letter and messenger and give not only full statistical information, but also facts concerning their general welfare; and to send contributions to pay the expenses of the Association. The Clerk shall furnish the churches with two printed forms for their annual report, these to be mailed at least two weeks before the annual session of the Association, and the churches are requested to have the letters in the hands of the clerk not less than one week before the meeting of the association.

Article 7.—The Association shall furnish the churches with a number of printed minutes within a reasonable time after each session in proportion to the money contributed by each church to defray the expenses of the Association. The Associational year shall run from August 1st to July 31st.

Article 8.—The Association shall elect annually an Executive Committeee of seven members, the officers of the Association being members ex-officio, whose duty it shall be to transact whatever business may require attention between sessions of the Association, and to confer with the churches of the Association which may be in need of assistance. The committee shall assist any churches which may need to be formed into compact fields or may desire assistance in securing pastors; to inquire into the cause and correct, as far as possible, the failure of a church, or churches to be represented and to act for the Association, ad interim, whenever it may be necessary and proper to do so. The Executive Committee shall use whatever means there may be at their disposal to promote the kingdom enterprises within the Association, and shall have authority to change the time and place for the meeting of the Association whenever it may seem wise and desirable to do so, giving public notice of such change at the earliest opportunity. The Committee shall hold at least two meetings a year and render a written report to the annual sessions of tnis body.

Executive Committee's Report

Your Executive Committee has held several meetings during the year, in an effort to try to carry on the work of the Association.

We have tried to be of service to the churches of the Association. We are sorry to report that several of our churches are without pastors just now. These churches seem to be earnestly seeking some one to lead them.

Your committee wishes to recommend to the Association that the following churches, which have been granted letters to form the Pamlico Association be dropped from the roll of the churches. Belhaven, Creswell, Columbia, Englehard, Fairfield, Gum Neck, Mt. Pleasant, North Lake, Oak Grove, Pantego, Roper, Rosebay, Soundside, Swan Quarter and Travis.

We also wish to recommend that the names of the following churches which seem to be dead, either be stricken from the roll or a special committee be appointed to investigate and report back at the next Association. Olivet, Oak Ridge, Pleasant Grove and Shady Grove. Geneva should be investigated for we think there is a little life there.

We would recommend the following change in the Rules of Order. Rule 3, that number 9 which now reads, Baptist Young Peoples Union, be changed to read, Baptist Young Peoples Union to be reported on by its president. Number 10, which now reads Woman's Missionary Union, be changed to read, Womans Missionary Union to be reported on by its superintendent.

Your committee would ask that the Association readopt the following resolution. That this Association recommend to the churches, that each church, desiring to do so, set aside 25 per cent of the receipts of the Co-operative Program, as our share to Christian Education, and that this amount be sent directly to Chowan College. That any church not desiring to do this, be requested to open its doors to the representatives of Chowan College, and that the church cooperate and assist these representatives in securing contributions from their people for Chowan College. Also that they permit the college to set up some form of financial service in their church, and that whatever may be contributed, be sent directly to Chowan College.

We wish to recommend to that association, that the Association commend to the churches the plan of setting a goal for missions for next year before we come to the Association. That is, that each church, in conference, designate the amount that they are going to try to raise for Missions the next year, and that this amount be reported to the Association, by roll call of the church, and that the amount reported be sent to our General Secretary, so that he may have some idea as to the effort to be put forth by the churches for Missions.

We would again urge every church in our Association, to put on a thorough and complete Every Member Canvass, November 26th to December the 3rd in accordance with the plans of the Southern Baptist Convention.

We urgently request the pastor and superintendent of our Sunday schools to endeavor to get their school to set aside the collection one Sunday in each month for the Orphanage.

We would suggest to the churches of our Association that they give opportunity to the members to become members of the One Hundred Thousand Club of the Southern Baptist Convention to help pay our debts.

Respectfully submitted,

J. L. CARRICK, Chairman.

On motion the report was amended to drop Olivet, Oak Ridge, Pleasant Grove and Shady Grove from the list. Report accepted with the amendment .

On motion N. E. Aydlett and J. H. LeRoy, Jr. be appointed to look into the titles of the above named churches, ascertaining to whom the property belongs and report to the next session of the Association.

The list of our members who have deceased since last Association was read by the Clerk and appropriate prayer was offered.

The Moderator was authorized to appoint a committee to write resolutions of respect to Revs. W. F. Cale, Sr. and J. R. Taylor, deceased. Committee: Revs. A. A. Butler and E. L. Wells.

Rev. Geo. Harrell announced that M. A. Huggins and B. Y. Tyner had to leave during the noon hour and that they asked him to express their gratitude at having had the pleasure of being with us in this Association.

The Auditor, Chas. H. Wood not being present to make a report, C. R. Holmes, retiring Clerk and Treasurer made a report of the financial status of the Association and showed an indebtedness of $45.00 to the Economy Printing Co. of Roanoke, Va. on year before last minutes; and $92.50 to the Daily Advance of Elizabeth City, N. C. for last years minutes. Report accepted.

C. R. Holmes and Revs. J. L. Carrick, O. J. Murphy and A. S. Tomlinson discussed the debts referred to in the report. A motion by J. J. White that Brother Holmes take the money collected this year and try to settle the debts in full was lost.

A motion was offered by Rev. O. N. Marshall and passed that the churches be notified of the debts and asked for a pro rata contribution to take care of them.

Rev. J. L. Carrick offered an amendment—to notify only the churches not contributing last year. The motion was passed with the amendment.

The following resoution by Rev. O. N. Marshall was unanimously adopted:

We the Chowan Association, meeting in its one hundred and twenty-eighth annual session, wish to express to the Woodville pastor, church and community our sincere thanks and appreciation for their fine hospitality which they have shown this body.

There being no further business the Association adjourned with prayer by Rev. L. M. Dixon.

SUNDAY SCHOOL WORK

Report on Sunday School Work

The Sunday School is the great university of theological training for all our people. It is the greatest institution in the world for getting the Word of God into the hearts and minds of all the people.

In these complex and swiftly moving days our churches should seize upon the Sunday school mightily to bring it to a state of educational and evangelistic efficiency that will help us to meet the religious emergency which we face in this country and which will overwhelm us if not met adequately and wisely.

We have in the Sunday school the most plastic, sensitive and responsive souls in the world. We have wisely chosen the whole human family as our constituency and are enrolling pupils by the millions. However, the experience of those engaged in gathering data reveals that less than forty per cent of the possibilities are enrolled and that only about sixty per cent of those enrolled attend regularly.

One can see, therefore, that we are far from the objective of giving Bible to all of our people. The church is the only institution that is making a real effort to minister to the spiritual lives of the people. Religious instruction now depends largely on the Sunday school .

Let me urge, therefore, that all of the churches endeavor to increase their enrollment; give liberal support to our Sunday schools which is so sorely needed to safeguard the life and work of the churches; teach the Bible and train and solidify the thinking of our people.

Let me recommend and urge that we use the services of the State Department in enlargement campaigns, training courses, distribution of literature, etc.

Brother Perry Morgan, State Secretary says: "Let us set forward our Sunday school work in a mighty fashion and build up our churches in denominational ministeries and useful service."

The B. Y. P. U. work in our Association last year was very good. There was some evidence of progress in that there were four new Unions organized. 1 Junior; 1 Intermediate; 2 Senior. There were two new general organizations set up. Six training schools were held in that many churches and perhaps others.

WOMAN'S WORK

Report of Woman's Missionary Union

In a day when even the best of financial investments are bringing small dividends or no dividends at all the Woman's Missionary Union should experience an unusual feeling of satisfaction when they consider the dividends paid on their investments of time and effort in their work. Not that I would say that we had even yet invested heavily enough, but that these investments made have paid unusually high interest and should lead us to increase our investments. May I present to you a report on your "investments" for the past year.

On August 1, 1932, there were on roll 155 W. M. U. organizations; on August 31, 1933 there were 175, an increase of 20. Surely there is no way to account for this increase except by realizing that our W. M. U. members "invested" unselfish service.

Of the 175 societies 22 made the grade of A-1 on the Standard of Excellence, B-26, C-17, D-19. A total of 84. Last year we reported 70. A gain of 14, which shows that our members have "invested" more efficiently.

Chowan W. M. U. made no safer investment last year than that they made in Mission Study. Fifty-seven different classes were held.

A second sound investment was made last summer in our W. M. U. camp at Chowan College, which was a success in every way, and marked by deep spirituality and good attendance.

We come now to the place where GREATER investment is needed in the teaching of Stewardship. Let us hope that all of our churches will invest heavily in the study of Stewardship this year. I am sorry to report that our W. M. U. gave less this year than last year. Our total gifts amounted to $5,964.04.

I have tried to give faithfully and truthfully a report on investments made. May this report cause us some joy and yet lead us to much prayer and serious thought.

OTHER REPORTS

Report on Christian Education

Christian education must be the inculcation of the principles of the life and teaching of our Lord Jesus Christ, and has to do with those who teach, those taught. The purpose of the founding of our Baptist institutions was the training primarily of our Baptist boys and girls for greater service in the work of the Kingdom of God.

Robert Lincoln Kelly says, "With a few rare exceptions, our great international statesmen were educated in the little church-related colleges, located in out-of-the-way corners of the earth." Judging from proportion, our own Baptist institutions have furnished, so far, their share of statesmen, politicians, college presidents, professors, teachers, and craftsmen.

For many of our denominational schools and colleges last year was the greatest year in their history. They had more students and a greater spiritual atmosphere pervading the campus life. With the opening of some this year, the prospect for even a greater year is evident. Your committee believes that the leaders in our colleges realize, as never before, the sacred trust committed unto them, and their responsibility of instilling within the hearts and lives of those boys and girls the principles and ideals of Jesus.

One of our greatest needs today, in addition to Gospel preachers, is more Christian laymen whose lives are dominated by the principles and ideals of The Master Teacher. If this need is to be supplied, there must be first of all teachers in our institutions whose lives are dominated by the "Spirit of Christ," and who are as much or more interested in the welfare and spiritual life of the church from whence the student came and the one to which he goes as they are in scholarship and higher institutions of learning.

Then we need to support our institutions by sending our boys and girls to them, and also by giving of our means for their support.

L. M. DIXON

Report on Religious Literature

We find in God's Word this statement: "As he thinketh in his heart so is he." It is an unmistakable fact that what we read effects our thoughts. Our thoughts effect our doings. Our deeds effect our character and our character effects our destiny. Then it is highly important for our pastors and churches to concern themselves as to what their constituents are reading.

Surely the Bible stands at the head of all Christian literature. It must be fundamental in the life of every Christian. It is an all-sufficient rule for faith and practice.

To meet the demands for Baptist literature our Sunday School Board is prepared to supply our needs. Pamphlets upon every phase of Sunday school work, B. Y. P. U. and Laymen's work, evangelistic tracts and tracts upon many of the great doctrines of the Bible are published in large numbers for free distribution and may be had for the asking. The Sunday School Builder and Home and Foreign Fields, monthly magazines published by the Sunday School Board, are of great value to our work and workers. In their specific fields there is none better.

Our devoted women set before the men shining examples in vital matters of information, organization and consecration. We are not surprised when we remember the large use they make of Royal Service and other Christian literature. Thousands upon thousands of pieces of literature go from the central office each year.

For one hundred years the Biblical Recorder has stood as the organ of the Baptist State Convention. It is a Baptist paper worthy of a place in every Baptist home. At present it is not given due recognition in the Baptist homes of our state. We believe that the churches of our Associa-

tion would greatly profit if some method could be put forth to induce our people to read the Biblical Recorder.

Charity and Children keeps us sufficiently informed about the large number of children under our care. It has a wide reading.

J. T. BYRUM.

Report on Temperance

It is a recognized fact throughout the Country that one of the greatest problems before the people is temperance, and how we are to achieve it. The issue of Prohibition is one of all absorbing interest. Thirteen years ago the 18th Amendment was adopted and written into the National constitution. We know the story of what has taken place in national prohibition circles. The various states are voting in rapid succession to invalidate and remove from the constitution the 18th amendment.

After this, what? In the minds of a majority of the American people national prohibition was a dismal failure, and we ask why? The one great and convincing answer to this important and vital question is that public sentiment did not support legalized effort to enforce the laws. Public sentiment failed, and then the officers charged with its enforcement became lax in their duty, and oftentime, no doubt, could be charged with moral turpitude in the performance of their duties. It is often charged that it became "smart" to drink, and if one desired to climb the social ladder, then it became necessary to imbibe strong drink.

The problem of temperance legally comes back to the various states for solution, and the burning question is, "What shall we do to combat the evil of strong drink, and at the same time teach and inculcate temperance in the minds of youth." The Holy Scriptures teach us the evil of strong drink, and the virtue of temperance. Literature is replete with examples of what alcohol will do the individual. It also shows glowing language what the virtues of abstinence mean.

It would seem that instruction against the use of strong drink will be our most effective means, and the most powerful weapon for temperance, the home, church and school.

Report of North Carolina Baptist Hospital

For ten years our Baptist Hospital has stood like a great Life Saving Station for our sick, answering every call; giving life and health to thousands who had no means.

It has met the needs in a marvelous way. No one who needed its care has been turned away. The unusual financial conditions all over the state has thrown such burdens on the Haspital that it has been impossible for it to meet the demands and pay its bills. It has not let our people go home to die without care, but it has been compelled to go into debt. The multiplied appeals come from Baptists with breaking hearts and torn homes. The Hospital is their refuge from disease and death. They have no money. The Hospital must take them. But can it continue with ever increasing demand and decreasing revenue?

Many churches do not seem to care. They have not responded. Less than $500.00 was given last year from our association to pay its part to do $50,000.00 worth of charity and to save 2,000 needy sufferers. What do our people expect from the Hospital? It cannot do everything. Shall we let them die? God forbid!

We are praying that the churches who have failed will yet make an investment in life saving by sending an offering for charity to our Hospital. We therefore recommend to you pastors and messengers here assembled:

1st. That you familiarize yourself with the needs of our Haspital and lay

this worthy cause upon the hearts of the people of your respective churches.

2nd. That you have your churches, who have not been doing so, to observe "Mother's Day" in the Sunday School and take a collection to be sent to our Baptist Hospital at Winston Salem. Only eternity can reveal blessedness of this ministry.

I. A. WARD, Committee.

Report of Committee on Foreign Missions

Your committee regrets inability to state the exact amount given by this association to Foreign Missions. The reports are so made that no one knows.

This in part may account for the lack of interest in this important phase of our denominational activities. I have before me the Annual Report of the Secretary to the last session of the Southern Baptist Convention. Only a few of our people ever see this report and I am going to pass on to you some of the facts contained in it.

Work is being done in fourteen countries and substantial progress is being made in all of them.

We now have 185,126 church members on the several mission fields and report a total of 17,284 baptisms. This is 691 more than were reported one year ago. The missionaries all send the good news of multitudes pressing into the Kingdom.

Everywhere there is the rising tide of Evangelism that is sweeping over our mission fields; bringing new life to our churches and healing and redemption to many that are languishing in the prison house of sin.

The net obligations of the Board on January 1, 1933 were $1,117,177.17. This means that the Board will have to pay this year $65,000.00 on borrowed money. This interest could send all our missionaries back to work. We are forced to report that the outook is not encouraging for the income from the churches is constantly DIMINISHING.

Ten years ago, in 1923, the income of the Board was $1,891,773.86. The last conventional year the Board received $805,578.32. A decrease of over a million dollars and this year the budget is only $695,000.00. In spite of this during the last twelve years Southern Baptists have baptised into the fellowship of our churches 2,420,658 members.

May we not in this session pray the Lord to open their hearts and enlarge their gifts for this great work.

E .L. WELLS.

Report on Home Missions

The New Testament is emphatically missionary. Christians must hear its clarion call to world evangelism. God has implanted in Christians harmonious chords with the purpose that they shall be responsive to the teachings of the New Testament.

Luke's detailed record of the Great Commission makes it convenient relation to one another and to the whole and in order to strengthen the for us to study and emphasize the particular phases of missions in their whole mission work. Our Home Mission work must be strengthened if we expect to do a great world-wide work. With the great debt on our mission boards the work is greatly handicapped. The Home Mission Board has a large share of the debt. With the decreased income of the Board it is unable to maintain what has already been accomplished, not to say anything about increasing work. What has been accomplished under these adverse conditions is a convincing prophecy of what we might do through this phase of the work if Baptists would wake up to the New Testament teaching on missions.

According to the Home Mission Report of the Southern Baptist Convention, the Board, for the past few years, has found it necessary to do its work and meet its obligations on a constantly decreasing income. It has, however, balanced its budget each year and lived within its income. It has

met its payments promptly and paid an appreciable amount on the principal of its debts. The work has been wonderfully blessed of the Lord. The reports last year show practically the same number of baptisms as heretofore, even with a decreased number of missionaries. This is our great encouragement to greater efforts in the great work of evangelizing our home land thus to make a stronger base for worldwide evangelism.

Respectfully submitted,

H. B. HINES.

Report on State Missions

For one hundred years the Baptist State Convention has pursued an aggressive State Mission program. Baptists have used the agency of State Missions to preach the Gospel to the poor. This policy has produced rich dividends, to say nothing of those spiritual values which have been created.

It has been the policy of the Board to aid not only struggling churches but also those churches in strategic centers where the local congregation is unable for a time to provide the type of ministerial service which is needed. However, due to a scarcity of funds during the past year, only about one-third as many churches have received aid as was the case three or four years ago.

State Missions, through the Sunday School and B. Y. P. U. Departments, have stimulated the growth of Sunday schools and the improvement of the teaching staff.

The work of the Building Evangelist is being discontinued as of October 1 of the present year on account of lack of funds; also the work among the about a quarter of a million Negro Baptists.

The problem of the rural church is probably more acute today than it has ever been. Interested observers believe that the moral and spiritual well being of the country people is largely a problem committed to the Baptist people. The resources, spiritual and financial, of our Convention should be devoted to this task. The rural areas of North Carolina can become the finest place in which young people may grow physically, morally and spiritually strong. If the problem is to be solved, trained and consecrated people, and sufficient funds must be secured.

State Mission Day, the last Sunday in October. Let us make a great free will offering.

A. S. TOMLINSON

Relief and Annuity

Many favorable comments can truthfully be made on the work of the Relief and Annuity Board. Since its organization in 1919 not one penny of its funds has been misappropriated. Its invested funds yield 5.21%.

Definite information for those especially interested on Annuities may be had by referring to the Minutes of the Southern Baptist Convention, or leaflets sent out by the Secretary from the Board at Dallas, Texas.

It is the purpose of the writer of this report to lay special stress on the Relief side of the work. The great majority of those in need of Relief today are men who have served small churches and country fields with salaries hardly sufficient for the necessities of life. A well known Baptist pastor in North Carolina being asked what provision he had made for his family in case of his death, replied, "None." He was then asked why he did not take out an Annuity. His reply, "It takes every cent I can raise to keep my debts paid up." Not long after his death a pastor's conference was requested to raise enough to buy food and clothing for his widow.

How pitiably small is the average amount the beneficiary receives! Seventy-seven dollars!

And I close this report with a significant foot note on page 175 of the Southern Baptist Convention Annual: "There will be a marked decrease in benefits paid during 1933."

Respectfully submitted,

G. P. HARRELL.

15. At this time M. A. Huggins, State Secretary of the General Board, delivered an inspiring address on General Missions and the Cooperative Program.

16. Rev. T. L. Brown presented and discussed the report on Relief and Annuity. The report was adopted.

17. On motion W. B. Edwards, Presdient, was given fifteen minutes on the program to present the cause of Chowan College. After Brother Edwards' address Rev. J. L. Carrick made a plea asking the churches to take rooms in the dormitories to refinish, floors and walls.

18. Association adjourned to meet Wednesday morning at 9 o'clock.

Second Day—Morning Session

19. Association was called to order by the Moderator and after congregational singing, Rev. Ira Harrell led the devotional and prayer.

20. Report on Christian Education by Rev. W. A. Cale was adopted without discussion.

21. Rev. G. W. Griffen, District of Columbia Association, was recognized. He made remarks regarding his work of distribution of free literature to rural churches and the proposed Baptist Assembly at Kill Devil Hill.

22. Report on Orphanages by Rev. A. S. Tomlinson. Brother Tomlinson presented Rev. J. A. MacMillan, of the Mills Home, who discussed the work of our orphanages in the state and urged the Sunday Schools to send in monthly offerings. The report was also discussed by Rev. G. P. Harrell. It was adopted.

23. Rev. E. H. Potts read the report on Hospitals, spoke to the report and it was adopted.

24. Report on Sunday Schools by Rev. O. J. Murphy. Report spoken

to by Rev. O. J. Murphy, Roscoe Wynn, Rev. S. S. McGregor and Rev. W. S. Tillman. Adopted.

25. Report on Temperance by Rev. W. L. Meachum. Report spoken to by Brother Meachum and C. A. Upchurch. Adopted.

26. Second Day roll call of churches and messengers.

27. The committee appointed at last session to investigate the property of certain inactive churches made the following report which was accepted:

28. Olivet, Pasquotank County. From an examination of the records of Pasquotank County we find that the Trustees of Salem Church conveyed by deed dated November 23, 1891, recorded in Book 12, page 242, for a consideration of $10.00, to the Trustees of Olivet Baptist Church of Pasquotank County, the following property:

29. ". . . . . sell and convey to said Trustees of Olivet Church and their successors in office a certain tract of land in Nixonton Township, Pasquotank County, North Carolina, adjoining the lands of Stephen Brothers' heirs and others, bounded as follows, viz:

30. Beginning at the Main Road at the corner of the land of the Trueblood heirs and running in an Easterly direction 208¼ feet, thence a southerly course 208¼ feet, thence a westerly course 208¼ feet to the Main Road, thence up the Main Road to the place of beginning, containing one acre. For description see deed from Stephen Brothers and wife to the Trustees of Salem Church, Book 7, page 59."

31. The foregoing deed contained the usual covenants of warranty. This deed contains no conditions, restrictions or reservations. The fact that the property might not be longer used for Church purposes would not cause it to revert to the Trustees of Salem Church.

32. Oak Ridge, Camden County. When we went to investigate the title to this Church property we were informed that the title had already been investigated and that the property had been sold and conveyed by the Church Trustees to its former owners, those who originally conveyed it to the Church. Upon learning this we assumed that the Association would not be further interested in this property and have, therefore, made no further search.

33. Pleasant Grove and Shady Grove, Currituck County. Although we have requested and obtained the assistance of a local attorney at Currituck Courthouse, all of us are unable to find any mention on the records of Currituck County of these Churches. It is probable that this Church property was conveyed to Trustees for the Church, and that in indexing it only the names of the Trustees appear on the record. Up to the present we have been unable to learn the names of such Trustees. If the Association can assist us in obtaining the names of the Trustees to whom the Church property was conveyed, we will be glad to go further with the matter. As the matter now stands, without such names, we are helpless to go forward with the investigation of the titles to these two properties.

N. E. AYDLETT,
J. H. LeROY, JR.

34. On motion the Committee was asked to continue their work and Whales Head was added to the list.

35. Rev. O. N. Marshall reported that Geneva church had reorganized and wished to become active in the Association again.

36. On motion the Association approved the efforts of Rev. E. F. Sawyer and J. R. Byerly in attempting to revive Olivet church.

37. Adjourned for lunch with prayer by Rev. Geo. W. Griffen.

REPORTS OF STANDING COMMITTEES

(Except B. Y. P. U., S. S., W. M. U. and Baptist Brotherhood)

Christian Education

1. This year promises to be outstanding in many respects for our schools. Recent reports indicate that the various college presidents are optimistic over the prospects for the new year.

2. Wake Forest is beginning the first year of its second century of service with increased facilities in the form of several new buildings. The enrollment last year was 903, the highest in its history. It is confidently expected this year that the student population will exceed the thousand mark.

3. There have been no changes made in the faculty for this year. The same staff of forty-two professors are beginning the first year of the second century.

4. Meredith reports progress in its work last year. The enrollment in November was 457, a substantial increase over the previous year.

5. For the past two summers Meredith has been uniting with Wake Forest in its summer school session. The school for both colleges is held at Wake Forest.

6. Meredith completed the 1932-33 school session without increasing further indebtedness for current expenses.

Mars Hill reports a successful year last year. The college enrolled 454 students, the largest enrollment it ever had.

8. Campbell enjoyed a good session during the past school year, though in the death of its beloved and able president, Dr. J. A. Campbell, the school sustained an irreparable loss. L. H. Campbell, former dean of the school and son of the late president, was elected to the presidency of the college..

9. Campbell reports added equipment in the form of a new dining hall, out-door theatre, and additions to the library. The 1933-34 student enrollment was around 450.

10. President Edwards of Chowan reports prospects for an outstanding year. He states that prospects for this year are brighter than in years. This year promises to be one of the best in Chowan's history.

W. F. CALE, JR.

Foreign Missions

1. "This is the victory that overcometh the world, even our faith." Even during the dark months of the depression there were a few friends of God in the South who actively believed this promise from the Word of God. They kept their eyes stayed on Christ, their hearts full of faith and marched forward unafraid of the depression and undaunted by besetting difficulties.

2. Financially speaking, the Foreign Mission Board has stayed within its budget. This is the firm resolve for all the future. The debts have been reduced, in the past few months. Since January 1, 1933, the Foreign Mission Board has paid more than $86,000 for interest and $125,000 on the principal of the debts, thus bringing the debt down from $1,115,000 to $990,000 in sixteen months.

3. The percentage of increase in budget receipts for the first four months of 1934 over the same period of 1933 is 25.49%. The increase in the Lottie Moon Christmas Offering to Foreign Missions for 1934 over the offering of 1933 is $46,000. From the Hundred Thousand Club the Foreign Mission Board has received $32,000 to date. All of this was paid on the debt.

4. Because Woman's Missionary Union exceeded her goal by $46,000 and because of special gifts from friends and churches, the Board was able to dedicate fifteen new missionaries at the Southern Baptist Convention in May. All of these go out to replace fallen heroes of the Cross. May other gaps soon be filled!

5. From the fields of the fourteen countries where Southern Baptists proclaim the Gospel, there comes news that thrills the soul. A spirit of revival is sweeping the field. Turning from old things that do not satisfy, multitudes are seeking Salvation, and the missionaries are overworked, but rejoice in it all.

J. L. CARRICK.

Home Missions

1. The Home Board functions to evangelize the homeland, Cuba and Panama. It has lived within its income, and paid during the year $61,346.92 on its debt.

2. Baptists should evangelize foreigners that come to us. Among them the Board has 37 workers, 132 churches and missions. They reported 173 baptisms. For them three schools are maintained: The Anglo Mexican Institute, Mexican Baptist Institute, and Acadia Academy.

3. Work among Indians is very fruitful. We have 38 workers and 89 churches and missions. Last year they reported 329 baptisms.

4. There are in the South over 10,000,000 negroes. Southern Baptists should assist them. During the past year eight workers reported 532 baptisms.

5. We have over 45,000 Deaf Mutes in the South served by two missionaries of the Board. They reported last year 64 baptisms.

6. The Rescue Mission in New Orleans, Dr. J. W. Newborough Superintendent, has been running seven years. Over 3,500 men have been won to Christ in its history. They report five missionaries and workers, and 15 baptisms. Last year Dr. Newborough opened in New Orleans a Rescue Home for Women employing four missionaries and workers. They report 34 conversions.

7. The work in Cuba is progressing. Dr. M. N. McCall, Superintendent, reports 44 churches, 42 preaching stations, 30 preachers, six unmarried women, and one ordained Cuban in school work. They report 189 baptisms.

8. In Panama we have nine churches—Balboa Heights, for white Americans; the other eight churches are for West Indian Negroes brought to the Canal Zone from Jamaica during the construction of the Canal and who remained after the Canal was completed. The eight churches have about 800 members. Balboa Heights is a flourishing church. The Board owns the property.

9. Jacob Gartenhaus, our lone missionary to the Jews, says, "In the past it was very rare to hear of a Jewish conversion, but now scarcely a week passes but there comes to us good news of conversions."

J. T. BYRUM.

Hospitals

1. Hospital work is the work giving medical or surgical aid to those who are in need. The ministry of Jesus was that of healing the body as well as the soul. He went about "healing all manner of diseases among the people." He realized the wisdom of alleviating the pains of the human body. For His description of the great judgment He tells us that if we do acts of mercy for Him we must do them to our fellowman. He said "Inasmuch as ye did it unto one of the least of these, my brethren, ye did it unto me."

2. Realizing these things, North Carolina Baptists established the hospital in 1922 and received the first patient in May, 1923. Since then 24,860 patients have been received. From January 1 to June 30, 1934, 1,472 entered, full pay patients 981, part pay 555, and free patients 156. The cost of free patients for the six months was $14,676.00. The hospital is caring for an average of 90 patients per day and about 35,000 for the year. About 1,300 of these will not be able to pay. The Mothers' Day offerings last Mothers' Day amounted to $13,057.97. And the number of churches that contributed through the Mothers' Day offerings was 1,260.

3. There is on the nine-acre plot also a fine Nurses' Home of 29 rooms, seven class rooms and assembly hall.

4. The hospital has a staff of 60 medical and surgical doctors and 42 nurses.

5. It costs almost $4.00 per day to care for a patient in the hospital. Wards cost $2.50, $3.00 and $3.50 per day, owing to the number of beds in the Ward. Private rooms cost more. There are also charity wards and no one is ever turned down on account of inability to pay.

6. So a great work is being done and may we as Baptists be loyal to Jesus and respond readily and gladly.

Orphanage

1. As the institution of institutions, the Baptist Orphanage, known as the Mills Home at Thomasville, stands out in the esteem and affection of North Carolina Baptists.

2. For fifty years the Baptists of this state have sought to carry out the Master's injunction to care for the orphans through united effort. Today the children of our great family number in excess of six hundred. In addition more than one hundred and seventy five are being cared for by their own mothers with assistance from our Baptist people and we thus enlarge the scope of our obdience to Christ's command to care for widows and orphans.

3. However, this is no time for smug complacency. There are definite and specific needs arising every day. Too often everybody's task becomes no one's task. The Mills Home and Mother's Assistance activities of our State Baptists are our personal responsibility. We are needed by them as they are needed by us. The conditions of our age make it imperative that young people be cared for in a manner that will fit them physically, mentally, vocationally and spiritually for the struggle of life. Unless this is done they become a social liability.

4. The orphanage is caring for a few. Many more need its ministrations. It assists a few mothers. Many others need our help. It has good equipment, a splendid personnel. It needs more equipment and a larger personnel and more qualified and trained workers. For these definite and specific purposes we are obliged to shoulder our own responsibility in response to the call to the humanity and sympathy in our hearts, to the need to insure our social order as far as possible against a generation of renegades and racketeers and supremely in obedience to the command of our Divine Leader.

AUBREY TOMLINSON.

Relief and Annuity

1. Of the work of no other agency of the denomination are our people so uniformly ignorant as they are of the work of our Relief and Annuity Board. Aside from the general knowledge that its purpose is to aid retired ministers and their widows we know but little. Some reasons for this ignorance may be assigned: (1) The reports are, of necessity, made up largely of figures; when the average reader would inform himself of this work, he becomes lost in this maze of figures and emerges with but little understanding either of the workings of the Board, or of its actual conditions and needs. (2) Our churches have no special days for pressing the claims of this Board, as is true of other denominational agencies. (3) The pastor who preaches on the support of ministers who can no longer serve is the rare exception.

2. The Board operates through two departments—Relief and Annuity. Various forms of annuities are offered in an effort to match the salaries of all eligible applicants. The business of the Relief Department is to make provision for those ministers and their widows—of whom some 1200 are now on the roll—who have come to old age or disability without supporting incomes. To this work go all the money received through the Co-operative Program and all money designated for relief purposes.

3. During the past year there were 110 beneficiaries from North Carolina. These received $9,865.36; and of this only $6,533.55 was given by North Carolina Baptists. Fortunate, indeed, were these aged servants that they were not compelled to look to those whom they served for help. Our people, to be sure, were hard hit by the depression, but hardly that hard. Has not the time come when these old soldiers of the cross should have a "new deal"?

T. L. BROWN.

Religious Literature

1. A person to know what his Club is doing must go to the meetings; or, he may be sent word or notice. Our Baptist people are a great brotherhood; their transactions are many. Therefore, the people must be kept informed of the things which the Baptists are endeavoring to do. All the meetings cannot be attended by all the people. It is necessary then that the others be informed from the printed page.

2. Our great organ to this purpose is the Biblical Recorder. Our people need the Recorder and the Recorder needs them. Let us leave this plea with you, that you allow the Recorder to inform YOUR home.

3. Another great organ, or organs are our periodical magazines. Every home should have Home and Foreign Fields that the members of that home might know of the great work of our Baptist people, and Charity and Children to know of our orphan boys and girls. We need to fill our homes with our Baptist Literature.

B. A. MITCHELL.

State Missions

1. In our State Mission Work for many years we had only one object in view, namely, making our state Christian. We have begun to see that we must lengthen our cords and strengthen our stakes. The effectiveness of our program can be no greater than the strength of our State Mission Effort.

2. The Mission Board is aiding about 130 churches. A few of these churches are at educational centers where effort is being made to minister to the needs of the students who are away from home.

3. Although the Church Building Program of the Board has been greatly curtailed on account of the shortage of funds it is, at present, aiding several churches, four of which are in education centers.

4. The Board has for several years, through the services of Rev. Wayne Williams, ministered to the sick veterans in the Government Hospital at Oteen. The Board has assumed the responsibility of giving the gos-

pel to the Indians in the state since the Home Board has been compelled to use a large portion of its funds for the paying of debts. Since the State Board has been forced to discontinue aid to the quarter of a million Negroes in the state it is earnestly hoped that it will be able to resume that work, at least on a small scale, next year.

5. Our needs may be summed up in two experiences, namely, greater vision and deeper consecration. We need a greater vision of Christ and His program for the world's redemption, and we need an abiding and ever deepening conscration to Christ and to the task of carrying to completion His great program for the world's redemption. We can set up no order or system quite so good as that which our Lord gives us in His Commission. We must lay the foundation "in Jerusalem and in all Judeah"—State Missions.

H. B. HINES.

Temperance

1. In my judgment the duty of Christianity is twofold: namely, the salvation and Christian development of individual souls and the elevation of society as a whole. Christ has ordained that this be done by the "foolishness of preaching" or the proclamation of truth. The question of Temperance plays an important part in achieving these ends. The liquor traffic is associated with any discussion of Temperance. The evil effects of alcohol are known and deplored by all forces of righteousness.

2. For the first time in the history of our nation a national administration has become sponsor for the liquor traffic with the hope of securing revenue to balance the budget. The Secretary of the Treasury admits that the revenue is falling far short of the administration's expectations.

3. Furthermore, the sponsors of the liquor traffic must of necessity share in the responsibility for the evils that are growing. North Carolina Baptist said last year that when the government licenses one class of citizens to make alcohol and thereby gain from the appetites and weaknesses, from the poverty and wretchedness of another class of citizens, then that government violates the most sacred principles of government, and forfeits its highest moral right to existence. It stands as a house divided against itself.

4. The outcome of the situation in which we find ourselves must be solved by educational method.

5. A taste must be cultivated by alluring advertisements, similar to the "cigarette method," and by a psychological appeal that the use of liquor is socially the proper thing. This must be the method of its sponsors.

6. On the other hand, those who see the evil effects of alcohol must teach in home, school, and church that total abstinence and social taboo only will bring us to an elevated plane of Temperance. North Carolina has set her sails thus, and God be praised when we shall see again national Prohibition.

BAPTIST BROTHERHOOD

Official Directory

Chairman: Rev. A. S. Tomlinson, Elizabeth City, N. C.

(There are no local Brotherhoods in the Association as yet.)

Report of Standing Committee to the Association

1. Since the Brotherhood is not known among the laymen in this part of the state, and since no effort is being made by anyone to organize the laymen in this much needed field of Christian endeavor, a report on the subject will be as a pile of dry bones. And yet we can hardly think of any work of the church more needed.

2. Jesus said to those men that had followed him in the greatest Brotherhood movement ever organized in this world, that they were to go on in this work, making him known until every part and person in the world should come to know him. He overtook two laymen on the road to Emmaus and reassured them that he was with them in this great world conquest. Whereupon these two men with burning hearts returned to Jerusalem and reported to the Apostles how Jesus was still their leader in this great program.

3. Now that I have no report to make of work done in this association during the past year, I would like to recommend that some Brother be appointed to endeavor to organize the layman's movement in some phase, and come to our next annual session with an intelligent report.

W. S. TILLMAN.

Report of Standing Committee to the Association

1. A study of the history of the B. Y. P .U. convinces us that it has its beginning in the mind of God. It came into being to meet the need of the young Christians for spiritual growth and the need of the churches for consecrated, useful leaders and members. There are four outstanding factors which have promoted the marvelous growth of the work.

2. First, outstanding leadership.

3. Second, loyalty to sound principles.

4. Third, better methods. Southern B. Y. P. U. leaders have developed effective methods for training young Christians in church membership.

5. Fourth, unsurpassed literature. The literature provided by the Sunday School Board is educational because the topics are written with a view of meeting the needs in the lives of young people.

6. We have looked in a general way at our work. More closely may we look into the work in our own State. The General Board of the Baptist State Convention, in co-operation with the Sunday School Board at Nashville, Tennessee, fosters the training work in our state. Miss Winnie Rickett is State B. Y. P. U. secretary, and Miss Mabel Starnes is field worker. These workers conduct training schools, attend associational conventions, district rallies, and regional conferences in city, town, and rural churches.

7. In North Carolina we have 2,410 unions. There are 652 Junior; 606 Intermediate; 976 Senior; 175 Adult; 440 General Organizations. There are 68 associations in which there are 64 organizations.

8. In this Association there are 45 churches with 20 of these fostering B. Y. P. U. work with a total of 46 unions. We urgently request leaders and pastors to make every effort to organize young people in the churches without unions and strive to reach the hundreds of untrained church members and train them for intelligent participation in the work of the local church and the full program of the denomination.

Report of The Standing Committee to The Association

1. The Sunday School Organization is growing. From November 1932 to November 1933 there was an increase of 272 in the enrollment. There seems to be a more cooperative spirit among the churches.

2. However, there are four needs that stand out clearly: First, to have a deeper realization of the value of the Sunday School and its relation to youth and manhood. There is a growing tendency in the home to neglect the reading of God's Word. When we fail to give attention to the reading of the Bible we have neglected one of the essential duties of life. Since the Bible is not read as much as it should be in the home our efforts should be to teach it more effeciently in the Church. The Bible is the text Book of the Sunday School, and in these times of conflict we need to be guided by the principles of the Book.

3. Second, for better trained leaders and teachers. There is so much ungodly teaching our people need to be taught the truth. In order for this to be done we need teachers who will teach that Christianity is life itself.

4. Third, enlistment. Our Sunday School enrollment should exceed our church membership. The enrollment lacks three thousand being equal to the church membership. There are scores in every community that need to be brought under the influence of this teaching and soul-winning organization.

5. Finally, there is great need for a Sunday School Revival. We need to be awakened to the tasks and opportunities before us.

6. We need more efficient Sunday Schools because these are times of great moral danger. The principles of the young are exposed to fearful assaults, and they need to be fortified. Our needs, aims and hopes may be accomplished by studying, praying, and giving ourselves willingly to God.

Report of Standing Committee to the Association

1. Like the Arab who folds his tent and silently steals away, so the year 1933 has passed into history. Some may feel keenly the thought expressed in those lines from Ella Wheeler Wilcox:

"Tisn't the things you've done dear,
But those you've left undone
That gives you bitter heartaches,
At the setting of the sun."

2. While we not always achieve all we set out to do, yet if we have given ourselves, heart, mind and soul to the task, we have the satisfaction of knowing that we played our part faithfully. There were 38 Woman's Missionary Societies and 109 Junior Organizations who played a part in our Union work last year. We had 13 Full Graded Unions. Four of these were Standard A-1 Unions. Thirty eight Societies in our Union reached every point on the Standard of Excellence. There were 116 Mission Study classes taught and 11 new societies organized. Our gifts amounted to $6,100.00. Not withstanding the fact that we did not reach our goal, let it be a challenge to attempt greater things this year.

3. As some one has said of the Union at large, we can say of the Chowan Union: "The purpose has been greater than the plans, the plans have been greater than the performances, but in united effort the great river of Woman's Missionary Union work will go steadily on with increasing volume, contributing its share to the great flood of the missionary work of the world 'till that great day when "the knowledge of God shall cover the earth as the waters cover the face of the sea."

4. With a firm resolve let us set our souls to the task of making 1934 the turning point of a new day for our Master. His promise is "Lo I am with you always." Let us catch step with Him.

MRS. J. L. CARRICK, Superintendent

6. The following new pastors in the Association were presented: John R. Link, D. S. Dempsey, W. F. Woodall, John Pierce.

7. **Report on Christian Education by Rev. D. S. Dempsey.**

(a) One characteristic of Baptist is their interest in education. Since the early days of our country we have fostered Christian education. The first colloges in America were established for Christian training.

(b) Our fathers realized the value of Christian education and its place in projecting Christs kingdom. As a result, they organized the Baptist State Conventidon of North Carolina more than a century ago. The first reason given in the constitution for the organization is: "To train young men called of God to the ministry."

(c) The horizon of our Baptist fathers rapidly broadened and they soon realized that Christian education was essential for all Christian workers. They knew the importance of education, they knew also that unless it enthroned Christ it could not meet the needs of hte individual life. Christian education embodies a that state schools have to offer, plus the principles of Christ lived and taught in a wholesome atmosphere.

(d) Christian education needs and deserves more nourishment in this Association. Last year there were 14 churches in this Association that gave nothing through the Co-operative Program. Thirty-three made no special offering to Christian education. Ten gave nothing, either through the Co-operative Program or by a special offering.

(e) We owe a great debt to our Baptist colleges for past service, they have wrought nobly, and we shall need them in the years to come as in those gone by. If we would keep faith with our fathers, remain true to Baptist heritage and the program of Christ, and meet the needs of our day, we must be loyal to our denominational colleges and support them with our prayers and money and supply them with students from Baptist homes and Baptist churches.

8. Spoken to by Brother Dempsey and adopted.

9. In this connection Rev. J. M. Duncan made an earnest appeal for Chowan College and Wake Forest College was represented by Geo. W. Lassiter, Moderator.

10. The Moderator appointed the following committees:

11. Resolutions—Revs. E. H. Potts, D. S. Dempsey and J. T. Byrum.

12. Program—Revs. D. S. Dempsey and W. F. Woodall and Mrs. I. A. Ward.

13. Time, Place and Preacher—S. S. Davis and Revs. W. Frank Cale and B. A. Mitchell.

14. Committees—W. J. Berryman and Revs. W. S. Tillman, A. A. Butler, J. T. Byrum, E. H. Potts.

15. Report on Baptist Brotherhood by Rev. E. L. Wells:

(a) There are no Brotherhoods in the churches in this Association. So far as the Association is concerned there is no report to make. The Southern Baptist Convention has a standing Committee on the Baptist Brotherhood of the South. Brother J. T. Henderson is the General Secretary with headquarters in Knoxville, Tenn. The Committee makes an annual report to the Convention through its Secretary. In his last report the Secretary has the following to say about the origin of this movement among the men of our churches:

(b) "The Baptist Brotherhood bases its activities upon the fact that the Lord intended that men should have a large place in the work of His Kingdom.

(c) When the Lord chose twelve disciples to sit at his feet for three years that they might be prepared to preach the gospel after his return to the Father, all these disciples were men.

(d) When the membership of the church in Jerusalem multiplied and it became necessary to relieve the apostles of matters of business and detail that they might give themselves to prayer and the ministry of the word, they said to the church: Look ye out among you seven men of honest report, full of the Holy Ghost and wisdom, whom we may appoint over this business."

(e) Dr Henderson believes we have gotten away from this scriptural plan.

(f) The Brotherhood is convinced that our churches in recent years have not accorded to men the responsibility that characterized the early church. The Brotherhood undertakes to supplement the pastors in leading the men to recognize their obligation to serve the Kingdom in a larger way. In view of the multiplicity of organizations we already have your committee is not disposed to make recommendations, but leave the matter in the hands of the pastors and churches.

16. Spoken to by Rev. D. S. Dempsey and adopted.

17. Rev. J. M. Page spoke for the Biblical Recorder and asked that those desiring to subscribe or renew see him at this session.

18. Rev. E. H. Potts made announcement regarding the elistment

campaign.

19. Roll call of churches and delegates.

20. Music by members of faculty and student body of Chowan College.

21. Rev. E. H. Potts led in prayer and preached the Associational sermon, taking as his text: Matthew 6:10.

22. Rev. W. F. Woodall, pastor of the local church, made announcement concerning lunch; and the Association adjourned for lunch by congregational singing and prayer by Rev. A. A. Butler.

FIRST DAY

Afternoon Session

23. After congregational singing and special music by members of the faculty and student body of Chowan College Rev. John R. Link conducted the devotions. Mrs. Fred Poyner rendered a vocal solo.

24. Rev. A. H. Outlaw announced a divisional W. M. U. meeting to be held at Bethel church and Rev. A. A. Butler made an announcement regarding the Yeopim Union Meeting.

25. Report on State Missions by Rev. W. S. Tillman:

(a) As we think of the work done by the State Mission Board, naturally we think of it as one of the oldest children in the family of the Baptists in this great commonwealth. But I think we would do well, not to think of our State Mission Work as a child, but a father. And the first thought of the Father heart is the Salvation of every lost soul in the state. And in order that the best work may be done along the lines of evangelism, church houses must be built and maintained. So he sets himself at the task. But after the house is completed or repaired, it is of no value without a preacher. But he soon finds a large group of Godly men who love the Lord, and the souls of men. So he goes down in his pocket and gives until it hurts to aid their great army of preachers, to preach to college students who are away from home, and weak churches who cannot stand alone. And before he can feel that he has a moment to rest, some one is sick, a hospital must be built, his sick ones must be cared for, some worthy poor boys of his must be educated, a college must be built. The black man, the red man, and the strangers at his door, all claim his attention. So with the aid of his elder son, a keen thinker and wonderful Executive, Bro. M. A. Huggins, and his twin Bro., that prince in S. S. Work, Bro. Perry Morgan, and Miss Winnie Rickett with the young people, and a host of others helping he puts on great program.

(b) We the host of Baptist in the state on our knees pray and work for the victory.

26. Adopted without discussion.

27. Report of Home Missions by Mrs. J. P. Mercer:

(a) The work of the Home Mission Board the past year has been blessed. From every mission field comes reports of gracious revivals and large gatherings of the lost.

(b) The Board has in all departments of its work 228 missionaries with 18 additional workers in the Sanatorium, schools and Good-Will centers. It maintains 598 mission stations and preaching places; operates five Good-Will centers, two rescue missions and a Seamen's Institute; has 29 schools operated by missionaries in Panama, Cuba and the homeland, and furnishes the

property of eight mountain schools free to local boards of trustees for the operation of schools in the mountains; it operates the Southern Baptist Sanatorium in El Paso, Texas, which has, since October, 1930, paid its operating expenses; the Board has a building and loan department with $1,176,000 loaned to churches. The Board last year put 36 new missionaries in the field and opened 76 missions.

(c) The missionaries reported last year 3,740 baptisms, made 39,515 personal contacts with unsaved people, visited 22,000 homes, distributed 443,225 tracts, Bibles, and pieces of literature; and delivered 19,538 sermons.

(d) The Board has endeavored to faithfully perform its stewardship as an agency of Southern Baptists. It has enlarged its mission work, but has lived within its income and paid an appreciable amount each year on debts.

(e) In 1934 the Board received $320,030.95. This was $81,330.42 more than it received in 1933. Of this amount the women gave $94,273.57 in their March Week of Prayer and Annie W. Armstrong offering.

(f) The budget fixed for the year was $150,000 for missionary operations including overhead, and $170,030.95 for interest and principal on debts. The Board operated within this budget and for the first time in many years met all obligations without borrowing money for current work.

28. Report was discussed by Mrs. Mercer and adopted.

29. Report on Foreign Missions by Rev. Ira S. Harrell.

(a) For ninety years Southern Baptists as a Convention have been laboring in foreign fields. We have grown from two lonely gospel pioneers to three hundred eighty eight soldiers of the cross These are manfully proving themselves valient servants of Jesus.

(b) These years have been filled with many gloomy scenes. Death has evaded our ranks and claimed some of our choicest spirits. Some of our most experienced Christian men and women have lain their armours down to join the ranks of the blessed resurrection throng. Financial losses have run into the thousands of dollars. The depression with its varied maneuvers hath visited our work with a blighting breath. From all these sources and more our foreign mission work has suffered terribly. Yet in spite of it all our work has moved steadily on to larger accomplishments.

(c) Today there shines in our sky a brighter star of hope. Our leaders have pledged themselves to the task of paying debts rather than the making of debts. They have determined not to enlarge the work until money is in sight or old debts reduced. The Lottie Moon Christmas offering of $214,000.00 saved the depression retreat and greatly enspirited our people. The Hundred Thousand Club has placed into our Foreign Mission Treasury $77,308.69, thus renewing our faith in a determined effort to get out of debt and stay out. From the four corners of our Foreign Mission territory there comes reports that there has been a gain in church membership of 21,733 souls and that the 204,894 Baptists in these lands gave $370,075.66 to Christ's cause last year.

(d) Our challenge is twofold: Make disciples of all the nations and teach them to observe all things Jesus has commanded.

30. Report adopted without discussion.

31. Music was rendered by Elizabeth City First Church choir.

32. M. A. Huggins, State Secretary, brought a stirring message, speaking to the reports on State, Home and Foreign missions and the Co-operative Program.

33. After congregational singing the Association was dismissed until Wednesday morning with prayer by Rev. Ira S. Harrell.

SECOND DAY

Morning Session

34. Congregational singing conducted by S. S. Davis.

35. Devotions by Rev. W. Frank Cale.

36. Report on Relief and Annuity by Rev. W. F. Woodall:

(a) The Relief and Annuity Board, located in Dallas, Texas, with Dr. T. J. Watts its Executive Secretary was born sixteen years ago.

(b) The Board operates under two departments—Relief and Annuity. The purpose of the Relief department is to give financial assistance to aged and disabled veterans of the cross. Every dollar given through our Co-operative Program or by designation is applied strictly to extending aid to those who have served and sacrificed in the Master's cause.

(c) To become a beneficiary of the Annuity Fund one must pay a small premium each year until he reaches the age of sixty-eight. At that time, or if he becomes premanently disable before that age he receives $500 per annum as long as he lives. At his death his widow receives $300 per annum until she dies or remarries. At her death or remarriage the children receive the $300 per annum until the youngest child becomes 21 years old.

(d) Last year the Relief Department aided in North Carolina 55 ministers and 53 widows, making a total of 108 beneficaries. These received $6,652.07; and of this $4,898.45 was given by Baptists of this state. Figured out, this would show a daily allotment of about 17 cents for each beneficiary.

(e) In view of these facts your committee would advise all ministers under 68 years of age to take membership, if possible, in the new plan of this board known as the "Service Annuity Plan."

(f) We would also insist that our Christian leaders endeavor to create a deeper interest in the matter among our people and to lead the churches to increase their offering to the Relief Fund so that its beneficiaries may have at least the necessities of life.

37. Discussed by Brother Woodall, and Revs. J. F. Colston and J. T. Byrum and adopted.

38. Report on Hospitals by Rev. W. Frank Cale:

(a) The North Carolina Baptist Hospital, located at Winston-Salem had its twelfth birthday last May 28. The year 1934 was an eventful one in the history of the hospital, during which material improvements were made.

(b) The main Hospital is a five story, fire proof brick building with basement. This building has a capacity for 108 beds, and is equipped with every modern hospital convenience. The nurses home is a three story fire proof building of 29 rooms with fifty four beds, also class rooms and assembly hall.

(c) Thte Hospital has a staff of 45 nurses, including trained nurses and those in training, three interne doctors, and 60 medical and surgical doctors who belong to the staff.

(d) The Hospital is visited daily by ministers of the different churches. Morning services are held daily, at which the sick and their loved ones at home are made the objects of special prayer.

(e) During the year 1934 the Hospiatl rendered 10,327 days of service that were paid for in full, 9,751 part pay days, and 5,018 free days.

(f) The Hospital received $11,098.73 from the 1934 Mothers'

Day offering. The Mother's Day offering is in important feature in financing the Hospital. The Hospital staff, therefore, urges that these offerings be made as liberal as possible.

39. Discussed by Smith Hagaman, Superintendent, and adopted.

40. Report on Orphanage by Rev. B. A. Mitchell:

(a) The strongest and most tender appeal before North Carolina Baptists is presented in the Orphanage work. The cry of the homeless child is imperative. Hence the strength of the Orphanage appeal, for it becomes the friend of such children.

(b) Our Orphanage work consists of two plants, the Mills Home and The Kennedy Home. By order of the 1934 session of the North Carolina State Convention, the name became, The Baptist Orphanage of North Carolina. Each home is a unit of the larger organization, but both operate under the same supervision.

(e) We now care for more than six hundred children in the Orphanage. More than one hundred seventy-five are being cared for by their own mothers through the aid of our Baptist people. Surely this institution which has cared for homeless children for fifty years makes a worthy appeal.

(d) There is inspiration in the advance to be made. The need bas been greater than our efforts. Still others stretch out their hands and cry out for a home. Shall we, as North Carolina Baptists, answer their cry for a home.

41. Discussed by Dr. I. G. Greer, Superintendent, and adopted.

42. Report on B. T. U. by Miss Addie Mae Cooke:

(a) The purpose of the Baptist Training Union is to discover and develop.

(b) It cooperates with all other phases of church work.

(c) It should have a vital part in the churches' conscience.

(d) Through the cooperation of the Southern Baptist Convention and our own state leaders we are offered special advantage in Training Union work.

(e) In North Carolina there are more than 2,400 unions, sixty-four of the 68 associations have associational organizations.

(f) In our Chowan Association we have 45 churches with 25 of these sponsoring Training Union work. It is our earnest desire that every church in the Association unite in the great work of training the young people for efficient service. We believe that the organization fills the need for training the members, both yourng and old.

43. Discussed by Miss Cooke and adopted.

44. Report on W. M. U. by Mrs. J. E. White.

(a) As we glance back over the past 47 years of woman's work in the Southern Baptist Convention we are conscious of the promise to the women when Christ said, "Go quickly and tell my disciples. . . lo, I go before you."

(b) The woman's work has grown from a small beginning until like a mighty river it sends its streams through every state in the South, refreshing the desert-places and causing them to blossom in the likeness of our Savior.

(c) The work during the past year has gone forward in every department. During the past year the women and children of our Association gave $4,354.58 for our mission program. We have increased our subscriptions to the Biblical Recorder and mission magazines and the number of tithers in our societies are continually increasing.

(d) Your superintendent has traveled over 800 miles in the interest of missions and has written 600 letters and 300 cards.

(e) No estimate can be placed on the comfort and service rendered through our organized personal service. The Spirit of the Master has been felt both by those who ministered and those to whom we ministered.

(f) But a part of this year's work belongs to the future. The heights we reach tomorrow will be determined by our vision today and the spirit of co-operation.

(g) We must face the challenge of a great work to be accomplished. The world with its teeming millions is waiting and longing for the message of our Christ. It is a challenge calling for a heroic effort. Can you not see the outstretched hands of millions and hear them pleading for the Bread of life? What shall our answer be to their cry? Shall we not usher in the golden age of His promise by more service and a greater consecration?

45. Discussed by Rev. D. S. Dempsey and Smith Hagaman and adopted.

46. Roll call of churches and delegates and registration of those who were not present on Tuesday.

47. Rev. A. H. Outlaw stated that the Committee appointed at the last session to investigate property of certain inactive churches had informed him that they had not been able to get the necessary information regarding the property of these churches.

48. On motion a committee was apopinted consisting of M. P. Jennings and J. P. Perry to replace the old committee. Said committee to make a report at the next session.

49. The Committee on Time, Place and Preacher recommended the acceptance of an invitation to meet with Providence Tuesday and Wednesday after the third Sunday in September, 1936, and that Rev. W. F. Woodall be selected to preach the Associational Sermon—Alternate, Rev. D. S. Dempsey. Report accepted.

50. Report of Resolutions Committee:

Dr. W. B. Edwards

(a) We, the members of the Chowan Baptist Association, were deeply saddened on September 5, 1935, when our Heavenly Father, in His infinite love and wisdom, saw fit to call home one of our greatest North Carolina laymen, one of the noblest Christians, one of our finest educators and best friends, in the person of Dr. W. B. Edwards, President of Chowan College,

Therefore be it resolved,

(b) First, that we bow in humble submission to the will of Him whom he so faithfully loved and served.

(c) Second, that the members of the Chowan Baptist Assaciation testify reverently to those rare qualities of mind, heart and soul, which invested Dr. Edwards with a personality that endeared him to his students and to all who knew him and enabled him to discharge every duty with acceptance and fidelity.

(d) Third, be it further resolved that we extend to his loved ones our deepest sympathy. May grace sufficient be theres in this sorrow.

(e) Fourth, that this tribute be placed up our minutes ,a copy be sent to the family and a copy published in the Biblical Recorder.

Rev. S. S. McGregor

(a) We, the members of the Chowan Baptist Association, were called to mourn the death of one of our most faithful and loyal pastors on January 14, 1935, in the person of Rev. S. S. McGregor.

Be it resolved, therefore,

(b) First, that even though we lament the loss of our esteemed friend and servant of God, we submit to the will of God who doeth all things well.

(c) Second, that this Association reverently and appreciatively testify to the faithfulness, devotion to God's cause, the fruitfulness of his ministry, and to the sacrifice seen in his life.

(d) Third, that we place this tribute upon our minutes, have a copy sent to the bereaved wife and a copy published in the Biblical Recorder.

(a) Resolved, that this Association look with favor upon the recognition and observance of Layman's Missionary Sunday in November and that all our churches be asked to make as much of that day as possible.

(b) Resolved, that we heartily endorse the American Bible Society in its purpose of making the Bible widely and more easily available and read, and

(c) That we heartily endorse the celebration this year of four hundred years of the printed English Bible.

(d) Resolved, that this Association express its grateful appreciation to the Sandy Cross Church and to all others who have contributed so graciously to the making of the Association one of the most pleasant and profitable that he have ever had.

57. The retiring Moderator made a farewell address and a vote of thanks was extended him for his services during the year.

58. Music by the Edenton Male Quartette.

59. On motion ten minutes were allowed on the program to hear a phonograph recording by Dr. John R. Sampey—a speech on the work of the Southern Baptist Seminary.

60. Report on Sunday Schools by Roscoe Wynn:

(a) Jesus placed teaching next to preaching. He said: "Go ye into all the world and preach the gospel to every creature, teaching them to observe all things whatsoever I have commanded you." It is in obedience to His command that the churches maintain the Sunday School.

(b) The Sunday School is "by divine providence in our hands an institution with a wonderful history, magnificent achievements and untold potentialities." Yet in America only one person in four is in Sunday School. Our observation lead us to conclude that one person in four is the average for our Association.

(c) There are 45 churches with 11,036 members in this Association. In these churches there are 44 Sunday Schools with an enrollment of 8,676 pupils and 790 teachers and officers. Enrollment should be larger than church membership. All church members should be members of the Sunday School, plus all who are not members of the church. There is a place in one of the departments for every person. Any who are too young to attend Sunday School should be enrolled in the Cradle Roll Department. All who cannot attend should enroll in the Extension Department.

(d) We urge renewed acceptance by the churches of the Sunday School as an instrument in the hands of Christian people to magnify preaching, enlist and train more people in teaching the Bible, keep and magnify the use of the Bible.

(e) Your Committee recommends larger use of the Associational Sunday School Organization to: Supplement the time allotted in the annual meeting for more adequate discussion of plans for Sunday School work, aid in reaching churches unenlisted in the Baptist program, serve as a barrier against outside cults seeking to lead our people away from the pths blazed by our forefathers, help weak churches, preserve and propagate distinctive Baptist principles, and unify our churches in all their work.

61. Spoken to by Brother Wynn and adopted.

62. Report on Religious Literature by Rev. J. T. Byrum:

(a) Information is the foundation of all interest. This is true in spiritual matters as well as in material. We are not interested in things and persons we know nothing about. Many of our people are more interested in prices, politics and prize fights than they are in the praise of God and the progress of His Kingdom. This is because they read such literature that keeps them informed as to details. In our opinion, the lack of information is the first reason

why 68 per cent of our Baptist people are unenlisted. Enlightenment must precede enlistment. It is a fact that the best informed Baptists, as a rule, are the most active.

(b) Southern Baptists are going a long way and at great expense to furnish good relious literature to meet the needs in every department of our work. Under the head of the Department of Survey, Statistics and Information, Dr. E. P. Alldredge, Sec., says: "The first, greatest and most costly feature of our work is the gathering and passing out of information. We continue to take all the main religious weeklies of all the representative denominations of the world; also the two great daily papers of the nation; also some 30 magazines which throw light upon the work of Christianity at home and abroad. In addition, we continue to secure copies of the year books of all denominations, and also the newly published books dealing with special phases of religious life and work in America. From these five sources we gather and file information along many lines and pass out this information to Baptists everywhere." From these sources come much information to inrich the books, magazines, periodicals, papers, pamphlets and tracts that are offered to our people.

(c) Because of the necessity of informing our constituency as to the needs and progress of Kingdom work, we urge our people, especially the heads of families and leaders of our various organizations, to subscribe to our religious literature.

63. Report was adopted without discussion.

64. Mrs. Chas. Johnston, Jr. rendered a vocal solo.

65. Report on Temperance by Rev. A. A. Butler:

(a) Temperance is an age long question. The word implies proper control of self, and all other things with which we have to do. So, viewed from any angle, it is a big question, covering a large territory.

(b) In this report we are dealing with one phase of this many sided question, namely: Temperance as it relates to the liquor business.

(c) No greater evil has ever cursed the world than that of liquor for beverage purpose. Your committee challenges any person to prove this statement untrue.

(d) This being so, and all Christians being bound by the word of God as their only and all-sufficient rule of faith and conduct, there is only one consistent attitude toward liquor and that is given by Paul in I Thes. 5:22: "Abstain from all appearance of evil." This can only mean the Christian is not to "Look upon the wine when it giveth its color in the cup," to say nothing of manufacturing, selling, and drinking it. This applies with equal force to any form of intoxicating liquor, by whatever name it may be called.

(e) The Association by adopting this report re-affirms its unalterable conviction, based up what we believe to bea fair and righteous interpretation of God's word, that no individual, municipality, county, state, or nation has the moral right to manufacture, sell, give away, or use intoxicating liquors for beverage purposes, or to sell, or give a license to any other individual or ocrporation to do so; and for the very good reason that such an act makes the giver, or seller of such license responsible for all the evil that results from the manufacture, sale, and use of such liquors. What sane man or woman wishes by his or her vote or otherwise to assume such a responsibility?

66. Spoken to by Brother Butler and Rev. J. M. Page and adopted.

67. Auditors Report:

PROCEEDINGS

FIRST DAY

Morning Session

1. The One Hundred Thirty First session of the Chowan Baptist Association convened with Providence Church September 22-23, 1936. Rev. E. H. Potts, Moderator, presiding.

2. After congregational singing devotions were conducted by Rev. John L. Pearce.

3. Report of the Program Committee was read by Rev. D. S. Dempsey, chairman, and on motion was adopted.

4. The address of welcome was delivered by Rev. John R. Link, pastor local church, and response was made by Rev. E. H. Potts.

5. The following visitors were welcomed during the session: E. M. Terrell, Richmond, Va.; Rev. and Mrs. L. M. Dixon and E. T. Forehand of the West Chowan Association; Mrs. Kate Wilson, Ocean View, Va.; Dr. R. R. McCulloch, Rev. R. S. Monds, Miss Forrest Delano, Miss Lila Ward Cooke and Miss Martha Yates Seymore, Chowan College; M. A. Huggins, Mrs. Charles E. Brewer, Hugh Johnston and Rev. R. F. Terrell, Raleigh; Rev. Jimmie Sawyer, Mrs. Hellen Edwards, Mrs. J. G. McCoy, and M. V. Butt, Norfolk, Va.

6. The following new pastors in the Association were recognized: W. D. Morris, C. B. Rogers, Claude Tuten (Not present on account of illness in his family), and J. L. White (Not present on account of attending the 50th wedding anniversary of his parents, Rev. and Mrs. J. L. White, Sr., Miami, Fla.)

7. Report on Religious Literature by Rev. W. F. Woodall:

(a) People never have had so much leisure as in the day in which we live. Working hours have become fewer and there is much unemployment. Our character is determined to a great extent by what we do in our leisure hours. Much of this time is used for reading. People are going to read something. Religious literature may have a large and most important place in forming character, we become a part of all we read. We must become enlightened before we are willing to be enlisted. We must become informed before we become inspired. One of the reasons many of our Baptist people are unlisted and uninspired is that they have no contact with our religious literature.

(b) In November of last year the circulation of the Recorder was 10,500. Of the 1,175 ordained ministers who were pastors 605 were taking the Recorder; 97 of the 550 ordained ministers not in the pastorate were taking it; 410 of the 2,384 Sunday School superintendents, and 395 of the 1,100 W. M. S. presidents were taking it.

(c) However, the Recorder has had during this year an increasing number of new subscriptions. This is due primarly to the "Weekly Pay Plan" and the reductions of the price from $2.00 to $1.50 for the churches that secured new subscriptions and renewals to the number totaling not less than 10 per cent of the reported membership.

(d) The Charity and Children, the splendid religious paper publsihed by our orphanage, has a circulation of 29,671. For the calendar year of 1934, 772 Sunday Schools had a club of Charity and Children.

(e) As we think of literature let us not forget the Bibical Recorder, Charity and Children, Window, World Comrades, Royal Service and Home and Foreign Fields, and give a place to such in our homes and hearts.

8. Spoken to by Rev. R. F. Terrell and adopted.

9. No report on Baptist Brotherhood was read but several spoke favorable to the program and for the first time some Brotherhoods were reported as having been organized in the Association.

10. Report on Relief and Annuity by Rev. D. S. Dempsey:

(a) "The laborer is worthy of his hire," thus the Relief and Annuity Board is undertaking a two-fold task. First, to provide a worthy income for aged ministers and their widows. Within the past eighteen years more than one million seven hundred and fifty thousand dollars has been paid by the Board through its Relief Department. Second, to provide against the day of old-age and need a pension fund. Nearly one million dollars has been paid in benefits through this department.

(b) Many interested ministers have been confused because of the different plans. The Board is emphasizing and urging only two of the many plans namely, the New Individual and the 3-3 plan. 1. The Individual Plan is a pension. The entire premium is paid by the minister. The disability is limited to the amount of money paid in plus the interest earned and credited to it each month. 2. The 3-3 plan in which the pastor, church and Board are all three involved. (1.) The pastor will pay in monthly installments an equivalent of 2 1-2 per cent of the minister's salary, adding for free use of parsonage 15 per cent to the cash salary. (2.) The church will pay an equivalent of 8 per cent of the minister's salary, adding for free use of parsonage 15 per cent to the cash salary. (3) The Board will undertake to build up a strong contigent fund to suppliment the earned annuities to those who fall short of the fifty per cent average salary for a period of 35 years of service.

(c) Your committee recommends that every minister not already holding a certificate with the Relief and Annuity Board make a special effort to come in on either the New Individual or the 3-3 plan at the earliest possible date.

11. Spoken to by Brother Dempsey and adopted.

12. The Moderator appointed the following committees:

13. Committees—Rev. John R. Link, Chairman, Revs. D. S. Dempsey, B. A. Mitchell, Mrs. J. P. Barnard and Norman Trueblood.

22. After congregational singing Rev. W. F. Woodall preached the Associational sermon. Text: Mat. 26:39.

23. Adjournment for lunch—benediction by the Moderator.

FIRST DAY

Afternoon Session

24. Congregational singing led by Jim Daniels.

25. The house being filled fifteen minutes before the set time to begin the afternoon session, on motion the program began.

26. Devotions were conducted by Rev. C. B. Rogers.

27. Special singing by Jim Daniels and G. W. Lassiter—the congregation joining in the chorus.

28. Rev. E. H. Potts, spoke on: "The Work in the Association." He gave a digest of the church letters received and made an appeal to "go a little farther."

29. Report on W. M. U. by Mrs. J. E. White (Read by Rev. W. D. Morris in the absence of Mrs. White):

(a) Again we come with the annual report of the W. M. U. work in The Chowan Association. We point with just pride to the steady growth and to the steady activities in every phase of our work, realizing that the increase has been due to the untiring services of those whose only compensation has been unceasing loyalty, unselfish devotion and persevering service. Our women have felt that it is a far nobler persuit in life to minister than to be ministered unto, and because of this spirit, this report has been made possible.

(b) The Chowan Association lead the state in the number of A-1 organizations. Three Churches were Hobbsville, Shiloh and Edenton. The young people are still very enthusiastic about the tithing contest and there is an increase in their gifts.

(c) All the societies are interested in Mission Study, there being an increase in the number of classes in nearly every one. The need for personal services has been large and our women have been uplifted in trying to answer the calls, not only those for material sustenance, but they have tried to satisfy the spirtual hunger. The work with the young people has grown.

(d) Your Superintendent has traveled 1200 miles and written over 300 letters in the interest of missions.

(e)Each of us may be justly proud of every report that we have helped make possible and true to the spirit of those women who have labored before us, and whose responsibility we have inherited. With a sense of the great power we hold, I urge each of you to become more conscious in fostering the love of that which is our proud and priceless possession—organized W. M. U. work for the coming of the Kingdom.

30. Report on State Missions by Rev. H. B. Hines (Read by Rev. D. S. Dempsey in the absence of Brother Hines):

(a) An Aggressive State Missions program is the base of all missions and benevolence. Churches which do not support such a program can not hope for efficiency in missions and benevolence. Some of our churches which are doing fine work in the fields are churches which have been aided by our Board. This fact proves the value of state missions in the whole mission field. If we are missionary in our state we will be world missionaries; for we can not separate the state mission spirit from the world mission spirit. Therefore, it is necessary for a church to be an active supporter of state mission program. State missions and Christian education working together constitute a world influence which is felt not only in the larger world field, but in the local church,

(b) Through state missions our churches are in touch with many worthy causes. Aid is given to churches unable to support pastors. At present about 160 churches are receiving aid. Churches in educational centers are aided that they may minister to students away from home. The Board maintains a Sunday School and Baptist Training Union Department and is rendering aid in church building. It is making it possble for Rev. Wayne Williams to minister to sick veterans in the government hospital at Oteen; For several years it has supported Rev. and Mrs. M. C. Lunchford in preaching to Indians in Robeson County. Work is being done also among Negroes in cooperation with the Negro State Convention. Two general missionaries are supported by the Board who hold revivals, visit general meetings, and help churches to form fields.

(c) The report at the last State Convention showed the largest offering for this object since 1927. This encourages us toward a greater state mission program.

31. Report on Home Missions by Rev. J. L. Pearce:

(a) Geographically our Home Mission task is not changing but there are changing opportunities. The old frontiers of Home Missions have passed away. The geographical frontier is giving place to the social, racial and economic frontier. The wide expanse of the prairies of the west is being replaced by the industrial centers and raidly growing cities. City missions, evangelization of the foreigners, work among our brothers in black, good will centers and rescue missions, missions to the Jews, missions to the deaf and dumb, missions to the Indians, missions in the mountain sections, mission work in Cuba and Panama, all these are cast into a new mold and are demanding a new appraisal and a new approach.

(b) The Home Mission Board is aware of this new day. Its missionary activity is guaranteed by an honorable agreement with our creditors. There are about 250 missionaries and workers in the sanatorium, schools and goodwill centers. There are 598 mission stations maintained, 5 goodwill centers, 2 rescue missions, 1 seaman's institute; 29 schools are operated by home missionaries in Panama, Cuba, and the Homeland. Property is furnished for 8 mountain schools free of charge to local boards of trustees. A tubercular sanatorium in El Paso, Texas, is being successfully operated. A building and loan department has loaned nearly one and one quarter million dollars to churches. During the past year this board has conducted its enlarging work without borrowing a penny for operating expenses and has also paid off a substantial amount of its indebtedness last year. The Home Mission Board placed 36 new missionaries in the field and opened 76 new missions. But best of all is the record of 3,740 conversions and baptisms during the past year.

32. The committee on Foreign Missions did not submit a report.

33. After congregational singing Rev. John R. Link gave an address on Missions and all mission reports were adopted in one motion.

34. The Moderator called attention to the importance of the churches sending letters and contribution to the Clerk not less than two weeks before the meeting of the Association.

35. Adjournment for the day.

SECOND DAY
Morning Session

36. After congregational singing devotions were conducted by Rev. B. A. Mitchell.

37. Report on Christian Education by Rev. J. T. Byrum:

(a) The education of the soul is the soul of education. To propagate this idea three institutions are charged with the responsibility: home, children, and the school.

(b) Christian education magnifies Christian invironment, Christian teachers, effort, character, and truth.

(c) Christian education finds a life motive and standard in Jesus of Nazareth.

(d) Southern Baptists have gone far afield to meet the needs for Christian education, and trained denominational leaders. There are four seminaries and training schools dedicated to the specific task of training young people for religious work. These four institutions enrolled last year 1,191 students ,a gain of three hundred and more over the year before. Our twenty-nine senior colleges reported last year an enrollment of 16,491. Our twenty-one junior colleges had an enrollment of 4,439; our sixteen academies 1,779. There are four home mission schools which are evangelistic forces reaching out to win lost souls. We have 206 schools in foreign lands with a total enrollment of 13,712.

(e) Reports from our junior and senior colleges in North Carolina indicate that every one of them will be taxed to the limit to take care of all who desire to come.We are told that there is a real housing problem at Wake Forest and at Mars Hill. Wake Forest registered more than

one thonsand students last year. The prospects are that a larger number will enroll this year.

(f) We are happy to note that the privilege of holding dances on the college property has been withdrawn. Chowan College under the new president, Dr. Roy R. McCullock is making progress and improvements. This college is in great need of better equipment. A campaign for $175,000 has been projected with the assitance of Rev. R. S. Monds. It is hoped that these brethren may have a hearty response.

38. "It pays to Serve Jesus" was sung by Misses Forrest Delano, Lila Ward Cooke and Martha Yates Seymore of Chowan College after which Dr. R. R. McCulloch, President of Chowan, spoke to the report on Christian Education and the report was adopted.

39. Report on Hospitals by Dr. I. A. Ward (Read by Rev. J. L. Pearce in the absence of Dr. Ward):

(a) The program of Jesus includes caring for the sick, as is seen in both His ministry and that of the apostles. The bodily healing of the sick occupied a large place in the ministry of Jesus and in His description of the great judgment He showed the place that such care is to have in the lives of His followers. See Matthew 25: 35-40.

(b) Through the support of our Hospital, at Winston Salem, we have one means of rendering this service.

(c) The Hospital is growing in its service to the sick, as may be seen by the following comparative figures: Average number per day who entered the Hospital in 1933 was 60. Average number per day who entered the Hospital in 1934 was 72. Average number per day who entered the Hospital in 1935 was 87.9. And in 1936 the average is now running close to 100 per day.

(d) Since the Hospital was opened in 1923 ,a little more than 33,000 patients have entered for treatment.

(e) The Hospital will have this year, at its present rate, 1458 free and part pay patients. Apart from the funds received from the Duke Endowment, the Hospital is dependent upon the churches and Sunday schools through their Mother's Day offering for the hospitalization of this vast number of free and part pay patients.

(f) The different organizations of our women are rendering an exceedingly valuable service to the Hospital, by furnishing linen, such as sheets, pillow cases, towels, tray covers, etc. These are always needed and gratefully received.

(g) We might add that the Hospital has a staff of sixty six doctors and surgeons also, a school in which nurses are trained with a christian ideal of service.

40. The report was adopted without discussion.

41. Report on Orphange by Rev. W. S. Tillman:

(a) It is said that during the world war while a heavy shell fire from both American and German armies a year old child crawled up near the trenches of the American soldiers. A small hut near the firing line had been crushed when struck by a shell. The parents of the child were killed and the child left the ruins not knowing the danger nor where it was going was soon discovered by the gunners. Immediately a peace signal was sent up and instantly things were deathly quiet. A place of safety and comfort was found for the child before engagements were resumed.

(b) The strongest appeal before North Carolina Baptists is the care and protection of our homeless children. And while we cannot care for all at Thomasville and Kinston the Lord has shown us a more excellent way—Mothers Aid. In this way the mother is assured of the strong arm of protection of the good Baptists. In this way hundreds of children are helped each year.

(c) Yet there are hunders of unfortunate children who need aid or homes. And many of our churches and Sunday schools should raise the peace flag and find some place of safety for them.

(d) "Inasmuch as ye did it unto one of these little ones, ye did it unto me."

42. Discussed by Rev. J. A. McMillan and Norman Trueblood and adopted.

43. The committee appointed at last session to look into the title of property of inactive churches made the following report:

(a) We, your committee, to investigate the conditions of Shady Grove Church, Currituck County beg leave to report that

(b) A member of the committee visited the community and church and found the following facts: The church building is approximately 30'x40'. It is in good condition with exception of roof and windows. Both upper and lower sash are out of three of the windows and one sash is out of another with additional glass gone from some of the other windows. There are several leaks in the roof and that is causing the plastering to fall in a few places.

(c) It was found that the building was constructed in 1828.

(d) No services have been held in the building by the Baptists in about eight years. An outside denomination held services for a few Sundays but moved on. There seems to be not more than 6 - 10 members left in the community. The others have moved to other churches. Two of the board of deacons are living, E. F. Humphries, in the community, and T. W. Harrell, some distance, near Maple. Bro. Humphries was serving as church clerk when church services ceased to be held. Rev. Swann was the last pastor.

(e) There are 25 - 30 pines, large enough for mill logs, estimated 10 - 15 thousand ft.

(f) The one deacon who was talked with suggests that the building and property be sold. Others in the group, former members, said that they considered it useless to undertake to reorganize

44. The report was accepted, committee continued and Chester Morris was added. The committee was requested to see if the property of the church referred to in the report as well as other inactive churches in the Association can be sold by the Association and report at the next session.

45. Rev. W. S. Tillman reported that Whale's Head church was dead and desired to remain so and on motion it was dropped from the list.

46. Report of Committee on Committees:

(a) Executive Committee: B. B. Flora, Chairman, W. J. Rountree, Mrs. Charles Johnston Jr., Mrs. J. L. White, W. T. Love, Jr., Revs. J. L. Pearce and W. F. Woodall.

55. Adjournment for lunch.

SECOND DAY

Afternoon Session

56. Congregational singing.

57. On motion the Association gave Dr. R. R. McCulloch ten minutes to discuss the program of Chowan College. The trio of young women from the college sang and Dr. McCullock spoke.

58. Congregational singing; prayer was led by Rev. C. B. Rogers.

59. Report on Temperance by Rev. W. D. Morris:

(a) Temperance means habitual moderation and control in the indulgence of appetites and passions; in other words self control.

(b) Temperance puts wood on the fire, meal in the barrell, flour in the tub, money in the purse, credit in the country, contentment in the house, clothes on the back, and vigor in the body," says Benjamin Franklin.

(c) Wine is a mocker, strong drink is raging: and whosoever is deceived thereby is not wise. Prov. 20: 1. All intoxicating drinks are deceptive. They seem to give strength, but in reality cause weakness. They seem to create heat, but in fact lower the general temperature; they seem to impart vitality, but really destroy life; they seem to promote happiness, but cause the greatest unhappiness and misery. To intemperance may be attributed much of the world's sorrow.

(d) To individual—alcoholic liquors, whether fermented, brewed, or distilled, are poisonous, increasing greatly the liability to fatal termination of diseases, weakening and deranging the intellect, polluting the affections, hardening the heart, and corrupting the morals, bequeathing to posterity, a degeneration of physical and moral character.

(e) To the Family—a disturber and destroyer of its peace, proseprity, and happiness, and thus removing the sure foundation for good government, National Prosperity and welfare.

(f) To the Community—producing demoralization, vice, and wickedness, counteracting the efficacy of religious efforts and of all means for the intellectual elevation, moral purity, social happiness and eternal good of mankind.

(g) Therefore: be it resolved—

(h) That the Chowan Baptist Association voice its sentiments against such a curse to the individidual, family, community, State and Nation.

61. There was no Sunday School report submitted owing to the death of the President of the Associational Sunday School Convention, Brother L. W. Holloman, who was to submit the report.

62. Report on B. T. U. by Rev. John R. Link:

(a) The Baptist Training Union work has grown rapidly within the past few years. At present it includes far more than the earlier B. Y. P. U. organization. It now seeks to reach and train Baptists from juniors to adults inclusive.

(b) Over one half of the 45 churches in the Chowan Associatian have some Baptist Training Union organization. Several new unions were organized during this year. The promotion work has gone forward in a greater way this year. We sponsored an associational organition. We also have an associational B. T. U. promoter, John Link, appointed by the moderazation headed by Miss Addie Mae Cooke. The annual meeting held at Corinth was very inspirator. The promoter has contacted several churches and sponsored a worker, Lewis Ludlum, from the Sunday School board who taught several B. T. U. study courses. Other study courses have been taught by the local church workers. The Elizabeth City district, headed by Miss Margaret Savin, held its annual study course at Blackwell Memorial which was well attended. More of our young people attended the N. C. Baptist Training Union conference at Ridgecrest this year than ever before. The conference at Chowan College was also well attended.

(c) The work in our Association shows that the young people are anxious to be trained; therefore we call for more pastors and lay leaders to take an active and progressive step in Baptist Training Union work.

63. Discussed by Brothers Link and E. H. Potts and adopted.

CONSTITUTION AND RULES OF ORDER

(Adopted at the 1929 Session)

Article 1. This body shall be known as the Chowan Baptist Association of North Carolina.

Article 2. This body shall be composed of white messengers, elected annually by the churches connected with it, and all ordained ministers, who are members of, or are laboring in connection with the churches. Each church shall be entitled to three messengers, and in addition thereto one messenger for each one hundred members in excess of one hundred. All members of standing committees and other officers of the Association shall be ex-officio members of the Association.

Article 3. The Association shall have no control over the churches other than the right to inquire into their condition, advise them in matters of difficulty, to withdraw its fellowship from such as may be corrupt in doctrine or practice, after due measurers are taken to reclaim such a church, or churches, and they remain incorrigable. The object shall be to promote among them fraternal union and sympathy and mutual co-operation for the dissemination of the gospel within its bounds and the world.

Article 4. The Association shall have the following officers: A Moderator, Vice-Moderator, Clerk-Treasurer and Assistant Clerk-Treasurer, who shall be elected annually, and whose duties shall be those usually required of such officers.

Article 5. Any regular Baptist church may be admitted to membership in the Association upon application, and with the proper credentials, and

a majority vote of the messengers present and the membership of any church in the Association may be terminated who shall fail to send messenger or a letter for two successive sessions of the Association, or upon application for dismissal.

Article 6. It shall be the duty of the churches to correspond annually with the Association by letter and messenger and give not only full statistical information, but also facts concerning their general welfare; and to send contributions to pay the expenses of the Association. The Clerk shall furnish the churches with two printed forms for their annual report, these to be mailed at least six weeks before the annual session of the Association, and the churches are requested to have the letters in the hands of the Clerk not less than two weeks before the meeting of the Association.

Article 7. The Association shall furnish the churches with a number of printed minutes within a reasonable time after each session in proportion to the money contributed by each church to defray the expenses of the Association. The Associational year shall run from August 1st to July 31st.

Article 8. The Association shall elect annually an Executive Committee of seven members, the officers of the Association being members ex-officio, whose duty it shall be to transact whatever business may require attention between sessions of the Association, and to confer with the churches of the Association which may be in need of assistance. The committee shall assist any churches which may need to be formed into compact fields or may desire assistance in securing pastors; to inquire into the cause and correct, as far as possible, the failure of a church, or churches to be represented and to act for the Association, ad interim, whenever it may be necessary and proper to do so. 6. Rev. R. F. Terrell, representing the Biblical Recorder, addressed the Association on the subject: "Keeping Up With The Work."

7. **Report on Hospitals by Dr. T. W. Blanchard:**

(a) "I was sick and ye visited me."

(b) As followers of Jesus we believe that a well rounded program of Christian endeavor includes some plan to help the physically and mentally sick to regain their health, for in the ministry of Jesus we find it had a prominent place.

(c) In order to partly answer such a call to service, the North Carolina Baptist Hospital was built at Winston-Salem in 1923. The main building of which is a five story fire proof brick structure with a capacity of 108 beds and equipped to give the most modern treatments. In connection with the hospital, and under the same management, is a well equipped home for nurses.

(d) The hospital has a staff of about 60 doctors and a very good nursing service of both graduate and undergraduate nurses. The undergraduates are being trained with a Christian ideal of service.

(e) The hospital is a growing institution in its service to the sick, the number treated daily has about doubled in the last four years, at present about 100 patients per day are being treated, a large part of which for no pay or part pay.

(f) Let us as individual Christians realize that by helping this institution we are taking advantage of one of our glorious opportunities to visit the sick and with God's help heal them.

(g) The Mother's Day offering is our direct contribution to strengthen the finances of this hospital so let us make special preparation for a liberal contribution on that occasion. Also the women's organizations contributing supplies are doing a laudible service.

(h) "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

8. Spoken to by Dr. Blanchard. Mr. Smith Hagaman, Supt. Baptist Hospital, Winston-Salem, N. C., also in this connection gave an address on the subject: "Helping the Sick." The report was adopted.

9. After congregational singing the Moderator led in prayer.

10. Rev. M. O. Alexander gave an inspirational and helpful address on the Co-operative Program.

11. Report of Committee on Inactive Church Property:

(a) We the undersigned committee, appointed to investigate and make recommendations relative to the status of the inactive Churches in the Chowan Baptist Association, respectfully submit the following as our report:

(b) We have examined the status of the Shady Grove Church and we find the Church is now inactive, practically all of the members have moved away to other churches, many to other denominations, there has been no services held in the Church by our denomination for several years. The Church building is now in a bad state of repair, practically all of the window lights have been destroyed, the roof is in a leaky condition and the interior of the church including the pews is in a fair condition owing to the manner in which the same has been exposed to the weather. There is no possibility of the church being reorganized due to the fact that the congregation or membership have gone to other churches. We have examined into the title of the Church property and we find that the original deed to the Church property or a portion thereof was made by one Duke Bell and wife in the year 1829, and in that deed the condition was stipulated that the property was to be used expressly for the purpose of worship by the Baptist denomination, however no clause appears for the revertion of the property. Later another deed was made by one S. K. Cox and wife to the Trustees of the Church which deed conveyed the property in fee simple without any condition attached, this deed apparently covers the original tract also in the description. We herewith submit copies of the deeds to the property as recorded in the office of the Register of Deeds of Currituck County.

(c) It is our recommendation that the timber trees standing on this property be offered for sale, there are a number of standing trees on the property some of which are very good timber trees, we estimate that there is on the property several thousand feet of timber. We suggest that the timber be sold or offered for sale by the Association and deeded by quitclaim deed or deed bearing special warranty so that the title offered for sale be whatever title the Association holds under a proper construction of the deeds. We understand that there is a possibility that Providence Baptist Church needs the church building for the purpose of erecting additional Sunday School Classrooms and it is our recommendation that if the membership of the Providence Church desire the building that it be permitted to tear down the building and use the lumber in the construction of such school rooms as they shall deem proper to meet the needs of the school. As to the land we suggest that it be offered upon the same conditions as the standing timber after the timber has been sold.

(d) We have investigated the condition of the Corolla Baptist Church and we find that for some considerable length of time no regular preaching service has been held in the Church, our investigation discloses that there is conducted a Sunday School inter-denominational and the Sunday School is held practically every Sunday morning. We also find that occasionally a visiting minister will hold Church services there, the services not being confined to the Baptist denomination. The people that were contacted seemed to be interested in the Church and one or two of them expressed the desire that Church services could be resumed. The Church building is in a fair state of repair. The building badly needs a coat of paint especially on the north side and the members stated that they had hoped to do this but that economic conditions there were such that they could barely supply the members of the Sunday School with the proper literature to conduct the Sunday School.

(e) It is our recommendation that this Church be continued it seems to be serving a great need and while the people are not enjoying the privilege of hearing a regular pastor we feel that the membership should be encouraged and that as often as possible a Baptist Minister from the nearby churches visit the Church and conduct a preaching service for them.

(f) Since our appointment we have examined into the condition of the Olivet Church and we are pleased to report that the Church has been reorganized, the building has been repaired to the extent that it has at least been re-roofed, and the building is in now fairly good condition. There is being conducted a regular Sunday School and preaching services are held at the Church at regular intervals.

(g) We regret to report that we have not completed our investigation as to the condition of the Church and we respectfully recommend that a committee be appointed to complete the investigation and to make its report at the next meeting of the association.

12. Report accepted and the committee to continue investigation and carry out the recommendations adopted in the foregoing report.

13. Enrollment of messengers and ministers.

14. One new pastor was presented and welcomed to the Association—Rev. H. L. Swain.

15. On motion the petition of Olivet church having been off the list and

inactive for several years but now reorganized and active was readmitted to the Association.

16. Committees were appointed as follows:

17. Committees—Rev. J. L. White, Jr., Rev. B. A. Mitchell, B. B. Flora.

FIRST DAY — SEPTEMBER 21, 1937

Afternoon Session

26. Congregational singing.

27. Devotions and prayer by Rev. H. L. Swain.

28. Report on Baptist Brotherhood by Rev. B. A. Mitchell:

(a) The Chowan Baptist Association has no associational organization of the Baptist Brotherhood. The activity of the Brotherhood in our state is so scant that it is not reported in our convention annual.

(b) Since the work is so little known among us, perhaps a word of explanation and appeal may be of help. There is a southwide organization known as the Baptist Brotherohod, with J. T. Henderson, Memphis, Tenn., as general secretary. The Brotherhood is designed to mean the same to our men that Woman's Missionary Union means to our women. The Brotherhood program is teaching and encouraging among our men, missions, stewardship of life, weekly giving based on the tithe, study classes for deacons, layman's day, and a wider general usage of the talent of our male constituency.

(c) There are only a few Brotherhoods in North Carolina, but we did have a great men's meeting last spring.

(d) In respect to Brotherhood work in the Chowan Association, we are able to report that a great associational men's meeting was held at Hertford, N. C., in the spring. We report one Brotherhood in Cool Spring Church, which grew out of the meeting of a number of young men with the Y. W. A. girls. There is an organization also at Reynoldson.

(e) We commend and urge the organization of Brotherhoods in the churches, to the end that Baptist men may be enlisted in a New Testament program.

29. Spoken to by Brother Mitchell and Rev. T. L. Brown and adopted.

30. A beautiful solo selection was sung by Master Gerald White from Beulah Church and a standing vote of thanks was extended him.

31. Report on W.M.U. by Mrs. J. E. White (Read by the Moderator in the absence of Mrs. White):

(a) The past year has been one of unusual activity in the Chowan Association. Our hearts are filled with joy and thanksgiving to God for His blessings upon our work, as we have tried to witness for Him in our Judea.

(b) It has been a pleasure, a privilege and a wonderful experience to work with

the people that comprise the Chowan Association. I attribute entirely to the loyal support of these women, who are upstanding with a clearly defined purpose courageously upheld, and followed, the fruits of their endeavor during my time as Superintendent.

(c) We have seven counties in this Association, each directed by a woman full of vision, courage and faith in themselves that they will succeed. It is due to the noble achievements of these, and to the loyal, understanding prayers and encouragement of their followers who unselfishly wrought, that we have written an inerasable record, a record that shows progress along all lines.

(d) One of our chief aims for the year is to interest the women and the young people in the 100,000 Club. As a result we have increased our membership over 200 per cent.

(e) All societies note especial interest in mission study, personal service and the training of young people.

(f) We go forward in faith in our God, faith that can perform miracles even as it can move mountains. To God we owe everything. Without Him we are nothing. May each individual in our great Association realize that she is of great importance in her community. Not all can be leaders, not all designated for distinction, but each day can take just pride in work well done and this work, no matter how insignificant it may seem, when done in His name, is of priceless value to the on-going of His Kingdom.

32. Spoken to by the Moderator and adopted.

33. Report on Home Missions by Mrs. W. W. Upton (Read by Mrs. J. G. Brown in the absence of Mrs. Upton):

(a) Our Home Mission task is growing because of the vast number who come to our shores and because of the new complex of life in our social and economic order. It is necessary therefore to enlarge our order.

(b) Home Missions, which goes beyond the State, is that group of missionary and evangelistic tasks which either because of their nature or their size and difficulty can best be handled by a Southwide denominational agency.

(c) The objective of the Board is to evangelize the lost in the homeland. They are to win the Southland for Christ, to train those who accept Christ for the task of winning the world.

(d) The evangelization of our own land is a primary task. Forces making for wickedness are more potent than ever before. Our churches are feeling the impact of the modern world spirit, and it is tending to waterlog our spiritual life.

(e) We must face these facts in the light of the changing conditions. Missions at home is more than preaching the Gospel to underprivileged groups. It has to do with the growing of a missionary denomination. We need to rebuild the spiritual and missionary morale of our people. We need to rekindle the fire of interest in a lost world. We must shoot through and through the life of our denomination with a passion for souls and undergird every organization from the cradle roll in our Sunday Schools to the ministry of our pastors with evangelistic and missionary spirit.

(f) The Board is getting out of debt faster every year and increasing the number of our workers and mission endeavors. As a result there are several thousand conversions and baptisms every year. God is blessing our work in a great way.

34. Report on Foreign Missions by Rev. W. D. Morris:

(a) The Foreign Mission Board is grateful to God for His manifold blessings and to Southern Baptists for their loyalty, love, prayers and gifts.

(b) No new missionaries were appointed at the semi-annual meeting of the Board in April when local and state representatives assembled to consider lengthening the cords. A long look into the future cannot justify any enlargement until the regular systematic receipts through the Cooperative Program increase. The first quarter's receipts show only an even break. The Board cannot consider risking any project that may incur any more debt on the Board. For future growth Southern Baptists must increase their regular Sunday to Sunday gifts to God for His work beyond the seas.

(c) The Board now has work in sixteen different foreign countries. In these lands there are 63 missionaries who are 60 years of age and over. The need for replacements is indeed acute and desperate. Great care is exercised in selecting those who are to fill the places where the needs are very great. Requirements for new missionaries are being raised each year in order that only the best will be chosen.

(d) Let us thank God and take new courage and march on for greater victories for the Lord Jesus Christ.

35. Report on State Missions by Rev. Ira S. Harrell:

(a) The fundamental basis for all missions and benevolence is a worthy program of state missions. Some of our greatest supporters of state missions are churches which themselves have been fostered by our State Mission Board. These churches know the value of such a program and are pouring their spirit and money into this work that others might share their blessings.

(b) At the end of 1935 the State Mission Board came out minus any debt, but with a balance of $12,000.00. This was made possible because of a reduced budget for four years prior to that time. In 1936 we began to expand at the suggestion of

the 1935 Convention. We have gone forward until today we are doing work into ten distinct fields:—Viz.

1—We support our general missionaries. 2—We give missionary pastoral assistance. 3—Church building aid is promoted. 4—Work among the Indians. 5—Work among the Negroes. 6—Oteen Hospital work. 7—Aid to the deaf. 8—Work at Sanatorium and Samarcand. 9—Pastors Circulating Library. 10—Pastors' Schools and Conferences. These are worthy fields and should have our best support.

(c) While we work heroically in these fields, lets lift up our eyes and look upon other State Mission fields that are just as inviting and worthy. One particular field that makes a loud call unto us is our vast prison population.

(d) Lets rally to a larger and better State Mission program thus making solid and perpetual our base for other mission activities.

36. Duet by Mrs. T. L. Carter and Mrs. Lonnie Carter.

37. The discussion of the mission reports was given by Rev. W. F. Woodall in an address entitled: "Giving The News to the World," and they were adopted.

38. An inspirational address was delivered by Dr. J. L. White.

39. The Moderator urged the churches not having paid on the minute fund to do so immediately.

40. After congregational singing Dr. J. L. White dismissed with prayer.

SECOND DAY—SEPTEMBER 22, 1937

Morning Session

41. Devotions by Rev. H. B. Hines and prayer by Rev. J. C. Hough.

42. Report on Orphanages by Norman Trueblood:

(a) There is no phase of our work anywhere that is more deserving of a complete subsidy and underwriting that the support—morally, spiritually and financially of our orphanage; yet so far as the State Convention is concerned, it is a red headed step-child, receiving no regular or guaranteed aid, but left entirely to the well wishes and sympathy of the individual Churches and Sunday Schools in the state, and individual people in and out of the state.

(b) True, the administration of our orphanage is responsible to the Baptist State Convention, but derives no help or financial aid from it.

(c) The care of orphan children in our state presents a great challenge to all of us, both individually and as a denomination. What is, and what shall be our answer? There are three churches in this Association that have not sent even one offering to the orphanage this past year, and two of these have given nothing for the past two years.

(d) On September 1, there were 592 children in the orphanage—and always there is a waiting list; just what is done for them is limited to that which we as indivduals and a denomination are making possible to be done for them through our prayers and contributions. Shall this be little or much in the days to come? What shall we do with these precious little ones God has placed among us? The answer is ours to make. Those in the Home receive the best care possible. They are cared for by a Christian personnel, are reared in a Christian atmosphere and have Christian teachings and the Love of God instilled in them. They are dealt with in a loving and understanding manner, and have understanding hearts always ready and willing to share their joys and sorrows with them.

43. Discussed by Brother Trueblood and Rev. J. C. Hough and adopted.

44. Report on Relief and Annuity by Rev. J. T. Byrum:

(a) The Relief and Annuity Board is the agency through which Southern Baptists seek to discharge their obligation to the old and disabled ministers, widows of ministers, and their dependent children. This Board also extends its service to all boards and institutions within the bounds of the Southern Baptist Convention for, the employees of our Mission Boards, Orphanages, Hospitals, Colleges, and Seminaries.

(b) Those needing financial aid who have not taken, or can not take membership in any plan offered by the Relief and Annuity Board are cared for through the relief fund. This fund is gathered by offerings made through the churches and individuals. The Board is appealing for a "Fellowship Offering" to be taken at least once each year in connection with the Lord's Supper. This appeal should have the best thought and attention of our pastors and churches. The number of Relief Beneficiaries on roll as of April 30, 1937 was 566 ministers, 584 widows, and 150 dependent children.

(c) Entrance to the original Annuity Fund has been closed. The old Annuity Fund paid benefits during 1936 to 168 ministers 68 years of age and above, 78

ministers who were adjudged totally and permanently disabled, 161 widows, and 7 orphans.

(d) The Service Annuity offers retirement pension at the age of 68. This plan requires the pastor to pay into the fund a monthly installment of 2 1-2 per cent of the individual salary and his church is to pay 8 per cent of the salary basis.

(e) The reserve which has been created in this fund on December 31, 1936, totaled $59,160.06. In this plan up to April 30, 1937, 126 certificates have been issued. There are 77 active members, 12 became Annuants during the year, 5 died, 2 have been transferred to other Funds. There have been 30 withdrawals, beneficiaries on account of age, 8, widows 4.

45. Discussion by Brother Byrum and adopted.

46. Congregational singing.

47. Report on Christian Education by Rev. J. L. White, Jr.:

(a) The Master Teacher said; "Go ye therefore, and make disciples (get learners), baptizing them . . . . Teaching them to observe all things whatsoever I have commanded you . . ."

(b) One of our foremost American educational leaders said: "Higher education has but one goal, which is the pursuit after the will of God."

(c) Diogenes said; "The foundation of every state is the education of its youth."

(d) The Baptist Senior and Junior Colleges of North Carolina are doing a fine work in the education of our youth. We could not call it a perfect work; and this for two reasons: First, because of the lack of fundamental and basic training in the home; Christian parents, to a very large extent, have not realized that no school or institution can assume their obligation and responsibility for the training of their own children. Second: Our churches, save for a scant minority, are not bearing their full share of the obligation. When home, church (local) and college (denominational) fully realize the import of the command of Jesus to "disciple" and to "teach them all things," then will come a new day in the work of our witnessing to the power of the Gospel of our Lord and Savior.

(e) Let is continue to pray for, to support and to cooperate with these to whom we have entrusted the higher education for our youth.

(f) We desire to call especial attention to the new status of our own Chowan College. Chowan needs friends who will assist with financial gifts. A substantial endowment must be secured if the work there is to continue. If you can, because of the Lord's blessing to you, remember Chowan with a good gift. Do not forget Chowan in your will. There is no place where it is more needed; there is no better investment that you could make for today and for posterity.

48. Discussed by Rev. J. L. Carrick, President of Chowan College, and adopted.

49. Enrollment of those not present yesterday.

50. Report of Committee on Committees:

(a) Executive Committee: B. B. Flora, Chairman, Mrs. Chas. Johnson, Jr., W. T. Love, Jr., W. J. Rountree, Mrs. R. T. Venters, Revs. J. L. Pearce and W. F. Woodall.

(b) Standing Committees: Baptist Brotherhood, Rev. T. L. Brown; B. T. U., J. L. Chestnut, President; Christian Education, Rev. J. L. Pearce; Foreign Missions, Rev. W. F. Woodall; Home Missions, Rev. 51. Report accepted.

52. Report of Committee on Time, Place and Preacher:

(a) Time, Tuesday and Wednesday after the third Sunday in September, 1938; Place, Poplar Branch; Preacher, Rev. J. L. White, Jr.; Alternate, Rev. J. L. Pearce.

(b) We thank Ramoth Gilead for their invitation.

53. Report accepted.

54. Report of Resolutions Committee:

(a) Whereas, the Constitution of the Chowan Baptist Association in Article II does not limit representation to male members and whereas section 4 of the Rules of Order specifically provides that the President of the Woman's Missionary Union present a report of the W .M. U. to the Association at it's annual meeting, therefore,

be it resolved that the Association respectfully request that the specification in Section 4 of the Rules of Order be complied with annually; that the W. M. U. designate a member or members of their Union to present to the Association facts about their work in detail for the edification and encouragement of their brethren.

(b) Whereas, the Baptist Brotherhood, an organization designed to train the men of the churches in their obligations to the local church and to our different denominational enterprises, is proving to be a blessing in at least twelve states of the Southern Baptist Convention, therefore, we urge the churches to promote the Brotherhood movement and recommend that our Moderator appoint a special committee to work to this end.

(c) Resolved, that we recommend that only persons who believe in and practice the truths of Christianity as held and practiced by Baptists be elected to teach in the teaching services of the churches.

(d) Resolved that we express our appreciation and sincere thanks to the pastor and members of Ballard's Bridge Church for their generous hospitality in entertaining 1937 session.

55. Report accepted.

56. Report of Nominating Committee:

(a) Moderator, Rev. E. H. Potts; Vice Moderator, Norman Trueblood; Clerk-Treasurer, Rev. A. H. Outlaw; Assistant Clerk-Treasurer, Rev. W. D. Morris; Auditor, C. H. Wood.

57. Report accepted.

58. Solo by Mrs. J. H. Cartwright.

59. The work of the Association was discussed by the Moderator.

60. Dismissed for lunch with prayer by Rev. J. L. Carrick.

SECOND DAY—SEPTEMBER 22, 1937

Afternoon Session

61. Devotions were conducted by Rev. T. L. Brown.

62. Report on B. T. U. by Miss Addie Mae Cooke:

(a) The Baptist Training Union work in our association has a very definite place in the activities of some of our churches. The associational training union is well organized, having all the officers and holding all the meetings suggested by Southwide leaders, and is accomplishing some results. Some of the finest young people of the Association are leaders in the work, and some of the pastors of the Association faithfully cooperate with the program.

(b) During the past year training schools were held in two districts—Elizabeth City, N. C., and Gatesville, N. C. A successful and inspirational annual convention was held at Hertford, N. C., Church in June. Many of our young people attended the Chowan Baptist Assembly at Chowan College in June. Nine from the Association attended the State Training Union Convention at Ridgecrest in July. In a few of our churches the training unions are wide-awake and are accomplishing great results.

(c) But, may we take a look at some figures from our minutes that are somewhat alarming? Do you realize that out of the 46 churches in our association, only 14, or 30 per cent, sponsor Training Union work of any kind? In those 14 churches there are 37 unions, with a membership of 807, or 15 per cent of the 5,422 members enrolled in the churches. There are eight training unions, four adult, 13 senior, eight intermediate, 12 junior, and two story hour organizations in the association. The total membership of the 46 churches of our Association being 11,869, and only 807 enrolled in training unions, less than seven per cent of the membership is receiving training.

(d) Does not this great program challenge us to renew our efforts to give the members of our churches, young and old, the opportunities they deserve to be trained and better equipped to carry out the duties of faithful Christians? The membership of a church, to do effective work, must not only be intelligent, but trained, and that not only in knowledge, but in practical and ideal Christian service. We hope that every church in our Association will get a vision of the real need for training its people and organize training union work.

63. Discussed by Miss Cooke and adopted.

64. Report on Sunday Schools by L. H. Sawyer (Read by Mrs. W. T. Love, Jr., in the absence of Brother Sawyer):

(a) Any organization must build the future upon past records. Therefore, may

we take a glimpse at the records of our Sunday School work in the Chowan Association, and do some resolving.

(b) The latest records reveal that we have only 8,343 people enrolled in the various Sunday Schools while we have a church enrollment of 11,806. This fact must be kept in mind, not all those enrolled in our Sunday Schools are members of our churches, therefore, as we make a comparison we find that about sixty per cent of our own church membership is not enrolled in our Sunday Schools. This is an alarming fact and one that should be considered very prayerfully. However, this is not only true in this association, but is an average which is prevalent over the entire South today.

(c) Therefore, we must "arise and build" and your committee presents the following resolutions.

1. Seek to enroll every member of our respective churches as members of the Sunday School.
2. Seek to install a real Home Department in every Sunday School to take care of those who for various reasons are prohibited from attending Sunday School on Sunday.
3. Seek to install the proper kind of Cradle Roll Department in every church for the purpose of bringing the little ones even at birth into the Sunday School.
4. Seek to honor the Bible as our text book.
5. Seek to have a faculty of consecrated Christian officers and teachers.
6. Seek to recognize the fact that the Sunday School is one of the departments of our Church and not a separate organization.

65. Discussed by the Moderator and adopted.

66. Report on Temperance by Rev. J. L. Pearce:

(a) According to Webster's Dictionary, temperance is habitual moderation in the indulgence of the appetites and passions; moderation; specifically, moderation in, or, narrowly, abstinence from, the use of intoxicants. Therefore, we must not only consider temperance from the standpoint of the moral issues involved but the spiritual and physical as well.

(b) Alcohol is responsible for more sins among us today than any other one thing. It is the incubus for much of the home failures, prostitution, law evasion, gang horrors, spread of dread disease and physical destruction of the human system. Physicians only a few years ago thought of it as a stimulant, but now they almost unanimously concur that it is a repressant to the heart instead.

(c) Alcohol is made from sugar, water and the yeast plant. In any grain, fruit or plant where these elements occur it is possible to extract alcohol through a process of fermentation.

(d) Alcohol, according to scientists, has a delusive effect upon the mind, often causing a person under its influence to receive the impression that two objects exist where there is in reality only one. Excessive use of it causes the blood vessels to become swollen and thus turns the blood to the skin in cold weather when it should be kept in the internal regions of the body, thereby causing the blood to become chilled and thus freezing the body in very cold weather. It is deceptive, in that it causes one to feel warm when in reality he is freezing.

(e) There are those who claim that to use it moderately does not cause harmful effects. Scientists have proven through laboratory tests that alcohol used in any quantity in the human body causes a dulling of all the senses of man. Namely: touch, taste, smell, sight, hearing. It is an enemy to the human system and can not be used in any quantity without impairing the efficiency of man.

67. Spoken to by Brother Pearce and adopted.

CONSTITUTION AND RULES OF ORDER

(Adopted at the 1929 Session)

Article 1. This body shall be known as the Chowan Baptist Association of North Carolina.

Article 2. This body shall be composed of white messengers, elected annually by the churches connected with it, and all ordained ministers, who are members of, or are laboring in connection with the churches. Each church shall be entitled to three messengers, and in addition thereto one messenger for each hundred members in excess of one hundred. All

members of standing committees and other officers of the Association shall be ex-officio members of the Association.

Article 3. The Association shall have no control over the churches other than the right to inquire into their condition, advise them in matters of difficulty, to withdraw its fellowship from such as may be corrupt in doctrine or practice, after due measures are taken to reclaim such a church, or churches, and they remain incorrigable. The object shall be to promote among them fraternal union and sympathy and mutual co-operation for the dissemination of the gospel within its bounds and the world.

Article 4. The Association shall have the following officers: A Moderator, Vice-Moderator, Clerk-Treasurer and Assistant Clerk-Treasurer, who shall be elected annually, and whose duties shall be those usually required of such officers.

Article 5. 5. Report on Religious Literature by Rev. J. T. Byrum:

We cannot emphasize too strongly the need and proper use of Christian literature. Dietitians tell us that wholesome food and a balanced ration are necessary to produce good health and proper development. We should be as careful to safeguard the reading matter of our people as we are to safeguard the food they eat.

"As he thinketh in his heart so is he." It is an unmistakable fact that what we read effects our thoughts. Our thoughts effect our doings. Our deeds effect our character, and our character effects our destiny. Thus we see the necessity of wholesome Christian literature. Then it is highly important to concern ourselves as to what our people are reading.

Surely the Bible stands at the head of all Christian literature. It should be fundamental in the life of every Christian. It is an all sufficient rule for our faith and conduct. Many translations of the Bible have been made, but one more is extremely necessary. The Bible needs most of all to be translated into human living.

Southern Baptists have gone a long way in meeting the demands of Baptists for Baptist literature. A constant stream of religious books is pouring from the Baptist press. Pamphlets upon every phase of Sunday School work, B.T.U. and Laymen's work, evangelistic tracts and tracts upon many of the great doctrines of the Bible are published in large numbers for free distribution and may be had for the asking.

For over one hundred years the Biblical Recorder has been the faithful organ of the Baptist State Convention. It is worthy of a place in every Baptist family. It is growing more and more in favor with our people.

Charity and Children has a wide reading. It is very popular with both old and young. It keeps us informed about our large number of children in our care.

9. Discussion by Rev. R. F. Terrell and adopted.

10. On motion the Committee on Committees was instructed to consider the appointment of a representative of the Biblical Recorder to work within the Association.

11. Congregational singing.

12. Report on Christian Education by Rev. J. L. Pearce:

Religious education in our present day set-up falls into three distinct divisions, namely: the home, the church and the Christian school. They are mutually dependent one upon the other for the well-rounded, well-trained Christian life. The great Teacher said, "go," "teach." Paul to Timothy said, "Study to show thyself approved . . ." The writer of the proverbs said, "Train a child in the way he should go . . ."

The home that trains a child in the way he should go has laid a sure foundation upon which to build. The home that fails at this point has seriously hindered the church and the school in fulfilling their part in the Christian education of the child entrusted to them. In the final analysis, neither the church nor the school is a reformatory.

The duty of the church is to magnify and glorify this home training and prop perly relate and direct it to the realm of spiritual knowledge. The degree of success the church achieves largely depends upon the home.

The great task of the Christian school is to harmonize and facilitate the training of both the home and the church, and properly relate it to the realm of physical knowledge. This is being done in a noble way by our denominational schools and colleges. We count not ourselves to have attained the utmost in this

direction, but as our homes and churches premit and submit our youth to the Christian schools, we enable them to more gloriously fulfill the scriptural commands to teach, to train and produce well-rounded and well-balanced citizens for both Earth and Heaven.

13. Discussion by Dr. Geo. W. Paschall of Wake Forest College and adopted.

14. Enrollment of messengers and ministers.

15. The following new pastors were welcomed into the Association: C. C. Perry, J. F. Stegall and Charles A. Arrington.

16. The following visitors were recognized and made welcome: Rev. and Mrs. G. H. Payne, Portsmouth, Va.; Rev. Walter W. Williams, Milton, W. Va.; Rev. Frank Morris, Winterville, N. C.; Dr. Geo. W. Paschall, Wake Forrest, N. C.; Rev. R. F. Terrell, Raleigh, N C.; Rev. I. G. Grier, Thomasville, N. C.; Rev. M. O. Alexander, Raleigh, N. C.; Rev. Carl Gaddy, Columbia, N. C.; Rev. O. J. Owen, Wilson, N. C.

17. Revs. J. L. Pearce and I. S. Harrell and J. P. Barnard were named as a Program Committee for the next session.

FIRST DAY

Afternoon Session, September 20, 1938

20. After congregational singing, Rev. Charles A. Arrington conducted the devotions.

21. Report on Orphanage by W. T. Love, Jr.:

In 1863 The Baptist State Conventoon, meeting in Raleigh, voted to care for orphan children. But because of war and reconstruction days nothing was accomplished. Again in 1884 the Convention met in Raleigh and on November 14th, friends of this movement met in the Second Baptist Church and appointed a committee with Dr. R. R. Overby of Belcross, Chairman, to bring the matter before the Convention. Resolutions were presented but withdrawn because of much opposition.

On November 15th, the North Carolina Baptist Orphanage Association was formally organized. J. H. Mills was elected general manager and their task was begun with $8.00 in their treasury. Before night $76.00 was raised and thus began our organized Baptist Orphanage work in North Carolina.

On April 8th, 1885, 80 acres of land was purchased at Thomasville for a site. Today our orphanage has 1710 acres of land, 64 buildings, equipment and furnishings valued at $1,195,736.50, with no indebtedness.

Theree departments, The Mills Home, Kennedy Home, and Mothers' Aid with a staff of 97 officers, teachers, and helpers care for about 1,000 children annually.

So from the very beginning our orphanage work has gone forward. We are grateful for what has been done, but there is still much to do. This year in our own Association, 16 Sunday Schools gave nothing the first quarter, 19 gave nothing the second quarter, and in July and August 22 Sunday Schools gave nothing to our orphanage work.

These conditions must not continue. Each Sunday School in this Chowan Association should support our orphanage to the best of its ability.

So as Associational Chairman, I beg each of you here today to insist that your Sunday School sends one Sunday's collection each month and an additional offering at Thanksgiving.

22. Discussion by Rev. G. I. Grier and adopted.

23. Report on W. M. U. by Mrs. A. D. Ward:

In presenting this report to you it is my privilege to congratulate our women on the work that has been done. We see, back of the reports that come to us, busy women and young people in the home, the school, the church, and yet they have found time to carry on the activities of Woman's Missionary Union.

We have faced each task with courage, optimism and earnest endeavor to go forward along all lines, realizing that we are, "Laborers Together with God."

Surely our two young people's leaders, Mrs. Hersey Sawyer and Mrs. G. R. Tucker, our seven county leaders, our presidents and counsellors have rallied to the support of their superintendent; and on the persevering, unselfish work of this band of women rests the stability of our work. The finest leadership will fail, however, if it lacks the support of the individual member. Leadership, teamwork, individual effort, with the Heavenly Father as our guide have been responsible for the achievements of our Associational Woman's Missionary Union work. Our failures have been caused by a lack of these.

One of our chief aims is soul winning through Personal Service. We urge each

society to study its own locality, find and minister to its needs in love for God and humanity.

Special interest is manifested in the training of our young people. "Who can measure the promise of truth when planted in the fertile soil of a childish mind!"

Much has been accomplished, but there is still a great need for enlistment, evangelization, more faithful stewardship and more devotion to prayer and Bible Study.

24. Discussion by Rev. W. F. Cale, Jr. and adopted.

25. Report on State Missions by Rev. B. A. Mitchell (Read by the Moderator in the absence of Brother Mitchell):

Our state mission organization and program is our effort to carry out and continue what "Jesus began both to do and to teach," among the people of our state. The aim is, first to evangelize, and second, to lead and teach them to serve that others may be won.

General missionaries are on the field, missionary pastoral assistance, promotion of church building aid, Indian work, work among Negroes, Oteen Hospital, aid to deaf, work at Sanitorium and Samarcand, Pastor's Circulating Library, and pastor's schools and conferences is carried on.

Other needy fields are inviting us. Let us continue to reach out for Christ.

The committee offers this resolution:

Whereas: A major interest of the Southern Baptist Convention and of our state mission program during 1939 is to be evangelism,

Be It Resolved that a committee on eva ngelism (either a standing committee, or one to be appointed immediately) be instructed to make a survey of the evangelistic needs of this associational area, and to inaugurate a well defined associational program of evangelism, and

That more prayer and effort be made for winning the lost; that an evangelistic meeting be urged for every church; that evangelistic preaching be promoted over radio, in tents, under arbors, in school buildings, and in every advantageous way in unchurched communities; that emphasis be placed on the development of personal soul-winners; that stress be given to establishing family altars; that there be an adequate program of conservation of the results of evangelism through enlistment, training, indoctrination, and stewardship; and

That this committee plan for an associational evangelistic rally early in 1939, been personally visited and talked with about their souls' salvation in addition

26. Report on Home Missions by Rev. J. F. Stegall:

By and through this agency, we operate in the name of Christ on a Southwide scale; doing really a world-wide work by preaching Christ to the foreigners of our land, many of whom return to their native land, carrying the story of the Cross with them. Those who are much younger in the work of the Master are having the Gospel preached to them through the work of the Home Mission Board; namely the Negroes, Indians and the underprivileged; and the Mexicans and Cubans are hearing the glad tidings of the Nazerene through the Home Mission agencies. There are now 332 missionaries working in 886 mission stations. During the past year 23 new missionaries have been put on the field, 22 mission chapels and pastor's homes built, and over a hundred new mission stations opened, over 776,319 tracts and 34,530 Bibles and portions of the scripture distributed. Fifty thousand people have been personally visited and talked with about their souls' salvation in addition to the people appealed to in the 36,579 sermons and addresses delivered. It has been a glorious year of going on.

27. Report on Foreign Missions by Rev. W. F. Woodall:

For 93 years we, through the Foreign Mission Board, have been sowing the gospel seed beside all waters. During this period the Board has appointed 1,087 Missionaries. Twenty three of these have been apopointed since August 1937. We now have 422 Missionaries in active service.

The "undeclared war" launched by Japan against China in August 1937 has greatly hindered or hampered missionary activities. Forty seven of our missionaries to China are on furlough. One hundred and sixty three still remain serving, sacrificing, suffering and enduring untold perils. These great heroes of the Cross are being "kept by the power of God."

Our report from the financial point of view is enheartening. For the calendar year of 1937 the Board reecived for its work from all sources the sum total of $1,077,996.34. This is an increase over the year 1936 to the amount of $37,421.77. Our debts are being steadily reduced. On Jan. 1, 1933 our debt was $1,110,000. In May of this year our debt was only $116,000.

In spite of these encouraging facts we are humbled and ashamed because, during the last three decades, we have not grown in liberality and the grace of giving as we have grown in numbers and in material things. The only remedy for the unwholesome and unhealthy trend in missionary giving is to call our people back to God's plan for financing the Kingdom Work as stated in Malachi 3:10-12.

28. After congregational singing the discussion of the three mission reports was given by Rev. M. O. Alexander and they were all adopted.

29. Benediction by Rev. Carl Gaddy.

SECOND DAY

Morning Session, September 21, 1938

30. After congregational singing the devotions were conducted by Rev. W. F. Cale, Jr.

31. Report on Temperance by Norman Trueblood:

The alcohol curse is spreading over our land and becoming more and more a curse and a blight on our highway of life, both as Christians and as a nation.

Once we had saloons, then we had bootleggers; now we have both—only they have given the saloons a dressed up name, but we must not forget that a rose by any other name smells just as sweet, and a saloon, no matter what we may call it, is still a saloon.

It is impossible to reckon in dollars and cents, much less in human misery and suffering, the annual cost of this abominable curse. Despite all the organized efforts being made, the sale of alcohol is gaining yearly, both in amounts sold, and in the number of places in which sales are made.

Another disquieting feature about the present day trend is the report that some of those designated as our most respected and leading citizens do not hesitate to enter these saloons with dressed up names and make purchases, thereby setting a bad example for others.

Such organizations as the W.C.T.U. are making a valiant and courageous fight against this scourge, and we as Christians must hold up their hands in every way we can, spiritually, morally and financially, to the end that their labors will not be in vain.

We must change some of our tactics, if we are to meet with success, we must teach the harmful effects of alcohol, for we will never accomplish anything by being derisive and by uttering beautious platitudes which mean nothing. We must make others not to wish for alcohol, not just dictator-like tell them they can not have it. Persuasion and teaching will go so much farther and easier.

May God give us grace and strength and knowledge in our fight against this curse, and may He hasten the day when our efforts will be crowned with success.

32. Discussion by Brother Trueblood and adopted.

33. Report on Relief and Annuity by Rev. H. L. Swain:

The board of ministerial relief and annuity was organized in 1919 by the Southern Baptist Convention after two years of study. The Sunday School Board gave $100,000.00 as an initial fund. The Southern Baptist Convention has increased this sum by gifts ranging from $100.00 to $50,000.00. Mr. John D. Rockefeller has made gifts aggregating $1,000,000.00. The churches are requested to make an offering annually to this fund. Many of our churches make this offering. Some do not prefering to contribute flowers at death to bread to sustain life.

Through the years the assets of the Board have reached the respectable sum of $4,016,000.00. If each church should contribute annually five cents per member the funds of the Board would be increased $129,820 annually.

Disbursements of the Board made up to 1934 amounted to $3,235,150.42. The sum available to meet the urgent needs of the Board is desperately insufficient.

The Board's plan was stabilized in 1934, i. e. annuities were changed to the basis of old line insurance. At this time the Board became the insurance agency for missionaries of our foreign mission board, i. e. a retirement fund of $500.00 to $1,000.00 is provided for retirements or disability.

Benefits through the Board are open to all ministers by depositing a certain sum with the Board annually.

The relief contemplated is $25.00 per month to a widow, $41.66 to a retired or disabled minister. Retirement is set at age 65.

If a pastor receives $100.00 per month he contributes $3.00 and the church $1.00. The Board contributes $2.00. This equals $96.00 annually. This sum if begun at age 25-35 will provide adequate income to ward off embarrassment in old age.

34. Discussion by Brother Swain and adopted.

37. Report of Resolutions Committee:

We, the Chowan Baptist Association, wish to express our sincere appreciation for the cordial and royal manner in which the people of the Poplar Branch, Coinjock, Powells Point and Rehoboth churches and other friends have entertained us during these two days.

We desire to thank all who have had part on the program, and for their interest

We commend the State Mission report in the resolution regarding Evangelism, and earnestly beseech every loyal Baptist to make an effort to lead some one to in making the associational meeting a success.

Christ. That only as the unsaved are led to Christ will they know Him as Savior. The lack of personal soul winning is noticably appalling.

We further commend to every church within the association that it reemphasize the educational work of the churches: Namely, the Sunday School; Baptist Training Union; the Woman's Missionary Societies and their Auxiliaries; and the Brotherhood work.

38. On motion the Resolutions Committee act as a committee on memorials and submit suitable resolutions of respect to our deceased brother, Rev. A. A. Butler, and that Revs. W. F. Cale, Jr. and H. L. Swain be added to the committee.

Rev. A. A. Butler

Whereas, Rev. A. A. Butler was a preacher of the Gospel for 53 years; and labored within the bounds of the Chowan Baptist Association for more than 28 years.

And, whereas, Death has removed from us this faithful and able servant.

Therefore, be it resolved:

(a) That members of the Chowan Baptist Association deeply mourn the loss of this beloved Baptist preacher; but, that we humbly bow in submission to the will of Him who doeth all things well, knowing that this separation is but for the moment.

(b) That these resolutions be published in the minutes of the Chowan Baptist Association.

(c) That a copy of these resolutions be sent to the family of our deceased brother.

49. Report of Executive Committee:

On February 15th a meeting of the Executive Committee was called to meet at the Moyock Church.

There being a sharp protest, on the part of the few who had not moved their membership elsewhere, as well as a number of former members of the Shady Grove Church which had ceased to function for a period of some ten years more or less. Last year a Committee duly appointed to investigate this church and others, suggested that the church building be given to Providence to aid in building Sunday School rooms. This came as a distinct surprise to the people of Providence, but on being informed of the objection had no further desire to have any thing to do with it. After a discussion it was learned that those interested wanted the property given to the Moyock Church. It was agreed that on the third Sunday afternoon a meeting would be held at the old church, and an effort to get the four or five members to elect temporary officers in order to properly turn the property over to the Moyock Church, with the Moderator and the pastor of the Moyock Church present, this meeting was held.

It was the desire of this Committee to have Brother C. H. Wood, of Edenton, to continue as Auditor, and unanimously voted to urge him to serve as he has done for a number of years.

This Committe then asked our Moderator to exert his influence and efforts to get the State Board to help to the extent that the pastor of Powells Point, Poplar Branch, Coinjock, Rehoboth Field would be paid sufficiently to give his entire time to the Church Life of these communities.

A men's meeting was proposed and several invitations extended, Corinth was chosen, and later in the spring a very successful meeting was held. The men decided to make it an annual affair.

50. On motion the report was accepted.

51. Report on B. T. U. by J. L. Chestnutt, (Read by Norman Trueblood in the absence of Brother Chestnutt):

The Baptist Training Union work in our association has a very vital place in the activities of some of our churches. The associational training union is well organized, having all required officers and holding all meetings suggested by South-wide leaders, and is accomplishing results. Some of the finest young people in the association are leading in this great training program in our churches.

During the past year several of our churches have held study course schools with very good results. Our annual convention was held last June with the Blackwell Memorial Baptist Church. This meeting was successful and inspirational. There were nine churches represented with about 150 earnest workers present. Many of our young people attended the Baptist Assembly at Chowan College. We also had some to attend the State Convention at Ridgecrest in July. In a few of our churches the training unions are accomplishing good results.

Now, may we take a look at some figures which we have gathered from reports from these churches. Out of the 45 churches in our association only 15 churches or 1-3 have a training union. In these 15 churches there are 39 unions with a total membership of 735 or 6 per cent of the total membership of our churches of the association of 12,095 members. There are 9 churches that have directors, 9 B. A. U., 12 Seniors, 8 Intermediate, 12 Juniors, and 1 Story Hour.

A resolution was adopted at our last annual convention that we would at least try to elect a B. T. U. Director in each church in the next 3 years. Does not this great program challenge us to renew our efforts to give the members of our churches, young and old, the opportunities they deserve to be trained and better equipped to carry out the duties of faithful Christians? The membership of a church, to do effective work, must not only be intelligent, but trained, and that not only in knowledge, but in practical and ideal Christian service. We hope that every church

in the association will get a vision of the real need of a training program in their church and organize a B. Y. P. U.

52. The report was adopted.

53. Report on Sunday Schools by W. H. Overman, (Read by Rev. W. F. Cale in the absence of Brother Overman):

The Sunday Schools are a most vital part of the Church program. They are not only considered preparatory schools for the future church, but they have a very definite place in the lives of the church members. In order to have successful churches we must, therefore, have successful Sunday Schools. And to have successful Sunday Schools we must continue to grow. This is not optional with Christian people; it is a divine command.

According to the latest records in the Chowan Association we have in our 45 churches a church membership of 12,095. In our Sunday Schools we have an enrollment of only 8,135, with an average attendance of approximately 4,200. The startling facts that slightly above 65 per cent of our church membership and little more than 50 per cent of this number attends Sunday School regularly merit our prayerful consideration.

Your committee recommends the following in regard to enrollment and attendance:

1. To enroll all church members in their respective Sunday Schools.
2. To maintain a real Cradle Roll Department in every Sunday School with the best talent as leader.
3. To keep in close touch and personal contact with all members, especially the new ones.
4. To have a corps of well-trained consecrated officers and teachers. Along with a larger enrollment and better attendance, let us resolve:
1. To take more interest in and make more use of our Associational Sunday School Organization.
2. To stimulate and encourage the work of the Group Superintendents in our Association.
3. To maintain a close unity with the Church and all of its organizations.
4. To seek to improve the teaching in our Sunday Schools.
5. To make more extensive use of our textbooks, the Bible.
6. And to "consider every member of our Sunday Schools a soul which must be won to Christ and 'taught to observe all things'."

54. Discussion by Rev. H. L. Swain and adopted.

17. 18. Whereas, we believe it our duty and privilege to witness for and exalt Christ in every way possible and we believe the building of bible schools is primarily a personal and a spiritual task we offer the following resolutions:

19. (a) As individuals let us resolve to deepen our spirituality through bibly study, prayer and more complete dedication of life and possessions to God and His service.

CONSTITUTION AND RULES OF ORDER

(Adopted at the 1929 Session)

Article 1. This body shall be known as the Chowan Baptist Association of North Carolina.

Article 2. This body shall be composed of white messengers, elected annually by the churches connected with it, and all ordained ministers, who are members of, or are laboring in connection with the churches. Each church shall be entitled to three messengers, and in addition thereto one messnger for each hundred members in excess of one hundred. All members of standing committees and other officers of the Association shall be ex-officio members of the Association.

Article 3......The Association shall have no control over the churches other than the right to inquire into their condition, advise them in matters of difficulty, to withdraw its fellowship from such as may be corrupt in doctrine or practice, after due measures are taken to reclaim such a church, or churches, and they remain incorrigable. The object shall be to promote among them fraternal union and sympathy and mutual co-operation for the dissemination of the gospel within its bounds and the world.

Article 4. The Association shall have the following officers: A Moderator, Vice Moderator, Clerk-Treasurer and Assistant Clerk-Treasurer, who shall be elected annually, and whose duties shall be those usually required of such officers.

Article 5. Any regular Baptist church may be admitted to membership in the Association upon application, and with the proper credentials, and a majority vote of the messengers present and the membership of any church in the Association may be terminated who shall fail to send messenger or a letter for two successive sessions of the Association or upon application for dismissal.

Article 6. It shall be the duty of the churches to correspond annually with the Association by letter and messenger and give not only full statistical information, but also facts concerning their general welfare; and to send contributions to pay the expenses of the Association. The Clerk shall furnish the churches with two printed forms for their annual report, these to be mailed at least six weeks before the annual session of the Association, and the churches are requested to have the letters in the hands of the Clerk not less than two weeks before the meeting of the Association.

Article 7. The Association shall furnish the churches with a number of printed minutes within a reasonable time after each session in proportion to the money contributed by each church to defray the expenses of the Association. The Associational year shall run from August 1st to July 31st.

Article 8. The Association shall elect annually an Executive Committee of seven members, the officers of the Association being members ex-officio, whose duty it shall be to transact whatever business may require attention between sessions of the Association, and to confer with the churches of the Association which may be in need of assistance. The committee shall assist any churches which may need to be formed into compact fields or may desire assistance in securing pastors; to inquire into the cause

and correct, as far as possible, the failure of a church, or churches to be represented and to act for the Association, ad interim, whenever it may be necessary and proper to do so. The Executive Committee shall use whatever means there may be at their disposal to promote the kingdom enterprises within the Association and shall have authority to change the time and place for the meeting of the Association whenever it may seem wise and desirable to do so, giving public notice of such change at the earliest opportunity. PROCEEDINGS

FIRST DAY

Morning Session, September 19, 1939

1. The One Hundred Thirty Fourth Annual Session of the Chowan Baptist Association convened with Hertford church September 19-20, 1939.

2. The congregation sang, "All Hail the Power of Jesus' Name" after which Rev. Ira S. Harrell conducted the devotions.

3. The Program Committee submitted the program which was accepted as read.

4. Rev. J. F. Stegall, host pastor, was recognized and he gave a cordial welcome to all messengers and visitors present.

5. Report on The Hospital by Rev. E. L. Wells. (Read by George W. Lassiter in the absence of Brother Wells):

To date a little more than 42,000 patients were entered for treatment. During the past year about 6,000 of our sick applied for treatment. We were able to provide a bed for 4,056 of these. At the present, we are able to care for only about one-half the number who are applying.

We had during the year over 1,000 mothers, who not only made the fight for their own life and health, but for the protection and joy of more than 3,000 children at their homes; about 100 preachers, composed of pastors, ministerial students, and old ministers who are no longer able to preach—a number of them almost penniless. We had 1,564 patients who paid little, and in most instances, nothing after our investigation showed they were not able to pay.

This free service was done at an estimated cost of $78,000 with an additional free medical and surgical service of $117,800 or a total of $195,800.

We have a staff of 70 medical and surgical doctors, who, in addition to the vast amount of medical treatment rendered, did 2,600 surgical operations.

Our School of Nursing has 61 students in training, which does not include our graduates and special duty nurses on duty.

The Hospital has received during the year: From Duke endowment, $12,603.00; from Mother's Day Offering, $20,770.10; from Co-operative Program, $7,932.79; estimated value of linen contributed by 180 W. M. U.'s and other church organizations, $967.61.

The number of churches and Sunday schools contributing to Mother's Day were 1,913.

Our Trustees, with the aid of a special committee, are endeavoring to secure sufficient funds to enlarge the hospital to double its present capacity. The hospital is having a gratifying response to this effort to meet the challenge of the multitudes of sick who are asking for treatment and must be denied because of the lack of room.

6. The report was discussed by Brother Lassiter and by Smith Haggaman, superintendent, and adopted.

7. Report on Relief and Annuity by Rev. H. L. Swain:

For historical and financial statement pertaining to the Board of Ministerial Relief and Annuity see section 33, minutes of 1938.

We note with appreciation that our State Convention Nov. 15-17, 1938 adopted the plan projected by the Southern Baptist Convention, Viz: a three way relief and retirement plan. (a) Retirement benefits is a four-four-one plan, i. e. the pastor pays four per cent of his salary, the church or churches pay four per cent, State Convention pays one per cent. Thus nine per cent of a $1,200.00 salary equals $108.00 and retires a pastor at age 65, twenty five per cent in 1941, $300.00 increasing about two per cent each year until it reaches fourty eight per cent; i. e. a minister or full time worker in the denomination would, entering now at age 52 retire on annual income of $596.00—the maximum being $1,800.00. (b) Disability benefits. In case of disability a pastor or full time worker would recieve four per cent of salary until $500.00 has been paid or if reaching age 65 prior to recieving the $500.00 such person would go on retirement benefits. (c) Benefits to widows. In the event of death of the member before entering into the retirement annuity at age of 65 or beyond the widow or his estate will have returned to her all the money he as an individual has paid in plus interest earned.

The plan provides for cash and loan value as in old line insurance.

Your committee believes that each church in this association should adopt the plan and recommends: (a) that the association appoint a committee of two laymen whose duty it shall be to visit the unenlisted churches and secure their cooperation with the Annuity Board, provided the pastor of such church or churches is willing to cooperate, and that the expenses of such committee be guaranteed by this association. (b) That the Moderator of the Chowan Association is hereby requested to correspond with Dr. T. J. Watts, Executive Secretary, Dallas, Tex. pertaining to section (c) above, entitled "Benefits to Widows."

8. After a discussion of the report by Brother Swain it was adopted.

9. The congregation sang, "Jesus Saves."

10. Report on Christian Education by Rev. C. A. Arrington:

Christian education is one of the activities of our denomination the results of which connot be given in a statistical table. It is a work that yields great results, yet not immediately recognized. When one sees scattered throughout society men and women who are seeking to lift up instead of tear down, when one sees leaders who are refusing to accept standards that are purely selfish and often immoral, when one, in short, sees people who are seeking to make a better world, he rightly attributes it to several sources. Yet if the series of causes could be traced one cannot help but believe that behind those uplifting forces there are in a great measure our Christian schools. It is a great task, especially in the days that we are facing now, that our Christian schools have. They are measuring up to their responsibility remarkably well. The home and the church should remember their task and responsibility in Christian education, for these also are important institutions in this work.

The work in all our Baptist colleges is progressing nicely. Dr. Carlyle Campbell has recently been elected president of Meredith College. We would like to extend to him a hearty welcome and our best wishes for successs in his work there. We would also like to express our appreciation to the retiring president, Dr. Brewer, for his faithful service to Meredith College.

11. Brother Arrington recognized Rev. J. M. Duncan, one of the trustees of Chowan College, who spoke to the report and it was adopted.

12. While the congregation sang "Jesus Shall Reign" a microphone was connected for the benefit of a large overflow of people seated in the Sunday school auditorium in the basement of the church.

13. While registration cards were being filled out by the messengers and visitors present Rev. E. H. Potts, Moderator, extended a cordial welcome to the visiting brethren and sisters. The registration showed the following present from outside the Association:

Smith Hagaman, Baptist Hospital, Winston Salem, N. C.; Rev. J. A. McMillan, Mill's Home, Thomasville, N. C.; Cale Burgess, President United Dry Forces, Raleigh, N. C.; Mrs. Tommie Horton, Whaleyville, Va.; Dr. and Mrs. G. A. Martin, Creswell, N. C.; Rev. J. M. Hayes, Field Representative Meredith College, Raleigh, N. C.; Mrs. George Twine, Norfolk, Va.; Mrs. J. W. Wakefield, Portsmouth, Va.; Mrs. B. H. Magann, Jacksonville, Fla.; Rev. L. M. Dixon, E. T. Forehand; C. R. Brinkley, Colerain, N. C.; and Rev. J. M. Duncan, Murfreesboro, N. C.

14. The Moderator presented three new pastors—Paul Forsythe, Floyd P. Davis and R. E. Bonneville.

15. Committees were named as follows: Nominating, Rev. W. D. Morris, Rev. J. C. Pearce and B. B. Flora; Time, Place and Preacher, Rev. J. T. Byrum, H. C. Ferebee and Dr. I. A. Ward; Resolutions, Rev. J. L. White, Geo. W. Lassiter and W. J. Ellison; Commitees, Norman Trueblood, J. L. Savage and Rev. H. L. Swain.

16. Petitions for membership into the Association were read by the Clerk from Soundside and Columbia churches, originally members of the Association but who withdrew several years ago along with several others to form the Pamlico Association. A motion to accept them was amended to refer the matter to the Executive Committee to report in the afternoon. The motion was passed as amended.

17. The Moderator urged those who were delinquent in sending in their church letters and contributions to associational expenses to get them in immediately.

18. Rev. Paul Forsythe called attention to a typographical error in the Constitution regarding the associational year and was assured by the Clerk that it would be corrected in the minutes this year.

19. The congregation sang together "I Love Thy Kingdom, Lord."

20. Rev. J. L. Pearce preached the Associational sermon using as his text the 8th chapter of Psalms, previously read by Rev. C. A. Arrington.

21. B. B. Flora called a meeting of the Executive Committee for 1:30 P. M.

22. "Oh, For a Thousand Tongues" was sung by the congregation after which Rev. L. M. Dixon dismissed with prayer.

FIRST DAY

Afternoon Session, September 19, 1939

23. The congregation sang "Majestic Sweetness" after which Rev. A. H. Outlaw conducted the devotions.

24. Report of Woman's Missionary Union by Mrs. A. D. Ward:

Reviewing our records of the past year we find cause for encouragement and optimism.

Our annual meeting was held with Corinth church, April 8. Mr. M. A. Huggins of Raleigh, was our guest speaker. The attendance was good. Speakers and hearers alike, seemed deeply interested and greatly concerned.

We stress the chief aims of Woman's Missionary Union— (1) Prayer, (2) Enlistment, (3) Study, (4) Personal Service, (5) Stewardship, (6) Missionary Education of our young people. Special emphasis is being placed on evangelism. As a result of our efforts toward soul-winning, a number of conversions is being reported.

The missionary education of our youth under the combined guidance of consecrated leaders and mothers is a very important objective. Even today there are those who are teaching young Christians to "observe all things" not only by opening the Word unto them but by living before them the principles of Jesus. If there were but one message we could bring through the women who constitute Woman's Missionary Union in this day of changes when so many forces are at work, so many voices calling it would be this: So live that God's will shall be done in us and through us, and that the world may see that the purpose of our lives is to glorify God and witness to the power of His resurrection.

To our Father we give praise and thanksgiving for all that we have done and ask forgiveness for those things we failed to do for Him.

May we put God first, take Him as our partner, and make our plans larger for Him. Let us praise Him for blessings in the past and look to Him for success in the future.

25. Discussion of the report was given by Rev. B. A. Mitchell and on motion it was adopted.

26. Report on State Missions by Rev. T. L. Brown:

State Missions is the effort of North Carolina Baptists to evangelize the people of this state and train them for Christian service. This task is an ever enlarging one. The increase in population and the constant shifting of centers of population renders the need for the work of State Missions a continuing one. This has been largely through the efforts of the state missionaries that the 15,000 Baptists of 1830 have grown to a half million today. Yet we must remember that more than that number of advents into the state make no claim to be followers of Christ.

From the latest available figures we learn:

(a) That the two general missionaries are continuing their work of vitalizing the churches into great efficiency. In addition to their many other activities, the conducting of stewardship revivals is receiving special attention.

(b) That the 78 missionaries who are serving 154 churches are employed by the State Board. They reported 2,042 conversions and 1,336 baptisms last year.

(c) That a successful work among the Indians of Roberson County and the Negroes of the state is maintained.

(d) That the ministry to the sick at Oteen and Samatorium continues.

(e) That the services offered by the Pastor's Circulating Library is proving helpful to many pastors. This service might be extended by the donation of books by pastors from their personal libraries.

Due to an effort to wipe out a debt—which has now been accomplished—the Board was compelled to operate for the past few years on a greatly reduced budget. But the time for advances has come. The churches should give support to this work commensurate with its needs. Enlarged opportunities demand larger contributions.

27. Report on Home Missions by Rev. W. F. Cale, Jr.:

"The task of Home Missions," writes Dr. J. B. Lawrence, Secretary of our Home Mission Board, is the preaching of the Gospel to the Indians, foreigners, Negroes; the evangelization of the Jews; ministering to the underprivileged groups, taking the message of life to the deaf and helping to reach the unchurched in our cities . . . Our mission program must not overlook the twenty-nine nationalities here in the homeland. Christ has not overlooked them. There are no preferred nations in the atonement of Christ.

Southern Baptists, working through the Home Mission Board did a commendable task during the past year. During the year 39 were added to the mission force, bringing the total number of Home Missionaries up to 371. These operate in 756 mission stations, 64 of whiich were opened during the past year. During the past year our missionaries distributed 29,226 Bibles, Testaments, and portions of Scripture, and over 790,000 tracts. They preached 29,454 sermons, led more than 5,250 to make professions of faith, and received 3,835 into the fellowship of the church.

The Board received from all sources during the past year $513,841.80; which represents an increase over the preceding year. It was also enabled to reduce the principal of its debt by the substantial sum of $163,660.39.

The approaching year promises to be a good one for the cause of Home Missions. We pray God that it may be so.

28. Foreign Mission Report by Rev. J. F. Stegall:

Ninety four years ago in the month of May our grandfathers launched the foreign mission program of the Southern Baptists. The one and only hope of suffering humanity is in the Gospel of Christ. Vast multitudes still wait in pagan and heathen darkness for the light of the Gospel. Haste is imperative. Doors once opened to the Gospel are now closing. "The night cometh when no man can work."

There has been a steady and encouraging growth in the foreign mission work within the past year. The financial structure of the work is slowly but surely being rebuilt, and with conservation in expenditures, the work can gradually be expanded and enlarged in all lands. Sixty five missionaries have been returned to their fields of labor during the year of 1938. Thirty eight new missionaries have been appointed and most of these have been sent to their chosen fields.

The schools and seminaries are doing an unusually fine work in the education of the people which is proving in results for the Lord. The hospitals are doing their part in relieving suffering bodies as well as suffering souls.

We have 1,794 churches with more than a thousand of these self supporting. 1938 showed an increase by baptisms of 16,209. There are 2,457 Sunday Schools which have 107,000 enrolled. The total contributions by the native Christians for 1938 was $394,349.

The missionaries have grown in number to 419 with a corps of native helpers which numbers 959.

Our interests in missions, which is soul winning on foreign lands, has been the secret of our growth. If we fail in missions we have failed in one of the greatest soul winning enterprises available.

29. After the singing of "Publish Glad Tidings" by the congregation Rev. Oscar Creech, guest speaker, gave a mission address and on motion the three foregoing reports on missions were adopted.

30. Hymn "Lead On, O God Eternal" was sung.

31. Brother M. A. Huggins, State Secretary, gave an address on the work of the Cooperative Program and Baptists Working Together.

32. A request for prayer was received from Rev. R. S. Monds who was ill at his home in Hertford. After the singing by the congregation of "Stand Up For Jesus," Rev. J. L. White, Jr., was called on by the Moderator to lead the prayer for Brother Monds and to dismiss until Wednesday morning at 10 o'clock.

SECOND DAY

Morning Session, September 20, 1939

33. Hymn, "Blessed Assurance" was sung, and devotions were conducted by Rev. Paul Forsythe.

34. Report on Religious Literature by Oscar Wynn, (read by A. H. Outlaw in the absence of Bro. Wynn):

On January 1, 1939, the State Convention assumed ownership of the Recorder. For more than a hundred years the Recorder has sought to advance every Baptist cause and institution. The remarkable progress of Baptist work in North Carolina is due in no small measure to the fact that Baptist people have been informed through the columns of the Recorder. Surely, under Convention ownership this will continue and, if possible, to a greater degree.

The present circulation of the Recorder is between twelve and thirteen thousand; and of this number about 3,000 are individual subscribers on the $2.00 individual rate, while about 9,000 are members of Recorder clubs in our churches at the $1.50 rate.

An intensive effort has been made and will be made to increase the circulation. It is hoped that there will be appointed a Recorder representative in the association and in every church a representative whose duty it will be, along with the pastor,

to form a club in the church. There are now more than five hundred clubs. This is encouraging until one pauses to reflect that there are about 1,900 churches with no Recorder clubs.

That there are about 90,000 Baptist families in the State who never see the Recorder as against about 10,000 who do. Surely, we need to change this situation. There must be the closest cooperation between the Convention and the churches.

Baptist people over the State may rest assured that every effort will be made to improve the quality of the paper to the end that the cause of Christ may be better served and that the challenge of every Baptist cause and institution shall be presented.

35. Adopted without discussion except for what was said on the preceeding day by Brother M. A. Huggins, State Secretary of Missions.

36. Report on Temperance by M. P. Jennings):

Alcohol, the curse of all generations, is still sweeping over our fair land despite all of our futile efforts to check same. If it isn't saloons with wide open doors it is bootlegging up the back alleys or in more modern times through A. B. C. facilities.

Dollars and cents wasted on this terrible demon are nothing to be compared to the sufferings of innocent women and helpless children.

Campaigns have been waged from time to time in an effort to wipe out this evil with only partial success. How can they succeed when so many of our respected and leading citizens—yea—even many of our church members, indulge themselves and invite others join with them in this indulgence?

The W. C. T. U. is still valiantly fighting alcohol in all of its issues and fighting with a force that is bound to have its effect. May we not add our influence and efforts to theirs and march on in a united front to victory.

We must keep up the struggle against this as well as other evils and trust in God who doeth all things well to crown our feeble efforts with His own success.

The following poem is adaptable to any section of our land:

Go to sleep, my darling,
Your daddy has gone to town
With a big ole load of tobacco
That'll bring thirty cents a pound.

Go to sleep, my baby,
But mother can't close her eyes
'Till daddy comes staggering home,
Reeking of that I despise.

Go to sleep, my darling,
While mother prays once more
That the God who worketh wonders
Will close every liquor store.

37. Brother Jennings introduced Brother Cale K. Burgess, President of the United Dry Forces of North Carolina, who spoke to the report in a most helpful address and the report was adopted.

38. Report on Orphanage by W. T. Love, Jr., (read by A. H. Outlaw in the absence of Bro. Love):

The purpose of our Orphanage is to prepare poor and promising orphans for the duties and responsibilities of life. It receives children between the ages of two and twelve, and dismisses them according to preparation rather than age. From 50 to 100 applications are received each month—but no child is received without careful investigation.

The health record of our Orphanage is unparalleled. Only 1 child has died in over seven years. This is largely due to its splendid management. The children are well fed and suitably clothed. They eat and sleep regularly and engage in athletics and games of all kinds.

Our Orphanage gives splendid educational advantages. The Kennedy Home children attend the La Grange school. The Mills Home school is a unit in the Thomasville graded system. Standard work is done through the grades and high school. Special courses are given in shorthand, typewriting, home economics, music and vocational guidance. Older boys and girls receive practical training in the printing, sewing and laundry departments in the dairy and on the poultry farm.

The spiritual life of our Orphanage is emphasized. The children live in Christian atmosphere. Their church is financed entirely by its own members.

Our Orphanage depends largely on the once-a-month offering from Sunday Schools for support. Only 21 of 45 churches in this association contribute monthly. 15 churches do not contribute at all. Our association ranks 10th in the state in its financial support. From January 1, 1939 to July 1 this association gave $1,290.48.

In order that Orphanage work may be done more systematically and more definite results obtained, I wish to request that each church appoint some interested person as Orphanage representative to promote Orphanage work in that church and report what has been done to the associational representative at least quarterly.

39. The Moderator presented Rev. J. A. McMillan, of the Mills Home, Thomasville, N. C. who spoke on the orphanage work and the report was adopted.

40. Report on Baptist Brotherhood by Rev. W. D. Morris:

The Men's Brotherhood is not a new idea. We read of it in the Bible days. Jesus called a group of men to be disciples. And we find in God's Word that Jesus met with these men on different occasions to make plans for the furtherance of the Kingdom.

We have had an annual meeting of the men for the past three years. During the past year the men of the Chowan Association met with the Sawyer's Creek church in the Spring. At this meeting there were approximately 350 men present, representing the most of our churches in the Association. At this meeting it was decided that we would have an annual meeting of our men, and that an organization be perfected in each church. To this end Mr. R. L. Garrett was asked to work with Dr. E. H. Potts, to name a committee, whose duty it would be to get a leader in each county of our Association, and that the leader in each county to set himself to the task of organizing a Brotherhood in the different Baptist churches of the county. This work as yet has not been completed, but we are earnestly looking forward to to its completion.

Let us therefore, give our undivided loyalty to this cause that Jesus started in the days long ago.

41. Discussion by Brother Morris and Rev. J. L. Pearce and adopted.

42. The Executive Committee recommended that Soundside and Columbia churches be received into the Association and on motion the recommendation was accepted. The Moderator, on behalf of the Association, extended a hearty welcome to them and their pastor, Rev. Walton B. Guthrie.

55. Brother J. L. Chestnutt who was to have given the report on B. T. U. was not present and there was no report on that work.

56. Report on Sunday Schools by Herman Sawyer:

We Missionary Baptists, believing our church to be fashioned after the church Christ constituted and having its beginning there with Christ as its head, must have the same program of work which Christ gave His church in the great commission. He said: "Go and teach." An attempt is being made to carry out this part of the program in the Chowan Association.

Let us look at a few figures and see if we are measuring up to the program in the fullest extent. The latest figures that I could find show that we have an enrollment of 8,382 against a church membership of 12,226, a difference of 3,844. This should be reversed. The Sunday School enrollment should be the largest because every church member should be enrolled besides the babies in the Cradle Roll department and those of no church affiliation.

The attendance in our association is a fraction over fifty percent of the enrollment which means we have about 4,310 who make no attempt to attend. We have 743 officers and teachers with only about 51 of these holding the Normal Course diploma. Baptisms from the Sunday Schools are far below par which proves that our Sunday Schools are not evangelistic.

Therefore, your committee wishes to present the following recommendations:

(a) That pastors and fellow workers be united in thought and efforts.

(b) That the associate superintendents awaken and sponsor a definite program of merbership building—those already enrolled and those not enrolled.

(c) That pastors and superintendents promote training classes for their officers and teachers.

(d) That emphasis be put on bible teaching and bibles to be used by pupils.

(e) That our Sunday Schools be more evangelistic in teaching and program building.

(f) That all Sunday Schools co-operate with the Sunday School organization of the Association in promotion of the work.

57. Discussed by Brother Sawyer and Rev. Paul Forsythe and adopted.

58. Rev. J. M. Hayes, Field Representative of Meredith College, was present and spoke in the interest of the college.

59. Rev. E. H. Potts, Moderator, gave a talk on the work of the Association which was a digest of the letters.

60. The list of members who have died since the last session were read by the Clerk and the memorial prayer and dismission was made by Rev. J. F. Stegall.

(b) As churches let us improve the quality of our teaching and the scope of its extent. (c) Let us resolve to evangelize rather than to standardize by advancing a definite program of teaching. CONSTITUTION AND RULES OF ORDER

(Adopted at the 1929 Session)

CONSTITUTION

Article 1. This body shall be known as the Chowan Baptist Association of North Carolina.

Article 2. This body shall be composed of white messengers, elected annually by the churches connected with it, and all ordained ministers, who are members of, or are laboring in connection with the churches. Each church shall be entitled to three messengers, and in addition thereto one messenger for each hundred members in excess of one hundred. All members of standing committees and other officers of the Association shall be ex-officio members of the Association.

Article 3. The Association shall have no control over the churches other than the right to inquire into their condition, advise them in matters of difficulty, to withdraw its fellowship from such as may be corrupt in doctrine or practice, after due measures are taken to reclaim such a church, or churches, and they remain incorrigable. The object shall be to promote

among them fraternal union and sympathy and mutual co-operation for the dissemination of the gospel within its bounds and the world.

Article 4. The Association shall have the following officers: A Moderator, Vice-Moderator, Clerk-Treasurer and Assistant Clerk-Treasurer, who shall be elected annually and whose duties shall be those usually required of such officers.

Article 5. Any regular Baptist church may be admitted to membership in the Association upon application, and with the proper credentials, and a majority vote of the messengers present and the membership of any church in the Association may be terminated who shall fail to send messenger or letter for two successive sessions of the Association or upon application for dismissal.

Article 6. It shall be the duty of the churches to correspond annually with the Association by letter and messenger and give not only full statistical information, but also facts concerning their general welfare; and to send contributions to pay the expenses of the Association. The Clerk shall furnish the churches with two printed forms for their annual report, these to be mailed at least six weeks before the annual session of the Association, and the churches are requested to have the letters in the hands of the Clerk not less than two weeks before the meeting of the Association.

Article 7. The Association shall furnish the churches with a number of printed minutes within a reasonable time after each session in proportion to the money contributed by each church to defray the expenses of the Association. The Associational year shall run from August 1st to July 31st.

Article 8. The Association shall elect annually an Executive Committee of seven members, the officers of the Association being members ex-officio whose duty it shall be to transact whatever business may require attention between sessions of the Association, and to confer with the churches of the Association which may be in need of assistance. The committee shall assist any churches which may need to be formed into compact fields or may desire assistance in securing pastors; to inquire into the cause and correct, as far as possible, the failure of a church, or churches to be represented and to act for the Association, ad interim, whenever it may be necessary and proper to do so. The Executive Committee shall use whatever means there may be at their disposal to promote the kingdom enterprises within the Association and shall have authority to change the time and place for the meeting of the Association whenever it may seem wise and desirable to do so, giving public notice of such change at the earliest opportunity. The Committee shall hold at least two meetings a year, in June and December, and render a written report to the annual sessions of this body.

Article 9. This Constitution may be amended or altered by a two-thirds vote of all messengers in attendance on any annual meeting of the Association, provided notice shall have been given in the minutes of the preceding meeting by printing the proposed amendment.

PROCEEDINGS

FIRST DAY

Morning Session, September 17, 1940

1. The One Hundred Thirty Fifth Annual Session of the Chowan Baptist Association convened with Salem church September, 17-18, 1940.

2. The congregation sang "Stand Up For Jesus" after which the devotions were conducted by Rev. W. D. Morris.

3. The Program Committee submitted the program and it was accepted.

4. An address of welcome was made by the host pastor, Rev. C. A. Arrington.

5. Hymn "Lead On Oh King Eternal" was sung by the congregation.

6. **Report on the Orphanage by Norman Trueblood:**

Our orphanage stands out today like an oasis in the desert of despair—like a sturdy beacon light on the dangerous shores of misfortune; an institution of which every Baptist in North Carolina can be justly proud. Since it was opened in 1885, it has cared for about 3,527 children in the institution alone, and in addition it has helped others by Mother's Aid. On September 1, there were 560 children being given Christian love and care, Christian teaching and sympathy, Christian training and guidance in our orphanage by a Christian personnel of the highest type.

Even more would be cared for if only there was room for them. Our orphanage depends altogether on what we give it—as Sunday School and church members and individuals, having no income other than our offerings. It receives no financial aid from the State Convention.

In this association for the eleven months from September 1939 through August 1940, a total of only 9 Sunday schools or churches has sent an offering every month. There are 47 churches in the association. We are proud of the orphanage—but is the orphanage proud of our association, where less than 1 in every 5 has sent an offering every month this past year? Are we proud of ourselves?

Let each of us keep these thoughts uppermost in our minds and hearts and let us go back to our respective Sunday schools and churches filled with a burning desire and determination that ours will be among those Sunday schools and churches that will come to the associational meeting next year with the proud record of having sent an offering to our orphanage at least once each month during the year.

The challenge is ours—God grant that we will all accept it!

7. The report was discussed by Rev. I. G. Grier, superintendent, and adopted.

8. On motion the time given on the program today for Religious Literature be given to The Aged Minister.

9. **Report on The Aged Ministers by Rev. H. L. Swain:**

Whereas, it has been decided by the North Carolina State Convention to put into effective operation what is known as the Ministers' Retirement Plan which accepts the privilege and the duty of providing for our aged ministers. (For details see minutes of 1939) and,

Whereas only a few of the churches of this association have either accepted the privilege or responded to the call of duty and,

Whereas this to all Christian minds is an urgent, just, and Biblical claim, your committee therefore recommends:

That the delegates and laymen from all our churches bestir themselves to realize the benefits to be derived by the churches as well as the pastors and to take immediate steps to meet the requirements of the Ministers' Retirement Plan.

10. Discussed by Brother Swain and on motion was adopted.

11. Brother Smith Hagaman, superintendent of the Hospital in Winston-Selem, was present and was given the opportunity to discuss the work of the hospital at this time.

12. Congregation sang "All Hail the Power of Jesus' Name" after which delegates present were registered.

13. The following new pastors were recognized: L. W. Fields, Manteo; J. A. Ruffin, Currituck field; and Otto Pebworth, Shiloh.

14. Rev. C. A. Arrington made announcements regarding lunch.

15. The following committees were appointed by the Moderator: Nominating, Rev. C. A. Arrington, S. S. Davis and Mrs. I. A. Ward; Committees, G. W. Lassiter, G. F. Riggs, Roscoe Wynn and Revs. W. D. Morris and W. B. Guthrie; Time, Place and Preacher, W. T. Love, Rev. B. A. Mitchell and Mrs. R. T. Venters; Resolutions, Rev. W. F. Cale, Mrs. Floyd Cohoon and Norman Trueblood.

16. Following a beautiful vocal solo by Mrs. Fentress Horner the Associational sermon was delivered by Rev. I. S. Harrell; text, Heb. 1:2.

FIRST DAY

Afternoon Session, September 17, 1940

17. The congregation sang "Jesus Saves" after which Rev. T. L. Brown conducted the devotions. Then the congregation sang "We've a Story To Tell to The Nations."

18. Report on Temperance by Mrs. S. C. Newbold:

The alcohol problem continues with us in increasing dimensions. We can easily see the awful and distressing results of the liquor traffic. It is the cause of thousands of deaths each year, very much indeed of the insanity among our people, the break-up of hundreds of homes, is the cause of much of the crime of youth as well as filling our jails with adults, and is destructive instead of a boon to the economic life of our people.

So we must destroy such a traffic, or in turn see all of our highest and best interests destroyed by it. Senator Sheppard spoke truly when he said, "We cannot continue to pour nearly two billion gallons of alcohol into the veins of our Democracy and expect it to retain the vitality essential to its protection and its progress." Roger Babson says, "After most careful study, I am convinced that only by crushing the liquor traffic can Democracy survive."

We might well be encouraged, however, by the success of the Dry Forces in other states and communities and set ourselves anew and with greater vigor to the task of wiping out this most damnable traffic.

While we do not recede in the least degree from our belief in legal suppression by the government, we pledge special emphasis upon the scientific and educational approach to the solution of this great problem. If our young people and all others can be taught and can become deeply convinced of the destructive nature of alcohol and can be brought to total abstainence, the liquor problem will be solved. So we urge upon pastors and Christian teachers their solemn obligation for taking and maintaining a most consistent stand against the use of such a harmful beverage. May God give us a stronger determination to fight this traffic more than ever before.

19. The report was discussed in an address by Brother Cale K. Burgess, President of the United Dry Forces in North Carolina and adopted.

20. On motion an offering was taken amounting to $47.24 and turned over to Brother Burgess to aid in the work which he represents.

21. Dr. Charles E. Brewer, former president of Meredith College, was present and extended greetings from the college and gave a glowing report of the work there under it's new president.

22. Report on W. M. U. by Mrs. A. D. Ward. (Read by Mrs. C. A. Arrington):

With gratitude to Him who has guided and blessed the work of the Woman's Missionary Union of the Chowan Association for the past year we submit this report.

It was the privilege of the Superintendent to attend the annual meetings in most of the counties, also to assist in teaching Mission Study classes among both adults

and young people. These meetings were filled with missionary enthusiasm and a desire to go forward in the Master's work.

Our annual meeting was held in March at Blackwell Memorial Church, Elizabeth City.

Reports show our women active in enlistment, mission study, personal service, missionary education of our young people and in giving of our means. There are active societiees in 38 of our churches. No new woman's missionary societies have been reported. There are six new young people's organizations.

There is still opportunity for earnest, faithful effort on the part of everyone. Miss Fannie E. S. Heck said, "Bring all your power into the best service for the best King. Thus shall your work abide and be abundantly blessed of God to your own joy and the joy of the world."

23. The report was adopted without discussion.

24. Report on State Missions by J. H. Bateman. (Read by Rev. W. B. Guthrie.)

From the beginning of organized North Carolina Baptists, State Missions have held a large place in our planning. One of the primary objects of our fathers in the organization of the Convention was the employment of missionaries within the state. This has been the aggressive policy of the State Convention for more than a hundred years. The wise and aggressive policy of State Missions, humanly speaking, has made the denomination what it is in North Carolina. Napoleon said: "Conquest has made me what I am and conquest will sustain me." That is true of State Missions; and the enlargement of Baptists churches in North Carolina demonstrate the truth of it. Literally many of our strong churches are trophies of State Missions.

Great changes have taken place within recent years. In the early years our fathers were concerned about the fact that our towns and centers of population were neglected. But today our greatest problm seems to be in our rural sections. Three developments especially have thrust upon our country and village churches acute problems, the coming of good roads, the automobile, and the growth of rural schools. These developments are going to be the acid tests in the life or death struggle of many of our smaller churches. Churches are widely scattered in some sections. There are great stretches of our territory practically untouched by Baptists. We need more churches and our missionary pastors need more adequate support. We are expending about fifty thousand dollars less than was being expended fifteen years ago. Our need is to enlist more people, to give them a greater vision of the need and the opportunity, that they may be more willing to sacrifice, and enable our Board to strengthen every phase of State Mission work. To this end may we pray and work.

25. On motion the above report was adopted.

26. Report on Foreign Missions by Mrs. J. P. Mercer:

The war clouds which have been threatening for several years have burst, sending their downpour of destruction and death upon defenseless multitudes. But even out of the wreckage and ruin, the Son of Righteousness is rising with healing in His wings.

The Board now has 456 missionaries and 2,900 native workers in the 16 countries in which it is now operating. Scattered throughout these fields there are 1,883 churches, of which 1,180 are self-supporting. There are also 3,269 outstations. The membership of the churches number 236,265. During the past year 18,606 have come into the fellowship of the churches by Baptism.

The indebtedness of the Board has been decreasing rapidly. During the seven years of Dr. Maddrey's administration it has been reduced from $1,110,000 to $245,000. We believe the Board will be entirely out of debt when it's 100th anniversary is observed in 1945.

Gifts from the Lottie Moon Christmas Offering in 1939 reached $330,422.70. As a result missionaries have been sent out, missionary homes have been rebuilt, chapels, schools, and hospitals have been erected, enlarged, and repaired. Thus the Great Commission has been carried out.

The schools and seminaries are doing fine work in the education of the people.

The hospitals are doing a great work in relieving suffering bodies, as well as suffering souls.

Thrilling stories come from practically every part of the world concerning the progress of the gospel.

Although Europe and the Near East are torn and bleeding, our Missionaries are standing by. And the Lord is greatly blessing their labors.

"The Commission", our Foreign Mission Magazine, is growing in favor with our constituency. We have 15,398 subscribers. It is worthy of wide reading. We ask our pastors to commend it to their people.

27. The report was adopted without discussion.

28. The congregation sang "Hail to the Brightness" after which Rev.

32. Report on Hospital by Rev. Paul Forsythe:

The Baptist Hospital at Winston-Salem is an agency of the State Convention of North Carolina. Its history is brief in comparison with our educational institutions but it gives promise of becoming the greatest educational and medical center among Baptists east of the Mississippi. The Chowan Association is justly proud of the Hospital's achievements, a pride that will grow with the contribution we make to its progress. The following report on the Hospital is made with the assistance of Dr. Hagaman.

Number of patients admitted since 1922, 49,800; number patients treated during year, 4,099; number of patients treated free, 1,500; cost of free service, $197,177.00; number of doctors on staff, 76; number of nurses on staff and in training, 90; income for the year from Duke Foundation, $10,000; co-operative program, $10,000; Mother's Day offering, $25,000; materials given, (value), $1,500; churches sending Mother's Day offerings, 2,000; amount received for enlargement purposes, $120,000; amount still needed for building, $50,000; date for completion of new part, September 1941; date when enlarged medical school will open, September 1941, (4-year courses); number of patients in new capacity, 300 at once and 10,000 a year; number of new nurses, 150; name of new Baptist pastor for the Hospital, Rev. Chas. Parker; amount of indebtedness, $40,000. Hospital plus school will not change any unless for the best when the two are associated together.

33. Adopted without discussion since Brother Hagaman, superintendent, gave the discussion yesterday.

34. Report on Sunday Schools. (Read by Mrs. Ottis M. Sanders):

The hopper that feeds the mill of God's Kingdom is the Sunday School. It keeps open the doors of pastorless churches and helps to keep grinding the grist of the Gospel in those churches of part time preaching. The Sunday School was the beginning of most of our churches. It is the arm of the church reaching out in each community to bring souls to Christ and encompass the victory asked for by the Master.

The history of Sunday schools began with the Sabbath Bible school, as the Hebrew scriptures were taught each seventh day in the Jewish synagoges scattered about the known world after the Babylonian captivity and dispersion. These meeting places of the ancient Jews wherein Scriptural truths were read each Sabbath were God's provision to make sure the success of spreading the good news of His Son to the Gentiles and others of the first century. Paul and his company could not have made history's greatest mark in missionary achievement without the Jewish synagoges teaching the word of God. The one great institution of the Jewish religion was the Sabbath Day. They borrowed it from no other peoples. Other peoples had circumcision and other institutions, but the Sabbath Day belonged wholy to the Jews. Reach, teach and train is the commission of the Sunday School.

Whatever the success of our denomination, give unto the Sunday Schools their merited credit.

The key to Sunday school work is the teacher. Does he know the Bible? The purpose of the Sunday school is to win men to Jesus. Just a little talk on Sunday will not do it. It must be the dominant calling of the teacher's life. It must be the zeal of his living every day.

How great is the responsibility of the Sunday school teacher! How mighty is his opportunity!

35. Spoken to by W. T. Love, Jr., and adopted.

The committee has held one meeting, on May 9th, 1940, at Blackwell Memorial Church in Elizabeth City. At our meeting Brother C. A. 55. Report on Baptist Brotherhood by R. L. Garrett:

The Men's Brotherhood is now recognized as a vital and important part of our work in the Chowan Association, and interest is much more in evidence each year.

We held an annual meeting of the men last spring with Sandy Cross Church. At this meeting there were approximately 350 men present, representing most of our churches in the association. At this meeting it was decided that we would have an annual meeting of our men, and that a program committee be formed. The following were appointed to arrange the program, select the church and time to meet: A. Ray Sawyer, Roscoe Wynn, and Victor Morgan.

This work as yet has not been completed, but we are earnestly looking forward to a steady, healthy growth.

Let us therefore, give our undivided loyalty to this cause that it may grow more rapidly each year.

56. On motion the report was adopted.

57. Report on Baptist Training Union by L. Herman Sawyer:

The Training Department of our Baptist churches, we believe, is thoroughly in accord with Christ's procedure in carrying forward his program while upon earth.

We find Christ calling his fellow workers together and training them before sending them forth to do His work. Therefore, we should follow his example.

I am happy to say that our Association is sponsoring this department of work, but am grieved to report that many, many of our churches do not sponsor any training program.

May we take just a glance at our Association relative to Training Union work. The figures used are not accurate but as near as could be obtained.

Only about 17 churches out of 47 who sponsor some type of Training Program—a fraction over 36%.

A total of about 45 Unions in the 17 churches with an enrollment of about 860.

Out of around 12,744 church members only 860 are preparing themselves for work in their respective churches—a difference of 11,884.

However, we find that our associational officers reported at their annual meeting in June of this year that a total of around 2,819 miles had been traveled in the interest of this work, around 366 cards and letters mailed, around 81 telephone calls made, and 93 meetings attended.

The most outstanding event in the work for the past year was our Training School effort last November when 34 Unions participated with 448 enrolled.

Can you not see from the above facts WHY our work, as a whole, in this association is being retarded—lack of interest in promoting a Training program in order to prepare workers for the Master's vineyard.

Can we not pray that the Lord may lead us into a great awakening in this department and into a great program of work in the days ahead of us.

58. Discussed by Brother Sawyer and Revs. C. A. Arrington, B. A. Mitchell and W. D. Morris and adopted.

59. Report on Christian Education by W. T. Love, Jr.:

It would be quite difficult to make a statistical report on Christian education because of its nature, scope, and influence.

Education, in reality, is a life long process to develop life intellectually; Christian education is that same process placed under a Christian influence plus definite religious training to develop life intellectually and spiritually. Its purpose is to develop Christian character, deepen the spiritual life and prepare the soul for both earth and heaven, a task which requires the united efforts of home, church, and denominational school.

Christian education begins in earliest childhood in the home. A Christian home is the determining factor in developing Christian character, hence our greatest obligation to our children, our country and our God is to make our homes a place where God is honored and the principles of Christianity taught and practiced.

The churches of this Association have made a great contribution to Christian education through their teaching agencies, yet they have but faintly realized their possibilities for service. Untrained leadership has greatly hindered the work. The greatest need of Bible schools is consecrated leaders who will diligently prepare themselves and faithfully perform each task. Training classes for officers and teachers are necessary to provide trained leadership. Trained leadership is necessary to progress of Christian education and evangelism,—the world's greatest need.

For higher Christian education our Baptist colleges are unsurpassed. They deserve our heartiest support and deepest gratitude. We can never estimate what they have contributed to the progress of Christianity as their students have become Christian parents in the home; leaders in our local churches; field workers, missionaries, and ministers of the Gospel at home and abroad. Only eternity can reveal their value and reward their efforts.

May their example inspire us and the Holy Spirit lead us to magnify Christian education in our homes, churches, and schools, to uplift and evangelize mankind and to glorify God.

60. Brother Love introduced Brother Zon Robinson, of Wake Forest College, who discussed the report in an address on Christian Education and it was adopted.

61. The hymn "To The Work" was sung by the congregation after which the Moderator gave a digest of the reports sent in by the churches calling special attention to the strong and weak points in the work of the Association for the past year.

62. On motion the Clerk was instructed to convey in a letter to Mrs. A. D. Ward, Tyner, N. C., our deep sympathy for her in the loss of her husband.

63. A list of members who died during the associational year was read by the Clerk and the memorial prayer and benediction was made by Brother Potts, the Moderator.
